ANNUAL TOWN MEETING

March 5, 1956

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in election and town affairs, was held in the Senior-Junior High School, Monday, March 5, 1956 at 7:00 P.M. under a warrant issued by the Selectmen and dated February 21, 1956. The meeting was called to order by the moderator, Forest W. Cousins, at 7:00 P.M.

The following action was taken upon the articles in the warrant:

Article 1. Voted to accept the reports of the town officers and committees as printed in the town reports.

Article 2. Voted to adopt the same method for the collection of taxes as used in the year 1955.

Article 3. Voted to raise and appropriate the sums of money for the purposes named, and that the pay raises be from Jan. 1, 1956.

A unanimous vote.

Article 26. Voted to raise and appropriate the sum of four thousand nine hundred and twenty-four dollars and forty-seven cents (\$4,924.47) from this year's tax levy, and transfer the sum of four thousand nine hundred and twenty-four dollars and forty-seven cents (\$4,924.47) from available funds in the Treasury, to lay a six-inch water main on Spring Street from the home of Domenic Viprino to West Street, and on Park Avenue from Spring Street to the end of the present

line, which is a total distance of thirty-six hundred and sixty feet; said work to be done by the lowest bidder.

A unanimous vote.

Article 27 and 28. Voted to raise and appropriate the sum of ten thousand thirty-four dollars and twenty-one cents from this year's tax levy, and transfer the sum of ten thousand thirty-four dollars and nineteen cents from available funds in the treasury to lay a ten-inch water main from the residence of Charles Noyes on Harvard Street to the home of Donald Miller on Highland Street which is a distance of thirty-four hundred and fifty feet; and to lay a six-inch water main on Elm Street from the residence of M. J. Pepe to Highland Street, a distance of sixteen hundred feet; said work to be done by the lowest bidder.

A unanimous vote.

Article 29. Voted to raise and appropriate the sum of fifteen thousand dollars from this year's tax levy, and transfer from available funds in the Treasury, five thousand dollars, to purchase a new fire truck, a 1000 gal. combination pumper, and to authorize the Selectmen to trade in the present Maxim pumper at the Central Station as part of the purchase price.

A unanimous vote.

Article 30. Voted to authorize the Selectmen to sell two portable World War II surplus pumps stored in the cellar of the Central Fire Station. The proceeds from the sale to be used to repair the Forest Fire trucks.

A unanimous vote.

Article 31. Voted to accept Chapter 332 of the General Laws, Acts of 1955.

A unanimous vote.

Article 32. Disapproved.

Article 33. Voted to accept the report of the Selectmen relative to the laying out, locating, and constructions of Batti Avenue from the end of the present layout of Batti Avenue as a town way, and the same hereby is accepted, approved, and adopted, and that the said laying out and locating of Batti Avenue, as aforesaid, with the several boundaries, measurements and grades thereof, as shown by the report and plan on file in the Office of the Town Clerk, by Hayward & Hayward, dated May 25, 1955, as read and exhibited at this meeting, be and is hereby accepted and allowed, and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out. The chairman, Robert Alexander of the East Bridgewater Planning Board, gave a favorable report in open meeting on Batti Avenue.

Report of the Selectmen on Batti Avenue

We, the undersigned, Selectmen of the Town of East Bridgewater, having adjudged and determined that the public convenience and necessity required that Batti Avenue from the present layout of Batti Avenue should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently give written notice of our intention to lay out and locate said Batti Avenue from the end of the present layout of Batti Avenue, as aforesaid as a town way, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday, February 27, 1956, at 8:30 P.M. and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon: Antonio L. and Casimira Batti, 420 West Union Street, East Bridgewater; George A. and Cora I. Belmore, North Water Street, East Bridgewater; Donald and Mary R. Nicholson, Batti Avenue, East Bridgewater; Harry and Shirley Battista, Batti Avenue, East Bridgewater; Frank and Marie R. Ventura, Batti Avenue, East Bridgewater; Earl R. and Erma L. Torrey, Batti Avenue, East Bridgewater; Merle J. and Margaret Whittaker, Batti Avenue, East Bridgewater; Richard and Constance C. Bousquet, Batti Avenue, East Bridgewater.

Being all the parties known to us who may be interested in the subject and gave notice to them and all other persons and corporations if any who may be interested in the subject matter upon whose names are not known to us by posting up a true and attested copies of such notice

in three public places in the town seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place therein appointed for said hearing and heard the remarks and objections of all persons, if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described we do hereby adjudge and determine that the public convenience, necessity and safty require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid and which is hereby taken therefor is described on plans of Hayward and Hayward, civil engineers, dated June 15, 1953 on file with the Town Clerk.

This order and laying out and locating of said Batti Avenue is made under the provisions of law authorizing the assessment and betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except as hereinafter stated and we take the land of the following persons:

Antonio L. and Casimira Batti	Nothing Awarded
George A. and Cora I. Belmore	Nothing Awarded
Donald and Mary R. Nicholson	Nothing Awarded
Harry and Shirley Battista	Nothing Awarded

We give the owners of land taken for the laying out and locating of said way fourteen days from the acceptance thereof by the town of East Bridgewater in which to take off and remove all trees, fences and building of said way.

Said way so laid out and located as aforesaid is hereby reported to the town for its acceptances, and when so accepted and allowed shall become and be known as Batti Avenue as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk, East Bridgewater, Mass.

Given under our hands at East Bridgewater this 27th day of February, 1956.

A unanimous vote.

GEORGE A. RIDDER,
CHARLES L. LELAND,
MYRON H. HAYDEN,
Selectmen of East Bridgewater.

Article 34. Voted to accept the report of the Selectmen relative to the laying out, locating and construction of Shawnee Avenue from the end of the present layout of Shawnee Avenue as a Town Way be, and the same hereby is accepted, approved and adopted and that the said laying out and locating of Shawnee Avenue, as aforesaid, with the several boundaries, measurements and grades thereof, as shown by the report and plan on file in the office of the Town Clerk, by Hayward & Hayward, dated May 23, 1955, as read and exhibited at this meeting, be and is hereby accepted and allowed, and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out. The chairman, Robert Alexander of the East Bridgewater Planning Board, gave a favorable report in open meeting on Shawnee Avenue.

Report of the Selectmen on Shawnee Avenue

East Bridgewater, Mass.

March 5, 1956

We, the undersigned, Selectmen of the Town of East Bridgewater having adjudged and determined that the public convenience and necessity required that Shawnee Avenue from the end of the present layout of Shawnee Avenue, should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently given written notice of our intention to lay out and locate said Shawnee Avenue from the end of the present layout of Shawnee Avenue, as aforesaid as a Town way, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday, February 27, 1956 at 8:30 P.M., and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon: George J. Malouin, Trustee, Pleasant Street, East Bridgewater; Raymond B. and Dorothy B. Littlefield, Shawnee Avenue, East Bridgewater; Joseph O. and Florence E. Ventura, Shawnee Avenue, East Bridgewater; Berj and Ann Kambegian, W. Union Street, East Bridgewater; David F. and Mary D. Sullivan, Shawnee Avenue, East Bridgewater; Thomas J. and Helen W. O'Brien, Shawnee Avenue, East Bridgewater; Fred B. and Alice E. Church, Shawnee Avenue, East Bridgewater; Laurence F. and Agnes Howard, Shawnee Avenue, East Bridgewater; Chester J. and Eleanor A. Hatchfield, Shawnee Avenue, East Bridgewater; Leonard A. and Irene K. Roache, Shawnee Avenue, East Bridgewater; Beulah R. Smith, Shawnee Avenue, East Bridgewater, being all the parties known to us who may be interested in the subject and gave notice to them and all other persons and corporations if any who may be

interested in the subject matter whose names are not known to us by posting up true and attested copies of such notices in three public places in the town seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place therein appointed for said hearing and heard the remarks and objections of all persons, if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described we do hereby adjudge and determine that the public convenience, necessity and safety require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid, and which is hereby taken therefor is described on plans of Hayward and Hayward, Civil Engineers, dated May 23, 1955, on file with the Town Clerk.

This order and laying out and locating of said Shawnee Avenue is made under the provisions of law authorizing the assessment and betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except as hereinafter stated and we take the land of the following persons:

George J. Malouin, -Trustee	Nothing Awarded
Raymond B. and Dorothy B. Littlefield	Nothing Awarded
Joseph O. and Florence E. Ventura	Nothing Awarded
Berj and Anna Kambegian	Nothing Awarded
David F. and Mary D. Sullivan	Nothing Awarded
Thomas J. and Helen W. O'Brien	Nothing Awarded
Fred B. and Alice E. Church	Nothing Awarded
Laurence F. and Agnes Howard	Nothing Awarded
Chester J. and Eleanor A. Hatchfield	Nothing Awarded
Leonard A. and Irene K. Roache	Nothing Awarded
Beulah R. Smith	Nothing Awarded

We give the owners of land taken for the laying out and locating of said way fourteen days from the acceptance thereof by the town of East Bridgewater in which to take off and remove all trees, fences and buildings and other property which may obstruct the building of said way.

Said way so laid out and located as aforesaid is hereby reported to the Town for its acceptances, and when so accepted and allowed shall become and be known as Shawnee Avenue as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk of East Bridgewater.

Given under our hands at East Bridgewater this 27th day of February, 1956.

A unanimous vote.

GEORGE A. RIDDER,
CHARLES L. LELAND,
MYRON H. HAYDEN,
Selectmen of East Bridgewater.

Article 35. Voted to accept the report of the Selectmen relative to the laying out, locating, and constructions of Ashley Drive from the end of the present layout of Ashley Drive as a Town way be and the same hereby is accepted, approved, and adopted and that the said laying out and locating of Ashley Drive, as aforesaid with the several boundaries, measurements and grades thereof, as shown by the report and plan on file in the office of the Town Clerk by Hayward & Hayward, dated June 15, 1953, as read and exhibited at this meeting, be and is hereby accepted and allowed and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out. The chairman, Robert Alexander of the East Bridgewater Planning Board, gave a favorable report in open meeting on Ashley Drive.

Report of the Selectmen on Ashley Drive

East Bridgewater, Mass.

March 5, 1956

We, the undersigned, Selectmen of the Town of East Bridgewater, having adjudged and determined that the public convenience and necessity required that Ashley Drive from the end of the present layout of Ashley Drive should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently given written notice of our intention to lay out and locate said Ashley Drive from the end of the present layout of Ashley Drive, as aforesaid as a Town way, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday February 27, 1956 at 8:30 P.M., and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon: Augustine and Gertrude Mola, 43 Ashley Drive, East Bridgewater; Guy and Madelyn Santilli, 35 Ashley Drive, East Bridgewater; Mr. and Mrs. Philip Darche, 27 Ashley Drive, East Bridgewater; Howard and Marion L. Post, 19 Ashley Drive, East Bridgewater; Roger

A. and Ruth A. Packard, Ashley Drive, East Bridgewater; Mr. and Mrs. John A. Keith, Ashley Drive, East Bridgewater; John J. and Mary A. Guerin, 76 Cross Street, East Bridgewater; Preston and Dorothy Peterson, 55 Cross Street, East Bridgewater; Donald B. and Florence M. Lanoue, 36 Cross Street, East Bridgewater; James F. and Phoebe M. Foley, 254 No. Central Street, E. Bridgewater; Arthur W. and Mabel Ash, 264 No. Central Street, East Bridgewater.

Being all the parties known to us who may be interested in the subject and gave notice to them and all other persons and corporations if any who may be interested in the subject matter upon whose names are not known to us by posting up true and attested copies of such notices in three public places in the town seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place therein appointed for said hearing and heard the remarks and objections of all persons, if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described we do hereby adjudge and determine that the public convenience, necessity and safety require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid, and which is hereby taken therefor is described on plans of Hayward and Hayward, Civil Engineers, dated June 15, 1953, on file with the Town Clerk.

This order and laying out and locating of said Ashley Drive is made under the provisions of law authorizing the assessment and betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except as hereinafter stated and we take the land of the following persons:

Augustine and Gertrude Mola	Nothing Awarded
Guy and Madelyn Santilli	Nothing Awarded

ANNUAL TOWN ELECTION

Saturday, March 10, 1956

A legal meeting of the Town of East Bridgewater was held in the Senior-Junior High School Auditorium on Saturday, March 10, 1956, under a warrant issued by the Selectmen and dated February 21, 1956, to give in their votes for the election of town officers.

Specimen ballots, penalty and instruction cards were posted. All requirements of the law were observed. The polls were declared open at 8:00 p.m. by Moderator Forest W. Cousins.

Two sealed cases said to contain the ballots were delivered to the ballot clerk. A receipt obtained therefor by the Town Clerk.

The following ballot clerks and constable were sworn to the faithful performance of their duties by the Town Clerk.

Constable
William A. Hurd

Checkers

REPUBLICAN
Beulah Russell
Caroline Jones
Elizabeth Zwicker
Marion Dunbar
Grace Peters

DEMOCRAT
Mae Foley
Margaret Timmons
Julia Burke
Anna Murphy
Virginia Clarity

Tellers

Marjorie Eaton
Helen McKenzie
Marion DeChambeau
Dorothy White
Alice Humble
Louise Hoyt
Ruth Conti

Helen McCarthy
S. Elizabeth O'Brien
Dallas Forcier
Evelyn Pittsley
Ruth Matthews
Florence Tarantino
Myrtle Waite

Upon inspection the ballot box was found empty and registered zero; it was then locked and the keys were given to the Constable.

The ballot box was opened at the following time and ballots removed:

<i>Time</i>	<i>Ballots Removed</i>	<i>Total</i>
10:30 A.M.	200	200
12:45 P.M.	185	385
2:05 P.M.	174	559
3:00 P.M.	141	700
4:50 P.M.	258	958
6:00 P.M.	233	1191
6:10 P.M. Absentee Ballots	11	1202

Ballots as counted by the tellers check with the check list at the entrance and exit as twelve hundred and two. Six hundred and twenty-six men and five hundred and seventy-six women were checked on the voting list.

Upon completing the tabulations, these were the results:

Town Clerk.

SPECIAL TOWN MEETING

Thursday, April 12, 1956

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in election and town affairs, was held in the Senior-Junior High School, Thursday, April 12, 1956, at 7:30 P.M., under a warrant issued by the Selectmen and dated April 2, 1956. The meeting was called to order by the Moderator but a quorum was not present. A motion was made to recess till 7:45 P.M. At 7:45 P.M. a new motion was made to recess till 8:10 P.M. At 8:10 the meeting was called to order by the Moderator as there were one hundred and eighty-four voters in the hall. A quorum was present and the following action was taken upon the articles in the warrant.

Article 1. Voted to raise and appropriate the sum of fifty thousand dollars (\$50,000.00) for the purpose of construction and originally equipping and furnishing a Senior High school building, said sum to be in addition to the appropriation of \$1,550,000.00 voted for the same purpose under Article 1 of the warrant for the special town meeting held October 24, 1955, and that to meet said appropriation the sum of ten thousand dollars (\$10,000.00) be included in the 1956 tax levy and the balance of forty thousand dollars (\$40,000.00) be transferred from available funds as follows: Sale of timber, twelve hundred dollars (\$1,200.00); plans and specifications, New High School, fifteen hundred dollars (\$1,500.00); water main, Robinhood, sixteen hundred and thirty-five dollars and six cents (\$1,635.06); overlay surplus, two thousand dollars (\$2,000.00), and surplus revenue, thirty-three thousand six hundred and sixty-four dollars and ninety-four cents (\$33,664.94).

A unanimous vote.

Article 2. Voted to raise and appropriate the sum of six thousand dollars (\$6,000.00) for snow removal, four thousand

to be included in the 1956 tax levy and two thousand dollars (\$2,000.00) be transferred from overlay surplus.

A unanimous vote.

Voted to adjourn at 8:28 P.M.

At true copy—Attest:

GEORGE J. FRAHAR,

Town Clerk.

PROPOSED ZONING BY-LAW

East Bridgewater, Massachusetts

SECTION 1. PURPOSE: The purposes of this by-law are to promote the health, safety, convenience and general welfare of the inhabitants of the Town of East Bridgewater by dividing the Town into districts and regulating the use and construction of buildings and premises with a view to encouraging the most appropriate use of land in the Town, all in accord with the General Laws of the Commonwealth of Massachusetts, Chapter 40A, Sections one to twenty-two (1-22) inclusive, and any amendments thereto.

SECTION 2. GENERAL PROVISIONS:

a. Non-Conforming Uses. Any building, part of a building, or land which at the time of the adoption of this by law is being put to a non-conforming use may be:

1. Continued in that use provided such use has not been abandoned for a period of one (1) year, except in the case of land used for agriculture or floriculture where such non-use shall have existed for a period of five (5) consecutive years.

2. Enlarged to an extent up to twenty-five percent (25%) of the floor and/or ground area of the building or land which was used at the time of the adoption of this by law.

3. Changed to a similar use or to a more restricted use, provided that when changed it shall not be returned to a less restricted use.

4. Rebuilt or restored at the same location and again used as previously, in the case of a building destroyed or damaged by fire, explosion or other catastrophe, provided the owner of said premises shall start operations for restoration or rebuilding on said premises within twelve (12) months after such catastrophe; and further provided that the buildings as restored shall be only as great in volume or area as the original nonconforming structure.

b. General Protective Provisions. All principal buildings designed or intended for residence purposes hereafter erected shall be in a location which fronts on a public or private way, the width of which is approved by the Board of Selectmen. All other principal buildings shall have access to such a way. Any lots recorded at the time of the adoption of this by law may be used for any permitted use in the district in which the lot is located, provided that lots which do not conform are used with the minimum non-conformance as to yards, provided that the adjoining lot

is not vacant and in the same ownership and further provided that any lot on which more than one house existed at the time of the adoption of this by law may be divided and sold to separate owners and used with the minimum of non-conformance.

For each foot that such lot is less than ninety (90) feet wide, one (1) foot may be deducted from the sum of the widths of the two side yards, but no side yard shall be less than six (6) feet.

SECTION 3. DEFINITIONS: For the purpose of this by law certain terms and words are herein defined as follows:

Words used in the present tense include the future; words in the singular number include the plural number and words in the plural number include the singular number, the word "shall" is mandatory and not directory; the word "lot" includes the word "plot" the word "land" includes the word "marsh" and "water".

a. Accessory Building. A subordinate building located on the same lot with the main building or use, the use of which is customarily incidental to that of the main building or to the use of the land.

b. Accessory Use. A use customarily incidental to that of the main building or to the use of the land.

c. Yard. An unoccupied space, open to the sky, on the same lot with the building or structure.

d. Yard: Front. A yard extending across the full width of the lot and lying between the front lot line of the lot and the nearest line of the principal building.

e. Yard: Rear. A yard extending across the full width of the lot and lying between the rear lot line of the lot and the nearest line of the principal building.

f. Yard: Side. A yard extending between the side lot line of the lot and the nearest line of the principal building and extending from the front yard to the rear yard, or in the absence of either of such yards, to the front or rear lot lines, as may be.

SECTION 4. ESTABLISHMENT OF DISTRICTS: The Town of East Bridgewater is hereby divided into districts of five classes, to be known as Residence A-1. (RA-1), Residence A-2 (RA-2), Residence B. (RB), Business (B), and Industrial (I), Districts. The boundaries of each of the said districts are hereby established as shown, defined and bounded on the map accompanying this by law and on file with the Clerk of the Town of East Bridgewater, entitled "East Bridgewater, Massachusetts — Zoning District Map", January 1956. All explanatory matter thereon is hereby made a part of this by law.

a. Where the boundary lines are shown upon said map within the street lines of public and private ways, the center lines of such ways shall be the boundary lines.

b. Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of property, lot or boundary lines is not indicated by means of dimensions shown in figures, then the property or lot lines shall be the boundary lines.

c. Boundary lines located outside of such street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines, and dimensions shown in figures placed upon said map between such boundary lines and street lines are the distances in feet of such boundary lines from such street lines, such distance being measured at right angles to such street lines unless otherwise indicated.

d. In all cases which are not covered by other provisions of this Section, the location of boundary lines shall be determined by the distance in feet, if given, from other lines upon said map, by the use of identifications as shown on the map, or by the scale of said map.

e. Where a district boundary line divides any lot existing at the time such line is adopted, the regulations for the less restricted portion of such lot shall extend not more than thirty (30) feet into the more restricted portion, provided the lot has frontage in the less restricted district.

SECTION 5. PERMITTED USES:

a. RESIDENCE A DISTRICTS. In a Residence A-1 and a Residence A-2 District, no building shall be erected or altered and no building or premises shall be used for any purpose except:

1. Detached single family dwellings.

2. Churches, parish houses, religious schools, schools, public libraries, museums and similar buildings. Public or semi-public institutions of a philanthropic or charitable character, hospitals, sanitoriums, and other medical institution.

3. Farms, market gardens, nurseries, greenhouses and the sale of produce raised on the premises, provided such agricultural uses are at least twenty-five (25) feet from the street line and for cultivated purposes ten (10) feet from a street line.

4. Forests, wood lots, portable wood-working mills and machinery, provided there is no storage on the premises within one hundred (100) feet of a street line.

5. Farms including poultry and livestock, provided buildings for such uses are at least fifty (50) feet and the use itself ten (10) feet from the street line.

6. Saddle horses, riding stables and kennels, provided buildings for such uses are at least fifty (50) feet from the street line.

7. Cemeteries.

8. Private clubs not conducted for profit.

9. Buildings and necessary structures in connection with Municipal or Public Utilities and buildings used exclusively by governmental purposes, but not a correctional institution.

10. Aviation field or use, as approved by the Board of Appeals after public hearing and upon receipt of the written approval of the Planning Board.

11. Trailer Courts or Parks as approved by the Board of Appeals after public hearing and upon receipt of the written approval of the Planning Board.

12. Customary home occupations, such as dressmaking, millinery, hair-dressing, preserving, home-cooking, the renting of rooms and the furnishing of board for no more than four (4) persons, when situated in the place of residence of the operator, provided that no more than twenty-five percent (25%) of the floor area of the residence is used for the purpose of the home occupation, and provided that there is no external evidence of the home occupation other than an announcement sign.

13. Accessory uses of a service nature provided, that the service business is conducted by a resident occupant, that the business be located on the rear half of the lot at least forty (40) feet from any main building or an adjoining lot in a residence district, that the business is not injurious or offensive to the neighborhood because of the emission of odor fumes, dust, noise, smoke, vibrations or other causes and that there is no display of goods visible from the street.

14. The office of a physician, surgeon, dentist, teacher, artist, musician, real estate agent, lawyer, architect or engineer residing in the dwelling in which such office or studio is located and incidental to such residence, and that no more than twenty-five percent (25%) of the floor area of the residence shall be used for the purpose and there shall be no external evidence of the uses other than an announcement sign.

15. Sand, gravel or loam removal subject to the provisions of the Town By Laws regulating such removal.

16. Announcement signs in connection with any of the permitted uses, provided that such signs are located on the

premises with the use which they announce, and provided that they do not exceed six (6) square feet in area.

17. Real Estate signs appertaining to the lease or sale of the building or premises on which they are located.

18. Any use determined to be of a character similar to the foregoing, said determination to be made by the Board of Appeals following petition of the land owner or owners, and any use accessroy to the foregoing.

b. RESIDENCE B. DISTRICTS: In a Residence B. (RB) District, no building shall be erected and no building or premises shall be used for any purpose except:

1. Any use permitted in Residence A. Districts.
2. Eating, boarding or lodging houses.
3. Nursing Homes.
4. Funeral homes and mortuaries.

5. Conversion of a single-family dwelling for occupancy by not more than three families provided that the exterior design of the structure is not changed from the character of a single-family dwelling, and furhter provided that for one third family, four hundred (400) square feet of floor area shall be provided.

6. Any use determined to be a character similar to the foregoing, said determination to be made by the Board of Appeals following petition of the land owner or owners and any use accessory to the foregoing.

c. BUSINESS DISTRICT: In a business District (B) no building shall be erected and no building or premises shall be used for any purpose except:

1. Any use permitted in Residence A-1 (RA-1) Residence A-2 (RA-2) and Residence B (RB) Districts.
2. Retail stores, sales rooms, retail service establishments.
3. Restaurants and other places for serving food.
4. Business or professional offices and banks.
5. Theatre, but not an outdoor theatre, hall, club, and other places of assembly and amusement.
6. Newspaper, job printing and similar light industrial, whol'esale, distributing and assembling uses.
7. Private clubs, hotels and Inns for transients, tourist homes.

8. Motels and drive-in restaurants, as approved after public hearing and upon receipt or written approval of the Planning Board.

9. Apartment in a building for which the principal use is a business.

10. Signs, provided that they advertise goods or services offered on the premises.

11. Any use determined to be of a character similar to the foregoing, said determination to be made by the Board of Appeals, following petition of the land owner or owners and any use accessory to the foregoing.

d. INDUSTRIAL DISTRICTS: In an Industrial (I) District, no building shall be erected and no building or premises shall be used for any purpose except:

1. Enclosed manufacturing not dangerous by reason of fire or explosion or offensive or detrimental to the Town of East Bridgewater by reason of emission of dust, odor, fumes, smoke, refuse, noise, or vibration, with the written approval of the Planning Board.

2. Exterior storage provided that the use is screened by a fence or appropriate landscaping from view from the street or from abutting property.

3. Sand, gravel or loam removal, subject to the provisions of the Town By Law relating to such removal.

4. Signs, provided that they advertise goods or services offered on the premises.

5. Any other use, except billboards and dwellings, not dangerous by reason of fire or explosion or offensive or detrimental to the Town of East Bridgewater by reason of emission of dust, odor, fumes, smoke, refuse, noise or vibration, with the written approval of the Planning Board, and subject to the Approval of the Board of Appeals and any use accessory to the foregoing.

SECTION 6. LOCATION:

a. Requirements for all Principal Buildings:

(See Chart Next Page)

b. Floor area. In buildings and structures the following floor areas must be provided for all dwelling units: Six hundred (600) Sq. feet of interior ground floor area and four hundred (400) additional square feet of floor area for the third (3) dwelling unit where conversion is permitted, exclusive of cellars, said area to be measured to the exterior walls of

buildings and structures, provided that the Board of Appeals may issue a temporary permit for occupancy of a building or structure with less floor area and for trailers situated outside of a trailer court or park, for a period of not to exceed twelve (12) months.

c. Corner Clearance. On a corner lot to provide visibility unobstructed at intersections, no sign, fence, wall, tree, hedge, or other vegetation, and no building or other structure between three (3) feet and eight (8) feet above the established street grades shall be erected, placed, or maintained within the area formed by the intersection of the street lines and a straight line joining said street lines at points which are twenty feet (20) distant from the point of intersection of ways or tangents of curves or rounded curves, measured along side street lines.

d. Accessory Uses and Accessory Buildings.

1. A detached accessory building may be located in the rear yard areas and on the same lot as the principal building, provided that not more than twenty-five percent (25%) of the required area shall be so occupied, and further provided that an accessory building shall not be located nearer than ten feet from the principal building and at least five (5) feet from any side or rear lot line, and subject to the yard requirements of the district in which it is located. An accessory building attached to its principal building shall be considered an integral part thereof and as such shall be subject to the front, side and rear requirements applicable to the principal building.

SECTION 6. LOCATION:

a. Requirements for all Principal Buildings: (1)

District	Minimum Lot Area	Minimum Lot Width	Minimum Side Yard (3.4)	Minimum Rear Yard	Minimum Front Yard	Height (2) (max.)
Residence	Dwelling					
RA-1 Residence	22,000 sq. ft. dwelling	110 ft.	25 ft.	50 ft.	35 ft. (5)	2 1-2
RA-2 Residence	10,000 sq. ft. dwelling	90 ft.	15 ft.	50 ft.	30 ft. (5)	2 1-2
RB	10,000 sq. ft. for original plus (6) 2,000 sq. ft. for a 3rd unit	90 ft.	15 ft.	50 ft.	30 ft. (5)	2 1-2
Business B	None for Business for Residence same as for Res. B	None for Business for Residence same as for Res. B	35 ft. where it abuts Residential district	25 ft. except for building extending through a block	None for Business for Residence same as for Res. B	2 stories or 40 ft.
Industrial I	None	None	50 ft. where it abuts Residential district	50 ft. except for building extending through a block	50 ft.	2 stories or 40 ft.

Notes:

1. No yard, lot area or other open space required for a building by this law shall during the existence of such building be occupied by or counted as open space for another building. No lot area shall be so reduced or diminished that the yard or other open space shall be smaller than prescribed by this by law. Eaves, sills, steps, cornices, belt cornices and similar features may project into the specified yards.

2. In all districts, farm buildings, churches, municipal or institutional buildings, and spires, domes, steeples, radio towers, chimneys, broadcasting and television antennae, bulkheads, cooling towers ventilators and other appurtenances usually carried above the roof may have any height.

3. Except that in the case of a corner lot, the front yard requirement shall prevail on all sides with street frontage.

4. In all cases where more than one (1) dwelling is situated on a lot there shall be at least fifty (50) feet of open space between the dwellings at all points.

5. In Residential Districts a residential front yard need only be the average of the depths of the front yards on the abutting lots, considering the front yards of abutting vacant lots as having the minimum permitted.

6. No additional requirement for the second unit.

7. A garage or storage space for private motor vehicles; attached (an integral part of the structure), or detached (an accessory building) shall be considered an accessory building and may provide space for as many as three (3) cars for their principal uses in Residence. Districts subject to the provisions of paragraph one (1), above, of this section, and all other uses in Business and Industrial Districts may have additional spaces to store necessary equipment.

8. Off-street automobile parking, open or enclosed, shall be considered an accessory use. In all districts, each residential, professional, business or industrial use shall provide adequate off-street parking space, on the same lot, to accommodate the automobiles or other conveyances of customers, patrons and employees and to serve the delivery requirements of the establishment. When such off-street parking areas or space cannot be reasonably provided on the same lot, the Board of Appeals may grant a special permit therefor on land within a radius of three hundred fifty (350) feet therefrom. The off-street parking spaces provided shall be graded, drained and provided with a

dust-free surface and shall be permanently available as parking space for their respective uses.

SECTION 7. ENFORCEMENT: This by law shall be enforced by the Building Inspector who may be the Board of Selectmen who shall grant no permit for the construction, alteration, relocation, occupancy or use of any building, structure, or premises in violation of any provision of this by law. Whenever any permit or license is refused because of some provision of this by law, the reason therefor shall be clearly stated in writing.

The enforcing officer, with the approval of the Board of Selectmen, may, and, if required by them, shall institute appropriate legal proceedings to enforce the provisions of this law or to restrain by injunction any violation thereof, or both, and shall do all further acts, revoke the permit for occupancy, institute and take any and all such action as may be necessary to enforce the provisions of this by law.

With each application for a permit to build there shall be filed a plan showing the lot, the area, and location of which justify the building. No building hereafter erected, altered or relocated shall be used and no change shall be made of the use of any building or of any parcel of land, unless an occupancy permit signed by the enforcing officer had been granted to the owner or occupant of such land or building. Such permit shall not be granted unless the proposed use of the land or building and all accessory uses comply in all respects with this by law and no use shall be made of such land or building except the use of uses authorized by such occupancy permit.

SECTION 8. BOARD OF APPEALS: A Board of Appeals consisting of three (3) members and two (2) associate members shall be appointed as provided in Section fourteen (14) of Chapter forty A (40A) of the General Laws, as amended, which shall act on all matters within its jurisdiction under this by law in the manner prescribed in said section and subject always to the rule that it shall give due consideration to promoting the public health, safety, convenience, and welfare, encouraging the most appropriate use of land, and conserving property values, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

SECTION 9. AMENDMENTS:

This by law may from time to time be changed by amendment, addition or repeal by the town meeting in the manner provided in Section six (6) of Chapter forty A (40A) of the General Laws, and any amendments thereto.

SECTION 10. VALIDITY: The invalidity of any section or provision of this law shall not invalidate any other section or provision thereof.

Permits issued prior to the first public hearing held on this by law relative to the adoption of this by law shall not be affected by the provisions of this by law, except as provided in Chapter Forty A (40A), Section eleven (11), of the General Laws of the Commonwealth of Massachusetts, and any amendments thereto.

When this by law imposes a greater restriction of the use of buildings, structures or premises or on height of buildings, or requires larger yards, or open spaces then are imposed or required by any regulations or permits, or by any restrictions, easements, covenants or agreements, the provisions of this by law shall control.

SECTION 11. REPETITIVE PETITION: The acceptance of this by law included the acceptance of Chapter forty A (40A) Section twenty (20) of the General Laws of the Commonwealth of Massachusetts and any amendments thereof.

SECTION 12. EFFECTIVE DATE: This by law shall take effect upon adoption by this town, the approval of the Attorney General of the Commonwealth of Massachusetts and Publication, as provided by law.

A true copy attest.

FINAL REPORT WITH RECOMMENDATIONS TO THE ANNUAL TOWN MEETING

In accordance with the action of the Town of East Bridgewater, the Planning Board of East Bridgewater submits this as a Final Report with recommendations regarding the Proposed Zoning By Law for the Town of East Bridgewater.

The Planning Board feels that the Town of East Bridgewater needs a Zoning By Law to protect the Town and the property owners from future undesirable developments. Recognizing this need and what a Zoning By Law will give to the Town, and realizing that a town without an adequate Zoning By Law is subject to all the undesirable developments, the Town authorized the Planning Board to prepare a Zoning By Law to be submitted to the Town for adoption.

The proposed Zoning By Law was prepared following a thorough study of the Town of East Bridgewater by Nord W. Davis, a recognized Town Planning Consultant.

The Planning Board has complied with all the requirements for "due notice" to the people of the Town of East Bridgewater regarding the adoption of this Proposed Zoning By Law. No material changes in either the Zoning By Law or the Zoning By Law District Map were made at the hearing of the proposed by-laws as submitted in the notice to the citizens of the Town of East Bridgewater. Due notice includes all the required meetings and legal public hearings, publication and distribution of the Proposed Zoning By Law to the citizens.

The Planning Board of the Town of East Bridgewater strongly recommends the adoption of this Zoning By Law as the Zoning By Law of the Town of East Bridgewater.

Respectfully submitted,

ROBERT B. ALEXANDER,
Chairman.

Members of the East Bridgewater Planning Board.

F. HORACE DREW
ELMER S. McCARTHY
ARTHUR W. ASH
LLOYD A. BOYDEN
ROBERT B. ALEXANDER

May 22, 1956

This is to certify that I, Walter A. Benoit duly elected constable of the Town of East Bridgewater, Massachusetts, has this day posted five attested copies of the East Bridgewater Zoning By-Laws and Zoning Maps as approved by the Attorney General, George Fingold, May 16, 1956, and on file in the Town Clerk's office, as directed by law, Chapter 40, Section 32. One each at the following places, East Bridgewater Post Office, Elmwood Post Office, Westdale Post Office, Carver Cotton Gin Co., and Beaver School house.

May 22, 1956

Then personally appeared before me the above Walter A. Benoit and made oath to the statement subscribed to by him are true.

A true copy attest.

GEORGE J. FRAHAR,
Notary Public and Town Clerk.

STATE PRIMARY ELECTION

Tuesday, September 18, 1956

Proceeding:

Pursuant to a warrant issued by the Selectmen and dated September 1, 1956, the State Primary was held at the Senior-Junior High School Auditorium.

All preliminaries of the law having been complied with, and a receipt obtained from the ballot clerk for two boxes said to contain the ballots: Two thousand four hundred and thirty-four Republican ballots and eight hundred and twenty Democratic ballots.

The ballot box was examined and found to be empty and registered zero. The keys were delivered to the constable, Harold B. Hoyt.

The following were sworn to the faithful performance of their duties:

Constable

Harold B. Hoyt

SPECIAL TOWN MEETING

Monday, September 24, 1956

At a legal meeting held in the Selectmen's room, Monday, Sept. 24, 1956 at 8:15 P.M., under a warrant issued by the Selectmen and dated Sept. 14, 1956, the following action was taken upon the articles:

Article 1. Voted to raise and appropriate the sum of five hundred dollars (\$500.00) to purchase a smoke ejector and two scott air packs for the fire department, and that to meet said appropriation that a transfer of five hundred dollars (\$500.00) from the new fire truck account to fire department equipment and repairs account is authorized.

A unanimous vote.

Article 2. Voted to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the permanent patrolman account, and that to meet said appropriation that a transfer of one thousand dollars (\$1,000.00) from the excavate under the Central School auditorium account to the permanent patrolman account is authorized.

A unanimous vote.

Article 3. Voted to raise and appropriate the sum of seventy-eight dollars (\$78.00) in payment of law books for the Police Department purchased in 1954 and 1955, and that to meet said appropriation that a transfer of the sum of seventy-eight dollars (\$78.00) from available funds in the treasury be authorized.

A unanimous vote.

Article 4. Voted to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the department of vet-

erans' services benefit account and that to meet said appropriation that the sum of one thousand dollars (\$1,000.00) from available funds be transferred to veterans' services benefit account.

A unanimous vote.

Article 5. Voted to raise and appropriate the sum of nine hundred and seventeen dollars and eighteen cents (\$917.18) as follows: Selectmen's expenses, one hundred dollars and eighteen cents (\$100.18); Selectmen's clerk hire, one hundred and sixty dollars (\$160.00); Reserve Officers' account, Police Department, five hundred dollars (\$500.00); Department of Veterans' Services office expense, one hundred and fifty-seven dollars (\$157.00), and that to meet said appropriation to meet the above transfer that the sum of nine hundred and seventeen dollars and eighteen cents (\$917.18) be transferred from committee on housing school children account to the above accounts.

A unanimous vote.

Article 6. Voted to raise and appropriate the sum of eight hundred dollars (\$800.00) for the Police Department radio account and that to meet said appropriation the transfer of the sum of eight hundred dollars (\$800.00) from the water mains account on Harvard street to the Police department radio account.

A unanimous vote.

Article 7. Voted to raise and appropriate the sum of seven hundred and five dollars and ninety-eight cents (\$705.98) for the following: Chief of Police Salary, four hundred dollars (\$400.00); Elections and Registration expense, three hundred and five dollars and ninety-eight cents (\$305.98) and that to meet said appropriation that a transfer of the sum of

seven hundred and five dollars and ninety-eight cents from the Water Mains Account on Harvard Street to the above accounts.

A unanimous vote.

GEORGE J. FRAHAR,

Town Clerk.

STATE ELECTION

November 6, 1956

Proceeding:

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Senior-Junior High School Auditorium on Tuesday, November 6, 1956 at 8:00 A.M., under a warrant issued by the Selectmen and dated October 29, 1956, to bring in their votes on one ballot to the election officers for the election of candidates.

Penalty cards, instruction cards, and specimen ballots were posted. All other requirements of the law observed.

Three cases said to contain the ballots were delivered to the ballot clerk and a receipt obtained by the town clerk, George J. Frahar, for two thousand nine hundred and seventy-four ballots.

The following ballot clerks were sworn to the faithful performance of their duties:

Constable

Charles F. Thomas

DEMOCRAT

Julia Burke
Barbara Donahue
Margaret Timmons
Mary Perkins
Hannah O'Donnell
Mae Foley
Elizabeth Dunphy
Mary A. Guerin
Doris Forcier
Margaret Sheehan

REPUBLICAN

Ethel Wilson
Grace Peters
Caroline Jones
Beulah Russell

A unanimous vote.

A true copy. Attest:

Adjourned at 8:15 P.M.

GEORGE J. FRAHAR,

Town Clerk.

YOUR ATTENTION IS CALLED TO THE FOLLOWING

All persons are respectfully requested to examine the following reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who is required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case. (See General Laws, Chapter 46, Section 13, as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record . . . facts relative to the births . . . in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and . . . shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report . . . if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed. . . . A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. Any member or servant of a family in which a child is born, having knowledge of the facts required . . . shall furnish the same upon request of the clerk of the town . . . or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such a child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of birth as required by law.

GEORGE J. FRAHAR,

Town Clerk.

GEORGE J. FRAHAR, Town Clerk.

OFFICE OF TOWN CLERK

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

The license shall be in a form prescribed by the director, upon a blank to be furnished,—by the county in which the town is located, and shall be subject to the conditions expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harrassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a

registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the Commonwealth may be accepted as evidence that the said operation has been performed.

GEORGE J. FRAHAR,

Town Clerk.

Miscellaneous Accounts	1.00
Veterans' Services	4,017.94
Total	\$627,202.63

Respectfully submitted,

H. W. COLLAMORE,
Town Collector.

Report of the Public Health Nurse

To the Board of Selectmen and the
Citizens of East Bridgewater:

The Report of the Public Health Nurse for 1956:

Total number of visits	2,929
Total number of patients	488
Nursing Service	1,227
Health Service	1,611
Well-Baby Clinics, 10	159
Immunization Clinics, 11	
D.P.T., 3	Total 176
Polio, 8	Total 2,004

The immunization clinics, under the sponsorship of the Board of Health, were the outstanding health project of the year. Polio vaccine was available to persons under 21 years old for the first time in history. 93% of all children between 1 and 15 received two doses of vaccine either through clinic, or through their own local doctor. Third doses, known as boosters, will be available early in 1957. The out of school group 16-21 years, are responding very slowly to appeals to get their vaccine. This age group is equally vulnerable and parents are urged to encourage them.

Nursing Service is increasing every year. 1956 shows the highest total on record. This is due to our increasing population and our longer living older age group. We have been meeting these needs through your generous support of the nursing service.

The Board of Directors of the Nursing Association is the group of citizens who supply this service. The following women are now serving on this board: Mrs. Edward Hurd, Mrs. Leo Trudeau, Mrs. Harwood Mosher, Mrs. George Wadsworth, Mrs. George Barney, Mrs. Robert Perkins, Mrs. Elwood Siscoe, Mrs. George Ridder, Mrs. Horace Collamore, Mrs.

Ansel Ward, Mrs. Edwin Whitmore, Mrs. Robert McCarthy, Mrs. Henry Fraser, Mrs. Allan Fuller and Mrs. Lawrence Soule.

Mrs. Justin B. Hall was a Charter Member of the Public Health Nursing Association which was founded in 1921 and served as Secretary of the Board from 1922 until her death in 1956. She had been a diligent worker over the years and her services will long be remembered.

I wish to thank you all for your generous support of the Nursing Service.

Respectfully submitted,

L. GLADYS FARREN, R.N.,
Public Health Nurse.

Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1956. During the year the department responded to 97 calls, 77 alarms and 20 telephone or radio calls.

At the Central Station, there is a Maxim Triple Combination Truck of 1000-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one Dodge Truck for grass and woods fires.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The Department has 4950 feet of 2½-inch double jacket hose and 2150 feet of 1½-inch double jacket hose.

Respectfully submitted,

MAURICE F. HENNESSEY,
Fire Chief.

Report of the Planning Board

To the Board of Selectmen and the Citizens of the Town of East Bridgewater:

At the Annual Town Meeting held on March 5th, 1956, acting under Article 13, it was voted by secret ballot to adopt the Zoning By-law and map of East Bridgewater — this was the culmination of more than two years of research, drafting, revision and conferences by the members of the Planning Board.

At the annual election held on March 10, 1956, the following members were elected to the three year term on the Planning Board:

Robert B. Alexander

Elmer B. Hayes

Edwin E. Whitemore

At the February 6th meeting the Planning Board voted to rescind its approval of the plan for the subdivision known as the Bridgewater Realty Trust, off Hobart Street, due to the lack of development over a two year period. At the same meeting we received two subdivisions known as the R & S Construction Co. of Boston and the Pelaggi Construction Co. of Brockton, Mass. for action.

During the year the following subdivision plans were received for action:

Pelaggi Construction Co. of Brockton — Brock Estates
— Summer Street

Clayton A. Rollins — Sherwood Circle — off Central Street

William Murray — Elmwood Acres — off East Street

R & S Construction Co. of Boston — Hobart Street

Ernest Philbrick and John F. O'Malley — Malbrick Heights — West Union Street

Joseph Willis — Washington Street

On Monday, March 26th, the Board organized with Robert B. Alexander, Chairman; F. Howard Drew, Vice Chairman and Victor D'Arpino, Clerk.

Regular meetings were held on the fourth Monday of each month with special meetings as required.

Five members of the Whitman Planning Board attended the March 26th meeting to gain information relative to the organization of their board.

At the April meeting a conference was held with the Board of Health, their Agent and the Town Counsel regarding sewerage disposal and drainage for future subdivision plans and problems.

At the May meeting we were notified by the Attorney General that the Zoning By-laws had been approved as of May 16, 1956.

At the September 24th meeting Mr. Nord W. Davis, Planning Consultant, was present along with Mr. Leo Young from the Dept. of Commerce, Division of Planning, to explain the benefits to be received from the Title 7 program. A conference was then held with the Finance Committee suggesting that any survey which the Town makes, should be made through the Planning Board in order that the town may be reimbursed for 50% of the same, from the Federal Government under the Title 7 program.

During the year many conferences were held with the Board of Selectmen and the Board of Health relative to the operation of the zoning by-laws.

Several members of the Board attended the Greater Brockton Regional Development Agency meeting, held in Rockland during December and also a meeting of the Southeastern Economic Development Commission held in Taunton to explain benefits to be received under the Title 7 program.

The Planning Board made a capital purchase for the town, in a fire proof map vault for the use of the Planning Board and the Town Clerk.

At some of the open meetings and public hearings many of the citizens have suggested that the town should have a modified building code, so that the buyers of new homes would be protected from poorly constructed homes. Acting under this suggestion the Planning Board has presented an article in the Annual Warrant to see whether or not the town will vote to authorize them to draw up a set of building by-laws.

We should like to take this opportunity to advise the citizens of East Bridgewater that we are interested in planning the lay-out of all new streets in the town and feel that our help in this matter would be of great value to the towns-people.

At this time we would like to extend our appreciation to all other town departments for their co-operation.

Respectfully submitted,

ROBERT B. ALEXANDER, Chairman
 F. HOWARD DREW, Vice-Chairman
 VICTOR P. D'ARPINO, Clerk
 ARTHUR W. ASH
 LLOYD A. BOYDEN
 ALDEN E. HANSON
 ELMER B. HAYES
 ELMER McCARTHY
 EDWIN E. WHITMORE

Report of the Board of Health

To Honorable Board of Selectmen
Town of East Bridgewater, Mass.

The Board of Health has had a busy year, characterized by the addition of new services and the strengthening of existing services.

All licenses for which the Board is responsible have been issued and the necessary inspections made. Regular inspections of eating and drinking establishments have included swab testing of dishes and glassware to check on the efficiency of dish washing methods. Periodic tests have been done of all milk sold in East Bridgewater.

With the adoption of subdivision control and zoning, the need for strict enforcement of Sewerage Rules and Regulations as well as the need for close cooperation between the Board of Health and other departments concerned with zoning and building became increasingly apparent. It was decided to employ an Agent with training in Public Health on a part-time basis. Miriam Campbell, of Middleboro, was appointed on March 31, 1956 to serve as Health Agent. One of her chief duties is the enforcement of Board of Health Regulations pertaining to sewage disposal.

This year, 91 sewerage permits have been issued, most of them for new home construction. Each permit involves at least two inspections. One inspection must be made to determine if land is suitable for sewage disposal and what kind of system is needed. A percolation test is frequently used to get the necessary information. Every sewerage system must be inspected again before back filling, to be sure regulations are met.

Requests for approval of three new subdivisions have been received from the Planning Board. Two of these have been approved. Bad weather has held up the necessary percolation tests for the third one.

A review of one subdivision by the State Health Department has resulted in the recommendation that the subdivision not be approved until municipal sewerage is available.

In an attempt to find a solution for a very difficult situation in the center of town, the firm of Morgenroth & Associates, Consulting Engineers, was hired to conduct a sanitary survey of this area and to bring in recommendations. The full report of the survey can be seen at the Board of Health office. Briefly, the report gave three possible solutions:

- (1) The construction of a small sewage disposal plant which would serve the stores on Central Street.
- (2) Like solution one (1), except that the collecting line would be laid in Central Street instead of in the rear of the stores and could, therefore, serve more buildings.
- (3) The laying of a Collecting Sewer in Central and Spring Street and the construction of a sewage disposal plant near the Matfield River.

The advantages of solution (3) are that it could later become a part of a municipal sewerage system and that it would serve a much larger area. It would have the advantage of being a permanent installation and one for which financial assistance might be obtained from the Federal Government. If the people vote to accept the principle of assessment of betterments as it applies to sewerage, much of the cost would be borne by those people served directly by the proposed sewerage system.

Each nuisance complaint received by the Board of Health has been investigated promptly and the situation remedied, or at least greatly improved. In general, cooperation of the townspeople has been excellent and a number of bad situations have been corrected.

The threat of equine encephalitis, which attacked three ponies and a number of pheasants resulted in the Board of Health joining with other Boards concerned with the problem

and recommending the establishment of a Plymouth County Mosquito Control Project.

Under the Board of Health Polio Program, 93% of all children under 15 years of age, received two shots. The teenagers did not make as good a showing.

Diphtheria clinics were held as usual. All clinics were conducted by the Visiting Nurse.

Under the Board of Health hospitalization program, care has been provided for one patient at Plymouth County Hospital. Care was provided for one premature infant and requests for assistance from other applicants were carefully investigated and referred to the Town responsible for the case.

The Board of Health wishes to express its appreciation to all Departments and individuals who have helped in this important work.

Respectfully submitted,

D. B. BANNERMAN, M.D., Chairman
PUTNAM STEELE, Clerk
ROBERT HALL, Member
MIRIAM CAMPBELL, Agent

Report of Park Commissioners

To the Board of Selectmen and Citizens of
East Bridgewater:

We hereby submit our report for the year ending December 31, 1956.

The Park Department had a sufficient amount of money available from the Town as well as the Strong Fund to maintain Strong Field this year. The field was covered with a new fertilizer for grass and it worked out very well with plenty of new loam to fill the many holes that seem to arise each year.

The field was mowed each week and the diamond was kept up for good fast baseball. New ropes for the flag poles at Strong Field and the Park were installed, and the Park was taken care of with the usual Christmas Lights.

Under the supervision of the Park Department we had Mrs. Helen McCarthy take care of the playground activities which were held at the Central School playground with a large number of children attending for the months of July and August.

Respectfully submitted,

RALPH G. CONNORS
THOMAS E. O'BRIEN
MAXWELL J. PEARSON
Commissioners of Park Department.

I thank you for your cooperation during the past year.

Respectfully submitted,

GEORGE BARNEY,
Sealer of Weights and Measures.

Report of the School Planning and Building Committee

On March 15, 1956 bids were received from ten general contractors for the construction of our new High School. The lowest bid was by Tocci Brothers Construction Company, Inc. of Newtonville, Mass. at a total price of \$1,422,-721.00. The next lowest was \$1,431,618.00 and the highest was \$1,539,000.00. Tocci Brothers was well recommended by our architects, Perry, Shaw, Hepburn and Dean, for whom they had done several jobs. The bid was about \$57,000.00 higher than the original estimate in part because prices had risen during the delay caused by a vote of the Town that the committee, in the interest of economy, revise its original plans. The saving by cutting down from the original dimensions was about \$60,000.00.

Time being of the essence, due to crowded schools and rising prices, a special Town Meeting was called and held on April 12, 1956, which meeting appropriated by Transfers \$50,000.00 which was the base minimum, having in mind an estimated budget of \$125,000.00 for furnishings and

equipment. At a committee meeting just following the Town Meeting, the contractor was authorized to proceed at once. Within a week ground was broken and construction commenced. Any further delay would have entailed increased costs and a job held up for lack of steel. For the same reason your committee has been contracting for furniture and equipment as fast as possible although the building is not yet ready for delivery. In spite of these measures prices are 5% to 10% above our budget and to help the situation, upon our request, the School Committee by unanimous vote bought many items for the new school from its budget to an extent of about \$10,000.00. In the interest of economy some of the present high school furniture and equipment will be used in the new building. It is possible some equipment considered desirable may have to be eliminated pending further action by the Town.

The progress of construction is adequate and the workmanship in the opinion of the architects, engineers and Clerks of the Works is excellent. Vincent D. Burns, the original Clerk, left us for a much better position and was replaced by John Lamb. Both men took great interest in the job and are to be commended as good representatives of the Town. Excellent weather and working conditions favored us until recently, and so at this writing, the job is of necessity almost shut down although all materials and supplies are available and brick work was well commenced. There remains one more major pour of reinforced concrete — the balcony of the auditorium — which awaits a warm day or two. The estimated date of completion would enable use of the school after Christmas of 1957, but if all goes exceptionally well, it might open next September. This places the school administration staff in a dilemma in their planning in many respects.

During the year there have been many meetings of the committee, including conferences with the architects, engineers, clerks of the works and sales representatives. As common to all projects of this scope, revisions in original plans have been made to meet conditions and contingencies

not foreseeable. Some changes resulted in deductions from original total cost and some in increases. The net result to December 1, 1956 is a deduction of \$12,307.98. The payments to the contractor as of the same date, after withholding the usual 10% came to \$450,886.07

As of November 30, 1956 Lindon E. Christie resigned as Superintendent of Schools, leaving his ex-officio membership in this committee open. This vacancy was filled by Stanley B. Goldman being named his successor in both offices — formerly as Principal he had been an associate member together with Ralph G. Bumpus, Chairman of the School Committee. Emery S. Loud upon being made Principal was named an associate member.

Respectfully submitted,

JOHN B. THORNDIKE, Chairman
EDMUND W. NUTTER, Vice-Chairman
ELIZABETH P. HURD, Secretary
A. J. BRADFORD ALEXANDER
RALPH H. KEITH
FRANK N. HOUGHTON
EDNA L. WHITMORE

STANLEY B. GOLDMAN

Report of the Inspector of Wires

Honorable Board of Selectmen
Town Office
East Bridgewater, Mass.

Gentlemen:

I hereby submit my report for the year ending December 31, 1956.

Inspections	327
Locked locations	34
Meter permits (Edison)	165
Service permits (Edison)	125
Electric Water Heaters	44
Electric ranges added	19
Oil and Gas burners added	46
Additional wiring (old homes)	25
Rough wire new homes	42
Not accepted	29
Motor loads added	5
Electric Clothes Dryers added	29
Electric signs added	1
Total Edison Permits issued	192

All inspections were based on the 1953 National Electric Code, as adopted by Commonwealth of Massachusetts, with no added rules.

Respectfully submitted,

LLOYD P. NORDHOLM,
Inspector of Wires.

Report of Water Commissioners

To the Honorable Board of Selectmen:

The past year has been a busy one for the Water Department with a record installation of 40 new services and 19 service renewals.

Under contract 8550 ft. of new main has been laid which will afford badly needed fire protection to the Westdale and Beaver sections of the town.

In our controversy with the City of Brockton regarding an increase in the price of water, upon advice from the legal counsel representing Whitman, Pembroke and the Town of East Bridgewater, the Water Commissioners agreed by arbitration to accept the figure of 15¢ per thousand gallons of water to the City of Brockton as delivered from their pumping station at Silver Lake. This increase will go into effect as of October 1, 1956.

Reluctantly effective January 1, 1957 the Board of Water Commissioners have unanimously voted to increase the water rates from a basic rate of \$9.00 per thousand gallons to \$10.00 per thousand gallons, and a corresponding 10% increase regarding excess water used by our consumers.

At this time the Board of Water Commissioners wish to thank all Town Departments for their cooperation during the past year.

Respectfully submitted,

JOHN J. CLARITY, Chairman

CECIL W. HOYT, Clerk

CHARLES L. LELAND

Board of Water Commissioners.

Librarian's Report

To the Board of Library Trustees:

The 72nd annual report of the East Bridgewater Public Library for the year ending December 31, 1956, is herewith presented.

Since the dedication of our Library 60 years ago, its growth has been significant and important: significant because it has kept pace with changing attitudes and values, and important because the Library has become an integral part of community activity. At the turn of the century most of the 3000 books owned by the Library had been carefully chosen by owners of private libraries. Today the Library takes into cognizance the trend toward living in homes too small for family libraries, the steady growth in population, and the necessity of supplying books for all ages. From a vast output it must select books that reflect community interests, keep abreast of current opinion and the forces that are reshaping the world, and yet add books of permanent value for all age groups.

During the past year the Library's program expanded to include many services to the townspeople. They, in turn, responded with their interest and increasing use of the facilities available. Mimeographing and book selection were done for clubs and individuals. The Record-Lending service proved so popular the need for expansion was indicated. The Library continued to be a meeting place for clubs, organizations, committees and the Girl Scouts.

One of the high spots of the year was the meeting in the Library of the South Shore Children's Librarians; another was the art exhibit of the Woman's Club. The Library greatly increased its services to the schools, offering library instruction to all grades. Grade school and Junior High classes visited the Library, State Employment Service examinations were held in the Junior room, and High School art classes under the capable direction of Miss Dorothy Coogan used the Junior room.

The Young People's room continued to be a busy corner of the Library. Circulation figures show its increased use not only by High School students but also through teachers' assignments by pupils from Junior High. Many students from both High School and college utilized the Young People's room as a place of study in the evening. Because of this increasing use, extra light to augment the overhead illumination is an immediate need.

School service was extended to five mornings each week in the grade schools, three at the Central School and two at the Town Hall, and at the main Library to grades seven and eight two mornings each week. This additional service should serve to ease the transition from the Junior room to the Young People's room. The correlation between school library circulation and public library circulation was evidenced by the increased number of children who used the Library during vacation periods.

The school library situation should be expanded both in time and physical facilities to allow for more attention to individual reading needs. Every motivation and incentive available should be utilized to secure the reading attention of children in this vital period of their development.

During 1956 the Librarian gave two book reviews, served on the Old Bridgewater Tercentenary General Committee, on two committees of the M. L. A., on one committee of the Old Colony Library Club, and as Chairman of the Massachusetts Advisory Committee on Certification for Librarians. Mrs. Grace Eastman gave a book review and took part in a panel discussion on reference work with the schools for the Old Colony Library Club. Mrs. Margaret Mason and Mrs. Esther Moorhouse completed a 10 weeks in-service training course on library service to children and young people offered by the Massachusetts Division of Library Extension.

BUILDING NEEDS

The most urgent need is for an adequate heating system in the Library. The Board of Trustees carefully studied the

problem and will present an article concerning it to the annual town meeting in March, 1957.

Included in the appropriation will be the mending of leaks in the gutters and roof of the main building and necessary window repair. Some of the windows are loose and all should be painted on the outside.

It is a privilege to serve so fine a Board and to work with so fine a Staff and Building Custodian.

Respectfully submitted,

ETHEL B. CHANDLER,
Librarian.

Report of the Civil Defense Director

To the Honorable Board of Selectmen
and the Citizens of East Bridgewater

The Civil Defense program in East Bridgewater has been an active one during the past year. Headquarters have been established in the Town Offices, and an adequate meeting place for the organizations within the Civil Defense has been made available. Cooperation from the Board of Selectmen and the overall enthusiasum of the townspeople has been enjoyed and greatly appreciated by the director, who wishes to publicly acclaim the splendid spirit for Civil Defense he has encountered in every front. This organization is for the public and only the public interest can make its purpose known.

The communication branch is one of the most effective in the state, and its operative power has been greatly augmented by the addition of a Lineal Amplifier and Gonset communicator recently purchased. Other improvements in this field are the increase of personnel to 9, and the establishing of an efficient mobile unit, consisting of 5 Gonset radios. The Gonset radios are located in the homes of the radio personnel, and can be made mobile in ten minutes. Thus, delay is held to a minimum if an emergency should arrive. The radio section is under the direction of Mr. Thurston Stetson, who is constantly striving for a more perfect unit so as to do a more thorough and efficient job in time of need.

The Auxiliary Police branch has been able to work at near-peak of perfection due to the acquired equipment. Each man has been issued a uniform, hat and breast badge, whistle, traffic belt, and flashlight. These men have become a part of the public picture with their untiring availability in any needed position at any time. Among the duties they have performed are: traffic duty at the home football game for the High School, duty at the American Legion dances

each and every Saturday night, assisting the Police Dept. on Halloween, and when the police cruiser was out of commission with radio trouble these men worked in private automobiles to carry on the protection of life and property of the citizens of East Bridgewater. Under the capable direction of Chief Benoit, they have become an added protection, available at any time to help in any disaster. These men are all giving of their time each Wednesday to receive vitally needed training to be able to adapt themselves in time of disaster. Under the capable direction of Captain Henry Vincent and Sergeant Earl Torrey, I am sure that the group will prove a credit to our town in any emergency.

Plans are being formulated for additional branches to be started in the coming year. A women's branch will be started soon, and will provide clerical and first aid branches. Air Raid Wardens are another branch that is very important to the program. This section is one that has been sadly neglected. During the past war the air raid warden proved his worth in time of disaster. I am sure that volunteers will answer this need, and that this group will greatly progress in '57.

Civil Defense is made up entirely of personnel who have given their own time. Civil Defense is an important function and with the excellent cooperation that has been received in the past year, I am sure that it will prove beneficial to the citizens of East Bridgewater if any disaster should strike. There is no limit to the amount of work that can be done, and the overall cooperation of the Town is a vital cog in the wheel of this operation.

I wish to thank the Board of Selectmen and the Chief of Police, Walter Benoit, for valuable assistance during my stay as director. Without this cooperation the Civil Defense program would never have been realized.

Respectfully submitted,

HENRY B. BELCHER, Director
East Bridgewater Civil Defense.

Report of the Tree Warden

To the Residents of East Bridgewater :

In the year 1956 the activities of the Tree Department were numerous. Tree removal became the chief part of our operations, there being a total of 130 trees removed since March 1956. The Dutch Elm disease claimed 111 Elms, while 6 Maples, 4 Ash, 4 Hickory, 2 Oaks, 1 Pine, 1 Poplar and 1 Planetree were removed because of danger to life and/or property. In order to replace the trees that have been removed, 30 Norway Maples and 5 Locust, making a total of 35 trees, were replanted along the town streets. The preceding trees were planted on Central, North Central, Union, West Union, Elm, West, East, Plymouth and Hobart Streets, and Maple Avenue. All the trees set out were selected nursery grown stock and were purchased at a reputable, nearby nursery. The department realizes that the number of trees planted were not sufficient to replace those removed, therefore it is asking for a larger appropriation in the coming year for the planting of more new trees. Part of the appropriation will be used to start a town nursery where a variety of trees may be grown to be planted along the streets in future years.

Our first and foremost duty as a department is the maintenance of existing shade trees. This means that all highway trees be kept free of dead, broken, and weak branches; cabled and braced where needed to strengthen structural weaknesses; cavities cleaned and painted; low overhanging limbs removed from streets and sidewalks; and the removal of dead and diseased trees. Much of this work has been done this past year, but there are still many town trees that require attention and this work will be continued in the coming year. Several large stumps were also removed at a cost which enables the department to remove only those stumps which are hazards to traffic.

The department purchased many new pieces of equipment this past year. Among this new equipment is a two-man power saw and 2 one-man power saws, which have become the most useful tools of our trade. The department also uses a large truck in its work which is equipped for any emergency.

Although the town did not encounter any hurricanes in 1956, the streets in the town were patrolled during or after a heavy rain or high winds to remove any fallen limbs that might have been dangerous to traffic.

It is only through the loyalty of my workmen; the cooperation of the other town departments; and the fine understanding of the townspeople that we have progressed and, I certainly hope, have met the needs of our townspeople. To all the foregoing I give my heartfelt thanks.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Tree Warden.

Report of the Moth Department

To the Board of Selectmen and the Residents
of East Bridgewater:

The Moth Department became very active in the year 1956, especially during the months of June, July, August, and September. Along with duties of tree spraying, setting out and patrolling moth traps and spraying poison ivy, mosquito spraying became our biggest and most serious problem. The purchase of the latest in spraying equipment, a Mist Blower, by the town, was a valued asset in mosquito control this past year, as well as a success in tree spraying.

Mosquito control began in the later part of June and continued until the end of September. Spraying was intensified during August and September because of the outbreak of

Equine Encephalitis, the dreaded Sleeping Sickness disease. Mosquito spraying was done during the night because wind currents and traffic were at a minimum at that time. Also, mosquitoes were in flight during the night hours and the control was more effective.

A dormant spray of 12 percent D.D.T. was applied to all town Elm trees during early spring in an effort to control the Elm Leaf Beetle, the carrier of Dutch Elm disease. The Dutch Elm disease has been facing us for a number of years and is running rampage in this town; therefore, the department is asking for a larger appropriation this coming year in order to establish a more concentrated control of this disease.

Twenty-nine Gypsy Moth traps, supplied by the United States Department of Agriculture, were set out in various spots throughout the town and patrolled periodically during the summer months. This was to determine whether or not there had been any re-infection of Gypsy Moths in this area. There were 14 male Gypsy Moths caught in these traps which should entitle the town to State aerial spraying, to a certain extent, in the spring of 1957.

Poison Ivy spraying was done, when requested, in various parts of town. The solution used was found to be very effective and more of this control will be done in the coming year.

Many thanks are again due to my workmen, town officials, town departments, and the townspeople for their understanding and co-operation in my work.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Moth Superintendent.

Report of the World War II Memorial Committee

The World War II Memorial Committee met during the year with representatives from the Fred Bates Morse Post, A.L., No. 91, and with members of the School Building Committee for the discussion of a suitable memorial for those who served in World War II. While the World War II Memorial Committee has no jurisdiction over a memorial for those who served in the Korean Conflict, it seemed to be a suitable time to consider a joint memorial.

An Honor Roll of all those who served in both World War II and the Korean Conflict with special notation of those who gave their lives, and an electric organ as a living memorial were considered by the Committee.

The Committee will have a definite proposal to present to the town at the annual town meeting in March, 1957.

Respectfully submitted,

ROBERT H. HALL, Chairman
DOROTHY C. HURLBURT, Secretary
ETHEL B. CHANDLER
L. NORRIS LUDDY
EDMUND W. NUTTER

Report of the Board of Selectmen

To the Citizens of the Town of East Bridgewater :

The year 1956 was a very busy year with a full schedule of business every Monday evening. Jurors were drawn, various licenses were issued, hearings were held, approvals were granted for electric and telephone pole locations, and the usual routine invoices and warrants were approved for payment.

The Planning Board was active during the year. A Special Town Meeting was held on Nov. 15, 1955 to present the Zoning By-Law to the citizens of the Town of East Bridgewater, but it did not pass at that time. It was again taken up at the Annual Town Meeting on March 5, 1956, and was accepted. The final approval from the Attorney General of the Commonwealth of Massachusetts came on May 16, 1956. Persons who desire to construct new dwellings or buildings, or make additions to present buildings, must first make an application to the Board of Selectmen for a Building Permit; in the case of new dwellings a Board of Health permit must also be obtained from the Board of Health.

There was a very severe snow storm on March 19, 1956, and after snowing all day the Board of Selectmen declared the Town to be in the State of Emergency at 8:10 P.M. Mr. Philip E. Carey, C. D. Director, with the able assistance of the C. D. Radio Operators, viz: T. Stetson, L. Copeland, E. Koslowsky, T. Wainor, K. Ellis, G. Gardner and C. Threasher, worked through the night relaying radio messages to the Police Department, Fire Department and Highway Department. Through this splendid cooperation, no serious accidents occurred and everything was kept under control.

The Board of Selectmen with a representative of the Brockton Edison Co. reviewed the street lighting situation in the center of the Town and adjacent streets leading to the center — and as a result, all new fixtures and brighter lights were installed in and around the center of the Town. It has been a great improvement, and the merchants are very much

pleased; also we feel it may be a means of preventing serious accidents.

The contract for the Chapter 90 Construction Work on Washington Street has been let to Atwood & Company, North Abington. The necessary survey work has been completed and work will start as soon as weather permits in the spring of 1957. The first section is to be completed by June 15, 1957, and we hope to start the next section shortly thereafter.

As voted by the townspeople at the Annual Town Meeting, bids were put out for a new fire truck, a 1,000 gallon combination pumper, to replace a truck that has been in use for 25 years. The bid was awarded to Maxim Motor Co. of Middleboro—the truck being delivered in July 1956. We feel that with this addition, the Fire Department can render more adequate protection in time of need.

During the latter part of August and into September, there was reported in this area and Town, several deaths of horses and wild game from Equine Encephalitis. As this disease is carried by the mosquito, Mr. August J. Dube, Jr., Tree Warden, immediately began nightly spraying as the weather would permit. The townspeople cooperated by removing articles where water would remain stagnant, and thereby eliminate the breeding of mosquitos. The surrounding towns used aerial spray as an effective measure, and would recommend that this town be sprayed by air this spring in an effort to eliminate a repetition of this epidemic.

After the resignation of Mr. Philip E. Carey as Civil Defense Director last March, due to the pressure of other duties, we have been without a local C. D. Director. We feel most fortunate in having Mr. Henry B. Belcher take over these duties as of August 27, 1956. There has been made available to him, two rooms on the third floor of the Town Office Building where he has an office and a larger room for meetings.

There have been several changes in the Police Department during the year. Mr. Robert Blanchard resigned as night man and this position was filled by Mr. Kenneth Copeland. Sgt.

Walter A. Benoit, a member of the Police Department for 16 years, was appointed Chief of Police on Sept. 24, 1956, and Mr. William D. Tardie took over the duties of day man on the Police Department shortly after.

We are happy to report that with the amount of money appropriated at the Annual Town Meeting for repairing and painting the Town Office Building, we were able to have the necessary carpenter work done and exterior painted one coat; also part of the barn. Next year we hope to complete the painting of the barn and also paint the caretaker's house on the town office grounds. The interior is also in need of some painting and we hope to be able to take care of some of this work in 1957.

We wish to express our appreciation for the fine cooperative spirit of our Town Officials and Committees, and also the assistance from all of the residents of the town in the conducting of town affairs.

GEORGE A. RIDDER, Chairman,
CHARLES L. LELAND, Clerk,
MYRON H. HAYDEN,
Board of Selectmen.

Report of State Auditor

July 9, 1956

To the Board of Selectmen
Mr. George A. Ridder, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the period from January 1, 1955 to March 17, 1956, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE,

HBD:BAB

Director of Accounts.

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the period from January 1, 1955 to March 17, 1956, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the books of the town treasurer and the accounting officer.

The general and appropriation accounts in the accounting officer's ledgers were analyzed, the necessary adjusting entries resulting from the audit of the several departments were made,

a trial balance was taken off proving the ledger to be in balance, and a balance sheet, showing the financial condition of the town on March 17, 1956, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were compared with the several departmental records of payments to the treasurer, with other sources from which the town received money, and with the accounting officer's books. The recorded payments were checked with the approved warrants authorizing the disbursement of town funds and with the accounting officer's books.

The cash balance on March 17, 1956 was proved by actual count of the cash in the office, by reconciliation of the bank balances with statements received from the banks in which town funds are deposited, and by verification of the securities.

The savings bank books and securities representing the investments of the trust funds in the custody of the town treasurer and the trustees were examined and checked. The investments were listed, the income was proved, and all transactions were verified and compared with the treasurer's and the accounting officer's books.

The payments of maturing debt and interest were proved with the amounts falling due and with the cancelled bonds and coupons on file.

The records of payroll deductions for Federal taxes and for the county retirement system were examined and reconciled with the controlling ledger accounts.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the reported redemptions and disclaimers were verified, and the tax titles on hand were listed, reconciled with the accounting officer's ledger, and compared with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The commitments of taxes, motor ve-

hicle and trailer excise, departmental and water accounts, were audited. The recorded collections were compared with the payments to the treasurer as shown by the treasurer's cash book; the abatements, as entered, were checked with the departmental records of abatements granted; and the outstanding accounts were listed and reconciled with the controlling ledger accounts.

In order to verify the correctness of the outstanding accounts, notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of receipts of the board of selectmen, the town clerk, the sealer of weights and measures, and of the police, health, and school departments, as well as of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and the accounting officer's books.

The surety bonds furnished by the several town officials for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, departmental, and water accounts, as well as schedules showing the condition and transactions of the trust funds.

While engaged in making the audit, cooperation was received from all officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,
Assistant Director of Accounts.

HARRY W. KINGMAN, Chairman,
HENRY P. PERKINS, Clerk,
ROBERT H. EASTMAN,

Board of Assessors.

Department of Veterans' Services

To the Honorable Board of Selectmen and the
Citizens of East Bridgewater:

The year 1956 has been one of the busiest for the Department of Veterans' Services since the end of World War II.

Claims for benefits with the Veterans' Administration for World War I, World War II and Korean veterans has shown a marked increase over 1955. Many of our veterans have requested hospitalization in a Veterans' Administration Hospital, and in all cases we have been able to successfully fulfill their requests.

The 1956 budget for Veterans' Benefits was insufficient to complete the year. This was due to a large increase for assistance under Chapter 115 of the General Laws. The major increase was for medical needs for veterans and their dependents. However, our expenditures for benefits are still below most of the communities with the same population of veterans and dependents.

During 1956 all of our veterans and their dependents who qualified under Chapter 115 of the General Laws and filed applications for assistance have been assisted as to their required needs as the law will allow.

The year 1956 has been one in which many Federal Benefits for World War II Veterans have terminated.

EDUCATION AND TRAINING — World War II

1. Education and Training for most World War II Veterans Terminated July 25, 1956 (P.L. 346, 78th Congress)

- A. Eligibility for Education and Training for World War II Veterans who enlisted or re-enlisted after 1945 may have the benefit of a later termination date if such a period of enlistment or re-enlistment extended beyond July 25, 1947. (P.L. 190-79th Congress)

EDUCATION AND TRAINING KOREAN CONFLICT

1. A Korean Veteran must have initiated his program of Education or Training by August 20, 1954 or three years after discharge or release from active duty which ever is later. (P.L. 550 82nd Congress)
 - A. The above dates and regulations are not applicable to disabled veterans of World War II or the Korean Conflict. Disabled veterans interested in Education or Training under the G. I. Bill of Rights for Veterans should contact our office as soon as possible.

LOAN GUARANTY BENEFITS FOR WORLD WAR II AND KOREAN VETERANS

1. Termination date for World War II Veterans' Loan Guaranty by the Veterans' Administration is July 25, 1958. However, if a loan guaranty application or loan report is received by the Veterans' Administration on or before July 25, 1958, the veteran has until July 25, 1959, to complete his loan request. (P.L. 346—78th Congress)
2. Korean veterans have the same eligibility rights and benefits as World War II veterans and their eligibility extends to ten (10) years after discharge or release from active duty.
3. The un-remarried widows of World War II or Korean veteran, who died of service connected causes, is also eligible for loan guaranty under the Veterans' Administration.

Pensions for non-service connected disabilities for World War I, World War II and Korean Veterans are payable by the Veterans' Administration provided the veteran had 90 days' service, discharge is other than dishonorable and he is totally disabled (so declared by V. A. Doctors). (There are certain limitations on income.)

Veterans and their dependents who desire information on their rights and benefits under State and Federal Laws may request information at the Town Office of Veterans' Services during the day or on Friday evenings between the hours of 7:00 p.m. to 10:00 p.m.

It has been an honor and privilege to be of service to those men and women who answered the call to arms when the need arose to defend America and the American way of life.

Respectfully submitted,

PHILIP E. CAREY,
Veterans' Agent.

Report of the Chief of Police

January 4, 1957

To: The Honorable Board of Selectmen:

The following is the report of activities of the Police Department for the year 1956:

Arrest out of state	1
Assault and battery	1
Breaking and entering at night time and larceny	1
Drunkenness	4
Operating under the influence of liquor	8
Operating so as to endanger	8
Larceny of more than \$100.00	2
Leaving the scene of an accident	1
Malicious destruction to property	5
Operating without license or registration in possession	2
Operating after revocation of license	2
Passing when view is obstructed	58
Suspension of licenses through Registrar	34
Using motor vehicle without authority	2

MISCELLANEOUS

Complaints investigated	1,027
Emergency messages delivered	111
Emergency trips with cruiser	89
Motor vehicle accidents investigated	63
Disturbance	4
No sticker	1
Faulty equipment	10
Stolen property recovered	\$480.00

Cases filed	4
Missing persons located	4
Business establishments, doors and windows found open or unlocked	8
Street lights out—reported	110
Summons served for other departments	56
Superior Court cases	2
District Court cases	12
Dogs hit by cars	6
Wires down and reported	12
Revolver permits issued	150
Individual transfer of sales reported	320
Suicide	2
Committed to State Hospital	3
Stopped cars for warning	56
Warning through the Registry	25

Juvenile cases were handled through the Parents with no court action.

Due to the increase in the population of the Town, the business of the Police Department has increased and the demands will be even greater in the coming years. Since July 1956 through the cooperation of the Board of Selectmen and Finance Committee, it has been possible to have two men on night patrol in the Police Cruiser. This affords more protection for the men and they are able to give better service in case of an accident and protection of town property.

We are sorry to report there had been an increase in automobile accident cases during the year. As a means of reducing this, we have concentrated on speeding, and speeding violations have now been reduced to a minimum. The Police officers have answered all fire calls in an effort to handle traffic duty if necessary; also on Sundays a Police Officer is on duty to direct traffic in front of various churches in town.

I am pleased to report that we have a fine group of Civil Defense Police Officers who have assisted with off

street parking or whenever called upon. These men are under the direction of the Chief of Police and have rendered valuable assistance to the Police Department. When the police cruiser was being repaired, we moved a C. D. radio into the Police Station and one in the C. D. car to patrol with—thereby the protection of life and property was continued without any interruption.

By the police being on patrol day and night, we have reported to the Highway Department such items as a dangerous hole in the road or a slippery condition; also reported all fallen limbs to the Tree Department, and if street lights were out or wires down, we notified the Brockton Edison Co. and stood by until repaired.

A total of 39,450 miles was covered by the police cruiser during the year. The present police car was delivered in June of 1956 and has 20,000 miles on it. A new police radio was installed in the new car. The old radio was converted into a station set and is located in the Chief's home where it has proven of great value in contacting our police cruiser without having the message relayed through some other city or town; also saves considerable time in calling doctors, ambulances, wreckers and other emergency equipment. This leaves the police officer free to handle the injured and traffic, also obtain information from the operators involved.

Through the Board of Selectmen, the "Blue Net Work" emergency police telephones have been restored. A telephone is located in the center of the Town attached to a buzzer system to notify the Police Officer on duty, and telephones have been installed in the homes of the Permanent Police Officers. With the present system the Town has Police protection at their finger tips 24 hours daily.

It gives me a great deal of pleasure to say that we have gone through this year without a fatal accident. We won a Safety Award in 1949 and 1950, and will receive another this year for having such a fine record.

I would like to take this opportunity to thank the Town Officials, the Finance Committee and the citizens of the town for their assistance and help during the past year, and to express my appreciation to all the Police Officers, and Civil Defense Police, for their fine work and cooperation.

Respectfully submitted,

WALTER A. BENOIT,
Chief of Police.

Report of the Inspector of Animals

Hon. Board of Selectmen

Gentlemen :

During the year 1956 I inspected all interstate cattle coming into this Town and found them free from any infectious or contagious disease. On my annual barn inspection the barns were found in satisfactory condition. The town has lost three dairy herds during the past year.

Regarding dog bites, there have been the usual number of dog bites in this Town for the year 1956 but no dog has shown any symptoms of Rabies.

Respectfully submitted,

HARRY W. KINGMAN, V.M.D.,
Inspector of Animals

Report of Highway Surveyor

To the Voters of the Town of East Bridgewater:

I hereby submit my report as Highway Surveyor for the year 1956:

The usual oiling, sanding, and resurfacing was continued and the following streets done this year: West Union from the railway tracks to the West Bridgewater line, Folsom Avenue, Old Bedford Road, North Water Street, Batti Avenue, Ashley Drive, Walnut Street from Washington to Central Street, Bridge Street from Chestnut to Central Street. Under Chapter No. 90 Maintenance, West Street had gravel put on the side to widen it from the West Bridgewater line to the residence of Mr. Charles Williams. It is hoped that next year a mixed-in-place is to be used on that part of West Street.

The work on Cook Street will be done this year, due to a shortage of pipe for the drain which prevented completion of the work last year.

The bridge on Bridge Street collapsed and replacement work had to be done to keep this road open for travel.

Under Chapter No. 90 Construction, work has been started on Washington Street from the Whitman line. This road is to be widened; work to be done by private contract.

With over sixty miles of road to cover and plow the snow and sand, we try to get all the streets done as soon as possible. Ice is the main trouble. Barrels of sand have been left in a few places to be used by the town in an emergency.

The following heavy equipment is on hand Jan. 1, 1957: Two Dodge trucks, one 1950 and one 1953; one sweeper, one grader, one 15-ton steam roller, ten snow plows, one air compressor, one chain saw, one brush saw, three tail board sanders and one spare motor, also four side walk plows.

I wish to thank the voters for their co-operation for the year.

Respectfully submitted,
RAYMOND E. TARDIE

Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for the year 1956.

There has been very little change in the number of cases which were aided in the several categories of assistance administered by this office.

A cost of living increase was allowed, effective July 1, and applied to all categories.

This increase which was 5.8% was allowed in all eligible cases and included all except those in Nursing Homes.

OLD AGE ASSISTANCE

Twelve applications for assistance were received during the year. Nine were approved, one was denied as ineligible, and two applicants voluntarily withdrew their applications. One case was reopened and nine cases closed during the year, five by death and four by transfer to other towns.

There were sixty-one active cases aided and they received a total of \$51,679.80, of which sum, \$39,569.67 was in direct grants of aid, and in addition, payments of \$12,110.13 were made in behalf of these cases for medical and dental needs. In addition, \$1,245.23 was paid to other towns for aid rendered persons having an East Bridgewater settlement.

We received in Federal grants, \$19,853.31; from the Commonwealth, \$16,865.64; other towns, \$2,120.89, and from collections under the Lien Law, \$1,566.15.

AID TO DEPENDENT CHILDREN

One new case was added to this category, one case reopened and one case transferred to another town.

\$2,990.50 was paid in direct grants of aid supplementing other income in these cases, and in addition, \$643.35 was made for indirect payments for medical needs.

We received from the Federal government, \$297.25, and from the Commonwealth, \$140.18.

DISABILITY ASSISTANCE

Two applications were received for Disability Assistance. One was approved and one was withdrawn as it was not eligible for this aid.

Direct cash grants under this category amounted to \$3,560.70, and in indirect medical assistance, \$3,435.27.

The Federal grants amounted to \$2,203.67 and the Commonwealth reimbursed us in the amount of \$3,037.70.

GENERAL RELIEF

Five new cases were added to the rolls, making a total of nine cases receiving temporary aid during the year. Three cases were closed, one of these being transferred to another category of assistance and other two obtained employment.

The sum of \$2,616.41 was expended for assistance and \$430.12 was paid to other towns for East Bridgewater cases residing in those towns.

We received \$2,092.83 from other cities and towns and \$773.56 from the Commonwealth.

Respectfully submitted,

MAUD R. ESTES, Chairman
HARWOOD S. MOSHER, Clerk
HAROLD F. DOHERTY

Old Bridgewater Tercentenary Committee, Inc.

(1656 - 1956)

The inception of the plan to celebrate the three hundredth anniversary of the incorporation of the Town of Old Bridgewater was expressed in a resolution adopted by the Old Bridgewater Historical Society.

To a committee appointed by the Old Bridgewater Historical Society were added the joint committees of the towns of Bridgewater, East Bridgewater, West Bridgewater and the City of Brockton (North Bridgewater). Subsequently, the members of all the committees were included in the general committee and became known as the Old Bridgewater Tercentenary Committee, Inc., for the purpose of this celebration. At the request of the Old Bridgewater Historical Society, the Honorable Board of Selectmen of East Bridgewater appointed A. J. Bradford Alexander, chairman for the East Bridgewater committee, and asked him to name his own committee.

Chairman A. J. Bradford Alexander named the following committee to aid him in this Historical Celebration for East Bridgewater: Ethel B. (Mrs. George A.) Chandler, Stanley B. Goldman, Miss M. Frances Guerin and Mrs. Margaret O. (Mrs. Richard W.) Alexander; George A. Ridder, chairman, Board of Selectmen, member ex-officio.

After many joint meetings of our committee with those of Bridgewater, West Bridgewater, Brockton (North Bridgewater), a program was arranged for a week of celebration beginning on Sunday, June 10, 1956, with Tercentenary Services held in all churches and continuing throughout the week. Each town and the City of Brockton had one or two days planned for their own celebration. East Bridgewater chose Thursday, June 14, 1956, for our day of observance.

The following is an exact copy of the historical section of the Memorial booklet arranged for the Town of East Bridgewater jointly with Bridgewater, West Bridgewater and Brockton (North Bridgewater).

A. J. BRADFORD ALEXANDER,
Chairman, Town Committee.

EAST BRIDGEWATER

The Town of East Bridgewater, the original territorial center of Bridgewater at the time of the purchase of Bridgewater from the Indians, was settled about 1660. In 1722 the inhabitants of the east end of the North Precinct of Bridgewater petitioned the legislature to be set off as a separate precinct, and on December 14, 1723, the East Precinct was incorporated. Later it became known as the East Parish and on June 14, 1823, it was incorporated as the Town of East Bridgewater, having then a population of about 1,500. The first Town Meeting was held July 4, 1823, with Nahum Mitchell as moderator.

Samuel Allen, Jr., the first settler, is said to have settled here in 1660, on the east side of the Matfield River near the present plant of the Brockton Edison Company. His land included that in the center village, the two central burial-grounds, the Common, and what is known as the Plain. Nicholas Byram and his son-in-law, Thomas Whitman, came here in 1662. Byram, who was the moderator of the first meeting held by the Parish, owned five of the fifty-six shares of the original proprietors, including the west part of the village. He settled on the west bank of Snell Meadow Brook near what is now North Central Street.

Thomas Whitman owned the peninsula between the Satucket and Matfield Rivers and built his house near the present junction of Bedford and Whitman Streets in Elmwood. Robert Latham, the fourth settler, came from Marshfield in 1663 and became the owner of a large tract of land on the south side of the Satucket River, including Sachem Rock. Arthur Harris and his sons, Isaac and Samuel, owned land adjoining Latham, on the north. Latham built a sawmill on the river, just below the Indian herring-weir. In 1726 Isaac Harris, Thomas Whitman, and Jonathan Bass built a new mill at what later became the Carver Cotton-gin Company's dam.

During King Philip's War in 1676, nine houses, all the homes except that of Nicholas Byram, were burned by the Indians. After King Philip's death the population increased rapidly. Experience Mitchell, one of the passengers in "The Ann" in 1623, came from Duxbury with his son, Edward Mitchell, about 1680.

They built a house in what was then known as Joppa, now Elmwood. A tannery was located on their estate as early as 1700. Elisha Hayward, Nathaniel Hayward, Jr., Jonathan Hill, and John Howard also settled in Joppa.

Isaac Alden, a grandson of John Alden, the Pilgrim, settled here about 1685. He owned a large tract of land on Beaver Brook, and built a house near Jones' Mill Pond. Joseph Shaw settled here in 1699 at what was later known as Shaw's Mills at the present intersection of Pleasant and Summer Streets.

The parish grew in population during the next 125 years and became one of the most important manufacturing centers in the state. In 1700 there was a saw mill built by John Whitman on Snell Meadow Brook. In 1726 this mill-site was overflowed by the Forge Pond, Capt. Jonathan Bass having built a dam and a forge farther down the stream. Hugh Orr owned mills on Matfield River near Vinton's corner. As early as 1748 he made muskets for the Province of Massachusetts; at the outbreak of the Revolution he made muskets for the Patriot cause and successfully produced a great number of iron and cylindrically bored brass cannon. While a member of the Massachusetts Senate he persuaded that body to encourage the establishment of textile mills in the state.

About 1788 Samuel Rogers established a machine shop near the brick store now owned by the Swanson-Wallin Company. He invented a tack machine, successfully made a machine which would cut and head a nail at one operation, and in 1802 made two silver watches complete except for mainsprings, supposed to be the first made in America.

Josiah Whitman, living on Whitman Street, manufactured shoes. Cushing Mitchell and Seth Bryant, descendants of Experience Mitchell, in 1822 formed a partnership to manufacture "sale shouse" in Elmwood.

Before the Revolution a slitting and rolling-mill below Orr's Works on Matfield River was owned by the Keith family. In 1935 the Keith Iron Company built a new rolling-mill above where the old rolling-mill stood. This company sold out to the East Bridgewater Iron Company operated by Rogers and Sheldon.

Many other iron manufacturers were located in East Bridgewater. A chainworks firm did a prosperous business here in 1870. Gen. Silvanus Lazell employed a great number of men from various neighborhoods to manufacture

wrought iron nails in his mills on Forge Pond. James Brown and James Eaton built an iron foundry in 1850 which later became the Matfield Manufacturing Company. The Brown Locomotive Works which built locomotive engines in 1851, four years after the railroad was put through town, stood beside the foundry. The foundry became the property of Joshua Dean in 1880 and was bought in 1902 by the Old Colony Foundry. Rebuilt after the disastrous fire of 1903, this property was sold to the Eastern States Steel Company in 1950.

From 1828 the water power at Satucket was used for the weaving of cotton cloth; Nathaniel Wheeler, Wallace Rust and Allen Whitman were incorporated as the East Bridgewater Manufacturing Company for this purpose. In 1843 E. Carver Company bought the privilege and began the manufacture of cotton gins. For many years known as the Carver Cotton Gin Company it is at present owned by the Murray Company of Texas, Inc.

Late in the 18th Century there was a brick kiln near the park at Central and Bedford Streets. Records show that several other brick yards were located in town. About the year 1820 Josiah Reed made a piano-forte. In 1822 Samuel Keen, who operated a mill on the Matfield River in Elmwood and made shoe machinery, also made the first clothes wringer having rubber rolls. The inventor of the twist drill for boring holes in metal was Stephen A. Morse.

In its earliest days East Bridgewater was an industrial community, devoting itself largely to metals. For generations iron and brass castings, tack machines, cotton gins, caststeel shovels and hoes, nails, brass pins, building supplies, bricks, cotton and woolen goods were manufactured here. Today while agriculture and dairying are as important as manufacturing in East Bridgewater, cotton machinery, iron and brass castings, bricks and shoe lasts are among the articles still produced.

A Post Office called Bridgewater Post Office was established in the East Parish as early as 1799 in the law office of Judge Nahum Mitchell, who was the first postmaster. The mail was brought from Boston once a week by horseback. In 1831 the name was changed to East Bridgewater Post Office. It was moved in 1909 from Union Street to its present location in Central Square. In 1940 the interior of the office was completely remodeled, and in 1956 the number of boxes was increased.

SCHOOLS

No schools seem to have been established in East Bridgewater before 1700. In 1705 "Nathaniel Brett was chosen schoolmaster, to be paid 15 pounds per annum, and 4 schooldames for the several quarters of the town to instruct small children in reading." The schools were probably kept in private houses as there was no school house in East Bridgewater until 1720.

The first schoolhouse stood near the Common and parts of its foundation could still be seen around 1900. This was the only schoolhouse for about fifty years. By 1773 East Bridgewater was divided into seven school districts and by 1785 there were ten school districts: Centre, Black Brook (later Eastville), Beaver, Joppa, North Ville, Setucket, West Crook (later Auburnville), Pond, Barrell (later The Common), and Curtis (later Robbins Pond). East district provided its own schoolhouse, also a Prudential Committee and the expenses of the school from the district's share of the money appropriated by the town for that purpose. Edward Everett, then a student at Harvard College, taught the winter term in the Black Brook District, now Eastville.

In 1818 the Bridgewater Academy, a school for young ladies, was built next to the west of the Old Cemetery. It was incorporated in 1937. In 1845 it was sold to William Allen and used as a private school. The original building is now standing on Keith Place.

The first East Bridgewater High School was built in 1860 on the sandhill between what was later Keith Place and the railroad track. The first, eighth and ninth school districts were united; the upper room was "highly furnished with desks and apparatus for the accommodation of a Grammar School. The schools in the District were partially reorganized, and a selection made of as many scholars as, in the best judgment of the Committee, were fitted, on account of age and advancement in study, for the Grammar department." Horace Cannon was the first teacher of the High and Grammar School, and the whole attendance was 65. A large proportion each term included more advanced scholars who studied Latin and Greek and "made good use of the black-boards in mathematics".

The Central School, a new consolidated school for pupils in grades one to six, inclusive, was dedicated on June 17, 1950. The general design of the exterior of the brick school building is of colonial character. The interior design and plans are based on the latest teaching methods. There are eighteen classrooms, an All Purpose Room (with a stage) which is used both as an auditorium and a lunch-room, a serving kitchen, and a medical unit. The school faces Central Street and is accessible from both Bedford and Central Streets for use of school buses and cars.

The first high school building was destroyed by fire in 1911. There was an attendance of 110 pupils when the new high school was opened in the Fall of 1913. This building was enlarged and rededicated as the Senior-Junior High School in 1937.

In 1953, due to a sharp increase in population, the Central School housed three sixth grades in the Town Hall and by 1955 it was necessary to move two more grades there. Overcrowding existed also at the Senior - Junior High School. On October 24, 1955, the town voted to construct, equip, and furnish a senior high school building.

THE LIBRARY

Libraries were established in East Bridgewater at different periods. The Library of the East Parish of Bridgewater, a library of religious books, was in use in 1770. In 1793 the Proprietors of a Library in the East Precinct of Bridgewater formed a library society. From the records the selection of books was judicially made. In 1836 the Reverend Adonis Howard and others formed a Social Library in Joppa village. About 1838 a Village Library was kept in the law office of Welcome Young. John Adams Conant, Jr., started a library in Eastville about 1840, and an Agricultural Library was established in 1860.

The East Bridgewater Library Association was formed in 1870. The voters of East Bridgewater voted on March 10, 1884, to establish a public library. The East Bridgewater Library Association presented 468 books to the Public Library which was opened June 25, 1884, in a room over Isaac N. Nutter's store. The library was moved, with the town offices, into the Savings Bank building in 1885 and into the Masonic block in 1892.

On July 18, 1894, Cyrus Washburn of Wellesley Hills, a native of East Bridgewater, set aside \$10,000 by a deed of trust stipulating that the trustees should purchase the lot formerly occupied by the Catholic Church and, upon his death, a building should be erected for the use of the town as a library. Later, Mr. Washburn decided to have the building erected during his life. This building was dedicated September 22, 1897. As the building was unfurnished, a fair was held netting over \$300. From this sum curtains and 170 books were bought. During the years that followed, rummage sales and fairs were held and several permanent trust funds were established. In 1909, the 25th anniversary of the Public Library, there were nearly 6,000 books in the library and a catalog had been made.

In the early 1930's the book stacks were opened to the public and the former trustees' room was used as a children's room. Pupils from the High School were permitted during school hours to use the library for reference work and deposits of books were sent to the grade schools. In 1938, by a WPA project, the present children's room was completed, and the following year, also by a WPA project, the interior of the library was painted. In 1941 the library was recatalogued in the Dewey decimal system and the library was opened to the schools and public fifty-six hours a week during the school year.

During the war years, 1941 to 1946, the library was a headquarters for Civilian Defense activities. A service roll for citizens in the armed forces in World War II was kept in the entrance to the library and data obtained for their records. Cigarettes, food and books were wrapped and mailed from the library with a mimeographed service paper.

In 1949 the third floor of the library was remodeled for work rooms and an historical room; in the basement a periodical room and a fine arts room were finished. Out doors a new garden room was completed with the Mary Parker memorial fountain at the entrance. A new school branch library was opened in the Center School in 1950 and in 1954 a library room was equipped in the Town Hall school. A library of recorded music was added in the fine arts room during 1954. As of December 31, 1955, there are 21,844 volumes in the library.

BANKS

A bank called the East Bridgewater Bank was chartered in 1828 but closed after a few years as a result of speculation in Eastern Lands.

The East Bridgewater Savings Bank is the oldest banking institution of any kind in the Bridgewaters, including Brockton (North Bridgewater). Incorporated on March 8, 1870, the first report to the Commissioner of Banks on October 31, 1871, listed total deposits of \$4,062.06. Today the Bank has the distinction of having more depositors than there are inhabitants of the Town of East Bridgewater. The assets on April 5, 1956, were \$7,804,380.36.

The bank building has twice been extensively remodeled, in 1922 and 1955. At the time of remodeling in 1955, a safe deposit department was added.

Throughout its entire history the affairs of the East Bridgewater Savings Bank have been conducted by representative citizens of this community. A notable feature in the history of the bank is that the third and present treasurer and three trustees are the third generation of their families to serve the bank.

The East Bridgewater Cooperative Bank was incorporated in 1913. For 25 years it was quartered on the second floor of Fred E. Fuller's store in Central Square.

In 1938 the Vinton property, formerly the Charles Rogers home on the corner of Bedford and Central Streets, was sold to M. F. Roach and Sons. The house, one of the oldest in town, was redecorated by the new owners. On January 4, 1939, the Cooperative Bank moved to a suite on the first floor of this building. The total assets of the bank, March 30, 1956, were \$921,239.61.

* * * *

Changes brought about by economic and scientific developments were reflected in East Bridgewater. Indian paths gave way to roads and roads to streets. The Bedford Turnpike was built in 1806.

The steam railway brought here in 1847 was abandoned in 1925. Electric trolley lines established in 1897 were replaced in 1929 by motor bus service. A public water system, electricity and telephone service were installed soon after the turn of the century. Antennas were raised for radio in the early 1920's and for television 20 years later.

The town is still governed by the town meeting. The town offices were for many years on the second floor of the Savings Bank building. In 1950 the Hobart estate opposite the Town Hall was purchased for a town office building. The population has grown nearly four times greater since the incorporation of the town, from about 1,500 in 1823 to 5,359 in the 1955 state census.

(Copy of Original Deed for the Purchase of Old Bridgewater)

Witness these presents that I, Ousamequin Sachem, of the county of Poconocket, have given granted enfeofed and sold unto Miles Standish of Duxbury, Samuel Nash and Constant Southworth of Duxbury aforesaid in behalf of all the townsmen of Duxbury aforesaid; a tract of land usually called Satucket, extending in the length and breadth thereof as followeth, that is to say, from the wear (weir) at Satucket, seven miles due east, and from said wear seven miles due west, and from the said wear seven miles due north, and from the said wear seven miles due south. The which tract the said Ousamequin hath given granted enfeofed and sold unto the said Miles Standish, Samuel Nash and Constant Southworth in behalf of all the townsmen of Duxbury with all the immunities, privileges and profits whatsoever belonging to the said tract of land, with all and singular all woods, underwoods, lands, meadows, rivers, brooks, rivulets, etc. to have and hold to the said Miles Standish, Samuel Nash and Constant Southworth in behalf of all townsmen of the Town of Duxbury to them and their heirs forever. In witness whereof I the said Ousamequin have hereunto set my hand this 23d of March 1649.

In consideration of the aforesaid bargain and sale, we the said Miles Standish, Samuel Nash and Constant Southworth do bind ourselves to pay unto the said Ousamequin for and in consideration of the said tract of land as followeth; 7 coats a yard and a half to a coat, 9 hatchets, 8 hoes, 20 knives, 4 moose skins, 10 yards and a half of cotton.

Miles Standish. Samuel Nash. Constant Southworth.

- (2) 8:00 A. M. Whistle at Edison Plant. No Elementary School in forenoon.
- (3) 12:30 P. M. Whistle at Edison Plant. No Elementary School in afternoon.
- (4) Notices regarding "no school" will also be given over Brockton Radio Station WBET and over Boston Radio Station WBZ.

PHYSICAL EXAMINATION OF EMPLOYEES

A candidate for position as employee of the East Bridge-water School Department shall file a certificate of health with the Superintendent of Schools. Persons in service shall file such a certificate once during each three (3) year period and at any time upon written request of the School Committee.

SCHOOL ADMISSION AGE

Any child who becomes six years of age on or before September 1st will be eligible to enter the first grade without any test. Those children who will become six years of age between September 1st and January 1st of that year may take a readiness test which will be given no later than the first week in June. Parents will be given ample notice regarding the time and place of this test.

MEETINGS OF THE SCHOOL COMMITTEE

Regular meetings of the School Committee are held in the High School Building the second and fourth Wednesdays of each month at 8:00 P. M.

REPORT OF SCHOOL COMMITTEE

To the Citizens of East Bridgewater:

The year of 1956 has been another successful and progressive year for the schools of East Bridgewater. The many difficult and perplexing problems faced by your School Committee have been resolved to the best interests of the entire school system.

Through the complete utilization of all the existing space and facilities, it has been possible to avoid double sessions in spite of the increase in total school enrollment.

At present it appears that the new high school building will be ready for occupancy in December, 1957. Hence, at that time a reorganization of the school system will take place. The first four grades will be housed at the Central School while grades five through eight will occupy the present high school building and grades nine through twelve will be transferred to the new high school building. The use of the Town Hall for school purposes will be discontinued.

It appears that, if the growth of the town continues at the present rate, we should be able to satisfactorily house the pupils of East Bridgewater under this set up for some years to come.

The physical properties of the school department have been maintained at their usual high level. The exterior woodwork at the high school was painted and sections of the brickwork were waterproofed. A new leaching drain was built in connection with existing sewerage facilities to better handle the waste disposal situation at the high school. The interior of the building also received attention in the form of new plaster and paint where needed. Extensive repairs and redecorating are needed in the auditorium. The School Committee hopes to have this done in the near future when the necessary funds are available.

The Central School also received attention as several classrooms were painted, brick retaining walls recapped and flood lights installed to illuminate the parking area. The existing leaching bed of the sewage disposal plant at the Central School is to be linked with the new large filtering bed being constructed on the new high school grounds thus eliminating all waste disposal problems. At the Town Hall fluorescent lights were installed in the upper classrooms to provide better illumination.

The transportation problem is always before us and hardly a meeting passes without a request for special or additional service. Due to the increased school enrollment it has been necessary to add more busses and to alter and revise bus routes with the object of giving the best service possible within our economic means. Bus limit signs have been posted on all routes to clearly indicate the limits within which pupils are eligible to ride. The School Committee follows the recommendations of the State Department of Education regarding transportation of pupils and has established regulations in conformance with them.

In order to better promote the safety of the elementary pupils at the Central School, your School Committee with the cooperation of the Board of Selectmen, caused the installation of "No Parking" signs on the east side of Central Street and prohibited private vehicles from entering the Central School grounds during the period that pupils are entering or leaving the school.

A code of rules and regulations concerning the use of school buildings has been established by the School Committee and is now in effect. Any organization or citizen desiring the use of a school auditorium, gymnasium or other school facility must make formal application to the Superintendent of Schools who will furnish them with the necessary application form and a printed copy of the rules and regulations concerning the use of school property. Application must be made at least fifteen days prior to the date for which the use of the building is desired so that action upon the request may be taken at the next regular School Committee Meeting.

Numerous changes in school personnel have been effected during the past year. Stanley B. Goldman, Principal of the High School, was unanimously elected Superintendent of Schools to replace Lindon E. Christie whose resignation became effective November 30, 1956. Emery S. Loud, Vice Principal of the High School, was elected Principal to fill the vacancy caused by the promotion of Mr. Goldman. The School Committee feels that we have been exceedingly fortunate to be able to obtain from within our own school system such able men as these to head our school department and high school.

Several new members were added to the teaching staff to fill the vacancies caused by resignations and to meet the additional needs of the increased student enrollment.

The School Committee wishes to express its appreciation to the entire personnel of the East Bridgewater School Department for their faithfulness in carrying out their duties and their diligent endeavors which have brought our school system up to the present high level it now holds in the educational field.

In order to adequately deal with the constantly increasing number of problems by which they are faced, your School Committee now meets officially on the second and fourth Wednesday of each month. It is the policy of the School Committee to admit any and all citizens interested in any particular subject to said meetings, but it does not hold general open meetings.

The proposed budget for 1957 calls for an increase of approximately 11% over the 1956 figure. This increase covers an upward revision of the salary schedule, an increase in the teaching personnel, expenses entailed with the new high school building, and increases in all phases of the operation of the school system.

Your School Committee has given, and will continue to give the best possible educational opportunities to each pupil in the school system at the lowest possible cost to the citizens of East Bridgewater.

Again this year the members of the School Committee express their appreciation for the friendly cooperation, sug-

gestions and donations so generously given by individual citizens, the Parent-Teacher Association, the Boosters' Club, the Commercial Club, the Kiwanis Club, the American Legion Post 91 and Auxiliary and many other civic minded organizations in the town.

Your continued interest and active support in the work and achievements of the East Bridgewater Public Schools make our efforts worth-while.

Respectfully submitted,

THE SCHOOL COMMITTEE

Ralph G. Bumpus, Chairman

REPORT OF THE PRINCIPAL OF THE SENIOR-JUNIOR HIGH SCHOOL

To the Members of the School Committee:

I wish to submit my final annual report as principal of the East Bridgewater Senior-Junior High School for the year 1956.

The faculty and students have shown a fine spirit of cooperation and an outstanding ability to adjust themselves to the overcrowded conditions in our building. Needless to say it will be a genuine pleasure to move into the new building in the not too distant future.

Only four changes took place in our Senior-Junior High School faculty during the year. Miss Ann Girard resigned to accept a more lucrative teaching position in New York. Her 7th grade arithmetic and science position has been filled by Mr. Charles Venslauskas, who has previous teaching experience in the Franklin public school system. Mr. Joseph Doyle accepted a more profitable position in the Hingham public school system. Mr. John Geovanis, a Northeastern University graduate and recently honorably discharged from the Army, has been engaged to fill the seventh grade social studies position. Miss Hazel Luke accepted a teaching position in North Easton. Mr. Robert Kondracki has taken Miss Luke's place as eighth grade social studies teacher. Mr. Kondracki has become the assistant football coach and baseball coach. Miss Dorothy Coogan, with previous art teaching experience in Cohasset and Pittsfield, has replaced Art Supervisor, Mrs. Gloria Bubby who resigned to remain at home.

Honor and prestige have been our lot in 1956 in the following ways:

1. Miss Mary Sullivan was invited guest speaker at the annual National Convention of the American Classical Association.

2. Also Miss Sullivan was one of thirty participants chosen to participate in the Foreign Languages Summer Workshop at Tufts University.

3. Principal Goldman was an invited speaker at the Massachusetts State Principals Annual Convention.

4. Robert McCarthy was elected President of the Associated Body of Student Councils of Southeastern Massachusetts, which group includes fifty-two high schools.

5. Seven senior pupils competed in the 1956 National Merit Scholarship Foundation and National Honor Society Scholarship Competitions. Although we did not win any scholarships in these competitions I can report with pride that all pupils scored very well in the national examinations taken by 166,581 highly selected pupils, and that our top student scored in the 94.7 percentile based on a nationwide norm. The percentile rank indicates the percent of the group who had lower scores than our highest scoring student.

6. The Museum of Fine Arts, in its annual publication, singled out the East Bridgewater High School as the only high school in the United States holding and maintaining an active pupil-faculty membership in the Museum.

7. Dale Peterson won first prize in the annual Tri-Town Essay Contest.

8. Ralph Keith competed in the New England Academy of Arts and Sciences competition. He is allowed to work in the laboratories of the Boston Museum of Science.

The 1956 graduating class numbered sixty-eight and forty-three percent of these have continued their education in the following institutions of higher learning: State Teachers College at Bridgewater, Cornell University, Ohio Wesleyan University, New England Conservatory of Music, Children's Hospital, New Bedford Textile Institute, Springfield College, Brockton Hospital, Boston University School of Nursing, Boston Dispensary, University of Massachusetts, Coyne Electric School, Florida State University, Worcester

Academy, Bates College, Wentworth Institute, Dean Academy, Deaconess Hospital, Boston University, Massachusetts Institute of Technology, Franklin Institute, and Smith College.

Our business course graduates are very much in demand. Fine records are being made in secretarial and office positions and the business field.

In the general course our objectives are to prepare our graduates not only to earn a living but also to be well-informed and equipped to value the old-fashioned virtues and our cultural heritage.

We continue to stress the basic fundamentals in our junior high school group. We accept with the other levels of the public school system, responsibilities for the growth of children in the general objectives of education as follows:

1. Basic knowledges and skills
2. Good citizenship behaviors
3. Ethical values and human relationships
4. Cultural stimulation and growth

The high school has received, as usual, its "A" rating from the Massachusetts Department of Education for 1956. Also East Bridgewater High School maintained its institutional membership in the New England Association of Colleges and Secondary Schools.

A listing of the 1956 athletic account is included as follows:

Balance, December 31, 1955	\$370.28
Boys' Basketball Receipts	771.75
Football Receipts	751.22
South Shore and Tech Basketball and Football Tournaments	265.71
Refreshments, Advertising, Programs, Etc.	516.61
Total Assets	<hr/> \$2,675.57

Expenses:

Game officials for baseball, basketball and football — boys and girls athletics	\$441.75
Transportation of athletic teams	616.48
Police Service	57.00
Janitor Service	35.00
Equipment	777.19
Printing costs, programs	90.00
Laundry	3.84
Miscellaneous	40.20
Refreshments	247.67
League Dues	73.50
Track Expense	75.46
	<hr/>
Total Expenses	\$2,458.09

Balance on hand December 31, 1956	\$217.48
-----------------------------------	----------

I would be remiss in my duty if I did not express my personal thanks and appreciation to the parents and townspeople for their fine cooperation; to the American Legion Post 91 and Auxiliary; the P.T.A., the Kiwanis Club, the Commercial Club, the Public Library Staff, the Boosters Club, the Woman's Club and all others for support of the various activities of the school. My heartfelt gratitude and thanks are extended to the School Committee, teaching staff, secretaries and other employees of the School Department for their faithfulness and cooperation in working for the best interests of the school.

Respectfully submitted,

STANLEY B. GOLDMAN,

Principal.

REPORT OF THE VICE-PRINCIPAL OF THE SENIOR-JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

May I submit my report as Vice-Principal of the East Bridgewater Senior-Junior High School for the year ending December 31, 1956.

Our Audio-Visual program for the year has been a busy one. A selected group of students have been trained in the use of the motion picture projector, film-strip projector, tape recorder, opaque projector and record players. A day rarely passes in which one of these aids is not used in one or more classes. One new piece of equipment, a 3-speed record player capable of handling records up to sixteen inches, has been added during the past year. It is recommended that three additional items be purchased, a film strip projector of 600-Watt capacity to replace the old 150-Watt machine, a second opaque projector and another tape recorder. Our one opaque projector is used in all three schools as is the tape recorder. It would be to the advantage of the high school if there were an opaque projector and tape recorder for its individual use.

An increase in the stock of tapes for the tape recorder has enabled the foreign language and English classes to make permanent recordings to be held for later study in diction, expression and pronunciation.

The Student's Pen continues to publish two issues per year. The second or graduation issue takes the place of a year book with its many Senior features. The large Pen staff is under the direction of Miss Hazel Luke, literary supervisor, Mrs. Anita Dardano, typing supervisor and Miss Anne McNally, business director. In September Miss Velma Frates was appointed literary supervisor, replacing Miss Luke who is now teaching in North Easton.

The Student Council, Miss Anne McNally advisor, has been a strong influence in our school. Among their many activities are the Corporal Gordon M. Craig Memorial Scholarship, clothing for Korean children, school traffic control, dances and assembly programs, to mention only a few. Our school was honored in having its own Council President, Robert McCarthy, selected as President of the Southeastern Massachusetts League of Student Councils.

On the academic side of our extracurricular activities we have a local chapter of the Junior Classical League under the leadership of Miss Mary Sullivan. The League, in combination with the French Choral Group, encourages understanding and use of classics and of linguistic development.

We also have a chapter of the National Honor Society whose members are selected on the basis of scholarship, character and citizenship.

Our assembly activities for the year have been heavily curtailed because of the extensive use of the auditorium for music, physical education and other activities. Furthermore, only by crowding can the present student body be squeezed into the hall making supervision difficult. It is anticipated that the new school will make possible more assemblies, to provide training in public speaking, stage techniques, planning and composition.

Respectfully submitted,

EMERY S. LOUD,
Vice-Principal

REPORT OF THE PRINCIPAL OF THE CENTRAL SCHOOL

Dear Mr. Goldman :

I am pleased to submit the following report of activities of the Central School for the year 1956.

Our enrollment has continued to increase as can be seen from the enrollment figures below :

January 1, 1956	728
June, 1956	722
September, 1956	744
December 31, 1956	760

Many new families have moved into East Bridgewater to help swell an enrollment that was already high and which was taxing our present facilities for the housing of pupils. In September, 1957, we shall need two additional classrooms.

Our teachers have met changes in classrooms and increased enrollment with a most cooperative spirit. The entire staff has endeavored to give our pupils the best educational experiences that can be arranged. Individual testing of pupils has been done along with studies of pupils who present teaching problems in order to assist teachers in diagnosing pupil difficulties and to better guide the pupils in their school work. Parental conferences have been most helpful in many cases.

The school building was used throughout the year by a number of community organizations.

During the year there have been many activities and events that are noteworthy, but space does not permit mentioning them.

Each classroom has presented an assembly program to the same grade level. These programs have proved to be most interesting and worthwhile.

There have been the usual parties for Valentine's Day, Easter, etc. and climaxed by Christmas parties for every room.

Several teachers have taken courses for professional advancement and have attended important conferences related to their teaching.

Our pupils have had guest speakers bring them interesting messages at different times of the year.

During the school year ballroom, square and ballet dancing have been made available to pupils at certain grade levels.

Many of our classes have taken special trips to different places of interest that have been helpful in developing pupil understandings.

A total of \$104 in dental money has been submitted to the Superintendent of Schools. This money was received from pupils given dental treatments.

I appreciate the cooperation given by our school personnel, parents, and the many other persons and organizations interested in the welfare of our children.

Respectfully submitted,

RALPH V. MURRAY,
Principal

REPORT OF THE MUSIC SUPERVISOR

Dear Mr. Goldman:

It gives me great pleasure to present the annual Music Department report for the year 1956.

INSTRUMENTAL DEPARTMENT

In our instrumental department we have an elementary band, a junior band and a senior band. The beginner's band will start rehearsing in January 1957. This band is made up of students who have started Saturday morning class lessons on November 17, 1956.

Still looking ahead when we may boast a high school orchestra, we have started a string class which meets every Monday after school with Mrs. Gray. These lessons are given free by Mrs. Gray in order to encourage students to take up the violin. Five students are now attending this class. Two violins have been donated to the School Department by Mrs. Rockwell and will be available to any student who needs assistance.

I am very proud to state that our senior band received a top rating of First Division all A's with an A+ in musical value at the Southeastern Music Festival Auditions held at Needham, Mass. on May 12, 1956.

ELEMENTARY BAND

The elementary band is making tremendous progress both in instrumentation and in musical performance. It numbers 48 students who are predominantly in the fifth and sixth grades. Rehearsals are held every Thursday afternoon from 1:50 to 2:40 in the Central School Auditorium. The group performed publicly five times during the year.

JUNIOR HIGH BAND

The Junior High Band is made up of 33 seventh and eighth grade students. Several ninth grade students who need additional experience and attend rehearsals are not included in this number. The Junior High Band rehearses every Monday and Wednesday afternoons from 1:45 to 2:30 P. M. This musical organization gave four public performances in 1956.

SENIOR BAND

The Senior Band has made over twenty-nine public appearances since January 1956. (This includes seven football games.)

It has been praised not only by sports writers at the Boston Garden but by judges at the Southeastern Music Festival Auditions, bandmasters, and by celebrated speakers at the Plymouth County Convention.

Although 16 Senior Band members were graduated in June 1956, the replacements have been made and the instrumentation has improved. There is a total of 56 musicians from grades VIII to XII.

INSTRUMENTAL CLASS LESSONS

This year the Saturday morning classes got off to an early start. At present there are 64 students who are beginners and are taking advantage of instrumental class instruction. The instrumentation of these classes is as follows: 12 Bb clarinets; 14 trumpets and cornets; 7 Eb alto saxophones, 3 flutes; 5 violins; 8 piano class students; 4 trombones; 1 baritone horn. These classes began on November 17, 1956 from 9:00 to 12:00 which means a head start of two months over last year's classes. The third grade tonette classes have also been in progress. There are at present 107 third grade students in the tonette classes.

Being able to play a musical instrument requires long hours of serious, intelligent practice. I urge parents to see that

their children practice daily and to continue with private lessons on through junior and senior high school. There is no such illusion as reaching the maximum in musical study. Learning is an endless process for all of us.

ELEMENTARY SCHOOL MUSIC

Twenty-four classrooms including grades I through VI were again taught on a bi-weekly schedule by the Music Supervisor. My objectives still remain as follows: (1) an abundant repertoire of rote songs; (2) a stress on note reading in order to improve part singing; (3) some knowledge of musical theory and rhythms; (4) solo and group participation; and (5) music appreciation.

The boys' chorus made up of fifth and sixth grade students meets every Tuesday from 1:50 to 2:40 P. M. at the Central School Hall. This group is elective rather than selective. They have sung at 3 public concerts.

The girls' chorus also meets at the same time on Tuesdays with Miss Sawyer at the Town Hall. This chorus also appeared at two public performances.

JUNIOR HIGH MUSIC

The seventh and eighth grade classes receive one period of music a week. At this adolescent stage, the majority of seventh and eighth grade students enjoy their music. The boys are going through a natural change in their voices and at times are self-conscious of this fact. Most of the music period has been devoted to singing; however, music theory and music appreciation is also injected within the one period.

HIGH SCHOOL MUSIC

The Choraleers have appeared for six public performances. This year three members were selected to perform with the All-State Chorus to be held at Northampton on March 30, 1957 and an additional three members were selected after taking tryouts to sing with the newly formed SEMCHO (South-

eastern Mass. Chorus) which will present their concert together with SEMSBA on February 19, 1957 in Middleboro, Mass. At present there are 67 members in the Choraleers which are selected voices from grades X-XII. The group is very well balanced and is capable of singing excellent four part harmony.

The Freshman Chorus, made up of over forty students, has improved a great deal in vocal quality. This group gave three public performances.

The Arion Award for outstanding Musical Achievement was received by Maryanne Black. The presentation was made at the Spring Concert by Mrs. Harold F. Doherty, President of the Woman's Club of East Bridgewater.

MUSIC SCHOLARSHIPS

The possibility of a music scholarship has been in progress with the Kiwanis Club of East Bridgewater. Several students have indicated a desire to continue music as a career but have not had sufficient funds to do so. It is my desire that in the near future an annual music scholarship be awarded to a needy and qualified musical student who wishes to further his or her musical education.

Statistically speaking, over 48% of the entire student body are taking an active part in the music program. This does not include regular classroom music classes.

It is evident that with the ever increasing musical interest that our boys and girls have in East Bridgewater, additional help will be required to meet this need. An assistant is needed to take over the vocal and instrumental program at the elementary level. This will enable the Music Supervisor to concentrate at a secondary level and to offer additional specialized courses in musical history, theory, harmony and music appreciation.

Although the Music Department has been primarily self-supporting through receipts from concerts and various public programs, we are indebted to the school administrators for

their annual support in purchasing new instruments and equipment. The Music Department is also indebted to the P.T.A., the Boosters' Club, the Commercial Club, the American Legion, the Woman's Club and other community groups that have shown interest and have assisted the High School Band and Choraleers.

In conclusion I would like to thank the administrators, parents and teachers for their wonderful support.

Respectfully submitted,

ANTHONY C. FERRANTE

Supervisor of Music

REPORT OF THE ART SUPERVISOR

Dear Mr. Goldman:

It is with pleasure that I submit the following report for the year of 1956.

The aim of the Art Program from grades one through eight to develop in each child a feeling of expression through music and stimulative motivation included in the ability to express himself freely and individually varied media (charcoal, wood, crayon, tempera, water color paint, etc.) is used to achieve individuality in the Art Program.

The First Grade Art has been introduced to the individual child as a happy time by taking actual physical as well as mental participation in the motivation. Example:

Indians: Each child had the physical experience of actually doing an Indian dance to the beat of a Tom-Tom and piano. After this was done the child was requested to make a picture of what he felt and saw. The aim of the lesson was to have the child draw human figures with action and grace. The results were excellent! Each child produced a picture with several action figures.

The Seventh and Eighth Grade aim is techniques. To give the child the experience of proper use of the varied media along with the basic fundamental factors of Art.

The aim of the Art Program from Grades Nine to Twelve is to develop in each child a feeling of expression through sight and sound with more stress on fundamental factors and techniques in the various media.

At this level Art History and Art Appreciation are being introduced. The Art becomes more meaningful at the academic level. Homework was also introduced—such as reading assignments and drawing and/or painting assignments. Beginning Mechanical Drawing was introduced to the twelfth grade. More time should be devoted to Mechanical Drawing. It should be introduced at the ninth grade level and not before. The child's manual dexterity and patience for minute detail is not developed enough at a lower grade level.

Respectfully submitted,

DOROTHY V. COOGAN,
Art Supervisor

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

Dear Mr. Goldman:

I herewith submit my annual report for the year 1956.

The past year has been an encouraging one in which a noticeable degree of progress has been made in both the athletic and physical education program.

Although there is more to be desired concerning adequate facilities we have managed to get along quite well. However, with the completion of the new high school the program will be expanded to meet the various needs and interests of the students.

PHYSICAL EDUCATION PROGRAM

The program is participated in by every student, with the exception of those having an academic schedule conflict. There are four classes per week.

The need for additional personnel when the new high school building is opened should be given immediate consideration, especially a woman physical educational teacher.

ATHLETIC PROGRAM

Each year the enthusiasm for girls' and boys' sports is increasing, not only on the part of the participants but also on the part of the spectators.

The major sports offered are: football, basketball, baseball, track and field, and softball. Cross-country was an added sport offered this fall.

In the spring, the baseball team, coached by Mr. Morey, competed in the Mayflower League and many interesting games were played. Another successful Junior High School schedule was completed against schools in the district.

The track and field team under the direction of Mr. Loud retained the top standing in the district by winning the South Shore Class "B" Championship at Rockland and the South-eastern Conference Track Meet at Bridgewater.

The basketball team, coached by Mr. Morey, continued as the outstanding team in the district by finishing third in the Mayflower League and winning the South Shore Class "B" Championship at Silver Lake. Our Ninth Grade Basketball Team won 9 games and lost 3, and in the Junior High School Tournament at Boston Garden the team was defeated in the finals by Chelsea. The girls' basketball team completed the most successful season ever by winning 11 games and losing 1.

This fall completed the fourth football season. Again the school competed in the May-Shore League and against other schools in the district. The success of the team in winning 5 games and losing 3 may be credited to the determination of the entire squad. In addition to the varsity schedule this year, freshmen games were played against Middleboro, North Easton, Bridgewater and Scituate.

The cross-country team, coached by Mr. Loud, were members of the newly formed Southeastern Conference. This team won 5 and lost 2 dual meets.

I wish to extend my thanks and grateful appreciation to all who have made my work a pleasure and a satisfaction.

Respectfully submitted,

VINCENT J. MALEWICZ,

Director of Athletics and
Physical Education.

REPORT OF THE SCHOOL NURSE

Dear Mr. Goldman :

I herewith submit a statistical summary of work accomplished by the school nurse for the year ending December 31, 1956.

Massachusetts Vision Test (school year 1955-1956)

- 1187 Pupils tested
- 68 Pupils tested (retested)
- 83 Notices sent for visual errors
- 72 Pupils under treatment

Pure-tone Audiometer Test (school year 1955-1956)

- 1200 Pupils given the group test
- 181 Pupils given the individual test
- 57 Notices sent for impaired hearing
- 48 Pupils under treatment

Senior-Junior High School Physicals

- 13 grade eight pupils examined by the family physician. The remaining grade eight pupils examined by Dr. Bannerman, also physical education students and all athletes.
- 17 notices sent for physical defects

Central School Physicals

- 18 grade four pupils examined by the family physician. The remaining grade four pupils examined by Dr. Bannerman, also all new pupils to town.
- 32 notices sent for physical defects

Communicable Diseases

Whooping Cough	2
Chicken Pox	64
Mumps	1
Scarlet Fever	1

Diphtheria	1
German Measles	2
Contagious Skin Diseases	20

Registration for Entering First Grade

Entering list	126
Registered	109

Clinic	33
Family Dentist	60
Medical Examinations	105
Clinic	11
Family Physician	94
Birth Certificates presented	103
Vaccination Certificates presented	73

Immunization Clinics

Diphtheria—Whooping Cough—Tetanus

Complete series	11	Central School pupils
Booster inoculations	131	Central School pupils

Poliomyelitis

Second inoculation (March)	167	2nd and 3rd grade pupils
First inoculation (March)	542	6-15 age group
Second inoculation (June)	521	6-15 age group
First inoculation (October)	92	15-19 age group
Second inoculation (November)	48	school faculty
Third inoculation (boosters)	To be given soon	

Routine School Work

School Visits	329
Special Attention to	1711
First Aid Care to	1235
School Injuries needing immediate surgical care	30
Pupils recommended for exclusion	328
Pupils referred to Dr. Bannerman	40
Interviews with parents	456
Pupils weighed and measured	993
Pupils X-rayed	271

Faculty—janitors—clerks—
 cafeteria workers X-rayed 65
 Two 8 week in-service courses attended.
 Many pupils transported for eye and ear corrections, surgical care, orthopedic treatments and X-rays.
 Assistance given Public Health Nurse in selecting, sorting and distributing gifts and gift certificates at Christmas.
 Interviews with superintendent, principals, teachers, public health officials and doctors regarding health problems.

Respectfully submitted,

RUTH G. EVANS, R. N.

REPORT OF THE DENTAL HYGIENIST

Dear Mr. Goldman:

I herewith submit the annual report of the school Dental Clinic:

Pre-school examinations in June 1956:

Number examined	33
Number with dental defects	27
Number with no defects	6

All pupils grades one through twelve were given dental examinations by Dr. Fraser or me. A total of 1236 examinations were made.

Pupils' mouths in good condition:

Grades one through six	239
Grades seven through twelve	160

Dental notices were sent home to all parents.

All pupils in grades two, five and eight were offered the opportunity to have their teeth treated with sodium fluoride.

A total of 228 accepted.

912 treatments were made.

Pupils in grades one through six were offered the opportunity to have their teeth cleaned.

A total of 586 accepted and were completed.

Dental health instructions and lectures have been given in classrooms as time permitted, also dental education material has been presented to pupils and teachers. The Thursday morning dental clinic schedule for Dr. Fraser was arranged, dental work was completed for 96 pupils and the money was used to pay for needed dental work of pupils grades three through six who could not have had it done otherwise.

I attended the three day in-service training course for dental hygienists held at the Forsythe Dental Infirmary in Boston in June, 1956.

I wish to thank Dr. Fraser and all school personnel for their continued help and cooperation.

Respectfully submitted,

BLANCHE H. FLINT, R.D.H.

School Dental Hygienist

ANNUAL TOWN MEETING

MONDAY, MARCH 4, 1957

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in elections and town affairs, was held in the Senior - Junior High School, Monday, March 4, 1957, under a warrant issued by the Selectmen and dated February 18, 1957. The meeting was called to order by the Moderator, Forest W. Cousins at 7:00 P. M.

The following action was taken upon the articles in the warrant:

Article 1. Voted to accept the reports of the town officers and committee as printed in the Town Report.

Article 2. Voted to adopt the same method for the collection of taxes as used in the year 1956.

Article 3. Voted to raise and appropriate the sums of money and for the purposes named, and that the pay raises be retroactive from January 1, 1957.

GEORGE J. FRAHAR,
Town Clerk.

Adjourned at 9:45 P. M.

A true copy. Attest:

East Bridgewater, Mass. — March 4, 1957

We, the undersigned, Selectmen of the Town of East Bridgewater, having adjudged and determined that the public convenience and necessity required that Waterman

Street from the end of the present layout of Waterman Street should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently give written notice of our intention to lay out and locate said Waterman Street, 590 feet north, $10^{\circ} 4'$ west, 570 feet south $10^{\circ} 4'$ east from Leland Street, to end of layout as indicated on map dated December 18, 1956, as a town way, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday, February 18, 1957, at 8:30 P. M., and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon:

William J. and Shirley A. Malouin, 130 Waterman St., E. Bridgewater.

George J. Malouin, Trustee, 230 Pleasant St., E. Bridgewater.

Ralph and Beverly Patterson, 62 Waterman St., E. Bridgewater.

Everett R. and Virginia S. Lays, 80 Watertown St., E. Bridgewater.

John E. Johnson, 298 Central St., East Bridgewater.

Fritz and Hazel M. Careis, 91 Waterman St., E. Bridgewater.

Berg and Anne Kambegian, West Union St., E. Bridgewater.

Leonard A. Roache, 52 Shawnee Ave., E. Bridgewater.

Mixon W. and Frances L. Joslin, 49 Waterman St., E. Bridgewater.

August H. and Harriet R. Ostlund, 68 Waterman St., E. Bridgewater.

August H. and Harriet R. Ostlund, 68 Waterman St., E. Bridgewater.

Norman B. Lothrop, 107 Waterman St., E. Bridgewater.

being all the parties known to us who may be interested in the subject and gave notice to them and all other persons and corporations if any who may be interested in the subject matter upon whose names are not known to us by posting up true and attested copies of such notices in three public places in the town, seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place herein appointed for said hearing and heard the remarks and objections of all persons if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described, we do hereby adjudge and determine that the public convenience, necessity and safety require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid, and which is hereby taken therefore is described on plans of Hayward - Boynton, Civil Engineers, dated December 18, 1956, on file with the Town Clerk.

This order and laying out and locating of said Waterman Street is made under the provisions of law authorizing the assessment and betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except

as hereinafter stated and we take the land of the following persons:

George J. Malouin, Trustee	Nothing Awarded
Ralph and Beverly Patterson	Nothing Awarded
Everett R. and Virginia S. Lays	Nothing Awarded
John E. Johnson	Nothing Awarded
William J. and Shirley A. Malouin	Nothing Awarded

Berg and Anne Kambegian	Nothing Awarded
Leonard A. Roache	Nothing Awarded
Mixon W. and Frances L. Joslin	Nothing Awarded
August H. and Harriet R. Ostlund	Nothing Awarded

We give the owners of land taken for the laying out and locating of said way, fourteen days from the acceptance thereof by the town of East Bridgewater, in which to take off and remove all trees, fences and buildings, and other property which may obstruct the building of said way.

Said way so laid out and located as aforesaid is hereby reported to the Town for its acceptance, and when so accepted and allowed shall become and be known as Waterman Street as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk of East Bridgewater.

Given under our hands at East Bridgewater this 25th day of February, 1957.

GEORGE A. RIDDER,
CHARLES L. LELAND,
MYRON H. HAYDEN,

East Bridgewater, Mass.

East Bridgewater, Mass. — March 4, 1957

We, the undersigned, Selectmen of the Town of East Bridgewater, having adjudged and determined that the public convenience and necessity required that Leland Street from the end of the present layout of Leland Street should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently give written notice of our intention to lay out and locate said Leland Street from the end of the present layout of Leland Street, as aforesaid as a Town way, such notice requiring all persons interested to appear before us at our office in the Town Office, East Bridgewater, on Monday, February 18, 1957, at 8:30 P. M., and cause such notice to be actually served

according to law by a constable of said town at least seven days before the day so appointed for said hearing upon:

Harry C. and Irvona B. Darling, 110 Thayer Ave.,
East Bridgewater.

Robert K. and Marilyn M. Duprey, 19 Leland St.,
East Bridgewater.

Francis A. and Amelia A. DiGiano, 27 Leland St.,
East Bridgewater.

Roland and Hazel Morency, 37 Leland St., East
Bridgewater.

Beatrice H. Swanson, 45 Leland St., East Bridgewater.

Norman B. and Lillian A. Lothrop, 107 Waterman St.,
East Bridgewater.

Fritz J. and Hazel M. Gareis, 91 Waterman St., East
Bridgewater.

John V. and M. L. Davis, 38 Leland St., East Bridge-
water.

Richard E. and Constance C. Bousquet, Leland St.,
East Bridgewater.

John H. Bigelow et ux., 18 Leland St., East Bridge-
water.

H. O. and Y. Olander, 66 Thayer Ave., East Bridge-
water.

being all the parties known to us who may be interested in the subject and gave notice to them and all other persons and corporations if any who may be interested in the subject matter upon whose names are not known to us by posting

up true and attested copies of such notices in three public places in the town, seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place herein appointed for said hearing and heard the remarks and objections of all persons if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described, we do hereby adjudge and determine that the public convenience, necessity and safety require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid, and which is hereby taken therefore is described on plans of Hayward - Boynton, Civil Engineers, dated November 30, 1956, on file with the Town Clerk.

This order and laying out and locating of said Leland Street is made under the provisions of law authorizing the assessment and betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except as hereinafter stated and we take the land of the following persons:

Harry C. and Irvona B. Darling	Nothing Awarded
Robert K. and Marilyn M. Duprey	Nothing Awarded
Francis A. and Amelia A. DiGiano	Nothing Awarded
Roland and Hazel Morency	Nothing Awarded
Beatrice H. Swanson	Nothing Awarded
Norman B. and Lillian A. Lothrop	Nothing Awarded
Fritz J. and Hazel M. Gareis	Nothing Awarded
John V. and M. L. Davis	Nothing Awarded
Richard C. and Constance C. Bousquet	Nothing Awarded

John H. Bigelow et ux.

Nothing Awarded

H. O. and Y. Olander

Nothing Awarded

We give the owners of land for the laying out and locating of said way, fourteen days from the acceptance thereof by the Town of East Bridgewater, in which to take off and remove all trees, fences and buildings, and other property which may obstruct the building of said way.

Said way so laid out and located as aforesaid is hereby reported to the Town for its acceptance, and when so accepted and allowed shall become and be known as Leland Street as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk of East Bridgewater.

Given under our hands at East Bridgewater this 25th day of February, 1957.

GEORGE A. RIDDER,
CHARLES L. LELAND,
MYRON H. HAYDEN,

Selectmen of
East Bridgewater, Mass.

ANNUAL TOWN ELECTION

A legal meeting of the Town of East Bridgewater was held in the Senior - Junior High School Auditorium on Saturday, March 9th, 1957, under a warrant issued by the Selectmen and dated February 18, 1957, to bring in their votes for the election of town officers.

Specimen ballots, penalty and instruction cards, were posted. All requirements of the law were observed. The polls were declared open by the Moderator, Forest W. Cousins at 8:00 A. M.

Two sealed cases said to contain the ballots were delivered to the ballot clerk and a receipt obtained therefor by the Town Clerk.

The following ballot clerks, tellers and constable were sworn to the faithful performance of their duties by the Town Clerk.

Constable

Maurice Faunce

Checkers

Republican

Amy L. Winsor
Alice Humble
Beulah Russell
Caroline Jones
Anna Silva
Grace Peters
Pauline Wood
Eleanor Nielson
Vera E. Cookson

Democrat

Winnifred Reardon
Julia Burke
Barbara Donahue
Mary Perkins
Mae Foley
Margaret Timmons
Mary Guerin
Doris Forcier
Myrtle Waite

Tellers

Republican	Democrat
Marjorie Eaton	Ruth Matthews
Marion DeChambeau	Helen McCarthy
Dorothy White	S. Elizabeth O'Brien
Helen Trudeau	Dallas Forcier
Anna Negri	Allegra Feeney
Audie Woodworth	Evelyn Pittsley
Helen McKenzie	Virginia Clarity
Dorothy Fredrickson	Katherine Kenneally
Louise Hoyt	Florence Tarantino

Upon inspection the ballot box was found empty and registered zero. It was locked, and the keys were given to the constable.

The ballot box was opened at the following times and ballots removed.

Time	Ballots Removed	Total
12:55 P. M.	380	380
2:20 P. M.	194	574
3:55 P. M.	186	750
6:00 P. M.	329	1079
6:15 P. M.	14	1093

Ballots as counted by the tellers checked with the check lists and at exit as One Thousand Ninety-Three (1093). Five hundred and eighty-five men and five hundred and eight women which included fourteen absentee.

Upon completing the tabulations, these were the results:

* Elected.

TOWN MEETING

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in election and Town affairs was held in the Selectmen room, Monday, May 20, 1957, at 8 P. M., under a warrant issued by the Selectmen and dated May 7, 1957. The meeting was called to order by the Moderator, Forest W. Cousins, at 8:00 P. M.

The following action was taken upon the articles in the warrant.

Article 1. Voted to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to clean out the 6" water mains on Washington Street, from Pine Street to the Whitman Line, and that to meet said appropriation, to transfer the sum of One Thousand Dollars (\$1,000.00) from available funds in the treasury.

A unanimous vote.

Article 2. Voted to raise and appropriate the sum of Fifty-Three Dollars and Sixty-Five Cents (\$53.65) to pay Kirkwood Bros., Inc., for bill contracted by the Police Department in 1956, and that to meet said appropriation the transfer of the sum of Fifty-Three Dollars and Sixty-Five Cents (\$53.65) from available funds in the treasury.

A unanimous vote.

Article 3. Voted to raise and appropriate the sum of Seventy-Nine Dollars and Forty Cents (\$79.40) to pay the Hanson Lawn Mower Shop for bills contracted by the Tree Department during 1955 and 1956, and that to meet said appropriation, the transfer of the sum of Seventy-Nine Dollars and Forty Cents (\$79.40) from available funds in the treasury.

A unanimous vote.

GEORGE J. FRAHAR,
Town Clerk.

Voted to adjourn at 8:10 P. M.

TOWN MEETING

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Selectmen's room, Monday, October 21, 1957, at 8:00 P. M., under a warrant issued by the Selectmen and dated October 9, 1957. The meeting was called to order by the Moderator, Forest W. Cousins.

The following action was taken upon the articles in the warrant.

Article 1. Voted to raise and appropriate the sum of Five Hundred Twenty-Two Dollars and Fifty-Three Cents (\$522.53) for the Highway Department Cook Street account and that to meet said appropriation that the sum of Five Hundred Twenty-Two Dollars and Fifty-Three Cents (\$522.53) from the Highway Department Shawnee Avenue Account be transferred to the Cook Street Account.

A unanimous Vote.

Article 2. Voted to raise and appropriate the sum of Six Hundred Dollars (\$600.00) for the Highway Depart-

ment Cook Street Account and that to meet said appropriation that the transfer of the sum of Six Hundred Dollars (\$600.00) from the Highway Department Shawnee Avenue Account to the Cook Street Account.

A unanimous Vote.

Article 3. Voted to raise and appropriate the sum of Nine Hundred Twenty-Five Dollars and Twenty-Four Cents (\$925.24) for the Fire Department Payroll Account, and that to meet said appropriation the transfer of the sum of Nine Hundred Twenty-Five Dollars and Twenty-Four Cents (\$925.24) from the Highway Department Shawnee Avenue Account to the Fire Department Payroll Account.

A unanimous Vote.

GEORGE J. FRAHAR,
Town Clerk.

Voted to adjourn at 8:07 P. M.

A true copy. Attest:

YOUR ATTENTION IS CALLED TO THE FOLLOWING

All persons are respectfully requested to examine the following reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who is required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case. (See General Laws, Chapter 46, Section 13, as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as

selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record . . . facts relative to the births . . . in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and . . . shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report . . . if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed. . . . A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. Any member or servant of a family in which a child is born, having knowledge of the facts required . . . shall furnish the same upon request of the clerk of the town . . . or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such a child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who

return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of birth as required by law.

GEORGE J. FRAHAR,
Town Clerk.

OFFICE OF TOWN CLERK

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

The license shall be in a form prescribed by the director, upon a blank to be furnished,—by the county in which the town is located, and shall be subject to the conditions expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harrassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the Commonwealth may be accepted as evidence that the said operation has been performed.

GEORGE J. FRAHAR,
Town Clerk.

GEORGE BARNEY,
Sealer of Weights and Measures.

Plymouth County Mosquito Control Project

Board of Selectmen

East Bridgewater, Massachusetts

Gentlemen:

The above project which was established by the State Legislature in early 1957 is now fully under way, and enclosed you will find a report of progress which we ask you to kindly insert in your Annual Town Report for this year.

We will seek the cooperation of your Municipal Insect Pest Control Personnel so as to allow us the benefit of their knowledge of local Mosquito breeding areas.

Thanking you for your cooperation, I remain,

Very truly yours,

HERBERT H. LANMAN,
Chairman.

HL:vp
Enc.

Commissioners of this project as appointed by the State Reclamation Board are as follows: Chairman, Herbert H. Lanman, Plymouth; Vice-Chairman and Secretary, Frank E. Parris, Pembroke; H. Roy Hartshorn, West Bridgewater; Phillip L. Jenkins, Brockton, and G. Ward Stetson of Middleboro.

Headquarters was established in Pembroke Center in mid October with an office and a service building leased. Warren G. Harding has been appointed as superintendent

with Norman S. Kent as assistant superintendent. Initial tentative plans and early objectives of the program have been formulated.

Trucks, spraying equipment and drainage tools have been requisitioned or already delivered. A winter dusting program was started early in January in various parts of the county, and we will be in a position to start on an effective mosquito control program as soon as the spring broods are in evidence.

A limited number of personnel have been employed and as seasonal activities increase, additional qualified personnel will be needed.

During the first year an extensive survey will be made to determine the exact species of mosquito breeding at specific location. This is necessary in order to use approved control measures at the proper time. During the coming summer season the breeding problems will be corrected whenever time and facilities permit. This will include hand spraying, dusting, power dusting, hydraulic and mist blower spraying, fogging and aerial spraying.

Until the census of species has been completed, we will appreciate the cooperation of each municipal official who has handled the control work on the local level with valuable information as to local breeding areas.

A comprehensive study will be started the first year to determine the drainage potentials of the salt marsh and fresh water breeding areas, as drainage of such areas is the semi-permanent solution to mosquito control.

It will be the ultimate goal of this project to advance the drainage of the salt marsh and fresh water breeding areas each season. As these breeding points are eliminated by proper and adequate drainage ditches, the control by use of insecticides will be reduced.

A major problem in this county is the "Hockomock Swamp" which has proven to be the focal point for the

bird life showing the virus of the eastern equine encephalitis and with mosquitos the known vector of this virus we will have to control mosquitos in this vital area for the health protection of the entire county.

With the household mosquito (*Culex. pipiens*) as a major nuisance in the residential areas, we will conduct a program to eliminate their breeding in storm sewers and catch basins. These points proved to be the paramount breeding places for this species.

Industrial Development Commission

To the Board of Selectmen and the Citizens of the Town of East Bridgewater:

The members of the Industrial Development Commission have met monthly, except in July and August, to study the question of industrial development in East Bridgewater. There are many problems involved, including available and suitable land, type of industry desired and the effect on the town of too rapid industrial expansion. We have already been helped by the Planning Board which has allowed us to use their maps and will furnish us with further information as a result of their Title 7 program.

Besides meeting with the East Bridgewater Planning Board, we have attended conferences of the Greater Brockton Regional Development Agency and SEMECO (South-eastern Mass. Economic Council). We belong to both of these associations and have representation at all steering committee meetings. We have supported the Plymouth County Mosquito Control Project and now are proposing a plan for maintenance of Old Colony Railroad commuting service.

We would like to recommend to the Selectmen the following:

1. That our five-man commission be completed by a

fifth member who can help organize our findings and be available for consultation by industrial prospects.

2. That the Town decide whether it is desirable to spend money and advertise for industries, as many towns or cities are doing.

Respectfully submitted,

JOSEPH E. ROCHETTE, Chairman
HARVEY WILBER, Secretary
ELMER S. McCARTHY
GEORGE D. LEAVITT

Report of the Inspector of Wires

January 6, 1958.

Honorable Board of Selectmen, Town Offices,
East Bridgewater, Mass.

Gentlemen:

I hereby submit my report of the year of 1957.

Inspections	261
Locked Locations (not home)	14
Meter permits issued (Edison Co.)	108
Service permits issued (Edison Co.)	94

HARRY W. KINGMAN, Chairman'

HENRY P. PERKINS, Clerk

ROBERT H. EASTMAN

Board of Assessors.

Report of Park Commissioners

To the Board of Selectmen and Citizens:

We hereby submit our report for the year ending December 31, 1957.

The Park Department had a sufficient amount of money available from the town as well as the Strong Fund to maintain Strong Field this year.

The field was mowed each week and the diamond was kept up for good, fast baseball. Memorial Park, in the center, was suitably prepared for the holidays and kept up the entire season.

Under the supervision of the Park Department, Miss Mary Walker conducted a Sports Program for young children throughout the eight weeks' summer period.

Respectfully submitted,

RALPH G. CONNORS

THOMAS E. O'BRIEN

MAXWELL J. PEARSON

Report of Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1957. During the year the department responded to 154 calls, 90 box alarms and 64 still alarms. Included in this were 5 aid calls to other towns.

At the Central Station there is a Maxim Triple Combination Truck of 1000-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck and one Dodge Truck for grass and woods fires.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The department has 5,400 feet of 2½-inch double jacket hose and 2,500 feet of 1½-inch double jacket hose.

I very strongly recommend the purchase of a "Brush Breaker" type of fire apparatus for the use of the Fire Department.

This piece of apparatus would replace a twenty-two year old truck which was acquired second-hand from the Highway Department, and which is fast reaching the state when it will be beyond the realm of economy to keep it running.

A "Brush Breaker" piece of kit would be very valuable to the department at woods and brush fires and would also afford the advantage of five hundred additional gallons of water at fires beyond our hydrant lines.

I would like to take this opportunity to thank the Honorable Board of Selectmen and the Finance Committee for their cooperation and confidence.

Respectfully submitted,

MANUEL T. SILVA,
Fire Chief.

Report of Planning Board

To the Board of Selectmen and the Citizens of the
Town of East Bridgewater:

Your Planning Board has been very active this year in regular planning board duties and in attending regional meetings to further enable them to plan better for the Town. Regional meetings were attended, of the Massachusetts Federation of Planning Boards - Region 7C, Southeastern Economic and Development Commission and the Greater Brockton Planning and Industrial Development Commission.

On February 19th in Braintree, the Massachusetts Federation of Planning Boards - Region 7C, was attended at which time the discussion was on "Subdivision Control Law".

On March 6th the following members were elected for a three-year term: Arthur W. Ash, Alden E. Hanson and Thomas J. O'Brien.

On March 25th an organization meeting was held and the following officers were elected: Robert B. Alexander, Chairman; Elmer S. McCarthy, Vice Chairman, and Elmer B. Hayes, Clerk.

Regular meetings have been held on the fourth Monday of each month with special meetings being held when required.

On April 13th the SEMECO meeting was held in Bridgewater at which time the discussion was on "Water Resources Commission."

On May 14th the Massachusetts Federation of Planning Boards held a meeting in Duxbury at which time Alfred Edwards, Legislative Chairman, explained proposed legislation affecting zoning and subdivision.

On June 17th the Greater Brockton Area Planning and Industrial Commission meeting was held in Brockton, the purpose of this meeting was to aid in regional planning.

During the year 1957 we have acted on many proposed subdivisions of which final approval was given to the following:

Malbrick Heights—Summit Drive, off West Union Street—11 lots.

Brock Estates—Marie Avenue, off Summer Street—16 lots.

Sherwood Circle (Section 3)—off Central Street—20 lots.

Preliminary action was taken on the following subdivisions:

Beatrice M. Holbrook—off Central Street—7 lots.

L & M Associates—Winter Street—24 lots.

Batti Circle—off Batti Avenue—4 lots.

Members of the Bridgewater Planning Board attended several of our meetings in order to gain knowledge relative to the general operating procedures of a planning board.

We have participated with the Massachusetts Department of Commerce, Division of Planning, in formulating population projections in order to prepare a monograph of the Town, which is now a reality and we have the same on file.

Alfred Edwards, Legislative Chairman, Massachusetts Federation of Planning Boards has attended several of our meetings and advised us on several legal aspects of enforcing zoning by-laws relative to trailers and trailer parks.

Building in town this year has been very active as permits were issued by the Board of Selectmen for eighty constructions which were in the following classifications:

Dwellings—27

Greenhouses—1

Church—1

Garages—10

Service Stations—1

Utility Buildings—10

Additions to Existing Buildings—30

The Urban Planning Assistance Project, Section 701, Title 7, Housing Act of 1954, has approved a grant to the Town of East Bridgewater for providing technical assistance in planning and zoning on a matching fund basis. Your Planning Board in agreement with the Department of Commerce, Commonwealth of Massachusetts, on December 16th, signed a contract to prepare plans for the development of our community. We are undertaking to prepare a population study and recommendations for town facilities and utilities, an economic study of the town, industrial land use and traffic problems. Also to prepare a capital improvement program, make a capital budget and a comprehensive plan as a summary report.

In closing may we express our appreciation of the co-operation given us by the town officers as well as the townspeople.

Respectfully submitted,

EAST BRIDGEWATER PLANNING BOARD

Report of Board of Selectmen

The year of 1957 has been a year of many and varied problems for the Town and the Board, and with the assistance given us by the townspeople and various Town Boards and Officers, we have strived to make decisions for the best interest of all concerned.

At the Annual Town Meeting in 1956, the Town voted to accept the provisions of Section 8A of Chapter 40 of the General Laws, as established by Chapter 297 of the Acts of 1954 and amended by Chapter 102 of the Acts of 1955, and establish a Development and Industrial Committee of five members, said Committee to be appointed by the Board of Selectmen. The following volunteered to serve: Messrs. Elmer S. McCarthy, George D. Leavitt, Harvey A. Wilber, Herbert W. Tyler and Joseph E. Rochette, and through their efforts, we have been very fortunate in securing one new factory to move into Town, and are very hopeful to have more business establishments locate here in the future.

A substantial amount of work under Chapter 90, Highway Construction, has been done on Washington Street during the past year due to the fact the 1956 contract was awarded late in the year. Starting at the Whitman line the work of widening the road and new construction was completed as far as funds would allow for the 1956 Chapter 90 Highway Construction, and a continuation of this work on Washington Street was made possible by funds voted for Chapter 90 Highway Construction in March, 1957. It is hoped we may continue further on this project during 1958. The Chapter 90 Maintenance Funds were spent on widening and resurfacing West Street and a continuation of this work is slated for 1958.

After several years of planning, our new High School has now become a reality, and much credit is due the School Planning and Building Committee who have worked

so diligently. We now have an auditorium and gymnasium comparable to those in surrounding towns, and adequate classrooms and specialized classrooms to accommodate our students for many years to come.

At the Annual Town Meeting, it was voted to borrow \$65,000.00 to install water pipes on Central and Washington Streets, thereby making it possible to increase the volume of water available to the residents at the southern end of the Town. By doing this work, it was possible to give the Town a new connection with the 24-inch feed line from Silver Lake to Brockton, and also give better fire protection in the center of the Town for our schools and churches. In 1958 it is hoped to continue this project on Washington Street, and tie in with a dead end at the Satucket River to complete the circuit.

During the year we have received numerous requests to post "Slow" signs in various sections of the Town. In co-ordination with the Police and Highway Departments, we have endeavored to post as many signs as possible with the funds made available for that purpose.

Due to having a very dry spell this spring, the Fire Department had numerous calls for fires during the month of May. There also was a very serious outbreak of fires in the woods in Carver, and due to high winds, spread over through Plymouth. An emergency was declared by Governor Furcolo and the East Bridgewater Fire Department very willingly responded to their call for assistance, as well as many of the surrounding towns. Special legislation was passed making it possible for towns to be reimbursed by the Town of Plymouth for the cost of sending men and trucks to help in fighting their fires; it is also expected that we will receive reimbursement from the Commonwealth of Massachusetts covering fires fought locally during the period May 1 - 12, 1957.

During 1957 an act was passed by the Massachusetts Legislature establishing the Plymouth County Mosquito Control Project, and funds were voted at the Annual Town

Meeting in March, 1957, to cover our share. The project has been organized, and a more detailed report of the program is contained in their report in this book.

A tragic automobile accident on October 25, 1957, brought an end to the very useful life of our Fire Chief and Forest Fire Warden, Mr. Maurice F. Hennessey. He joined the Fire Department in 1916, served on the Board of Fire Engineers from 1940 through 1942; was appointed Forest Fire Warden in 1940, Fire Chief in 1943, and served in these capacities until his death. He also served as Water Superintendent since 1931. "Craig", as he was known to his many friends, served this Town faithfully during these years, and his help and cooperation in all Town affairs was unsurpassed. The Town of East Bridgewater has suffered a loss and he will be greatly missed by the Town and all of those who knew him well.

Mr. Manuel T. Silva, a member of the Fire Department since 1934, was appointed Fire Chief and Forest Fire Warden to fill the vacancy.

The Selectmen wish to express their sincere appreciation of the friendly cooperation which they have received from all Town Officers, employees and townspeople.

GEORGE A. RIDDER
CHARLES L. LELAND
MYRON H. HAYDEN

Selectmen.

Report of Town Treasurer

Report of Board of Health

To the Honorable Board of Aldermen,
Town of East Bridgewater, Mass.

In connection with providing the Town with sanitary services, the Board of Health through its agent, has issued all sewerage permits for new dwellings as well as for replacement of old sewerage systems. All work must comply with Board of Health rules and regulations and must be inspected and approved by the Board of Health Agent before back filling.

Several applications for subdivision approval have been processed and in one instance, Board of Health approval had to be refused due to poor drainage conditions.

This year the Board of Health has had the responsibility of providing drainage in certain areas where poor drainage conditions have made it difficult or impossible for sewerage systems to work properly. In these cases, the lowering of the water table has enabled the householder to take care of his own sewerage disposal problem. Drainage work in this connection was kept at a minimum this year because of drought conditions.

All written complaints of nuisances have been investigated and the necessary steps have been taken or are being taken to abate the nuisance in each case.

All restaurants have been inspected regularly with swab tests included as part of the inspection to determine efficiency of dish washing methods. Although most of the eating and drinking establishments are in good compliance with rules and regulations, the program will be stepped up this coming year with increased pressure on those establishments where sanitary conditions need to be improved. All food handlers are encouraged to have periodic chest x-rays.

The quality of the milk and cream sold in the Town has been found to be very good according to laboratory test results. All tests of the public drinking supply have been satisfactory.

All licenses for which the Board of Health is responsible have been issued. All necessary sanitary inspections have been made and necessary public hearings held.

Medical and Clinical services offered by the Board included 10 well baby clinics, 4 diphtheria, pertussis and tetanus clinics at which 155 shots were given, and 4 polio clinics. Between the private physicians and the polio clinics, over 99 percent of our young people are protected against this disease. All clinics are conducted with the assistance of the Nursing Association, the public health and school nurses.

In addition to the above, the public health nurse made a total of 1,044 calls for services for which the Board of Health has legal responsibility. These include maternal and child birth visits as well as visits to communicable disease cases. Approximately 900 visits were for the care of chronic diseases such as cancer, diabetes and heart conditions. There were no epidemics of communicable diseases during the past year except for the usual mild outbreak of mumps, chicken pox and measles, with an occasional case of scarlet fever.

In connection with the tuberculosis control program, a Tuberculosis Case Register has been set up which will be used to obtain better follow-up of these cases. The Board of Health provided hospitalization at the Plymouth County Hospital for two cases of active tuberculosis during the year.

Three premature infants were reported during the year. However, none required financial assistance from the Board of Health.

There is a need for more health educational services in town especially in such areas as accident prevention, nutrition and food handling. The public health nurse is

planning a course in disaster nursing which will be open to all nurses and nurses aides. The Board of Health also plans an educational program in back yard mosquito control to supplement the work of the newly formed Plymouth County Mosquito Control Project.

The Board of Health wishes to express its appreciation for the fine cooperation it has had from other departments as well as from individuals in the Town.

Respectfully submitted,

D. B. BANNERMAN, M. D., Chairman
PUTNAM STEELE, Clerk
ROBERT H. HALL, Member
MIRIAM CAMPBELL, Agent

Report of Moth Superintendent

To the Board of Selectmen and the Residents
of East Bridgewater:

In the year 1957 the Moth Department performed its usual duties of tree spraying, setting out and patrolling moth traps, and spraying poison ivy. This past summer mosquitos did not present a serious problem because of the extreme drought, therefore mosquito spraying was not done. However, mosquito control was not done away with because of the drought alone, but also because of the lack of funds for this operation. The department realizes that this problem may become serious during the coming year, as it has at several times in the past, and is asking for an appropriation in order to carry out a mosquito control program this summer.

A dormant spray of 12% D.D.T. was applied to all Town elm trees during the early spring in an effort to control the elm bark beetle, the carrier of the Dutch elm

disease. The drought during the summer helped to spread the Dutch elm disease and had ill effects on many of the other Town trees. Some of these ill signs may not appear until this coming summer.

The United States Department of Agriculture supplied the Town with twenty-nine gypsy moth traps which were set out in various parts of Town and patrolled periodically during the summer months. There were twenty-eight male gypsy moths caught in these traps.

Poison ivy spraying was done during the past summer in various parts of town with excellent results. The department has purchased a small gasoline motor and pump with the hopes of spraying all roadsides systematically during the coming summer to rid the town of this nuisance.

I wish to express my appreciation to my workmen, Town officials and departments, and to the townspeople for their understanding and co-operation in the past year.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Moth Superintendent.

Report of Tree Warden

To the Residents of East Bridgewater:

In the year 1957, as in the previous year, tree removal became the chief of our operations; there being a total of 168 trees removed. The Dutch elm disease claimed 156 elms, while 5 maples, 2 hickory, 1 oak, 1 pine, 1 ash, 1 chestnut, and 1 sycamore were removed because of danger to life and/or property. In order to replace the trees that were removed a total of 60 Norway maples were replanted along the Town streets. The preceding trees were all selected nursery grown stock and were purchased from a reputable nursery.

In the fall of 1957, the assistance of a local club and the town officials, enabled the department to start a town nursery. The new Town nursery is located off Bedford Street, on Town land. The land selected was tested, fertilized and plowed and 250 trees of various sizes and varieties were purchased from reputable nurseries and planted on this site. The department feels that this nursery, if properly maintained and followed through, will be a great asset to the Town in the coming years.

Although tree removal occupied the major part of the year's time the maintenance of existing shade trees continued. Many low, overhanging limbs were removed from streets and sidewalks; cabling was done when necessary, and dead, broken, and weak branches were trimmed from the street trees in various parts of town. These operations have been carried out for the past two years and as there are still many town trees that need attention this work will be continued.

Many thanks to my workmen, town officials, town departments, and the townspeople for their understanding and co-operation in my work.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Tree Warden.

Report of Veterans' Services

To the Honorable Board of Selectmen and the
Citizens of East Bridgewater:

The year 1957 has shown a marked increase for services rendered to the veterans of East Bridgewater of World Wars I and II and the Korean War.

There has been a large increase for contact work with the Veterans' Administration for various benefits such as hospitalization, schooling, on the job training, G.I. loans, pensions, compensations claims, and State bonus applications.

Our office has continued to assist veterans in filing applications for civil service jobs with the Federal and State agencies. Notarized statements for various purposes have been issued to veterans upon request. Assistance has been granted to the dependents of veterans who qualify for burial allowance and headstones in the case of death of a veteran.

We have continued to provide photostatic copies of important discharge papers when they are brought to the office. A copy is retained in the local office for our records. This has proven to be a most valuable service to the veterans as many of them have lost their discharge papers and our office has been able to provide them with a copy when they urgently need one.

Your Veterans' Agent has worked diligently with the Town World War II and Korean Memorial Committee for the past six months on veterans' records and we are still processing these records. We have been able to supply this committee with hundreds of bona fide records of those men and women who served in the various services during World War II and the Korean War.

Once again, during 1957, all of our veterans and their dependents who qualified under Chapter 115 of the General Laws and filed applications for assistance, have been assisted as to their required needs as the law will allow.

Your veterans' agent is ready at all times to help veterans of all wars and their dependents whenever they have a problem that he may service. You may reach your Veterans' Agent at the Town office on Friday evenings, between the hours of 7 P. M. and 10 P. M., or stopping at the Town Office on the second floor and leaving word with the secretary.

Respectfully submitted,

PHILIP E. CAREY,
Veterans' Agent.

Report of the World War II Memorial Committee

During the past year the World War II and Korean conflict war memorial committee has been preparing the list of names of those veterans who qualify to be included on the honor roll as voted at the annual Town Meeting March 4, 1957.

In conforming with the standards set by the State and Federal government the following qualifications must be met: Any person who served in World War II ninety days, or who was honorably discharged through service incurred disability in less than 90 days, between September 16, 1940, and December 31, 1946, and likewise in the Korean conflict between June 25, 1950 and January 31, 1955, and who received an honorable discharge, shall have his or her name included in the Honor Roll.

To date the committee in cooperation with the Veterans' Service Agent have processed over 400 names of World War II veterans. About 75 more names must be checked before work can begin on the list of Korean War veterans.

Respectfully submitted,

ROBERT H. HALL,
Chairman.

Report of Civilian Defense Director

To the Honorable Board of Selectmen
and Citizens of East Bridgewater:

The Civil Defense program was put to work during 1957. The Plymouth fire, which occurred during the spring, was a severe test of men and materials. The East Bridgewater Civil Defense organization was alerted and manned for 36 consecutive hours. Many of our Civil Defense Auxiliary Police left work and homes to go to Plymouth to fight the fires. The unit sent twenty men to Plymouth when traffic problems at the disaster area hampered the fire fighting. Men from C. D. Auxiliary Police were also assigned to mobile radio units, and made checks of our entire town to prevent any such fires locally. East Bridgewater was under constant surveillance for three days, until the danger of fire had been alleviated. My thanks to the men of our C. D. Auxiliary Police, who gave so freely of their time, and without whose help the fires could not have been extinguished.

I wish to thank Mr. Henry McCordick, Forni Bros. Oil Co., and Mr. Leo Mondeau for sending their trucks and men to Plymouth as water carriers. These men and their trucks helped make the difference between destruction of homes

and property and the halting of the fire. Again, my thanks for their cooperation and willingness to give of their time and equipment.

When word of the Plymouth fire was broadcast, Civil Defense Headquarters was flooded with calls with offers to help. This was one of the most gratifying experiences I have had during my stay as Director.

The C. D. Auxiliary Police unit has been a very active one this past year. First Aid instructions were given to enable each man to acquaint himself with correct procedures. Movies concerning bombings, radiation, and protective measures were shown to give a better understanding of these problems. Hallowe'en found these men located throughout the entire town, helping make it one of the quietest in the town's history. There were two parades in which the Auxiliary Police took part, either by marching or directing traffic. There were officers at all East Bridgewater football games and any out-door socials held throughout the year. These C. D. Auxiliary Police Officers give freely of their time and efforts to make our town a safer and better place to live. My thanks to Captain Robert Titterington, and Sergeant Forrest Damon for making this unit such a capable and efficient one.

The radio section of E. B. C. D. has been progressing steadily under the direction of Mr. Thurston Stetson and Norman Ensor. This unit was used constantly during the Plymouth fire and Hallowe'en. Many new changes were made in the mobile antennas that have bettered reception and made available more area that can be covered in our town. We now have one of the best radio units in the State and East Bridgewater can be proud of it.

Gladys Farren, our C. D. nurse, has been a great help in furthering our medical capabilities. With the coming of a new emergency hospital, this division of C. D. will be equipped to handle any disaster. My thanks to Miss Farren for her cooperation and valuable assistance.

There are many units, such as Aid Raid Warden, that have not been initiated, but 1958 will be a year of making the C. D. organization grow.

The C. D. organization will sorely miss Chief Maurice Hennessey, whose cooperation with C. D. has been so greatly appreciated in past years.

My sincere thanks to the Board of Selectmen, Chief Walter Benoit of the Police Department, and the townspeople, without whose help Civil Defense would not be possible.

Civil Defense is everyone's job, and with cooperation and help it can become a good weapon. East Bridgewater has progressed rapidly in becoming ready for coping with emergencies, but we can never be too ready. We must all make an effort to help. Disaster gives no warning.

Respectfully submitted,

HENRY B. BELCHER,

Director.

Report of Inspector of Animals

Honorable Board of Selectmen:

Gentlemen:

During the year 1957 I inspected 407 interstate dairy cattle and the cattle used in rodeo shows and found them free from any contagious disease.

During the year the Livestock Disease Control has taken four animals from the herds of this town infected with Brucellosis.

On my annual barn inspection the barns were found in satisfactory condition.

Regarding the dog bites, there have been the usual number of dog bites in the Town for the year 1957, but no dog has shown symptoms of Rabies.

Respectfully submitted,

HARRY W. KINGMAN, D. V. M.,

Inspector of Animals.

Plymouth County Aid To Agriculture

The Plymouth County Extension Service (Trustees, Plymouth County Aid to Agriculture), is located in the Court House, Brockton. In cooperation with the University of Massachusetts and the United States Department of Agriculture, it provides information to Plymouth County citizens dealing with the Home, 4-H Club Work and Agriculture.

Increased requests for information about the Home and Home Grounds have come from the folks who moved into Plymouth County towns from the city. This information has been provided through meetings, news releases, radio, special activities, telephone, letters, etc.

Citizens of this town should realize that this is a service provided by the County, State, and Federal governments and large numbers of people are availing themselves of the opportunity to secure helpful information concerning the Home, Home Grounds, 4-H Club Work, and Agriculture. Requests for such information should be directed to the Plymouth County Extension Service, Court House, Brockton, Mass.

Funds for County Aid to Agriculture are derived principally from the County. Some Federal funds are also made available through the University of Massachusetts. Most towns in Plymouth County make a token appropriation which is used for the general expenditures of the Plymouth County Extension Service. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representatives in their respective town.

The Board of Trustees appointed by the Plymouth County Commissioners administers the Extension Service program and is composed of the following members:

Gilbert Blackledge, Whitman
Chairman

John Little, Marshfield

Mrs. Harold D. Bent, Brockton

Paul Lehtola, Bridgewater

Robert Bowler, Plymouth

Ralph McIlvana, Plympton

Mrs. Roy Puddington, Hanson

Mrs. Herbert Wydom, Brockton

Maurice Makepeace, Wareham

ROBERT B. EWING,
County Agent-Manager.

Report of Water Commissioners

To the Honorable Board of Selectmen:

On October 25, 1957, our Superintendent, Maurice F. Hennessey, met with an auto accident, which cost him his life. "Craig" was with this department since the close of World War I. He will always be remembered for his unexcelled loyalty to his job and the many kind acts, which he did for the townspeople, in his usual unselfish manner. He will be greatly missed by his host of friends and our loss is immeasurable.

The Water Department has had a year of many happenings.

At the close of the year the department has 1,427 water services, with 28 new services and 35 renewals.

Washington Street, at the Whitman line, was being rebuilt, so at this time 15 services had to be renewed at once.

In May, a contract was signed to clean 1,780 feet of 6-inch cast iron pipe on Washington Street, which was also done. This has benefitted the home users in that area, but with little effect on water pressure, at this time.

After receiving the report from Whitman & Howard, Engineers, the Commissioners set the new water rate on June 11, to be effective July 1, 1957.

On July 10, 1957, the bids were advertised for the laying of water pipes on Central and Washington Streets.

On July 24, the bids were opened, with 20 bids taken out and 16 read. The job was awarded to Patsy Cavalieri & Son, of Attleboro, Mass., low bidder.

On November 14, Mr. Lyman R. Howard was appointed superintendent.

The Water Commissioners have made up a book of rules pertaining to water regulations that the townspeople may have by coming to the office and receiving one.

The Commissioners have asked for four articles:

Article 1. For the continuation of Washington Street to the 6-inch main at Satucket River, as of priority 1, of the Whitman & Howard report.

Article 2. 6-inch water main on Harvard Street, beginning at the corner of Pine Street, to the Whitman town line; this by request of the farms and other people living on this street. We believe this is necessary, as the wells were all dried up this summer and fall.

Article 3. The department would like a used dump truck to cart gravel and for patching up the road.

Article 4. Is to send the superintendent to the New England Water Works Association meeting, of which the Water Department is a member.

Respectfully submitted,

CECIL W. HOYT,
ARTHUR W. ASH,
CHARLES L. LELAND,
Board of Water Commissioners.

Report of Board of Public Welfare

The Board of Public Welfare and the Bureau of Old Age Assistance submit the following report for the year 1957.

Four (4) categories of assistance are administered by this department, namely: Old Age Assistance, Aid to Dependent Children, Disability Assistance and General Relief. The Federal Government and the Commonwealth participate in the assistance grants in the first three categories. The General Relief program is the responsibility of the Town, except in unsettled (State) cases.

There have been several changes in the administrative procedures during the year. In July the method of making medical payments was changed. Now, all medical needs must have prior authorization, except physicians' services. The recipient is reimbursed for such services.

In September, a cost-of-living increase was put into effect. This applied to nearly every case, except to those in a boarding or nursing home.

As of October 1st, the nursing home rates were increased.

There has been little change in the case-load in any category. When new cases were added, others were closed for various reasons, thus, the total was constant.

Under the Old Age Assistance Program \$50,271.26 was expended in grants and medical needs and \$1,535.23 was paid to other towns for assistance grants to East Bridge-water settled cases. Under this program, we received from the Federal Government, \$22,021.99; from the Commonwealth, \$20,332.37; and from other cities and towns, \$1,434.74.

Under the Aid to Dependent Children Program, the assistance grants and medical assistance amounted to \$4,150.45. We received Federal reimbursement of \$2,198.44 and \$1,465.78 was received from the Commonwealth.

\$6,430.13 was expended under the Disability Assistance Program for grants in aid and medical assistance. The Commonwealth and Federal Government reimburse the Town for 75 per cent of this program. During the year, we received \$2,260.29 from the Federal Government and \$2,365.72 from the Commonwealth.

Under General Relief, \$3,329.34 was spent for people residing in East Bridgewater and \$2,669.20 for East Bridgewater cases residing elsewhere. We were reimbursed by the Commonwealth \$1,275.85, \$1,454.84 from other cities and towns and \$420.53 was received from an individual.

With sincere regret, the Board accepted the resignation of Mrs. Maude R. Estes, a member since 1940, who served as secretary and, for the last ten (10) years, as chairman.

The Board extends to her its true appreciation for her loyal, friendly and conscientious service to the Town.

Respectfully submitted,

HARWOOD S. MOSHER, Clerk
HAROLD F. DOHERTY

Report of Public Health Nurse

MISS L. GLADYS FARREN, Nurse

MRS. RUTH SNOW, Assistant Nurse

Office Hours: 8:30 - 9:30 A. M. and 4 - 5 P. M.

175 Central Street — Town Office Building

Telephone DRake 8-2391

To the Board of Selectmen
East Bridgewater, Mass.

The Report of the Public Health Nurse for 1957:

Total number of home visits	2,145
Total number patients	364
Nursing Service	911
Health Service	1,234
Total Clinics held	18
10 Well Baby Clinics — Total Attendance	166
8 Immunization Clinics—Total Attendance	1,281
4 Clinics for Polio Vaccinations	1,136
4 Clinics for D.P.T. Immunizations	155

The outstanding event of the year was the completion of polio vaccinations for all children under 21 years old. Over 99% of the children in Town have been vaccinated, many of them by their own doctors, the rest at clinics. As a result there was no polio in East Bridgewater this year. All persons under 40 years of age are strongly urged to see their own doctors about receiving their polio vaccine as soon as possible, as it is imperative for this age group to be immunized also.

Nursing service has been lower this year than it has been for many years. This is due to the effectiveness of the new medicines and medical care.

Mrs. Ernest Rockwell resigned as assistant nurse. Mrs. George Snow is now serving that office.

The nurse attended a series of classes on Civil Defense Disaster Nursing which was conducted in this area by the Mass. Department of Public Health and the Mass. Civil Defence Agency. We hope to furnish the latest information to the nurses in town as soon as possible.

Respectfully submitted,

L. GLADYS FARREN, R.N.,
Public Health Nurse.

Report of Highway Surveyor

To the Voters of East Bridgewater:

I hereby submit my report as Highway Surveyor for 1957.

Oiling was done this year on the following streets: Oak Street, Oregon Street, Allen Street, Old Plymouth Road, Cottage Street and Pine Street. Work on West Street from the West Bridgewater line to the residence of Mr. Charles W. Williams as voted under Chapter No. 90 maintenance was completed. A coating of oil was applied on the side to widen the road.

It is hoped that West Street will be finished as far as Route 18 in 1958.

Cook Street and Shawnee Avenue were finished. Articles to rebuild Waterman Street and Leland Street and Sherwood Circle are in the Town Warrant this year as well as an article to recoat Central Street from the Hanson Line to the residence of Mr. William O. Jahn on Central Street.

The new sanding equipment has proven a great help in sanding the roads after a snow storm. Barrels of sand have been left in appropriate places by the side of the road for the public to use for icy road conditions.

I wish to thank the voters of East Bridgewater for their cooperation for the year.

Respectfully submitted,

RAYMOND E. TARDIE,
Highway Surveyor.

Report of Chief of Police

To the Honorable Board of Selectmen:

The following is the report of activities of the Police Department for the year 1957:

Arrest out of State	2
Assault and battery	2
Breaking and entering at night time and larceny	4
Drunkenness	8
Operating under the influence of liquor	16
Operating so as to endanger	36
Larceny of more than \$100.00	5
Leaving the scene of an accident	2
Malicious destruction to property	5
Operating without license or registration in possession	3
Operating after revocation of license	5
Passing when view is obstructed	47
Suspension of licenses through Registrar	96
Using motor vehicle without authority	4

MISCELLANEOUS

Complaints investigated	426
Emergency messages delivered	92
Emergency trips with cruiser	104
Motor vehicle accidents investigated	68
Disturbance	12
No sticker	4
Stolen property recovered	\$600.00
Cases filed	2

Individual transfer of sales reported	345
Suicide	2
Committed to State Hospital	1
Warning through the Registry	168

Number of telephone calls received by the
Police Department during 1957 2,183

During the year the Police Department re-
sponded to all fire calls.

The Department wishes to express its appreciation to those who helped in sponsoring sports, basketball, baseball, little league teams, dancing at the Legion Quarters, Boosters Club, Kiwanis Club, Scouting activities, and to all other organizations who helped in any way, as this has been the means of keeping juvenile delinquency at a minimum.

Through the cooperation of the Board of Selectmen the Police Department has been able to purchase a new police car each year, and due to the amount of mileage necessary in police work, I feel it is an economical and safety measure to do so.

Our Civil Defense Police Officers, under the direction of Mr. Henry B. Belcher, Civil Defense Director, and Captain Robert Titterington, assisted the Police Department with numerous activities during the year such as football games, concerts, field days, Fourth of July, Hallowe'en, etc. They also took an active part during the forest fires in Plymouth and Carver in the month of May, 1957. A two-way transmitter radio was set up in the Police Station and was manned day and night for several days; thereby being in constant communication with Sector 2B — Civil Defense Headquarters in Hanover. Their assistance is on a voluntary basis and the men are to be commended for their work.

During the year the radio in the Chief's home has become extremely valuable in transmitting messages in the time of emergencies for assistance, and also in contacting the Police cruiser while on duty. Mrs. Benoit has served as a telephone and radio operator, and her work has been of great help at all times.

Effective November 19, 1957, new rules and regulations were received from the Department of Public Safety regarding permits to carry firearms. New forms were issued to be made out in triplicate; applicant must be fingerprinted and also furnish three copies of his picture to go with the application. The forms are then sent to the Commissioner of Public Safety for his approval. The permit is then forwarded to the Chief of Police, written for a period of two years, and the fee is \$2.00. Also, no one is allowed to use a BB gun anywhere the public has access to, and must be accompanied by an adult at all times.

During the past year, three members of the Department attended the Plymouth County Identification training school. This course covers many phases of police work and enables the officers to better serve the community.

I wish to take this opportunity to thank the members of the Board of Selectmen, Citizens and the Police Officers for their assistance during the year.

Respectfully submitted,

WALTER A. BENOIT,
Chief of Police.

Librarian's Report

To the Trustees of the Public Library:

The 73rd annual report of the East Bridgewater Public Library for the year ending December 31, 1957 is herewith presented.

Reviewing briefly the activities of the past year the high point was unquestionably the detailed planning for the expanded program of library service to the schools. In June a request was presented to the Library Trustees by the School Committee asking that with the rearrangement of their school program the Library continue to have charge of the school libraries. The schools would then have a continuance of the same type of library service and the Town would not have to provide for dual library service.

The Librarian's report for the year 1933 included for the first time the expansion of the Library's service to include the schools: "Since there is no library in the East Bridgewater schools, the public library serves the teachers and pupils in both the capacity of a school library and a public library." Due to the location of the Senior-Junior High School the pupils were allowed while school was in session to cross the street to the library as their needs dictated after securing a signed permit from the teacher in charge of the assignment. Coincidentally the lengthened hours for school service gave to the townspeople the use of their library for many hours longer each school day.

With the building of the new elementary school in 1950 the Library, although by necessity using far from ideal quarters, gave library service there three mornings a week. When overcrowding became acute and the Town Hall was requisitioned for classroom use the Library rebuilt and equipped a library room for grades five and six in this building. Thus the school service was five mornings a week for the Senior-Junior High School at the main Library,

three mornings at Central School, two mornings at Town Hall.

In 1951 a division at the main Library was made and the young people's section began to function as a separate unit. This was the beginning of a basic book collection for young people, offering greater specialization in purchasing and shelving books.

With the support of a school-library program already in existence by the Town it seemed logical to the Library Trustees and the School Committee to continue the same system by including the new East Bridgewater High School, and the reorganized Intermediate School. Consequently the Public Library has become in actuality that which it was in practice, the head of a system of four libraries, the main library and three school libraries. This was accomplished with no additions to the staff. Expensive duplication in all areas is controlled by confirming book purchases, cataloging, processing, and performing other technical skills at the main library. The facilities of each branch are at the disposal of the other. There is no feature of library service missing in either the school libraries or the Public Library.

The year 1957 was unusually busy. Book circulation surpassed any previous year, rising to 79,565; more records were circulated; more books were borrowed through Inter-Library Loan. The installation of a new heating system has remedied the poor heating conditions. During the summer the stack room windows were repaired, the gutters were mended and the windows were painted on the outside of the building.

My sincere appreciation goes to all who work with us for their conscientious efforts to keep up the high standard of service which the people of East Bridgewater wish to

maintain and to the Library Trustees for their keen discernment in evaluating the needs of a community library.

Respectfully submitted,

ETHEL B. CHANDLER,
Librarian.

REPORT OF THE SCHOOL PLANNING AND BUILDING COMMITTEE

Since the Committee's report of last year the new High School has been substantially completed. The Town has indeed been fortunate in its contractors, in particular Tocci Brothers Construction Co., Inc., of Newton, who have done a workmanlike job in every respect and have been especially cooperative. It has also been fortunate in the subcontractors, who have all taken an interest in doing their work in an excellent manner but in some instances have been held up, through no fault of the contractor or subcontractor, when materials and supplies have not been delivered on promised dates. These might have meant friction, delays and confusion but, on the whole, this job was notable for its lack of such annoyances.

At this time there still remains some work to be done, — chiefly adjustments and refinements. The Committee, however, considers that the Town has received its money's worth and that the project has been completed as expeditiously as possible. There are some things that the Committee wishes to do later including, if possible, some landscaping in the spring. However, these projects depend on the actual cash balance available to the Committee. In this respect the School Committee has been most cooperative, not only by purchasing some of the supplies and equipment that ordinarily would have come from the Building Committee but it has also actually transferred funds which belonged to the School Committee through Federal School Assistance.

There are, as yet, no completed plans for a formal dedication or open house but the Committee looks forward to one when it feels that the work is finally complete. In the meantime the money that is left will be spent judiciously, — among other things, for the installation of two dumb-

waiters which will expedite the conduct of cafeteria and janitor services.

By the time this report is printed Grades 9-12 will be established in the new building and enjoying all of its facilities. The Committee feels that the architects Perry, Shaw, Hepburn and Dean have designed a building of which the Town can be proud, as are its administrators, teachers and pupils.

Report of the State Auditor

November 21, 1957

To the Board of Selectmen
Mr. George A. Ridder, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the period from March 18, 1956 to August 6, 1957, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE,
Director of Accounts.

HBD:TJP

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston.

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of East Bridgewater for the period from March 18, 1956, the date of the previous examination, to August 6, 1957, the following report being submitted thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the accounting officer and the treasurer.

The books and accounts kept by the accounting officer were examined and checked. The receipts, as recorded, were checked with the records in the departments making payments to the treasurer and with the treasurer's books, while the payments were checked with the treasury warrants signed by the selectmen and with the treasurer's cash book. The appropriations and transfers were checked with the town clerk's records of town meeting proceedings and with the authorizations of the finance committee for transfers from the reserve fund.

The accounting officer's ledgers were analyzed, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on August 6, 1957.

The books and accounts in the town treasurer's office were examined and checked in detail. The recorded receipts were analyzed and compared with the several departmental records of payments to the treasurer, with other sources from which the town received money, and with the accounting officer's books. The recorded payments were checked with the approved warrants authorizing the disbursement of town funds and with the accounting officer's books. The cash balance on August 6, 1957 was proved by actual count of the cash in the office, by reconciliation of the bank balances with statements furnished by the banks of deposit, and by verification of the United States Treasury Bills held in safe-keeping at a bank.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file.

The transactions of the trust funds in the custody of the town treasurer and the trustees were verified, and the savings bank books and securities representing the investment of these funds were examined and listed.

The deductions from employees' salaries and wages for Federal taxes and the county retirement system were listed and reconciled with the amounts due and paid to the proper

agencies. The balances remaining in the general treasury were proved with the respective ledger controls.

The records of tax titles and tax possessions held by the town were examined and checked in detail. The transfers to the tax title account were compared with the collector's books, the recorded redemptions and sales were checked with the treasurer's cash book, the disclaimer was verified, and the tax titles and tax possessions on hand were listed, reconciled with the accounting officer's ledger, and checked with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and water liens outstanding at the time of the previous examination, as well as all subsequent commitments, were audited and checked with the assessors' warrants issued for their collection. The payments to the treasurer were checked with the treasurer's cash book, the abatements were compared with the assessors' records of abatements granted, the transfers to the tax title accounts were checked, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The commitments of departmental and water accounts receivable were examined. The recorded receipts were checked with the payments to the treasurer, the abatements were compared with the records in the departments authorized to grant such credits, and the outstanding accounts were listed and compared with the controlling ledger accounts.

The outstanding tax, motor vehicle and trailer excise, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The town clerk's records of miscellaneous receipts and of dog and sporting licenses issued were examined, the pay-

ments to the State being compared with the receipts on file and the payments to the town being checked with the treasurer's cash book.

The surety bonds of the town officials required to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the accounts mentioned, the records of all other departments collecting money for the town or committing bills for collection were examined and checked, and the payments to the treasurer were verified.

There are appended to this report, in addition to the balance sheet, tables showing reconciliations of the treasurer's and collector's cash, summaries of the tax, excise, tax title, tax possession, departmental, and water accounts, together with schedules showing the condition and transactions of the trust funds.

For the cooperation extended by the town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,

Assistant Director of Accounts.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of East Bridgewater:

The year 1957 has been another successful and progressive year for the schools of East Bridgewater. The many difficult and perplexing problems faced by your School Committee have been resolved to the best interests of the entire school system.

Due to the over-crowded conditions throughout the school system the administrative staff and teaching corps have been working under difficulties and are to be congratulated for the fine job that they have done.

By the time this report is read a reorganization of the entire school system will have taken place, the first four grades being housed at the Central school, grades five through eight occupying the Intermediate school, while grades nine through twelve will be located at the new High school. The use of the Town Hall for school purposes will be discontinued.

It is expected that if the growth of the town continues at the present rate, we should be able to satisfactorily house the pupils of East Bridgewater under this setup for some time to come. However, in the future, it appears that an addition to the Central school may become necessary.

The physical properties of the school department have been maintained at their usual high level. The auditorium at the Intermediate school was redecorated and a new ceiling installed. Considerable interior painting was done at both the Intermediate and Central schools. The exterior woodwork at the Central school was repainted and such masonry work done as was required.

It was necessary to have the oil burner at the Intermediate school re-built this fall and we were informed by the heating engineer that a new burner will be needed next winter.

The transportation of school pupils continues to present problems and hardly a meeting passes without a request for special or additional services.

Because of the reorganization of the school system it has been necessary to alter and revise bus routes. New bus limits have been established and all pupils eligible to ride the school buses have been furnished with printed school bus permits. By the use of a permit system the committee hopes to restrict the use of school buses to those entitled to ride under the existing bus regulations.

The School Committee follows the recommendation of the Massachusetts State Department of Education regarding transportation of school pupils and has established regulations in conformance with them.

The entire school system under the able guidance of the administrative staff headed by Superintendent Stanley B. Goldman is showing a healthy growth and development. Our teaching staff has worked long and diligently to bring our schools up to the present high level they now hold in the educational field.

The policy of your School Committee is to give the best possible educational opportunities to each pupil in the school system at the lowest possible cost to the citizens of East Bridgewater.

The continued increase in school enrollment combined with the operation and maintenance of the new High School building has necessitated an increase in school personnel, text books, supplies, equipment and transportation to meet the needs. This growth is reflected in the school department budget which is to be found elsewhere in the Town Report.

The Teachers' Salary Committee has been in conference with the School Committee and as a result the salary schedule has been revised to keep it in line with those of surrounding communities. Consequently, we are now in a more favorable position to compete for the services of good teach-

ers with the other towns in this area and to keep our teacher turnover at a minimum.

The proposed budget for 1958 calls for an increase over the 1957 costs. This increase covers the upward revision of the salary schedule, an increase in teaching personnel, expenses entailed in the operation and maintenance of the new High School, and the general increase in costs in all phases of the operation of the school system.

This year, as in years past, the members of the School Committee express their appreciation for the aid, suggestions and donations so generously given by the Parent-Teacher Association, the Boosters' Club, the Commercial Club, the Kiwanis Club, the American Legion Post 91 and Auxiliary and many other civic-minded organizations and individual citizens in the town.

The members of your School Committee express our appreciation for the interest, good will and co-operation of the citizens of East Bridgewater. Your continued interest in the achievements and progress of the East Bridgewater Public Schools makes our efforts worthwhile.

Respectfully submitted,

RALPH G. BUMPUS, Chairman
ELIZABETH P. HURD, Secretary
JOHN B. THORNDIKE
A. J. BRADFORD ALEXANDER
ELEANOR A. DOHERTY
BREWSTER W. FULLER

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of
East Bridgewater:

It is a pleasure for me to submit the annual report as your Superintendent of Schools.

During the past year I have been present at all of your meetings and have kept you informed of all matters relating to the operation of the schools.

Our plans, procedures and decisions have been, and will continue to be, made with one thought in mind — the best good for the most children. I should like to tell our citizens, through this report, that we hope much progress will be made along lines proven educationally sound. Any introduction of new ideas will be made only after careful checking for their soundness educationally and their acceptance in principle by the citizenry through their elected representatives.

The most pressing problem involving a major portion of the Superintendent's time was the building project. With the completion of the new High School building I shall be in a position to devote more time to the curriculum aspects of our system.

The year saw the following staff changes: Miss Gladys Marble retired after years of serving the school system faithfully. Mrs. Dixie Spangler resigned her first grade position to remain at home; Miss Miriam Kirkwood, fourth-grade teacher, and Mr. Anthony Ferrante, Supervisor of Music, resigned to accept teaching positions elsewhere.

Because of growth of pupil enrollment and enlargement of our curriculum offerings the following assignments were effected: Mr. Norman McGowan was transferred to an eighth grade arithmetic-science position from his sixth grade assignment. Mrs. Barbara Keith was assigned to

teach a fourth-grade class. Mr. John Zoino was elected to the position of teacher-principal of the Intermediate School. Miss Anne Kenneally was elected to teach high school English. The latter two had previous experience in the Brockton school system. Mrs. Marion Hogue returned from a leave of absence to teach a fifth-grade class. Mr. Norman Burgess was elected to teach the sciences in the High School. Miss Marjorie Bollen was chosen to teach girls physical education and high school science. These two teachers are 1957 graduates of the State Teachers College at Bridgewater. Mr. George Levine filled the music supervisor's position. He is a graduate of Boston University School of Music and a four-year veteran of the Navy Band. Mrs. M. Louise Shippee was engaged to teach a sixth-grade class. Mrs. Shippee came to us from the Raynham school system. Mrs. Katherine Perkins was elected to teach a first-grade class. She has had extensive teaching experience in the Brockton and Hanson school systems. Miss Anne McNally became full-time guidance director in September. Miss Marlene Andrews was assigned to the teaching of United States History in the High School.

An oft-repeated parental question is how they may help their children. An important and effective way to help is for them to see that their children do their homework. Interest and encouragement by parents will improve the quality of the child's education since it is virtually impossible for the children to obtain all the education they need during the time they attend school. There should be homework in Grades 6 through 12. Those pupils in Grades 9 - 12 who are preparing for college should average a minimum of 150 minutes in daily home study.

Our principals, teachers, custodians, lunch room workers, secretarial staff and other employees have worked as a team to help improve the educational opportunities for our boys and girls. This is the objective of both School Committee and School Department employees.

Before closing I wish to call your attention to the reports of our principals and supervisors.

May I express my appreciation of the cooperation of the School Committee. No school superintendent could have a finer group with whom to work.

Respectfully submitted,

STANLEY B. GOLDMAN,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Mr. Goldman:

I am pleased to submit my first annual report as principal of the Senior High School.

During 1957 the High School reached its peak population enrolling 540 pupils in the fall of this year. We were compelled to place classes in the cooking and sewing rooms and temporarily to discontinue those subjects. We are re-scheduling both subjects when we move to the new high school.

We feel proud of the accomplishments of our school. Of our 56 graduates, 26 or about 46 percent enrolled in schools and colleges, and, on the whole, are doing excellent work. The remainder are employed in various industries in the area, in the armed services or as homemakers, and reflect credit on both themselves and their school.

One of our pupils is among the semi-finalists in the Scholarship Qualifying Test. More than a quarter of a million high school seniors across the nation participated. He is also among the 1,400 survivors of over 56,000 National Honor Society members taking the test and will participate in further tests for special National Honor Society scholarships.

We have maintained our high standards in our academic and vocational classes. As a result our high school retains its "A" rating from the Massachusetts Department of Education and its membership in the New England Association of Colleges and Secondary Schools. In line with the recommendations of President Eisenhower's Physical Fitness Commission we have increased our offerings in Health and Physical Education in order to raise the physical fitness standard of our student body.

Our Driver Education course under the direction of Mr. Norman F. McGowan and Mr. Frank Wermer of the faculty successfully qualified 54 students for their driving licenses. A study by the Registry of Motor Vehicles shows these students to have an accident rate only 25 percent that of the same age group who have not taken the Driver Education training in the public schools.

Our many extra-curricular activities have flourished and their achievements have reflected credit upon themselves, their sponsors and the school. Among these activities are the Student Council, Student's Pen, National Honor Society, Junior Classical League, French Choral and Art Group, Senior Class Play to mention a few.

The 1957 athletic association account follows:

Balance, December 31, 1956	\$217.48	
Boys' Basketball Receipts	933.88	
Football Receipts	1,003.55

Refreshments	71.18
West Bridgewater	240.15
Commissioners fee	13.00
Dues	81.50
Miscellaneous	53.87

Total Expenses	<hr/>	\$2,207.55
----------------	-------	------------

Balance on hand December 31, 1957		<hr/> \$209.36
-----------------------------------	--	----------------

To the pupils and their parents, the teaching staff, custodians and secretaries my deepest appreciation for their cooperation and unstinting efforts during a difficult year. To the Parent-Teachers Association, American Legion and Auxiliary, the Kiwanis Club, the Public Library, the Boosters' Club and many others our grateful thanks for their many contributions to the school and its activities.

Respectfully submitted,

EMERY S. LOUD,
Principal.

REPORT OF THE PRINCIPAL OF THE JUNIOR HIGH SCHOOL

Dear Mr. Goldman:

I am pleased to submit my first annual report as principal of the East Bridgewater Junior High School for the year 1957.

During the few months I have been in East Bridgewater I have been pleasantly pleased with the cooperation that I have received from the staff and all the people with whom I have been working.

School opened in September with a minimum of trouble except in housing. The junior high opened with 228 pupils divided into seven divisions with a class average of about thirty-two. Besides five classrooms on the first floor it was necessary to convert the sewing room into a Grade 7 home-room and the cooking room into a Grade 8 home-room.

Plans are well under way to move the fifth and sixth grades to the first floor of the Intermediate School. The junior high will be located on the second floor. This will mean two schools in one building. Each will have its own bell schedule, program of studies, activities, bus schedule, etc.

In both Grades 7 and 8 we shall teach five periods of arithmetic, science, history and English and four periods of geography and literature. Two periods of spelling will be given in Grade 8 and one in Grade 7 with one period in art and music. Penmanship will be taught by each home-room teacher. We have added four periods a week to be used as either study or activity periods.

The former typing room will be converted into a combined elementary - junior high library. A librarian will be available four days per week for the junior high and twice weekly for the elementary school.

Musically, the Intermediate School will have two bands to supplement the regular music program. Rehearsals will be conducted four periods per week during the activities periods for Grades 7 and 8 and twice per week for Grades 5 and 6.

Our athletic program will include basketball and baseball for the boys and intramural activities for both the boys and girls. The girls of Grades 7 and 8 have combined to form a cheer leading group.

In the near future it may be advisable to move Grade 8 to the new high school as our enrollment projections indicate that the classrooms in the Intermediate School will

not be sufficient to accommodate the growing school population.

It is my hope that we will be able to convert the former high school into a fine Intermediate School. Our program should be expanded to include physical education, domestic and vocational arts and to expand upon our present music and art programs.

It has been personally pleasing and professionally rewarding to have worked in a community with such educational pride. I am looking forward to share with you the work and the ambitions which you have for the future.

Respectfully submitted,

JOHN E. ZOINO,
Principal.

REPORT OF THE PRINCIPAL OF THE CENTRAL SCHOOL

Dear Mr. Goldman:

I am pleased to submit the following report of activities of the Central School for the year 1957.

The number of pupils enrolled in the elementary grades has increased steadily since January in spite of the fluctuations that normally occur when families move in and out of the community. The following enrollment figures show this upward trend:

January, 1957	760
June, 1957	756
September, 1957	767
December, 1957	775

Because of the lack of space, we have had to continue to use a small room for Mrs. Gray's third grade class. Even less desirable has been the increase in enrollment in certain classrooms because of the necessity to house all our pupils. The September distribution of pupils follows: Five first grades, four second grades, four third grades, four fourth grades, four fifth grades, and three sixth grades.

Although we have been able to place pupils in classrooms, we are aware that it has been necessary to forsake lower and more desirable pupil-teacher ratios than now exist. The number of pupils in the classrooms of the second grade has risen to thirty-five while classrooms in the fifth grade have as many as forty-two pupils per teacher. This high ratio allows less opportunity to meet the needs of pupils and to give the attention required by small group and individual instruction. With the ever-increasing enrollment in Grades One through Six and the need to allow five classrooms per grade in order to have good pupil-teacher ratios, there will exist in the near future the problem of properly housing these pupils in the Central School.

Numerous activities have been conducted in the classrooms and are of great interest, but space does not permit mentioning them specifically.

Fifth and Sixth Grade pupils have enjoyed ballroom dancing at their record hops on Friday afternoons after school.

Guest speakers and assembly programs have been most worthwhile.

Special trips to Boston and to places of interest in and around East Bridgewater have been of particular interest at certain grade levels.

We are again grateful to the P.T.A. for the purchase of three phonographs which Mr. Ferrante was able to ob-

tain with money made available to him by P.T.A. projects. These phonographs serve a much needed use in the classrooms.

Our audio-visual library continues to grow with the addition of several new filmstrips to the present number already available to the teachers at all grade levels. Another new portable screen has been purchased and will prove valuable.

Pupils have been encouraged to practice the understandings stressed throughout the school in regard to safety on bicycles, on the bus, walking to and from school, or whenever a dangerous situation presents itself.

Visiting Day on November 14 and Conference Night on November 21 gave parents and teachers an opportunity to become better acquainted with one another and to develop a closer pupil-parent-teacher relationship which is vital in educating pupils.

Absence was extremely high from the middle of October until the middle of November due to flu and other illnesses. A peak was reached on November 1 with two hundred and fifty pupils absent.

Results of tests given to the sixth graders in May indicated that high standards have been maintained in all elementary school subjects by our pupils and teachers. The total average pupil achievement showed the sixth grader stood above the national norm for that grade.

Attempts are being made at all times through parent conferences, testing, teacher discussions of subject areas, etc., to meet the instructional needs and problems of teachers so that pupils may feel greater achievement in their

school subjects and in their quest to develop good attitudes toward their fellow pupils.

I am grateful to our teachers for their splendid co-operation and to the school personnel, parents, and other persons and organizations who have helped in many ways to make our school a good one.

Respectfully submitted,

RALPH V. MURRAY,
Principal.

SIXTH GRADE GRADUATION

Central School

Wednesday Afternoon

PROCESSIONAL — The Grand Triumph March from Aida

SOLO — Lord's Prayer, arranged by Albert Hay Malotte
and Richard Campbell, accompanied by Mrs. Ina May
Marland.

WELCOME — Original Poem by Joyce Parker.

SIXTH GRADE CHORUS — Accompanied by Nancy Cote.
Beautiful Land of My Birth, Barcacolle.

POEM — Time Will Tell — Valorie Howarth.

PIANO DUET — Londonderry Aire — Thelma Brown and
Karen Hanson.

ORIGINAL POEM — Pretty Boy by Nan Darling.

PIANO SOLO — Barn Dance — Sheila Benoit.

SIXTH GRADE BAND

Spanish Waltz — Chabrier.

DeMolay March — Hall.

GIRLS' CHORUS — Accompanied by Mrs. Ina May Marland.
Santa Lucia and Carmen Carmela.

ORIGINAL POEM — Graduation by Judith Morris.

CLARINET SOLO — With a Hundred Pipers — Scottish
Folk Song — Adrian duCille.

SOLO — God Bless America — Brenda Hill, accompanied by
Mrs. Ina May Marland.

FAREWELL ADDRESS — Joseph O'Kelly.

PRESENTATION OF CERTIFICATES — Mrs. Harold
Doherty, member School Committee.

RECESSIONAL — Washington Post March.

REPORT OF THE MUSIC SUPERVISOR

Dear Mr. Goldman:

It is with great pleasure that I present the annual Music Department report for the year 1957.

INSTRUMENTAL DEPARTMENT

Our instrumental department is now operating in four graduated levels of performance. They are designated as follows:

1. The beginning band, which functions as a foundational basis for those pupils in our Saturday morning class program, who are just beginning on instruments.
2. The elementary band.
3. The Junior High band.
4. The Senior band.

These organizations are designed to give a continually expanding type of musical experience so that students may reach a maximum level of performance by the time of graduation. Public performance, as well as performance within the school department, is considered as an integral part of this development.

ELEMENTARY BAND

This organization now numbers 39 students, all of whom represent the fifth and sixth grades. Although a band of this type normally includes only the basic instruments, I am very happy to report that the instrumentation of our elementary band has been expanded to include such instruments as saxophones, flutes, trombones and French horns. Rehearsals are held on Thursday afternoons from 1:50 to 2:40 in the Central School Auditorium. This group has performed publicly five times during the year.

JUNIOR HIGH BAND

The Junior High Band includes 39 students, all of whom represent the seventh and eighth grades. Rehearsals are held on Tuesdays and Wednesdays and plans are in the making for an expansion of this rehearsal schedule. This group has performed publicly five times in 1957. The instrumentation of this band has also been expanded to produce a more varied tonal color and has enabled a higher calibre of music to be performed.

SENIOR BAND

The Senior Band includes 57 members, all of whom represent grades eight through twelve. Rehearsals are held on Mondays, Wednesdays and Fridays, all of which take place during the school day. Band members receive school credits for participation in this organization.

This group has given over thirty public performances in 1957, including school and public concerts, parades, civic ceremonies and football games. Its members have participated in competitions which will assure our representation in all New England, All-State and South Eastern Massachusetts selected bands during the forthcoming year.

The instrumentation of this group is excellent, its performance level high, and it has won attention and high praise from many far-reaching sources.

This year a basketball band, comprised of nine members of the senior band, has been rehearsing evenings and will play for all of the local high school basketball games this season.

INSTRUMENTAL CLASS LESSONS

The instrumental class program is held on Saturday mornings at the Senior - Junior high school. This program is designed to provide the opportunity for students to begin their study of musical instruments at a moderate cost. It is aimed at the fourth grade level, although students are accepted from the fifth and sixth grades. Close to sixty students are now taking advantage of this program.

ELEMENTARY SCHOOL MUSIC

At the present time 24 classrooms are being taught on a bi-weekly schedule, including grades one through six.

My objectives are to provide continuous musical experiences in the areas of: (1) singing; (2) listening; (3) music reading; (4) rhythmic activities; (5) creativity. It has been my purpose to establish an enjoyable and continually maturing concept within the child.

JUNIOR HIGH MUSIC

The seventh and eighth grades now participate in a general music class once a week. The same objectives apply here as those of the elementary program, but on a more mature level. Here also, recordings, the tape recorder and other audio-visual equipment have been put into extensive and advantageous use.

HIGH SCHOOL MUSIC

The Choraleers include forty-seven members, all of whom represent grades ten through twelve. Auditions were held for each student this year and membership in this group was placed on a highly competitive basis. Six public performances were given and a wide and varied calibre of music was presented. Rehearsals are held on Mondays and Thursdays. Representatives from this group have competed and will participate in All-New England and S.E.M.S.B.A. choruses this coming spring.

The Freshman Chorus includes forty members, all of whom are represented by the ninth grade. This group had a successful season last year participating in three public performances. This organization is used as a training ground for future membership in the Choraleers.

GENERAL COMMENTS

Our entire musical program is in the process of continual expansion and improvement. Cooperation on the part of the

School Committee, the school administration and the entire teaching staff have made this possible. However, we are rapidly reaching the point where additional help on the part of an assistant will be necessary to continue this trend. The addition of the new senior high school serves to emphasize this point.

The Music Department would like to acknowledge the assistance given by the school administrators in making it possible for us to maintain and purchase new instruments through annual support. We are also indebted to the P.T.A., the Boosters' Club, the Commercial Club, the American Legion and Auxiliary, the Woman's Club, the Kiwanis Club and other community groups who have so enthusiastically supported and aided our musical program.

In conclusion, I would like to thank the administrators, parents and teachers for welcoming me to East Bridgewater and lending me your complete and strong support.

Respectfully submitted,

GEORGE B. LEVINE,
Supervisor of Music.

REPORT OF THE ART SUPERVISOR

Dear Mr. Goldman:

It is with pleasure that I submit the following report for the year of 1957.

The aim of the Art Program from grades one through eight is to develop in each child a feeling of **expression** through music and stimulative motivation included in the ability to express himself freely and individually. Varied media (charcoal, wood, crayon, tempera, water color paint, etc.) is used to achieve individuality in the **Art Program**.

The First Grade Art has been introduced to the individual child as a happy time by taking actual physical

participation as well as mental participation in the motivation.

The Seventh and Eighth Grade aim is techniques — to give the child the experience of proper use of the varied media along with the basic fundamental factors of Art.

At this level textile painting and stencil drawing and painting have been introduced with excellent results.

The aim of the Art Program from Grades Nine to twelve is to develop in each child a feeling of expression through sight and sound with more stress on fundamental factors and techniques in the various media.

At this level Art History and Art Appreciation are being introduced. The Art becomes more meaningful at the academic level. Homework is given once a quarter — such as reading assignments and drawing and/or painting assignments.

Mechanical Drawing is a subject that deals in minute details and repetition. I believe there should be experimentation in Mechanical Drawing in the latter part of the eighth year. In this era of scientific thinking it is imperative that such a course should be organized around a well qualified teacher.

Respectfully submitted,

DOROTHY COOGAN,
Art Supervisor.

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

Dear Mr. Goldman:

Over the years the Physical Education program has leveled to a point where it is as well-rounded a program as facilities permit.

We are indeed fortunate in having Miss Marjorie Bollen as Supervisor of Physical Education for girls. Miss Bollen is very much liked by the students and through her efforts classes in folk dances, square dancing and modern dance have been incorporated into our program.

In the High School all students are required to take physical education with the exception of those who are excused for medical reasons or academic conflicts.

There are sixteen classes of physical education being conducted throughout the week.

Continued effort will be made to present a program which will encourage participation by many rather than just a few students and with activities that will contribute to their total fitness, enjoyable use of leisure time and development of desirable and attractive physical, mental and social qualities.

ATHLETICS

Our basketball team, with Mr. Morey as coach, continues to be the leading quintet in the district by winning nineteen games and losing five. The Ninth Grade, Junior High School and Girls' Basketball teams also enjoyed successful seasons.

This year's track team became dual champions by winning the Southeastern Conference League Trophy and the South Shore Class "B" Track Title. Coaching this great squad was Mr. Loud, assisted by Mr. Geovanis.

The baseball team, coached by Mr. Kondracki, proved to everyone in the area that a champion is in the making.

Then in the fall the athletic season was concluded with the retirement of the Boosters' Club Football Trophy as the Thanksgiving Day game was won by the Blue and Gold squad.

May I take this opportunity to express my appreciation for the cooperation given me by the many townspeople, the School Committee, the administrative staff, and all the personnel of the school.

Very truly yours,

VINCENT J. MALEWICZ,
Director of Athletics and
Physical Education.

REPORT OF THE GUIDANCE DIRECTOR

Dear Mr. Goldman:

I submit herewith my report for the first half of the 1957 - 58 school year.

These first months of our work on a full-time basis our activities have continued along lines already in practice and have expanded to include services heretofore impossible, due to insufficient time.

With our increased knowledge of children and the recognition that each is unique and that each develops at different rates emotionally, physically, socially, and intellectually, it is evident that we must first diagnose individual needs and aptitudes of our pupils and then adapt our educational facilities and curriculum to best serve these needs.

The appraisal of each child, and the coordination of all the elements of the teaching-learning process to the ad-

vantage of every child requires specialized team work by all school personnel. This is Guidance. From this statement, it is obvious that no report of a guidance program can be the report of one person's activities. Therefore, I shall limit my report to those of our activities that are concerned with the directing of activities of a guidance nature as well as those specialized services performed in the counseling area.

Our major project in initiating our program was one of fact-finding and evaluating. This was carried out through our testing program as well as through conferences with teachers and our three principals.

The testing program for 1957 - 58, one-half of which has been completed, is as follows:

Seniors — School and College Ability tests: Scholarship Qualifying tests, Civil Service (State and Federal), Massachusetts Employment Service tests (clerical and general).

Juniors — Achievement Battery: Language, Reading, Mathematics, Mental Maturity, Mental Health Analysis, and an Occupational Interest Inventory.

Sophomores — The same as above, since no current information is available on this group now.

Freshmen — Mental Maturity, Personality and Vocational Interest Inventory.

Grade 8 — Mental Maturity and Achievement: Reading, Language, and Arithmetic.

Grade 7 — General Reading test and Diagnostic Reading for special cases.

In addition to the group testing, the Binet Test, an individual instrument, is being given to those pupils found to have special problems in learning situations.

The testing of Sophomores and eighth grades will be done during April and May in order that we may have a complete appraisal of their achievement and academic abili-

ties as the former select the more specialized programs of the last two years of high school and as the latter begin their high school program.

COUNSELING

An important area of Guidance is the counseling interview. This should not be confused with "information giving" for it is rather an opportunity for the pupil to "talk-out" a problem. Since it usually involves problems of an emotional or social nature, this type of interview and its continuing nature is rather time-consuming. Referrals of behavior problems, youngsters with difficulties getting along with classmates, teachers, or their families is one type of case falling in this area of guidance services.

VOCATIONAL AND EDUCATIONAL INFORMATION

Our files of vocational and educational information are available to all students seeking assistance in choosing a field of work and/or schools for advanced study. Assisting the student to evaluate himself and the demands of the fields he is interested in is a coordinate function of this "information-giving" phase of our guidance program. For all who seek it and for those who need a "boost" along the educational road, we are attempting to make contacts and to provide an organized liaison between our school and the business world and our school and institutions of higher learning.

GROUP GUIDANCE

Many problems common to particular groups of pupils can be handled best and most effectively in a group situation. We have started group guidance on the 7th grade level, under the able direction of Mr. John Geovanis. This program deals especially with academic and social problems. It is an area of guidance which we hope to expand as facilities and personnel become available. Already, through the use of this group guidance technique, progress has been made in improving the interests and ability of many in reading.

PUBLIC RELATIONS

Informing our townspeople and special groups of our school activities and of the educational and vocational needs of our pupils is an important adjunct of our services. Through the news columns, we report events occurring in our secondary schools. On numerous occasions we have spoken to civic, business, and church groups in an attempt to interpret the role of education and especially guidance, in our community life.

EMPLOYMENT AND FOLLOW-UP

Assistance has been given to those pupils seeking part-time work as well as graduates looking for initial full-time employment. Through letters and personal contact we have set up a system for "following up" our graduates in order to provide them with the help they may need once their formal education has ended. It is gratifying to report that our graduates have indicated both by letter and by visits with us that although they have left school they appreciate the fact that their school never leaves them.

Our follow-up study of the Class of 1957 indicates the following:

Attending Colleges and Advanced Schools	26
Serving in the Armed Services	4
Federal Civil Service	1
Employment in Business and Industry	21
Homemakers	4
	—
Total	56

The 46% of graduates who are continuing their educations are at the following institutions:

University of Massachusetts	7
Boston University	2
Maine Maritime	2
State Teachers College	2
Fisher Junior College	2

Each of the following has one graduate in attendance: Newman Preparatory School, Atlantic Union College, Northeastern University, United States Military Academy, Tufts University, Massachusetts College of Pharmacy, Bryant and Stratton College, Pierce Secretarial School, Boston City Hospital Nurses' Training School, Massachusetts Memorial Nurses' Training School, Children's Hospital Nurses' Training School.

In conclusion, we wish to extend to the School Committee and Superintendent our thanks for permitting us the opportunity to initiate a full-time Guidance Program for our East Bridgewater pupils. Without the enthusiastic support of Mr. Loud and Mr. Zoino, our principals, and the continuing assistance of our classroom teachers and our school nurse, the guidance services we are offering would be impossible.

Respectfully submitted,

ANNE R. McNALLY,
Director of Guidance.

REPORT OF THE SCHOOL NURSE

Dear Mr. Goldman:

I herewith submit a brief summary of work accomplished by the school nurse for the year ending December 31, 1957.

School visits	374
Special attention to	1982
First aid care to	1552
School injuries requiring immediate surgical attention	33
Pupils recommended for exclusion	574
Ill pupils transported home	306

Pupils referred to school physician	32
Pupils referred to family physician	49
Interview with parents	527

MASSACHUSETTS VISION TEST (School Year 1956 - 1957)

Pupils tested by Mrs. Hall	1243
Pupils retested by school nurse	54
Old defects — 32. New defects — 35.	
Pupils wearing glasses	157
Notices sent to parents	36

PURE-TONE AUDIOMETER TEST (School Year 1956 - 1957)

Pupils given the group test	1239
Pupils given an individual test	305
Old defects — 37. New defects — 33.	
Notices sent to parents	70

IMMUNIZATION PROGRAM

Diphtheria, whooping cough, tetanus	
Pupils given complete series	10
Pupils given boosters	103
Poliomyelitis Salk Vaccine	
Pupils given boosters	959
Teachers given boosters	55
Records show that 99.97% of the school population have received the necessary inoculations either at the clinic or by their family physician.	

PHYSICAL EXAMINATIONS

Pupils examined by school physician	432
Pupils examined by family physician	27
Pupils referred by school physician for further diagnosis and treatment	105
Pupils who completed referral by visiting family physician or clinic	40

REGISTRATION FOR ENTERING FIRST GRADE

Registration list		121
Social histories returned		116
Medical form returned		98
Family physician	84	
School physician	14	
Dental form returned		97
Family dentist	59	
Clinic dentist	38	
Birth certificates		114
Vaccination certificates		111

COMMUNICABLE DISEASE

Whooping Cough	3
Chicken Pox	60
Scarlet Fever	7
German Measles	6
Mumps	20
Influenza	Plenty

SPECIAL ACTIVITIES

A 16-week in-service course in Disaster Nursing attended.
Clothing collected and distributed.

Many pupils transported for eye and ear corrections, surgical care, orthopedic treatments and X-rays.

Classroom inspections made.

All elementary grade pupils and Grade 8 students weighed and measured.

Assistance given Miss Farren at Diphtheria and Polio clinics.
Interviews with principals, teachers and others regarding eye, ear and physical defects.

Respectfully submitted,

RUTH G. EVANS, R.N.,
School Nurse.

REPORT OF THE DENTAL HYGIENIST

Dear Mr. Goldman:

I herewith submit the annual report of the school dental clinic.

Pre-school examinations in June, 1957:

Number examined	35
Number with dental defects	27
Number with no dental defects	8

All pupils in grades one through twelve were given dental examinations by Dr. Fraser or me. A total of 1,315 examinations were made.

Mouths in good condition:

Grades one through six	241
Grades seven through twelve	172

Dental reports were sent home to all parents.

All pupils in grades two, five and eight were offered the opportunity to have their teeth treated with sodium fluoride.

A total of 247 accepted and 988 treatments were given.

Pupils in the first six grades were offered the opportunity to have their teeth cleaned. A total of 610 accepted and were completed.

The Thursday morning dental clinic schedule for Dr. Fraser has been arranged, dental work was completed for ninety-nine pupils and the money paid at the school office.

In September of 1957 the fee of fifty cents was raised to one dollar for each visit to the dentist for the first and second grade pupils.

The accepted method of tooth brushing has been demonstrated with a model in each classroom of the first six grades.

A dental health lecture has been given each day in one of the first six grades. Dental education material has been presented to teachers and pupils.

Six pupils from grades four through six received dental work outside the clinic and the approved estimates were paid from the dental fund.

I attended Health Education Class at Boston Teachers College through a scholarship given by Forsythe Dental School once a week for ten weeks. These proved interesting and instructive.

I wish to thank Dr. Fraser and all school personnel for their continued help and co-operation.

Respectfully submitted,

BLANCHE H. FLINT, R.D.H.,
School Dental Hygienist.

AGE GRADE TABLE — OCTOBER 1, 1957

Grade	Sex	Age																Totals

EAST BRIDGEWATER SCHOOL DEPARTMENT

East Bridgewater
Senior - Junior High School
GRADUATION EXERCISES

Class of 1957

Strong Field

Wednesday Evening, June Twelfth
at six o'clock

PROGRAM

PROCESSIONAL — Coronation March *Meyerbeer*
School Band

INVOCATION

Rev. Paul B. Zacharias

ADDRESS OF WELCOME

Robert Emmett McCarthy, Class President

BAND SELECTION — Kamennoi Ostrow

Anton Rubinstein

HONOR ESSAY — "There Shall Be No Night."

Paul Robert Morin

CHORUS — "Graduation Song"

Sherman

"The Lord's Prayer"

Mallotte

HONOR ESSAY — "The Triangle"

Robert Emmett McCarthy

BAND SELECTION — "You'll Never Walk Alone" *Rodgers*

INTRODUCTION OF GUEST SPEAKER

Stanley B. Goldman, Superintendent of Schools

GRADUATION ADDRESS — "The Buried Life"

Edward B. Hinckley

Executive Coordinator — The Dana Hall Schools

PRESENTATION OF AWARDS

Emery S. Loud, Principal

PRESENTATION OF DIPLOMAS

Ralph G. Bumpus, Chairman of School Committee

CLASS ODE — "The Sky And the Sea"

Words by Sylvia Jeanne Hashem

Music by Suzanne Elizabeth Gregoire

STAR SPANGLED BANNER — First Verse

(Audience stand and remain standing)

BENEDICTION

RECESSIONAL — Triumphal March

Verdi

School Band

NOTE: *The class will form a receiving line following the program.*

ANNUAL REPORT

and Recommendations

of the

Finance Committee

of the Town of

EAST BRIDGEWATER

For

ANNUAL TOWN MEETING

EAST BRIDGEWATER HIGH SCHOOL

AUDITORIUM

March 3, 1958, at 7 p.m.

It Is

IMPORTANT

That You Bring This Report to the Town Meeting.

PLEASE READ PAGES 2 AND 3 CAREFULLY

REPORT OF THE FINANCE COMMITTEE

To the Citizens of East Bridgewater:

The Departmental estimates for 1958 exceed those voted last year by about \$114,000.00. The amount of the warrant articles which call for raising funds out of the 1958 tax levy is about \$23,000.00 higher than last year. This makes a total of \$137,000.00 increase.

Assuming no appreciable net increase in taxable property in the town, and no change in the State reimbursement, this would mean a tax rate of about \$94.00. The Finance Committee believes that every reasonable effort should be made to keep the tax rate from getting out of hand, and, therefore, recommends amounts about \$9,000.00 less for the Departmental estimates and about \$28,000.00 less for the warrant articles.

The recommended decrease in Departmental estimates has been spread as much as possible over all departments, each bearing a share of this decrease. It is of course impossible to make any reduction in the maturing debts and interest item, which is the second-largest account.

The Schools account, which is the largest, is not subject to change by the town meeting. It should be pointed out here, however, that a considerable amount of the increase in the school budget is due to the need for additional teachers and supervisors to handle the increased number of pupils.

The principal items of increase in the requested \$114,000.00 increase in the Departmental Estimates are Schools, \$66,000, Maturing Debts and Interest, \$8,500.00, Charities, \$6,000.00, and Unclassified, \$9,000.00. The rest is scattered among the other principal departments.

The total amount to be raised by tax levy this year for all the warrant articles is approximately \$51,500.00, not in-

cluding the articles calling for a bond issue. This is nearly twice what was voted last year for warrant articles. The Finance Committee has disapproved six articles (Articles 15 and 18 as alternates and are counted here as one). These disapproved articles would require an expenditure of \$28,000.00, in addition to a bond issue extending for 15 years.

We believe the water extension on Washington Street (Articles 15 and 18) should be voted about two or possibly three years from now, because at that time the payments under Maturing Debts and Interest will have decreased by an amount about equal to the cost of carrying the bond issue for this work.

Item 14, Harvard Street water extension, was disapproved last year on recommendation of the Water Commissioners and because it was not included in the Whitman & Howard recommendations, we are again disapproving it this year.

Several highway and drainage articles have been approved as being badly needed. However, as to Article 31, it is recommended that this work on Central Street be done out of the Highway General fund.

Articles relating to painting and repairing the Town Office Buildings and Library are recommended in order to keep the buildings in reasonably good shape and thus avoid having to make extensive and costly repairs later.

Article 34 is similar to an article last year, and like that one it is primarily the proceeds from lending at interest the money received from the High School loan. Article 35 must be passed to cover an award of land damages.

BUDGET

The amounts in the last column are recommended by the Finance Committee

ARTICLES FOR THE TOWN MEETING WARRANT**Annual Meeting, 1958****East Bridgewater High School Auditorium****Monday, March 3, at 7 p.m.**

Article 1. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed in the Annual Town Report.

Article 2. To see if the Town will vote to adopt the same method for the collection of taxes as used in the year 1957.

Article 3. To see if the Town will vote to raise and appropriate the following sums of money for the purposes named and that pay raises be from Jan. 1, 1958.

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with General Laws, Chapter 44, Section 17.

Article 5. To see if the Town will vote to authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money on and after January 1, 1959, in anticipation of the revenue of the financial year beginning January 1, 1959, and to issue note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 6. To see if the Town will vote to determine the salary, wages and compensation of each elected Town Officer for the year 1958.

Moderator	\$50.00	Board of Welfare:	
Selectmen:		Chairman	\$200.00

ing, including car		Library Trustees	
Water Commissioners:		School Committee (except	
Chairman	300.00	clerk)	
Other Members, each	200.00		

Approved in Budget.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the reserve fund to be administered during the fiscal year by the Finance Committee, and that to meet said appropriation, a transfer of \$10,000.00 from the Surplus Revenue Account be authorized.

Approved.

Article 8. To see if the Town will vote to raise and appropriate a sum of money to provide quarters for the Fred Bates Morse Post No. 91, American Legion, and authorize the Selectmen to lease suitable quarters for said post.

Approved in Budget.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the proper observance of Memorial Day and Veterans' Day in the year 1958 to be expended under the direction of the Fred Bates Morse Post No. 91, American Legion.

Approved in Budget.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$800.00 to purchase a new police cruiser, and authorize the Selectmen to trade in the present cruiser car as part of the purchase price.

Approved.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 to construct a Field House on Strong's Field; said construction to be under the supervision of the Park Commissioners.

Disapproved.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$800.00 to convert two boilers from coal burning to oil fired, one at the Central Fire Station, and one at the Elmwood Fire Station.

Approved to save janitor expense.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$8,000.00 to buy or build and equip a brush breaker type of fire apparatus for use by the Fire Department.

Disapproved.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$8,500.00 to construct 1550 ft. of 6 in. cement-asbestos water main from the corner of Harvard and Pine Streets to the Whitman line; said work to be done by contract. By request.

Disapproved.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$60,000.00 for the continuation of construction of 7850 ft. of 12 in. cement-asbestos pipe, beginning where the Water Department left off in 1957 at the corner of Washington and Central Streets, to where the present 6 in. pipe ends at the Satucket River on Washington Street, and authorize the Treasurer with the approval of the Selectmen, to borrow the sum of \$60,000.00 and to issue notes to the Town therefor, said notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 15 years from the date of issue of the first note or at such earlier time as the Treasurer and Selectmen may determine; said work to be done by contract.

Disapproved.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to purchase a one ton dump truck and maintain same, said truck to be used by the Water Department, or take any other action relative thereto.

Disapproved.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$150.00 to send the Water Superintendent to the New England Water Assn. meeting to be held in Poland Springs, Maine, in which the Water Department is a member.

Approved.

Article 18. To see if the Town will vote to raise and appropriate a sum of money to replace the present 2 in. pipe running southerly from the junction of Washington and Central Streets, approximately $\frac{1}{2}$ mile, with 12 in. cement-asbestos pipe, as recommended by the Whitman & Howard water survey, and to issue notes to the Town therefor, said notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 10 years from the date of issue of the first note, or at such earlier time as the Treasurer and Selectmen may determine; said work to be done by contract, or take any other action relative thereto.

Disapproved.

Article 19. To see if the Town will vote to close the Town Offices the week of July 4th each year for vacation.

Article 20. To see if the Town will vote to rescind all previous votes regarding the election of the Tree Warden and to substitute the following: that the Tree Warden shall be elected for a term of three years beginning with the Annual Election in 1959.

Article 21. To see if the Town will vote to rescind all previous votes regarding the election of the Highway Surveyor and to substitute the following: that the Highway Surveyor shall be elected for a term of three years beginning with the Annual Election in 1959.

Article 22. To see if the Town will vote to authorize the Selectmen to sell at Public Auction, land on Central Street noted on the Assessor's Plans as follows: Plan 86, Lot 3, about 1 acre more or less.

Approved.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 of which the sum of \$1,000.00 shall be raised in the tax levy of the current year, and authorize that the balance of \$2,000.00 be transferred from available funds in the Treasury, for the purpose of resurfacing West Street under the provisions of Chapter 90 Maintenance, in conjunction with funds provided by the State and County, and upon receipt of reimbursement, to be returned to the Treasury.

Approved.

Article 24. To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, a sum of money for Chapter 90 Highway Construction, or take any action relative thereto.

Approved.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to paint and repair the Town Office Buildings.

Approved.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$323.00 to install the following street lights; one light on Belmont Street near the residence of Albert F. Richards; one light on Pole No. 5/9½ on Belmont Street; one light on Central Street near the residence of Kenneth Gourdin; one light on Plymouth Street near the residence of Richard Mansfield; two lights on Pond Street, one near the residence of Sidney A. Morey and one light near the residence of Harmon Boelsma; three lights on Washington Street, one near the residence of Wm. F. Hennessey, one light near the residence of Edward Lundberg and one light near the residence of James Cash; one light on Washington

Street corner Murray Road, near the residence of Walter Emery; one light on Whitman Street near the residence of Ralph Cooper; four lights on West Pond Street between Plymouth and Bridge Streets; three lights on Thatcher Street, and one light at corner of Highland Street and No. Bedford Street.

Approved.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to rebuild Leland Street from Thayer Ave. to Waterman Street, with a seal and penetrating coat.

Approved.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 to rebuild and drain Waterman Street from Leland Street to Shawnee Avenue, with a seal and penetrating coat.

Approved.

Article 29. To see if the Town will vote to raise and appropriate the sum of \$1,800.00 to rebuild Sherwood Circle with a seal and penetrating coat.

Approved.

Article 30. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to rebuild Springer Avenue with a seal and penetrating coat.

Approved.

Article 31. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to repair Central Street from the Hanson line to the residence of William Jahn.

Disapproved and recommended that this be taken from the Highway General Fund this year.

Article 32. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to rebuild five culverts; one culvert on Park Avenue near the residence of Henry Robak; one culvert on Belmont Street near the residence of Edmund

L. Reed; one culvert on Washington Street near the residence of Edwin J. Thomas; one culvert on Elm Street near the residence of Robert Ewing; and one culvert on Laurel Street. By request.

Approved.

Article 33. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for painting, repairs and purchase of storm windows for the Library.

Approved.

Article 34. To see if the Town will vote to transfer from Surplus Revenue the sum of \$25,000.00 to be applied against the current year's tax levy.

Approved.

Article 35. To see if the Town will vote to raise and appropriate the sum of \$1,675.00 to cover land damages incurred by Chapter 90 Highway Construction, on Washington St., East Bridgewater.

Approved.

Article 36. To bring in their votes on one ballot for the following Town Officers, viz. Moderator for one year, Town Clerk for one year, one Selectman for three years, one member of the Board of Public Welfare for three years, Treasurer for one year, Auditor for one year, one Assessor for three years, one Water Commissioner for three years, two members of the School Committee for three years, two Trustees of the Public Library for three years, one member of the Board of Health for three years, Highway Surveyor for one year, one Park Commissioner for three years, Tree Warden for one year, five Constables for one year, three members of the Planning Board for three years, and one member of the Planning Board for two years to fill an unexpired term.

The Finance Committee made distribution from the 1957 Reserve Fund as follows:

ANNUAL TOWN MEETING

Monday, March 3, 1958

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in elections and town affairs was held in the East Bridgewater High School Auditorium, Monday evening, March 3, 1958, at 7:00 p.m., under a warrant issued by the Selectmen and dated February 17, 1958. The meeting was called to order by the moderator, Forest W. Cousins, at 7:00 p.m.

The following action was taken upon the articles in the warrant:

Article 1. Voted: To accept the reports of the Town Officers and Committees and the Amendment verbal report of the committee appointed by the moderator under Article 25 of the year 1957 Annual Town Meeting to study chapters 80 and 83 of the General Laws. The verbal report accepted was: That the town vote to set up a committee to study the coming sewerage problem of East Bridgewater. This committee to be made up of the Board of Health, together with one member of the Planning Board, one member of the Water Commissioners, one member of the Board of Selectmen, such members to be determined by the respective Boards and the Town Counsel; and that the committee be authorized through the Planning Board to engage expert advice and assistance in making their study. The committee to make a written report of their study and recommendations for the 1958 Town Report.

This recommendation approved by the Board of Health, Highway Surveyor, Water Commissioners and the Board of Selectmen.

JOSEPH CHANDLER
ROBERT ALEXANDER
PHILIP CAREY
LAWRENCE BURRILL, Chairman
JOHN THORNDIKE, Town Counsel

Article 2. Voted: To adopt the same method for the collection of taxes as used in the year 1957.

Third Member	200.00
Tree Warden, \$2.00 per hour when work- ing including car	
Assessors:	
Daily rate of \$10.00 per day for time working for each member	
School Committee to serve without pay as in the past	
Clerk	100.00
The following to serve without pay as in the past: Park Commissioners, Library Trustees, School Committee (except clerk)	

Article 7. Voted: To raise and appropriate the sum of \$10,000.00 for the Reserve Fund to be administered during the fiscal year by the Finance Committee, and that to meet said appropriation a transfer of \$10,000.00 from the Surplus Revenue Account is authorized.

Article 8. To see if the Town will vote to raise and appropriate a sum of money to provide quarters for the Fred Bates Morse Post No. 91, American Legion, and authorize the Selectmen to lease suitable quarters for said post.

Approved in the budget.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the proper observance of Memorial Day and Veterans' Day in the year 1958 to be expended under the direction of Fred Bates Morse Post No. 91, American Legion.

Approved in the budget.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$800.00 to purchase a new police cruiser, and authorize the Selectmen to trade in the present cruiser car as part of the purchase price.

Not approved.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 to construct a field house on Strong's Field; said construction to be under the supervision of the Park Commissioners.

No action.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$800.00 to convert two boilers from coal burning to oil fired; one at the Central Fire Station and one at the Elmwood Fire Station.

Not approved.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$8,000.00 to buy or build and equip

a brush breaker type of fire apparatus for use by the Fire Department.

No action.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$8,500.00 to construct 1,550 feet of 6-inch cement asbestos water main from the corner of Harvard and Pine streets to the Whitman Line; said work to be done by contract.

No action.

Article 15. Voted: To raise and appropriate the sum of \$60,000.00 for the continuation of construction of 7,850 feet of 12-inch cement-asbestos pipe, beginning where the Water Department left off in 1957 at the corner of Washington and Central Streets, to where the present 6-inch pipe ends at the Satucket River on Washington Street, and authorize the Treasurer with the approval of the Selectmen, to borrow the sum of \$60,000.00, and to issue notes to the Town therefor; said notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 15 years from the date of issue of the first note, or at such earlier time as the Treasurer and Selectmen may determine; said work to be done by contract.

No action.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to purchase a one-ton dump truck and maintain same; said truck to be used by the Water Department, or take any other action relative thereto.

No action.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$150.00 to send the Water Superintendent to the New England Water Association meeting to be held in Poland Springs, Maine, in which the Water Department is a member.

No action.

Article 18. To see if the Town will vote to raise and appropriate a sum of money to replace the present 2-inch pipe running southerly from the junction of Washington and Central Streets, approximately one-half mile, with 12-inch cement-asbestos pipe, as recommended by the Whitman and Howard Water Survey, and to issue a note to the Town therefor; said notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 10 years from the date of issue of the first note, or at such earlier time as the Treasurer and Selectmen may determine; said work to be done by contract, or take any other action relative thereto.

No action.

Article 19. Voted: To close the Town Offices the week of July 4th each year for vacation.

Article 20. To see if the Town will vote to rescind all previous votes regarding the election of the Tree Warden and to substitute the following that the Tree Warden shall be elected for a term of three years beginning with the Annual Election in 1959.

Not approved.

Article 21. To see if the Town will vote to rescind all previous votes regarding the election of the Highway Surveyor and to substitute the following: That the Highway Surveyor shall be elected for a term of three years beginning with the Annual Town Election in 1959.

No action.

Article 22. Voted: To authorize the Selectmen to sell at Public Auction land on Central Street noted on the Assessors' Plans as follows: Plan 86, Lot 3, about one acre, more or less.

Article 23. Voted: To raise and appropriate the sum of \$3,000.00 of which the sum of \$1,000.00 shall be raised in the tax levy of the current year, and authorize that the balance of \$2,000.00 be transferred from available funds in the Treasury, for the purpose of resurfacing West Street under the pro-

visions of Chapter 90 Maintenance in conjunction with funds provided by the State and County, and upon receipt of reimbursement, to be returned to the Treasury.

Article 24. Voted: To raise and appropriate the sum of \$20,000.00, and to meet said appropriation, that the sum of \$5,000.00 be transferred from the proceeds received from the State under the provisions of Chapter 718 of the Acts of 1956, to meet the Town's share of the cost of Chapter 90 Highway Construction on Washington Street; and that in addition, the sum of \$15,000.00 be transferred from available funds in the Treasury to meet the State's and County shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to available funds in the Treasury.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to paint and repair the town office building.

No action taken.

Article 26. Voted: To raise and appropriate the sum of \$323.00 to install the following street lights: one light on Belmont Street near the residence of Albert F. Richards; one light on pole No. 59½ on Belmont Street; one light on Central Street near the residence of Kenneth Gourdin; one light on Plymouth Street near the residence of Richard Mansfield; two lights on Pond Street, one near the residence of Sidney A. Morey and one near the residence of Harmon Boelsma; three lights on Washington Street, one near the residence of William F. Hennessey, one light near the residence of Edward Lundberg and one light near the residence of James Cash; one light on Washington Street, corner Murray Road, near the residence of Walter Emery; one light on Whitman Street near the residence of Ralph Cooper; four lights on West Pond Street between Plymouth and Bridge Streets; three lights on Thatcher Street, and one light at corner of Highland Street and North Bedford Street.

Article 27. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to rebuild Leland Street from

Thayer Avenue to Waterman Street, with a seal and penetrating coat.

No action taken.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 to rebuild and drain Waterman Street from Leland to Shawnee Avenue with a seal and penetrating coat.

No action taken.

Article 29. To see if the Town will vote to raise and appropriate the sum of \$1,800.00 to rebuild Sherwood Circle with a seal and penetrating coat.

No action taken.

Article 30. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to rebuild Springer Avenue with a seal and penetrating coat.

No action taken.

Article 31. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to repair Central Street from the Hanson Line to the residence of William Jahn.

Not a vote.

Article 32. Voted: To raise and appropriate the sum of \$2,500.00 to rebuild five culverts; one culvert on Park Avenue near the residence of Henry Robak; one culvert on Belmont Street near the residence of Edmund L. Reed; one culvert on Washington Street near the residence of Edwin J. Thomas; one culvert on Elm Street near the residence of Robert Ewing, and one culvert on Laurel Street.

Article 33. Voted: To raise and appropriate the sum of \$1,500.00 for painting, repairs, and purchase of storm windows for the Library.

Article 34. Voted: To transfer from surplus revenue the sum of \$25,000.00 to be applied against the current year's tax levy.

Article 35. Voted: To raise and appropriate the sum of \$1,675.00 to cover land damages incurred by Chapter 90 Highway Construction, on Washington Street, East Bridgewater.

GEORGE J. FRAHAR,
Town Clerk.

ANNUAL TOWN ELECTION

Saturday, March 8, 1958

A meeting of the inhabitants of the Town of East Bridgewater was held in the Intermediate School Auditorium on Saturday, March 8, 1958, under a warrant issued by the Selectmen and dated February 17, 1958, to bring in their voters for the election of Town Officers.

Specimen ballots, penalty and instruction cards were posted. All requirements of the law were observed. The polls were declared open by the Moderator, Forest W. Cousins, at 8:00 a.m.

Two sealed cases said to contain 2,500 ballots were delivered to the ballot clerk.

The following ballot clerks, tellers and constable were sworn to the faithful performance of their duties by the Town Clerk.

SPECIAL TOWN MEETING

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in elections and town affairs, was held in the East Bridgewater High School, Michael J. McCarthy Auditorium, Tuesday Evening, June 17, 1958, at 7:30 p.m., under a warrant issued by the Selectmen and dated June 2, 1959. The meeting was called to order by the Moderator, Forest W. Cousins, at 7:30 p.m. The Warrant and Constable's return were read by the Town Clerk, George J. Frahar.

The following action was taken upon the articles in the warrant:

Article 1. A substitute motion was made by Philip E. Carey to take the place of the article in the warrant which read as follows: That the Selectmen meet with the Postmaster, the Planning Board, and the Industrial Development Commission and make plans for a suitable location for our new Post Office. This motion was carried by a voice vote.

Article 2. Voted: To authorize the Board of Selectmen to sell at public auction the Joseph Golub property located at Robins Pond; noted on the assessors' plans as follows: plan 4, lot 2-86.

Article 3. Voted: To raise and appropriate the sum of \$800.00 to convert two boilers from coal to oil fired, one at the Central Fire Station and one at the Elmwood Fire Station, and to meet said appropriation the transfer of the sum of \$800.00 from available funds in the treasury is authorized.

Article 4. Voted: To raise and appropriate the sum of \$300.00 for the Dog Officer Expense Account and to meet said

appropriation that a transfer of the sum of \$300.00 from available funds in the treasury is authorized.

Article 5. Voted: To raise and appropriate the sum of \$100.00 for the Board of Health Miscellaneous Account, and to meet said appropriation that a transfer of \$100.00 from available funds in the treasury is authorized.

Article 6. Voted: To raise and appropriate the sum of \$750.00 to hire a Board of Health Agent, and to meet said appropriation that a transfer of the sum of \$750.00 from available funds in the treasury is authorized.

Article 7. Voted: To authorize the Board of Health to hire one of its members as a Health Agent.

A true copy. Attest:

GEORGE J. FRAHAR,
Town Clerk.

SPECIAL TOWN MEETING

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in elections and town affairs, was held in the Selectmen's Room at the Town Office Building, on Monday evening, August 11, 1958, at 8:00 p.m., under a warrant issued by the Selectmen and dated July 28, 1958.

The meeting was called to order by the Moderator, Forest W. Cousins, at 8:00 p.m., and the warrant and constable's return were read by George J. Frahar, Town Clerk.

The following action was taken upon the article in the warrant:

Article 1. Voted: To amend Article 23, which was voted at the Annual Town Meeting held March 3, 1958, and substitute in place the words, "for Maintenance," under the provisions of Chapter 90, and voted to raise and appropriate the

sum of three thousand dollars of which the sum of one thousand dollars shall be raised in the tax levy of the current year, and authorize the balance of two thousand dollars transferred from available funds in the treasury, for maintenance, under the provisions of Chapter 90 in conjunction with funds provided by the State and County, and upon receipt of reimbursement, to be returned to the treasury.

A unanimous vote.

Voted to adjourn at 8:12 p.m.

A true copy. Attest:

GEORGE J. FRAHAR,
Town Clerk.

STATE PRIMARY ELECTION

Tuesday, September 9, 1958

Proceeding:

Pursuant to a warrant issued by the Selectmen and dated August 25, 1958, the State Primary was held at the Intermediate School Auditorium.

All preliminaries of the Law having been complied with, a receipt was obtained from the ballot clerk for three boxes said to contain two thousand seven hundred and thirteen Republican and nine hundred and thirty-three Democrat ballots.

The ballot box was examined and found to be empty and registered zero. The keys were delivered to the constable, William Kingston.

The following were sworn to the faithful performance of their duties:

Constable
William Kingston

Total	1,937
-------	-------

All records and tally sheets were sealed in open meeting.

Adjourned at 11:15 p.m.

A true copy. Attest:

GEORGE J. FRAHAR,
Town Clerk.

**YOUR ATTENTION IS CALLED TO THE
FOLLOWING**

All persons are respectfully requested to examine the following reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who is required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case. (See General Laws, Chapter 46, Section 13, as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record . . . facts relative to the births . . . in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and . . . shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report . . . if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed . . . A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. Any member or servant of a family in which a child is born, having knowledge of the facts required . . . shall furnish the same upon request of the clerk of the town . . . or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such a child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of birth as required by law.

GEORGE J. FRAHAR, Town Clerk.

OFFICE OF TOWN CLERK

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended :

Definition : "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

The license shall be in a form prescribed by the director, upon a blank to be furnished — by the county in which the town is located, and shall be subject to the conditions expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harrassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a

registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the Commonwealth may be accepted as evidence that the said operation has been performed.

GEORGE J. FRAHAR,
Town Clerk.

MARRIAGES RECORDED IN EAST BRIDGE- WATER FOR 1958

- Jan. 18 — Edmund M. Reilly of Randolph and Alice M. Keith of East Bridgewater.
- Jan. 25 — Robert L. Roskof of New York and Carol Silva of East Bridgewater.

Plymouth County Mosquito Control Project

Board of Selectmen,
East Bridgewater, Massachusetts

Gentlemen :

As commissioners of the Plymouth County Mosquito Control Project, we are submitting to your Board and the citizens of East Bridgewater, the annual report of the project as prepared by the superintendent.

With this our first full year of operation, we have attempted in a brief manner to be as comprehensive as possible in order that all of your townspeople will understand our activities and objectives.

Respectfully submitted,

HERBERT H. LANMAN, Chairman

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

With the appointment of the superintendent on January 1, 1958, your project activities were a reality, prospective personnel were interviewed and selected for employment, the essential automotive, spraying equipment and tools were requisitioned through the State Purchasing Bureau. At the close of the calendar year 1958, the following items of equipment were on inventory and represented an investment of approximately 25% of our first year's budget. Obviously these are not recurring items of expenditure and after the extensive use of all the control equipment this past summer their efficiency and durability would indicate many seasons of usefulness.

PROJECT EQUIPMENT

- 2 — Ford F-350 Platform Trucks
- 1 — Ford F-250 Platform Truck
- 2 — Ford F-100 Platform Trucks
- 1 — Ford F-100 Pick-up Truck

- 1 — Ford Ranch Wagon
- 1 — Todd Insecticidal Fog Applicator
- 2 — Model 8-E "Bean" Mist Blowers
- 2 — Model 44-K "Bean" Hydraulic Sprayers
- 1 — Model 44-A "Bean" 50 Gal. Tank Sprayer
- 1 — "Swing-Fog" portable Fog Applicator
- 1 — Power chain saw
- 2 — Transfer Pumps, power and hand types
 - Knapsack type sprayers and dusters
 - Various hand ditching tools
 - Various shop and field repair tools
 - Headquarters office equipment

PROJECT ORGANIZATION

For the most effective and economical operation, the county area assigned to this project was sub-divided into five work districts with two or more towns to a district. One project truck with a crew leader and a helper being assigned to each district, this unit was equipped with one or all of the following equipment, hydraulic sprayer, mist blower, fogging unit, knapsack type sprayers and dusters as well as necessary hand drainage tools.

Organized in this manner, the crew leader is able to familiarize himself with the problem spots in each of his towns, either by surveys, larval sampling or complaints. With available equipment, breeding areas were treated as they were located and a schedule of re-treatment set up. As anticipated the adult mosquito control work posed a problem this first season, with some equipment working on two ten hour shifts.

EASTERN EQUINE ENCEPHALITIS

With current findings pointing to the continued presence of this virus in this state, the cooperative research program has been continued by the Massachusetts Department of Public Health and the U. S. Public Health Service, with laboratory and personnel services of both Harvard and Tufts Medical Schools taking part.

The headquarters for the collecting and testing of possible hosts and vectors of the arthropod borne encephalitis

viruses has continued at the Myles Standish Hospital, Taunton, with a qualified medical entomologist in charge. Contributions of mosquito specimens, records of sampling and trapping are channeled to the research unit by this project as well as all others in eastern Massachusetts. While no human or horse cases were reported in 1957 or 1958, the serological tests during the past season for EEE virus and antibody did show activity in wild birds and domestic fowl.

After the frightening and tragic experience of 1956 the concern of the people in this county is a reality and in all of the planning and activity of your mosquito control project the threat of this disease has been considered a paramount obligation. At times the pressure from other sources was given secondary priority in order to maintain the "buffer" zone in and around the Hockomock Swamp.

As the project progresses, the increased drainage accomplishments will be a factor on the breeding control of the known or suspected vectors of EEE and thus prevent their general establishment throughout this country.

CONTROL PROGRAM

In a coordinated district mosquito control program the fundamental effort is aimed at the elimination of breeding areas, both by drainage and cooperation of the public to avoid creating numerous man-made breeding items where stagnant water persists. Where this is not possible, a periodic larviciding treatment is applied to prevent development of the adult (flying) mosquitoes.

With this definite target in mind, all of the early planning for control was concentrated in areas where such control would effect the most productive results to the greatest number of people in each of our municipalities. As our efforts are not restricted by town lines, an urban development in one town can be protected by control of contiguous breeding areas in the adjoining town.

AERIAL SPRAYING

The spring spraying was applied in April as a larval control measure in the fresh water woodland swamps, while the

total area covered was 30,000 acres, it represented only one-third of such areas in the district. This program should have given us adequate control of the spring brood, however, the abnormal rainfall of May and June resulted in a tremendous run-off at all swamps with the effectiveness of the insecticides rapidly lost.

With our concern over a possible outbreak of encephalitis we followed up on a re-spray of areas in and contiguous to the Hockomock Swamp. In our adult treatment by air or mobile equipment we concentrated our efforts on a "buffer" zone between the swamp and the urban areas of the several towns and the city of Brockton which were within normal flying range of the adult mosquito.

In addition to a few isolated spot sprays in rural areas we concentrated our adult control aerial applications west of route No. 18 where the residential sections were treated in July and August. Early in March we also applied insecticide dust by aircraft on 600 acres of woodland swamp south of West Street.

GROUND SPRAYING

This phase of the work includes the following operations, hand dusting on ice at small breeding areas not accessible except during safe ice conditions, hand and power spraying of breeding areas where drainage work is not possible. This latter operation in East Bridgewater involved the treatment of all storm sewer catch basins in mid-July and again in mid-August. In urban areas the stagnant water in these basins produce countless (*Culex pipiens*) which are the common household type mosquito.

In addition to the periodic larviciding work on wetlands with our power sprayer and hand pumps, we responded to complaint areas and known areas of out of doors civic activities with control by use of our mist blower and power insecticidal fog applicator.

DRAINAGE

With this phase of the work our number one priority, the heavy and persistent breeding this past wet summer prevented us from attempting any extensive efforts in this direction until after September 1st. This program being emphasized during the fall months.

The major effort completed to date was the cleaning and brushing of the natural streams that drain the areas from the Whitman line between Washington Street and Harvard Street through to Mill Pond.

PLANS 1959

Our program will follow closely to that which we conducted this past year, in most cases our efforts should be more productive for the following reasons:

1. The personnel have had one year's training and experience on mosquito control.
2. During the surveys and control treatment of 1958 we have mapped in many breeding areas, some of which were not known until late in the 1958 season.
3. We have identified the species breeding in many specific areas and will thus be better able to time our control treatments.
4. Our budget will permit the purchase of a crawler type tractor with power ditching units for use on fresh water and salt marsh drainage problems, we can then show progress that was not possible with hand tools.

Respectfully submitted,

WARREN G. HARDING,
Superintendent.

Report of Board of Health

Board of Selectmen,
East Bridgewater, Mass.

Gentlemen:

The Board of Health has been active in promoting increased health and sanitary services for the (townspeople) by inspections, laboratory analysis and Agent services available on any business day, if notified in advance of time required. There has been some increase in new home and industrial building over previous years. After a Public Hearing the Board ordered a piggery operation be stopped due to nuisance complaints. As result of this action the Town faces possible legal action by piggery operator for losses claimed by him in removal of all swine from premises.

As a State Plumbing Code is mandatory by State Law for towns of over 5,000 population, the Board has no choice except to put code into effect as soon as possible to prevent a fine of \$50.00 per month charged to the town for every month not in effect retroactive to August 1958 when law was adopted. By early acceptance of code and its operation, the Town will avoid this penalty. An open hearing was held in Selectmen's rooms for all interested parties on this matter. Mr. Lynch, Investigator for State Licensing Board of Registration of Plumbing, was present and answered all questions.

A meeting of the Board is held on the first Monday mornings of each month; Agent is at office 9:00-10:30 A.M. every Monday and usually all members are present at this time. Agent submits weekly record of work performed, a copy of which goes to Finance Committee. As members of Association of Southeastern Boards of Health and attending most meetings as well as Agent's calls at State House, it is possible to keep up with constantly increasing duties of local Boards of Health in various programs. An educational demonstra-

tion in bacteriology relative to water, milk and utensils was presented at school for 8th grade classes as considered advantageous for this age group.

The Board passed a local ordinance effective November 17, 1958, causing a charge of \$5.00 for each percolation test made in connection for an application for cesspool or septic tank permit for new homes; checks payable to Town to be turned in with application. This action was taken to help defray Agent's salary; a similar charge is made by other towns for this work. The hourly wages paid to slaughtering inspectors is collected in full from slaughtering establishments and paid to Town Collector. The fees for licenses issued are collected by Board and paid to Town Collector.

No charge is made for services of Agent in advisory capacity for repairs or addition to existing sewage disposal system. The purpose of Board is to protect property owners from unnecessary expense in providing adequate facilities to prevent nuisance and maintain Public Health standards.

Immunization clinics were held in the schools as usual with Visiting Nurses and School Nurse program.

Respectfully submitted,

DR. DONALD B. BANNERMAN, Chairman
PUTNAM STEELE, Clerk
ROBERT H. HALL

Report of the Tree Warden

To the Residents of East Bridgewater:

In the year 1958 tree removal prevailed, occupying the major part of our operations. A total of 143 trees were removed; 134 which were Elms claimed by the Dutch Elm Disease and 4 Oak, 3 Maple, 1 Linden, and 1 Pine which were removed because of their danger to life and/or property. A total of 61 Norway Maples were replanted along the town streets to replace some of the trees removed. Fifty of these trees replanted were purchased from a reputable nursery and 11 were obtained from the newly established town nursery. In the coming year the department hopes to increase the replanting of new trees along the town streets.

The town nursery, which has been established for one year, was properly cultivated and maintained during the past summer. In the fall new ground was tested, fertilized, and plowed and 185 trees of various sizes and varieties were purchased from reputable nurseries and planted on this site. This nursery now has about 425 trees of various sizes and varieties on its plot. In 2 or 3 years with the proper maintainance and systematic planting, the town nursery will become a great asset to the replacement of new trees along the town streets.

During the latter part of 1958 this department removed many unsightly stumps below ground with the use of a new machine called a stump chipper. This machine has proven to be economical in time and money and accomplishes a neat and dependable job. This operation of stump removal will continue in the coming year on stumps that are in dangerous locations.

Although the town did not encounter any hurricanes in 1958 the streets in the town were patrolled during or after a heavy rain or high winds to remove any fallen limbs that might have been a hazard to traffic.

Many low overhanging limbs were removed from streets and sidewalks, and cabling and pruning were done when necessary or upon request on street trees in various sections of town.

These operations will continue in the coming year as they have in the past 3 years.

I wish to express my thanks to my able workmen and town officials and departments, for it is only through their co-operation and understanding that we have progressed, and, I sincerely hope, have met the needs of our townspeople.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Tree Warden.

Report of Park Department

To the Board of Selectmen and Citizens of East Bridgewater:

We hereby submit our report for the year ending December 31, 1958.

The Park Department had a sufficient amount of money available from the Town as well as the Strong Fund to maintain Strong Field this year. The field was covered with a new fertilizer for grass and it worked out very well with plenty of new loam to fill the many holes that seem to arise each year.

The field was mowed each week and the diamond was kept up for good fast baseball. The Park was mowed and taken care of this year and we had our usual Christmas lights.

Under the supervision of the Park Department, we had Edward Benoit take care of the playground activities which were held at Central School playground, with a large number of children attending for the months of July and August.

Respectfully submitted,

RALPH G. CONNORS,
THOMAS E. O'BRIEN,
MAXWELL J. PEARSON,
Commissioners of
Park Department.

Report of the Moth Department

To the Board of Selectmen and the Residents of
East Bridgewater:

In the year 1958 the Moth Department, although hampered in many ways by the unseasonal weather, performed its usual duties. The mosquito problem this past year was handled capably by the Plymouth County Mosquito Control Project. Aerial spraying and the ditching of swamps was done in many parts of the town by this project. This organization also sprayed, by truck mounted fogging machine, areas of the town where heavy infestation of mosquitoes were reported by the residents. All mosquito complaints received by the Moth Superintendent were referred or forwarded to this project. In the future, mosquito control will be done by this organization in co-operation with the Moth Department.

The unseasonably wet spring and early summer prevented a complete tree spraying program. The usual dormant spray of 12% D.D.T. which, in the past, was applied to the town Elms in the spring, to help combat the Dutch Elm Disease, was not done because the unfavorable weather conditions made this spraying impractical. The foliage spray which is usually applied to all town trees in June was done only upon request. This was again due to the inclement weather. However, the department plans to carry on a rigid spray program during the coming year to control the Dutch Elm Disease and harmful tree insects.

The United States Department of Agriculture supplied the town with twenty-nine Gypsy Moth traps which were set out in various parts of the town and patrolled periodically during the summer months. There were a total of fifteen male Gypsy Moths caught in these traps which was a decrease of almost 50% from last year.

The combination of a motor driven spray outfit and a new spray material proved very successful this year for poison ivy spraying. Heavily infested areas, and, in some cases, the

entire length of a street on both sides were sprayed for poison ivy with excellent results. This spraying will continue during the coming summer in an effort to rid the roadside of this nuisance.

I wish to express my appreciation to my workmen, town officials, and departments, and to the townspeople for their co-operation and understanding in the past year.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Moth Superintendent.

Report of Water Commissioners

To the Honorable Board of Selectmen:

In the past year the Water Department has installed 38 new services and made 16 renewals.

The Department replaced 350 feet of four inch on Central Street making a continuous 6 inch line from the residence of William Jahn to the center of the town. In September the Department installed a 6 inch insertion valve at the corner of West Union and Central Street which will eliminate the necessity of shutting down a large area of the Town in case of a break. New markers are being installed at all hydrants which will protect them during the Winter months. Six hydrants have been replaced and gates installed.

The Water Department at present is maintaining 1389 services and we have nearly reached our goal of being totally metered.

The Board of Water Commissioners at this time wishes to thank all Town Departments for their cooperation during the past year.

Respectfully submitted,

ARTHUR W. ASH
WILLIAM F. HENNESSEY
JOHN J. CLARITY

Report of Town Collector

To the Honorable Board of Selectmen and the
Citizens of the Town of East Bridgewater, Mass.

Dear Sirs:

Rendered herewith for your attention is a condensed report of the Town Collector's Department for the calendar year of 1958.

Respectfully submitted,

H. W. COLLAMORE,
Town Collector.

REPORT OF THE TOWN COLLECTOR for the year ending December 31, 1958

RECAPITULATION — TOTAL RECEIPTS

Real Estate Taxes	\$536,240.34
Personal Property Taxes	76,570.01
Farm Animal Excise	669.42
Motor Vehicle Excise	71,775.25

Report of Public Health Nurse

Report of the East Bridgewater Public Health Nursing Association.

Miss L. Gladys Farren, Nurse

Mrs. Donald Oakley, Assistant Nurse

Office Hours: 9-9:30 A.M. and 4-5 P.M.

175 Central St. — Town Office Building

Telephone — DRake 8-2391

The Report of the Public Health Nurse for 1958:

Total number of home visits	2,297
Total number of patients	537
Nursing Service	891
Health Service	1,406
Total Clinics held	14
Well Child Clinics	10
Total Attendance	206
Immunization clinics for D.P.T.	4
Total attendance	228

Nursing service is available to all people in East Bridgewater, by request. A small fee of \$1.50 per visit is charged for this service if patients can afford to pay it. 440 visits were paid for this year by the patients.

All nursing service for those unable to pay, and all health service is credited to the town appropriation. 1857 visits were so credited.

Every effort is made to keep the nursing personnel aware of the latest medical developments and the local facilities for help and guidance through meetings and conferences with available experts.

This service is brought to you by the board of directors of the East Bridgewater Public Health Nursing Association, Bertha J. Barney, president.

Service permits issued	100
Water heaters	28
Electric ranges	9
Oil burners	22
Add wiring to existing locations	32
Rough wiring new homes	27
Not approved	14
Clothes dryers	17
Edison permits issued	138

Respectfully submitted,

LLOYD P. NORDHOLM,
 Inspector of Wires.
 East Bridgewater, Mass.

Report of Fire Department

January 12, 1959

Board of Selectmen:
East Bridgewater, Mass.

Gentlemen:

Herewith is my report for the year ending December 31, 1958. During the year the department responded to 109 calls, 64 box or whistle alarms and 45 still alarms. Included in these were 4 aid calls to other towns and 3 calls for the resuscitator.

Practice drills were held twice a month throughout the year. These drills consisted of instruction on operation and use of all fire fighting equipment, laying hose lines, different types of hydrant hook-ups and all phases of fighting fires.

All members of the department took a 12 hour First Aid course with Mr. Karl S. White of Brockton, a certified Red Cross First Aid Instructor, conducting the class. This course consisted of a two hour class one night each week for 6 weeks, with study lessons in the latest First Aid book being assigned each week for homework. At the end of the course all members completing five weeks or ten hours were issued First Aid instructor certificates.

During the summer the heating boilers at the Central and Elmwood Stations were converted from coal to oil and will result in a substantial saving to the town.

At the Central station there is:

1-1956 Maxim Triple Combination Truck capable of pumping 1000 gallons a minute and a water carrying capacity of 300 gallons.

1-1937 Buffalo Triple Combination Ladder Truck carrying 200 feet of ladders and capable of pumping 250 gallons per minute with a water carrying capacity of 110 gallons.

1-1947 Dodge Forest Fire Truck capable of pumping 200 gallons a minute and a water carrying capacity of 300 gallons.

1-1935 Chevrolet Forest Fire Truck capable of pumping 200 gallons per minute and a water carrying capacity of 150 gallons.

At the Elmwood Station there is a 1941 Seagraves Triple Combination Truck capable of pumping 500 gallons per minute and water carrying capacity of 110 gallons.

The department has 6400 feet of 2½ inch double jacket hose and 2700 feet of 1½ inch double jacket hose.

Once again I recommend the purchase of a water tank type truck for the use of the Fire Department. This truck carrying 600 gallons of water would be a very valuable asset at woods, brush and fires beyond our hydrant lines. Also this type of truck would give us an immediate supply of water to work with while hydrant lines were being hooked up and in many cases take care of the fire completely.

The Chevrolet Forest Fire Truck is fast reaching the stage where it is unsafe to drive and is likely to break down at any time. If we lost this truck it means answering grass and woods fires with the Maxim truck. This would not be economical; besides leaving only the Ladder truck in the station for any other emergency that might arise.

I would like to take this opportunity to thank the Honorable Board of Selectmen and the Finance Committee for their co-operation.

Respectfully submitted,

MANUEL T. SILVA,
Chief of Fire Department

Librarian's Report

To the Trustees of the Public Library:

The 74th annual report of the East Bridgewater Public Library for the year ending December 31, 1958 is herewith presented.

The plans made in 1957 for an expanded program of library service to the schools materialized in 1958. The High School branch of the Public Library began to function as a separate physical unit with the opening of the new building in January. Basic reference books and those on reading lists purchased over a period of years for school use were moved to the new High School Library. In addition, books purchased from funds provided by the School Building and Planning Committee were newly cataloged and added to the collection. The High School Library is open during the entire school day with Mrs. Grace Eastman, High School Librarian, in charge.

With the reorganization of the Central and Intermediate Schools it was necessary to open a new school library in the Intermediate School. Books above the fourth grade level were moved from the Town Hall and from the Central School Library to the Intermediate School Library. Due to the loss of our children's librarian the Central School Library was closed for six weeks. We were fortunate to have the assistance of Mrs. Amy Winsor in re-opening and conducting the library there until the close of school in June.

The Central School Library is now open each school day and the Intermediate School Library is open four days every school week, Monday through Thursday. Miss Joan Sawyer, Children's Librarian, is in charge of both Central and Intermediate School Libraries.

The cooperation and courtesy extended by everyone in the schools is most gratefully acknowledged as a prime factor in this first successful year of separate library service in the three schools.

Supplying books in all subject fields was an important and satisfying part of the work of the main Library. Miss Leah Canelli, Circulation Librarian, reported an increased use of serious periodicals and general technical books as well as science books. When the Library's own book stock was inadequate for the demands, books were borrowed from other public libraries and from the State Division of Library Extension.

If books are to be useful, they must be logically classified, and the card catalog, which is the key to the library's resources, must be an accurate tool. In 1958, Mrs. Margaret Mason cataloged 1474 books for the Library and an additional 662 for the High School Library purchased by the School Building and Planning Committee.

Through a special article voted at the annual Town Meeting, aluminum combination windows were put on the tower room and northeast side of the building; the lower hall was painted; and the Children's Room was repaired and painted. The downstairs area was greatly improved when the Children's Room and the adjoining rooms were painted in shades of rose with aqua trim.

IN MEMORIAM

With deep sorrow we record the death of Mrs. Esther Paine Moorhouse. During her 26 years as children's librarian she tirelessly gave her time and devotion to bring an appreciation of good books to our children, hoping that she was giving them a foundation for an enriched life.

Her loss is keenly felt not only by the children but also by all who worked closely with her.

Once again, the Library is grateful for the gift books, records, newspapers, and the periodical subscriptions it was given. The Library acknowledged these individually but it would like to say thank you again for these and for the many

tokens of good will which the staff received from borrowers. It is particularly appreciative of the continued interest of the groups who meet in the Library: The Great Books Discussion Group, the Garden Club, the Girl Scouts, and committees for various organizations.

I wish to thank you, the Board of Trustees, for the un-failing support which you have given me. To the Library Staff and to the Custodian, I express my appreciation of the contribution which each has made to the work of the Library as a whole.

Respectfully submitted,

ETHEL B. CHANDLER,
Librarian.

Plymouth County Aid to Agriculture

ROBERT B. EWING, County Agent-Manager

The Plymouth County Extension Service (Trustees, Plymouth County Aid to Agriculture), is located in the Court House, Brockton. In cooperation with the University of Massachusetts and the United States Department of Agriculture, it provides information to Plymouth County citizens dealing with the Home, 4-H Club Work, and Agriculture.

Increased requests for information about the Home and Home Grounds have come as more people move into our Plymouth County towns from the city. This information has been provided through meetings, news releases, radio, special activities, telephone, letters, etc.

Citizens of this town should realize that this is a service provided by the County, State, and Federal governments and large numbers of people are availing themselves of the opportunity to secure helpful information concerning the Home, Home Grounds, 4-H Club Work, and Agriculture. Requests for such information should be directed to the Plymouth County Extension Service, Court House, Brockton, Mass.

Funds for County Aid to Agriculture are derived principally from the County. Some Federal funds are also made available through the University of Massachusetts. Most towns in Plymouth County make a token appropriation which is used for the general expenditures of the Plymouth County Extension Service. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representatives in their respective towns.

The Board of Trustees, appointed by the Plymouth County Commissioners, administers the Extension Service program and is composed of the following members:

Gilbert Blackledge, Whitman, Chairman
 John Little, Marshfield
 Mrs. Harold D. Bent, Brockton
 Paul Lehtola, Bridgewater
 Maurice Makepeace, Wareham
 John Prentice, Plymouth
 Ralph McIlvana, Plympton
 Mrs. Roy Puddington, Hanson
 Mrs. Herbert Wydom, Brockton

Report of the Board of Appeals

To the Honorable Board of Selectmen:

Gentlemen:

We herewith submit the report of the Board of Appeals for the year 1958.

We have conducted hearings on 11 cases as follows:

5 petitions approved
 4 petitions disapproved
 2 petitions no action

and the decisions are on file at the Town Clerk's Office.

We wish to take this opportunity to thank the Town Counsel, Planning Board, Board of Health, Board of Selectmen for their cooperation and assistance. We also wish to thank Mr. Robert A. Leland and Mr. Karl S. Nordin, associate members, who have so ably substituted when a regular member could not attend.

Respectfully submitted,

EDMUND W. NUTTER, Chairman,
 EDWARD S. MATTHEWS, Clerk,
 JOSEPH M. CHANDLER,

Board of Appeals.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report of the duties I have performed during the year of 1958:

Scales and Balances:	A	S	NS	C
Over 10,000 lbs.		1	1	
5,000 to 10,000 lbs.		4		
100 to 5,000 lbs.	3	40	2	1
Under 100 lbs.	9	72	3	6

Weights	12	181	0	9
---------	----	-----	---	---

Capacity Measures (Liquids)

1 Gallon and under	0	8	0	1
Milk Tanks (checked)	0	3	0	0

Automatic Measures Devices

Gasoline Pumps	9	41	4	2
Oil and Grease Pumps	2	11	1	0
Kerosene	0	1	0	0
Tank and Truck Meters (oil trucks)	3	9	0	0
Linear Measures	0	3	0	0
Yard Sticks	0	8	0	0

Trial Weighing of Commodities up for sale.

Total tested	812	Units
Number correct	765	Units
Number incorrect	47	Units
Complaints answered	6	
Pedlars Licenses checked	21	
Pedlars Scales checked	19	
Junked Scales checked	2	
Coal Trucks checked	1	
Oil Trucks checked	15	

A — Adjusted
 S — Sealed
 N.S. — Not Sealed
 C — Condemned

I thank you for your cooperation during the past year.

Respectfully submitted,

GEORGE BARNEY,
 Sealer of Weights and Measures.

Report of the Dog Officer

To the Honorable Board of Selectmen:

Gentlemen:

The following is a report of my activities as Dog Officer for the year 1958:

Dogs killing chickens	6
Dogs killing cats	2
Dog complaints of disturbances	50
Unlicensed or stray dogs disposed of	51

I wish to express my appreciation to the Honorable Board of Selectmen, also to the Police Department, for their support in this work.

Respectfully submitted,

EDMUND D. KENNEALLY,
 Dog Officer.

Report of the Board of Selectmen

The year 1958 was for the most part a busy one for the Town of East Bridgewater. The problems which arose were mostly of a routine nature and decisions were made only after careful study and consideration to the mutual benefit to all concerned.

After the Christmas vacation, the School Dept. was able to move pupils into the new East Bridgewater High School building, which was ready for occupancy. Students were transferred from the Town Hall into the Intermediate School and the School Committee notified the Board of Selectmen they no longer had any use for the Town Hall property.

The Board of Selectmen wish to remind the townspeople that under the Zoning By-Law of the Town of East Bridgewater which became effective on May 22, 1956, an application must be filed with the Board of Selectmen for a permit to construct and occupy new homes. Applications also must be made to the Board for permits to make additions to present dwellings. Under this By-Law, we would also point out that trailers are not allowed except in Trailer Parks, but the Board of Appeals may issue a temporary permit for trailers situated outside of a trailer court or park, for a period not to exceed twelve months.

During the year, the Board met with several other Boards in order to fill vacancies, and the following appointments were made:

Mr. John J. Clarity, Water Commissioner, to fill the unexpired term of Mr. Cecil W. Hoyt.

Mr. F. Howard Drew, member of the Planning Board, to fill vacancy due to a resignation.

Mrs. Marla Fisher, member of the School Committee, to fill vacancy caused by the death of Mr. John B. Thorndike.

In May 1958, Mr. James E. Rogers, Postmaster, reported to the Board of Selectmen that a representative of the United States Government from Boston was recently in East Bridge-

water looking over possible sites for the erection of a new Post Office in East Bridgewater. The location where the Town Hall now stands was one that was considered desirable, so the Board of Selectmen called a Special Town Meeting for June 17, 1958 to obtain the sentiment of the townspeople on this location. The Article was brought up at the meeting and after some discussion, the motion was defeated. The cost to the Town for fire and liability insurance, etc., amounts to approximately \$1,000 per year; if a new Post Office was built, the amount received from real estate taxes would be in the vicinity of \$1,600 per year, which would mean a net gain of \$2,600 to the Town Treasury. We believe a Post Office on this site would be a means of relieving some of the traffic congestion in the center of the Town. At the suggestion of many interested citizens, we have again inserted the same Article in the Warrant for the Annual Town Meeting, and we believe it would be an asset to our community to have a new Post Office in the near future.

The Chapter 90 Highway Construction work was continued again this year on Washington Street, and we are asking for funds in 1959 to further this project. We think all will agree, it has greatly improved the travel on this street. The money allotted to East Bridgewater under Chapter 718 of the Acts of 1956, has been applied as the Town's share of the Chapter 90 Highway Construction work on Washington Street, so there has been no expense to the Town for this work during the past two years, and we anticipate using funds to be allotted in 1959 for the same purpose. We are asking for an increase in the amount of Chapter 90 Maintenance Funds for 1959 in order to keep our roads in the best possible condition.

On September 10, 1958 the townspeople were saddened to learn of the death of Mr. John B. Thorndike who had served the Town of East Bridgewater in several capacities since 1934. John was active in civic affairs and took over the Chairmanship of the School Planning and Building Committee on the death of Mr. Michael J. McCarthy in 1955. He followed along the construction of the new East Bridgewater High School very closely and spent many hours watching the progress of the

new building. John was a "real" friend to all who knew him and the citizens of East Bridgewater will sadly miss him.

Mr. John L. Keith, Town Treasurer for thirty years, resigned on December 1, 1958 due to ill health. He has served the Town faithfully and conscientiously, and his knowledge of town affairs and financing has proved to be very helpful over the years. Mrs. Marjorie L. Eaton, who has assisted John for several years, was appointed Acting Treasurer as of December 1, 1958.

In reference to the Town accepting Chapters 80 and 83 of the General Laws, as amended, the Board of Selectmen is not unmindful of the report accepted at the Annual Town Meeting on March 3, 1958 which reads in part as follows:—"That the Town vote to set up a committee to study the coming sewerage problem of East Bridgewater. This committee to be made up of the Board of Health, one member of the Planning Board, one member of the Water Commissioners, one member of the Board of Selectmen, and the Town Counsel, and that the committee be authorized through the Planning Board to engage expert advice and assistance in making their study. The committee to make a written report of their study and recommendations for the 1958 Town Report."

Due to the interest shown in the Urban Renewal Administration, we feel that we should delay action at this time pending report by Whitman & Howard, Engineering Consultants, who offered their services to compile all necessary information and statistics, free of charge. The Board of Selectmen have accepted the offer of Whitman & Howard to make this survey under no obligation to the Town.

Summary of fees collected by the Selectmen's office during 1958:

1 Club License — all alcoholic @ \$300.00	\$300.00
3 Package Store Licenses — all alcoholic @ \$200.00	600.00
1 Package Store License — malt and wine @ \$200.00	200.00

3 Common Victualer and all alcoholic license @ \$300.00	900.00
23 Special Licenses for sale of wine and malt beverages @ \$2.00	46.00
1 License to operate midget cars @ \$5.00	5.00
2 Class 1 — Seller's License @ \$25.00	50.00
7 Class 2 — Used Car Dealer's License @ \$10.00	70.00
3 Class 3 — Motor Vehicle Junk Licenses @ \$10.00	30.00
11 Common Victualer's License @ \$2.00	22.00
11 Sunday License @ \$5.00	55.00
2 Slaughter License @ \$1.00	2.00
1 Taxi License @ \$6.00	6.00
Renewal of License to Beaver School	1.00
Refund advertising fees paid for Public Hearings, etc.	65.90
Received from sale of Town owned land at Public Auction on November 22, 1958	1,454.50
Total	<u>\$3,807.40</u>

The Board wishes to thank all town officials, employees, committees, and citizens for their assistance and cooperation during the year 1958.

Respectfully submitted,

GEORGE A. RIDDER,
CHARLES L. LELAND,
JAMES E. O'BRIEN,
Board of Selectmen.

Report of the Chief of Police

To the Honorable Board of Selectmen:

The following is the report of activities of the Police Department for the year 1958:

Breaking and entering at night time and larceny	5
Drunkenness	13
Operating under the influence of liquor	10
Operating so as to endanger	10
Larceny of more than \$100.00	3
Malicious destruction of property	4
Operating after revocation of license	2
Suspension of licenses through Registrar	115
Using motor vehicle without authority	2
Complaints investigated	749
Emergency trips to hospital	106
Motor vehicle accidents investigated	33
Motor vehicle accidents	50
Disturbance	12
Stolen property recovered	\$750.00
Missing persons located	7
Business establishments, doors or windows found open and owner notified	43
Street lights out — reported	175
Summons served for other departments	87
Superior Court Cases	4
District Court Cases	31
Dogs hit by cars	18
Wires down and reported	60
Revolver permits issued	84
Individual transfer of motor vehicle sales reported	386
Suicide attempt	1
Committed to State Hospital	6
Warning through the Registry	142
Fatal accident	1
Accidental shooting	1

AWOL from Navy	1
Still destroyed by Federal, State and Town authorities	1
Juveniles run away	7
5 located by Police Department	
2 returned voluntarily	
Juvenile cases	16
7 were taken to court	
9 handled by parents and Police Department	
Number of telephone calls received by the Police Department during 1958	3,676

During the year the Police Department responded to all fire calls to assist in directing traffic and to protect call firemen in answering alarms.

Through the cooperation of the Board of Selectmen with the Chief of Police, there have been installed 4,000 lumen mercury vapor lights at the following dangerous intersections:

2 lights at intersection of Routes No. 18 and No. 106 — Elmwood.

1 light at intersection of Central and Washington Streets.

1 light at intersection of Oak and Franklin Streets, Routes No. 14 and No. 27.

3 lights at intersection of No. Central and Pleasant Streets — a very bad curve.

All of these intersections have been the scene of many traffic accidents, and since the installation of these lights, accidents have been greatly reduced.

Our Police Cruiser has traveled more than 100,000 miles during the past two years and should be replaced with a new car. Surrounding towns were very much interested in the way we were able to purchase a new police cruiser each year for such a reasonable price. This year the cost is going to be

much greater for a new car, plus the double expense of running same for more than one year. In view of the above, I sincerely hope the townspeople can see that it is an economical move to purchase a new police cruiser this year.

When hazardous road conditions were observed by members of the Police Department on their patrol, day or night, Mr. Raymond E. Tardie, Highway Surveyor, would be notified and he has been most cooperative in sanding bad intersections, patching holes in the road, and placing barricades and lights after accidents, where needed. During severe storms where falling trees and dead limbs were a menace to the highway, the Police Department would contact Mr. August J. Dube, Jr., Tree Warden, who has responded at a minute's notice; also several breaks in the water mains were noticed and reported to Mr. Lyman Howard, Water Superintendent, and the situation was taken care of immediately.

I want to thank Mr. Henry B. Belcher, Civil Defense Director, C. D. Captain, Mr. Robert Titterington, and all members of the Civil Defense Auxiliary Police for cooperating and assisting the Police Department on Fourth of July, field days, lawn parties, football games, Halloween, etc.

Also I wish to take this opportunity to thank all members of my Department, Board of Selectmen, Town Officials and townspeople, for the courtesy and cooperation they have extended to me during the past year.

Respectfully submitted,

WALTER A. BENOIT,
Chief of Police.

Report of Planning Board

To the Board of Selectmen and the Citizens of the
Town of East Bridgewater:

Your Planning Board has had another very active year as the following report will show, and feel that a great deal has been accomplished for the town during the year 1958.

At the annual March election, two members were elected to the board, namely Sidney F. Dixon and Jacob Stengel. Mr. F. Howard Drew was appointed by the Board and the Board of Selectmen to fill a two year vacancy on the board.

Following the adoption of the Zoning By-law the Planning Board and the Town entered into a program in co-operation with the Federal Government in the preparation of a Master Plan for the Town. The progress and quality of the work on the Master Plan was approved by the Department of Commerce of the Commonwealth.

Since the preparation of a Master Plan is a mandatory provision under the Municipal Planning Law, the East Bridgewater Planning Board is fulfilling this requirement.

Over one hundred and fifty cities and towns of 25,000 population, or less, have either prepared Master Plans or made application for the preparation of the same under this program. It indicates that there is a real value in the work of the Planning Board.

Most towns are anxious to secure more industrial development to help in the tax rate, and industrial developments rarely locate in communities without a Master Plan and a Zoning By-law.

In March an organization meeting was held with the following officers being elected:

Robert B. Alexander, Chairman
Elmer S. McCarthy, Vice Chairman
Elmer B. Hayes, Clerk

Building in town has again this year been very active as permits were issued by the Board of Selectmen for ninety-six constructions which were in the following classifications (this figure only includes permits up to December 8th inclusive) :

- 31 dwellings.
- 10 garages.
- 24 additions to existing buildings.
- 2 barns.
- 2 greenhouses.
- 1 utility building.
- 5 porches.
- 10 garages and breezeways.
- 1 swimming pool.
- 1 dwelling moved into town.

Mr. Nord W. Davis, our Consultant under the Master Plan program, has attended eleven of our meetings this year and rendered valuable assistance in our work.

Regular meetings have been held on the fourth Monday of each month with special meetings being held when required, as in previous years.

During the year we have met with the Board of Selectmen to discuss enforcement of the zoning by-law and the appointment of an enforcing officer as was provided by the action of the voters at the March meeting and included in the budget; and on violations of the zoning by-law.

We have met with the Town Counsel discussing existing trailer problems and permits.

The Department of Commerce has been supplied with an Enumeration Map which was divided into seven districts for later use for the 1960 Federal census.

Our chairman met with the School Committee and made available to them many statistics and population trends for the town's benefit in school surveys and offered the services of members of our Board for an explanatory assembly on zoning and planning in relation to their civics and problems of democracy courses taught in school.

In July we met with the Board of Selectmen, Industrial Committee, Postmaster and Chief of Police regarding location of a new post office, at which time the Planning Board suggested that the new post office location be tied in with the Urban Renewal program. In connection with this meeting Mr. Leo Young from the Mass. Department of Commerce, Division of Planning, met with our Board, after viewing the general area of the proposed Urban Renewal Site, and enumerated in detail the available programs of both State and Federal Governments and reviewed the necessary steps to qualify for said Grants.

In the month of October Mr. Stuart DeBard, Legislative Representative of the Mass. Federation of Planning Boards, attended our meeting to render legal advice regarding zoning by-law and subdivision control violations. Our Board and Mr. DeBard met for a lengthy discussion with the Board of Selectmen and the Town Counsel concerning these violations.

Upon request of several local business men the Planning Board contacted the New York Regional Office of the H.H.F.A. Urban Renewal Administration to ascertain information on redevelopment of the business section of our town. Mr. Charles J. Horan, Director, sent Mr. Robert Groberg to a public meeting, called by the Board of Selectmen, for the town officials and business men and held at the Intermediate School. Mr. Groberg explained the mechanisms and procedures of Urban Renewal in a general way and stated at the meeting that a formal application and request for a grant should be made immediately by the Town. Following this meeting the Planning Board was contacted by Whitman and Howard, Engineering Consultants, who offered their services to compile all necessary information and statistics, free of charge, to complete this application by the Town, if so requested by the Board of Selectmen.

Several members of the Board have attended Region 5C meetings, one in Holbrook, one in Cohasset and one in Foxboro. The topic of discussion in Holbrook was Capital Budgeting, in Cohasset, Lane Use Maps and in Foxboro, the latest proposed legislation was discussed and also subdivisions.

During the year six lots were approved in the Holbrook Terrace development, four lots were approved in the Batti Circle development (provided that all water mains be 6" and not 2"), seven lots in the Malbrick Heights Development were approved and four lots in the Oakwood Park development.

Our Board signed twenty-five plans during the year which were under the "subdivision control law not required" classification in that they were located on existing public ways.

At this time we wish to express our appreciation for the co-operation given us by the Board of Selectmen and all other town officials as well as the townspeople.

Respectfully submitted,

ROBERT B. ALEXANDER, Chairman
 ELMER S. McCARTHY, Vice-Chairman
 ELMER B. HAYES, Clerk

 East Bridgewater Planning Board

Report of the School Planning and Building Committee

On April 27, 1958, an open house was held at the High School building to give the public an opportunity to inspect the new building. During the open house, the auditorium was formally dedicated as the "Michael J. McCarthy Auditorium" in honor of Mr. McCarthy who acted as Chairman of the Committee until his untimely death. A copy of the program for the open house and dedication is appended to and made a part hereof.

Prior to the open house, the building had been used by the School Department for school purposes and has now been in use for a year. For all practical purposes it is now complete. The building, as proven by this test of use, complies with the plans, specifications and requirements of your Committee.

The building has also been used for several functions, both School and Town, in which the auditorium, gymnasium and cafeteria have been used severally or in conjunction with each other. The number of people attending these functions have made apparent to your Committee, as it must be to the public, the wisdom of including these facilities in the building.

During the past year, the Committee has had regular meetings and its work has been in the completion of the landscaping, the securing of needed equipment, and the adjustment of the many details that occur in a building of this size.

The overall cost of the project has been kept within the appropriation voted by the Town, a fact which must be as gratifying to the Town as it is to the members of the Committee.

Again the Committee has been saddened by the death of its Chairman, Mr. John B. Thorndike, a conscientious and hard working public servant, who gave freely of his time during the construction of the building. Mr. Edmund W. Nutter, who had been serving as Vice-Chairman, was named by the Committee to succeed him.

There are a few items to be completed and some equipment to be purchased before the Committee can make its final report. However, this can soon be done, and the Committee feels that the erection of this building has been a step forward and a distinct addition to the Town.

Respectfully submitted,

EDMUND W. NUTTER, Chairman

High School Student Council and the four classes.

RUB DOWN TABLE FOR THE ATHLETIC DEPART-
MENT — presented by the Boosters' Club.

DONATION OF MONEY — by the Parent-Teachers'
Association for needed equipment.

Report of the Inspector of Animals

Honorable Board of Selectmen:

Gentlemen:

During the year 1958 I have inspected 484 Head of interstate cattle. During 1958 all cattle in this town have been tested by State and Federal Governments for Tuberculosis with no reactors. They have also been tested for Brucellosis with less than $\frac{1}{2}$ of 1% reactors.

On my annual barn inspection, I found them to be in satisfactory condition with one less herd.

Respectfully submitted,

HARRY W. KINGMAN, D.V.M.,
Inspector of Animals.

Report of the Board of Public Welfare

We herewith submit the following report of the various categories of assistance administered by the Board of Public Welfare for the year 1958.

OLD AGE ASSISTANCE

The number receiving Old Age Assistance has remained constant throughout the year. A total of \$56,196.85 was expended under this program. From this amount \$41,824.90 was paid in regular grants, \$13,216.55 was paid for medical service and supplies, and \$1,155.40 was paid to other cities and towns for East Bridgewater settled cases. The Town received \$23,611.69 in Federal Grants. The Commonwealth reimbursed the Town \$23,644.95. A total of \$764.88 was received from other cities and towns for their settled cases residing in East Bridgewater and \$1,000.00 was received from an individual.

AID TO DEPENDENT CHILDREN

There was a substantial increase in the expenditures under the Aid to Dependent Children program. This was due to the number of cases being aided increasing from four to eleven, or a total increase from 10 to 24 individuals. In all of these cases the assistance being rendered by this department is supplementing other income. In order to obtain the contributions which the program is supplementing, much time and effort was spent by the department in casework and subsequent court action. The total expenditure was \$7,902.93 of which \$6,618.21 was in regular grants and \$1,284.72 was for medical assistance. \$3,907.20 was received in Federal Grants, and the Commonwealth reimbursed the Town \$2,227.68.

DISABILITY ASSISTANCE

There was little change under this program during the year. A total expenditure of \$6,520.07 was made, of which \$4,345.20 was in regular grants and \$2,174.87 was for medical needs.

The Federal Grant was \$2,181.30 and \$2,831.23 was reimbursed by the Commonwealth.

GENERAL RELIEF

Assistance granted under the General Relief program during the year showed a considerable increase. This was primarily due to two reasons: unexpected hospital expenses and needed assistance for several large families who were residents of the Town temporarily.

A total of \$7,814.27 was spent under this program of which \$39.80 was paid to another town for an East Bridgewater settled case. The Commonwealth reimbursed the Town \$1,431.15 and \$569.41 was received from other cities and towns for their settled cases living in East Bridgewater.

Respectfully submitted,

HAROLD F. DOHERTY, Chairman

HARWOOD S. MOSHER, Secretary

RICHARD B. LELAND

Report of the Industrial Development Commission

To the Board of Selectmen and the Citizens of the Town of
East Bridgewater:

Six meetings were held during the past year. Mr. Herbert Tyler resigned and we were fortunate in getting Mr. Richard S. Mansfield to take his place. In December we lost the services of our hard working Chairman, Mr. Joseph E. Rochette, and we are hoping to get a new member with as much "get up and go" as Joe has, to take his place.

During the year, members of our group attended meetings at Lakeville, Abington and Bourne sponsored by the Regional Industrial Development Commission of Massachusetts.

The highlight of the year was the Industrial Exposition held at the Brockton Fair Grounds in September. We were very fortunate in getting Mr. George H. Berger, President of the Eastern States Steel Products Corporation, to take over the Chairmanship of the East Bridgewater Group. As a result of the fine job Mr. Berger did on the project, East Bridgewater was well represented and all available space for exhibits being taken. In fact, had more space been available, it would have been used.

Looking forward to another year of progress for our Town, we respectfully submit our report.

HARVEY A. WILBER, Secy.
ELMER McCARTHY
GEORGE D. LEAVITT
RICHARD S. MANSFIELD

Industrial Development Commission

Report of the Department of Veterans' Services

To the Honorable Board of Selectmen and the
Citizens of East Bridgewater:

During 1958 all of our veterans and their dependents who filed applications for assistance under Chapter 115 of the General Laws and qualified for such assistance have been granted benefits as the laws will allow.

In comparison with 1957 cases under Chapter 115 of the General Laws increased at least $\frac{1}{3}$ again due to various reasons: the slight recession in the first part of 1958 and increased medical expenses. Expenditures for subsistence allowances amounted to \$16,533.75, medical expenses \$3,699.61, making a total of \$20,253.36 for 1958. These expenditures covered veterans and their dependents of the Spanish War, WW I, WW II and the Korean War.

Contacts with the Veterans Administration for Federal Benefits such as widow's pensions, non-service connected pensions, compensation claims, burial, schooling, insurance, G.I. Home Loans, hospitalization and various others have been made during 1958. This type of work with the Veterans Administration has been increased over 1957.

We have been successful in more than 90% of our contact claims with the Veterans Administration and appreciated the help from the State office of Veterans Services headed by Commissioner, Charles N. Collatos and his capable staff at 3 Beacon Street, Boston.

Many other types of claims and problems have been handled during the year including Workmen Compensation claims for those veterans injured on the job and claims with U. S. Department of Labor, U. S. Civil Service Commission and the Mass. Department of Civil Service.

Many of the original G.I. Benefits for WW II Veterans have now expired. However the Housing Act to stimulate residential construction, Public Law 85-364 enacted April 1, 1958, extends the guaranteed and direct G.I. loan programs from the former expiration date of July 25, 1958 for two years — to July 25, 1960 for WW II veterans. Korean veterans' eligibility for home loan runs until February 1, 1965. On April 4, 1958, the 2% down payment requirement on guaranteed Federal mortgage loans to veterans was abolished. However, a veteran will still have to pay his closing costs — the cost for attorney's fees, title, insurance and similar items.

In view of the increased case work and general claims the Veterans Administration we have changed the office hours at the Town Office to Wednesday at 7 p.m. to 10 p.m. in order to have the remainder of the week for investigations and setting up of claims before vouchers for payments are submitted on Mondays to the Selectmen's office.

Contact with the Department may be made during the day by visiting the office on the second floor and leaving word with the secretary. Office Tel. DRake 8-2581.

Respectfully submitted,

PHILIP E. CAREY,

Veterans' Agent.

Report of Highway Surveyor

To the Citizens of East Bridgewater:

I hereby submit my report for 1958.

Street oiling was done as has been the custom in past years.

Maintenance work under Chapter 90 was done on West, Old Plymouth, Plymouth, and Washington Streets.

Since appropriations for Waterman Street, Leland Street, Springer Avenue and Sherwood Circle were not considered at the annual meeting in 1958, I am again recommending that such appropriations be voted so that needed repairs be made on these streets.

Sand has been left at convenient places for public use in hazardous winter driving. Streets have required more than the usual amount of sanding because of ice. This department has been notified of danger spots through the courtesy of the police department and has made every effort to cooperate with that department.

Respectfully submitted,

RAYMOND E. TARDIE,

Highway Surveyor.

Report of Town Treasurer

To the Board of Selectmen and the Citizens of the
Town of East Bridgewater:

Total Disbursements		1,501,023.09
		<hr/>
Cash on Hand December 31, 1958		\$267,504.09

During the year we borrowed \$150,000.00 in anticipation of revenue notes.

The detailed list of receipts and disbursements are itemized in the Auditor's Report.

Respectfully submitted,

MARJORIE L. EATON,

Acting Treasurer.

Balance Sheet

For the Year Ending December 31, 1958

SCHOOL CALENDAR 1958 - 59

Fall Term	September 3 — December 19
Winter Term	January 5 — February 20
Spring Term	March 2 — April 17
Summer Term	April 27 — June 20
Fall Term (1959-60)	September 9 — December 23

NO SCHOOL SIGNAL

- (1) 7:00 A. M. Whistle at Edison Plant. No school, all schools, all day.
- (2) 7:45 A.M. Whistle at Edison Plant. No elementary school all day.
- (3) Notices regarding "no school" will also be given over Brockton Radio Station WBET and over Boston Radio Station WBZ.

SCHOOL ADMISSION AGE

Any child who becomes six years of age on or before September 1st will be eligible to enter the first grade without any test. Those children who will become six years of age between September 1st and January 1st of that year may take a readiness test which will be given the first week in June. Parents will be given ample notice regarding the time and place of this test.

MEETINGS OF THE SCHOOL COMMITTEE

Regular meetings of the School Committee are held in the High School Building the second and fourth Wednesdays of each month at 8:00 P. M.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of East Bridgewater:

The year of 1958 has been one of progress and accomplishment for the schools of East Bridgewater. The reorganization of the entire school system engendered by the occupation of the new high school building produced many difficult and perplexing problems which have been resolved by your School Committee to the best interests of the entire school system.

The administrative staff and teaching corps are to be congratulated for their cooperation and the efficient manner in which they carried out their duties in effecting the change over.

The East Bridgewater school system is now operating under the 4-4-4 plan. Grades 1 through 4 occupy the Central School, grades 5 through 8 are housed at the Intermediate School and grades 9 through 12 are in the new High School. The Central and Intermediate schools are both being taxed to their utmost capacity in an effort to accommodate the pupils at those levels. An addition of at least six rooms to the Central School is needed immediately if double sessions are to be avoided and if we are to maintain the 4-4-4 system.

Much progress has been made in adopting the old high school building to meet the requirements of the intermediate pupils now occupying it. The shop, laboratory and household arts rooms have been made into classrooms. The auditorium-gymnasium has been refinished and new auditorium chairs purchased and many of the classrooms and corridors have been painted. A new oil burner was installed and the heating system renovated. The Committee also has plans for enlarging the cafeteria and improving the girls' shower room, this work to be undertaken during the coming summer vacation period.

The Central School has also been kept in top condition. Such interior painting as necessary was done and flood lights were installed to better illuminate the driveways.

In order to better promote the safety of the elementary pupils at the Central School your School Committee met with the Safety Committee of the Parent-Teacher Association and discussed ways and means of eliminating safety hazards. One of the results of this meeting was to have the police officer on traffic duty at the Central School and keep all private cars out of the school yard while busses are loading or unloading.

The transportation of school pupils continues to be a problem. Scarcely a meeting passes without a request for special or additional transportation. The School Committee follows the recommendations of the State Department of Education regarding the transportation of pupils and has established regulations in conformance with them. It must be realized that a concession in one individual case means that the entire system would be exposed to innumerable, additional requests. The citizens of the Town should realize that any increase in mileage means an increase in costs.

The School Committee, after meeting with the Teachers Salary Committee, has revised the existing salary schedule to compare more favorably with the schedules of other towns in our area. A new policy was established by your School Committee concerning annual increments and salary revisions. Henceforth, all such increments and revision will become effective September 1 instead of January 1 thus making the salary schedule conform with the school year.

The members of your School Committee, like all citizens of the Town, were saddened and shocked at the untimely death of our fellow member, Mr. John B. Thorndike. The loss of Mr. Thorndike will be keenly felt by the East Bridgewater school system. His good judgment, fairmindedness and long experience as a School Committeeman played a large part in the attainment and the maintenance of the high standing the East Bridgewater schools hold in the educational field.

The policy of your School Committee is to give the best possible educational opportunities to each pupil in the school system at the lowest possible cost to the citizens of East Bridgewater.

The School Committee wishes to express its appreciation to the entire personnel of the East Bridgewater School Department for their faithfulness in carrying out their duties and their diligent efforts which have brought our school system up to the high level it now holds in the educational field.

This year, as in the past, the members of the School Committee express their appreciation for the aid, suggestions and donations so generously given by the Parent-Teacher Association, the Boosters' Club, the Commercial Club, the Kiwanis Club, the Woman's Club, the Junior Woman's Club, the American Legion Post 91 and Auxiliary and many other civic-minded organizations and individual citizens in the Town.

The members of your School Committee express their appreciation for the cooperation, interest and goodwill of the citizens of East Bridgewater, as the success of any modern school system is dependent to a great extent upon these factors.

Respectfully submitted,

THE SCHOOL COMMITTEE

Ralph G. Bumpus, Chairman
Eleanor A. Doherty, Secretary
A. J. Bradford Alexander
Brewster W. Fuller
Albin S. Rock
Marla E. Fisher

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and
Citizens of East Bridgewater:

It is a pleasure to submit my annual report as your Superintendent of Schools.

The greatest problem facing us at the beginning of the year was alleviated with the moving of grades 9-12 into the new High School. The very desirable arrangement of a 4-4-4 system was put into operation. The problem, however, of housing the elementary grades in the future looms before us.

Regular staff meetings were held throughout the year. Curriculum revision was undertaken and will continue for as long as seems advisable. Arithmetic, Reading and Science Workshops were conducted for the teaching staff.

It is our purpose in working on curriculum to have an integrated program for all grades and to have the best articulation from grade to grade we possibly can. What we aim for is a series of unified, unrepetitious, educational experiences continuing through twelve grades. These experiences should contribute to the result that: "Every boy and every girl be given every possible opportunity to develop those attitudes, skills, ideals and abilities which will enable them to become of greatest service to their fellow man and a source of worldly satisfaction to themselves."

The school staff was enlarged significantly during the year due to increased pupil enrollment. Resignations were also responsible for changes in personnel.

Resignations

Frank V. Werme, Mathematics
Norman O. Burgess, Science
Anita P. Dardano, Business

Joan E. Sawyer, Grade V
 Dorothy V. Coogan, Art
 Ruth G. Evans, Nurse
 A. Francis Drew, Secretary

Appointments

Thomas F. Williams, Mathematics
 David A. Harvey, Science
 Charles G. Gustin, Business
 Marion R. Farrar, Home Economics
 William J. Leanues, English and Literature
 John J. Colford, Grade VI
 Donald F. Wood, Grade VI
 Marion M. Graffte, Grade VI
 Claire L. McAfee, Grade V
 Elizabeth M. Murphy, Grade II
 Dorothea E. Barney, Grade I
 Elaine T. Rosenthal, Art
 Ruth E. Snow, Nurse
 Alberta S. Poole, Clerk
 Rosemary Baggia, Clerk

Again this year may I repeat that parental encouragement at home will improve the quality of the education of the child. Those pupils in grades 9-12 who are preparing for college should average a minimum of 180 minutes in daily home study.

The School Department has been without a Driver Training car during the months of September through December as a result of the regular supplier's change in plans. A second supplier was hospitalized with a serious illness shortly before the opening of schools in September and a delay in car delivery resulted. A change pending in the car dealership has further complicated the matter. All efforts to have a car furnished by an authorized dealer have failed to this point.

East Bridgewater schools were honored by visits from several department heads of the State Department of Educa-

tion. All reports of these visits were favorable. And in November further honors were bestowed upon our educational system by the assignment of a Fulbright Scholar to study our system for a six weeks period early in 1959.

The school day has been lengthened providing us with an opportunity to add to our learning levels.

I wish to thank the members of the School Committee, the School Planning and Building Committee, the school personnel, the many civic organizations and the public in general for their continued co-operation and interest in our schools.

Respectfully submitted,

STANLEY B. GOLDMAN,

Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Mr. Goldman:

I am pleased to submit my report as principal of the High School.

We have occupied our new High School for one full year and can show the following changes. We have resumed classes in cooking and sewing. Our physical education program provides two periods weekly for all students not excused for medical reasons. Our school library provides unexcelled opportunities for reading and research. The new musical suite provides improved facilities for that phase of our curriculum. Our new building offers improved laboratories including one for General Science and excellent facilities for Art and Mechanical Drawing. Our shop facilities are also greatly enlarged and improved. These changes have enabled us to strengthen our daily programs.

We are, however, faced with a problem which no new building nor added facilities can solve. That problem is the improvement of learning, the development of a genuine concern for intellectual achievement. The newspapers and periodicals, radio and television have been stressing the need for better schools, better teachers, higher salaries, and aid to deserving students especially in the fields of science and education. These are only partial answers.

The world today is crying out for educated leadership. A college degree is a must in the essential areas of science and the humanities. Colleges are attempting to screen from their many applicants for this degree the best qualified. While many things are considered, the three now considered most important are the school record, aptitude and achievement scores as shown by the College Entrance Examination Board or similar tests, and the recommendation of the school authorities.

School grades and scholastic aptitude are the product of three forces: inherent ability, intellectual growth, and the will

to work. The schools can only assist with the latter two of these forces. They must foster a constant intellectual growth and the will to work through the twelve year span of the child's life over which they have partial jurisdiction. The term partial means that other forces are involved. The most important of these is the home. Only through complete cooperation of school, child and home, and the willingness of all to put first things first, can maximum success be obtained.

In order that the school may best do its part a three point program is essential. First, we must determine if our educational philosophy is geared to meet current needs. Second, our courses of study must be revised and brought into line with our philosophy. Third, our whole program must undergo a thorough self evaluation to ascertain that it meets the needs of our students. This program we intend to follow during the coming year to insure our graduates the best possible training to meet their future needs wherever they may be and whatever they may be doing.

The 1958 Athletic Association account follows:

Balance, December 31, 1957	\$ 209.36	
Boys' Basketball Receipts	1,573.37	
Football Receipts	1,316.21	
Refreshments	85.55	
Credit Refunds	61.50	
	<hr/>	
Total Assets		\$3,245.99

EXPENSES:

Game officials for baseball, basketball and football — boys' and girls' athletics	\$ 682.00
Transportation	592.50
Police Service	213.00
Janitor Service	116.89
Equipment and Supplies	239.01
Commissioners' Fee	13.00

Athletic Magazines	10.99	
Basketball Tournament Expenses	40.50	
Dues and Entry Fees	123.50	
Awards	171.61	
Miscellaneous	33.05	
	<hr/>	
Total Expenses		\$2,236.05
		<hr/>
Balance on hand December 31, 1958		\$1,009.94

In conclusion may I express my real appreciation to the staff, the student body, parents and friends of the school for their help and cooperation which has meant so much to us during the year 1958.

Yours sincerely,

EMERY S. LOUD

Principal

REPORT OF THE PRINCIPAL OF THE INTERMEDIATE SCHOOL

Dear Mr. Goldman:

I am pleased to submit the following report for the year 1958.

The Intermediate School, as such, came into being on Monday, January 13. Grades seven and eight were moved to the second floor of the school from the first, while grades five and six moved from the Town Hall to our first floor and basement. Our enrollment at that time was as follows:

Grade 5	156
Grade 6	109
Grade 7	120
Grade 8	101
	<hr/>
Total	486

School was closed on June 20th with 100 pupils graduating to the High School. We reopened on September 3 and recorded the following enrollment:

Grade 5	133
Grade 6	154
Grade 7	112
Grade 8	117
	<hr/>
Total	516

This large pupil enrollment has placed a heavy burden on the school facilities and the teaching staff. In order to cope with this situation it has been necessary to reconvert rooms to class rooms, to have large classes, and to have more lunch periods. Unless our cafeteria is expanded we may need to have four lunch periods next year. If we keep grades 5 to 8 in this school we will have to use every room in the building

as a regular classroom. This will mean converting the Music-Art Room and the Library to regular classrooms while still having some large classes.

Another major problem has been our playground. The area is too small for the number of pupils who have to use it, and we do not have the equipment which is needed for our age groups.

Despite these and other handicaps, our hard working teachers have done an outstanding job for our children.

All of the tests given last year at the Intermediate School have pointed to the fact that our classes, as a group, have reached the average on national norms or have surpassed them.

Special emphasis has been given this year to our reading program in the fifth and sixth grades. We are now using the S. R. A. Reading Laboratory to aid us in this program.

Physical Education Classes for boys and girls of the entire school have been started by Mr. Malewicz and Miss Bollen and are held weekly in the gymnasium.

Elementary French classes meet twice weekly under the tutelage of Mrs. Graffte.

Individual Binet tests are being given to pupils of the fifth grade who are experiencing difficulties in their school work and also to those who have done poorly in the achievement tests given to the class. The aim is to identify the pupils with a special need. These pupils we hope to place with a special teacher in an attempt to help them to overcome their scholastic difficulties.

On September 24, Miss Elizabeth Byrne, Supervisor in Elementary Education from the State Department of Education, was a visitor to this school. Her impressions of the school and our scholastic endeavors were very favorable.

Our activities program is continually growing and presents opportunities for our pupils to participate in band,

chorus, basketball, baseball, softball, dancing, essay contests, science contests, Junior Red Cross, cheerleading and some clubs.

Highlights of the year included the sixth grade trip, the Christmas pageants, Education week, eighth grade course-selection night for parents, prizes won in the district Electric Essay Contest, the Grange Essay Contest, the Savings Bank Essay Contest and the eighth grade graduation.

I am truly grateful to my teachers, to the other school administrators, to the School Committee and to all of the parents and friends of the pupils of the Intermediate School for their splendid cooperation and loyalty.

Respectfully submitted,

JOHN E. ZOINO

REPORT OF THE PRINCIPAL OF THE CENTRAL SCHOOL

Dear Mr. Goldman:

I am pleased to submit the following report of activities of the Central School for the year 1958.

With the completion of the new High School the 265 pupils of Grades Five and Six on January 13 moved from the Central School to the Intermediate School leaving an enrollment of 514 pupils in Grades One through Four.

A class of fourth grade pupils began conversational French lessons with Miss Mahoney, a student from Bridgewater Teachers College, on February 3. These lessons were held three days a week for periods of twenty minutes. It was felt that pupils at that grade level were interested and able to effectively participate in French classes at the elementary school level.

It was helpful from January to June to have a vacant room available to teachers and pupils as an audio-visual room. Because of the shift of Grades Five and Six to the Intermediate School the room was unoccupied giving teachers a splendid opportunity to utilize projectors, filmstrips and other audio-visual equipment more easily and effectively.

During the months of May and June, Miss Bollen of the High School conducted weekly physical education classes of twenty-five minutes duration for pupils of Grade Four. In Grades One through Three a plan was made to enable teachers to take their pupils outdoors for a physical education period each week, weather permitting. Limited indoor play space restricts physical education participation to simple classroom activities.

In September, since buses were not available, we were unable to carry on our so-called "short session" which allowed

pupils to be dismissed at 2:30 instead of 3 P.M. on days when pupils could not go outside due to inclement weather conditions. It is hoped that the future will see this plan in force again so that pupils will not have to forsake their play period and still remain until 3 o'clock. With darker winter days the later dismissal of bus pupils, also, creates a safety problem when pupils are left at bus stops to walk home on dangerous roads.

Plans are being formed to better meet the needs of pupils with various learning problems. Speech help for pupils with severe needs would be most beneficial. Both retarded and advanced pupils need special attention to their individual abilities and potentialities.

Individual and group testing has been a regular part of our program. Achievement tests were administered to all grades in May. Results showed each grade well above national norms for those grades.

Pupils of Grades Two, Three, and Four at the Central School participated in a standardization program for the new achievement tests of the World Book Company in October. Results of these tests should be forthcoming early in 1959 when norms will be available.

Readiness tests were administered to eligible pre-school pupils on May 26, 27, and 28. A study is being made of pupils who have entered school under age to better evaluate the test results.

Mrs. Ellis and her kitchen staff have endeavored to make the daily lunches appealing to all pupils. During several pleasant spring days, box lunches were packed for the pupils to eat outdoors on the school grounds. Trick or treat bags at Halloween were made up by Mrs. Ellis and given to each child at lunch time.

Teachers have continued to hold pupils to high standards in their penmanship. Excellent achievement has been the result at all grade levels.

Trips to the Children's Museum and Franklin Park were of interest to the pupils of Grade Four on June 17.

Christmas assembly programs were planned by the Assembly Committee. Mrs. Venturini and Mrs. Kenneally were most helpful in securing properties for the pageant presented to parents on December 18. All pupils participated in "Music Fills The Air". Mrs. Harold Marland accompanied singers on the piano. We appreciate her cooperation.

Registration Day on June 11 showed 117 pupils registered for Grade One although the actual enrollment for Grade One in September was 141. Total enrollment figures since January have fluctuated normally, but have indicated a gradual upward trend. The following numbers of pupils show this increase:

January	514
June	519
September	531
December	534

Housing of pupils in September, 1959, will present a problem as we shall need, at least, another classroom to meet our enrollment and its needs.

In September, for a period of eight weeks, Miss Annette Messenger, a student at Bridgewater Teachers College, did practice-teaching in Grade One with Mrs. Perkins while Miss Barbara Muir, also of Bridgewater Teachers College, did her practice-teaching in Grade One with Mrs. Murray. Mrs. Perkins and Mrs. Murray had an opportunity to visit neighboring school systems on November 6 while the students were teaching.

Visiting Day on November 12 and Conference Night on November 13 again gave parents and teachers an opportunity to develop a closer parent-teacher-pupil relationship.

The retirement of Miss Evans as school nurse in October terminated many years of service in health education at the

Central School. Her thorough handling of the health services and health instruction, as well as all phases of the school health program, has been most helpful and appreciated.

Pupils of Grade One have been fortunate in having Mrs. Harwood Mosher tell them stories on several occasions throughout the year. Also, Miss Joan Sawyer, school librarian, entertained the pupils of Grades One and Two with her Christmas stories.

In December a maple desk to be used in the school library was purchased by the Memorial Gift Committee with money given by teachers and pupils toward a gift in memory of Mrs. Moorhouse who served so faithfully as our librarian.

Banking by envelope was begun in September. This new method of handling school savings has been a great improvement in the manner of collecting money for pupils as well as in keeping parents aware of bank deposits and balances.

To our teachers for their splendid cooperation and to all school personnel, parents, and other persons and organizations who have contributed in many ways to develop a good educational program and environment for our children, I am grateful.

Respectfully submitted,

RALPH V. MURRAY,

Principal

REPORT OF THE MUSIC SUPERVISOR

Dear Mr. Goldman:

It is with great pleasure that I present the annual Music Department report for the year 1958.

INSTRUMENTAL DEPARTMENT

The instrumental department now offers four musical organizations. These groups are designed to give a continually expanding type of musical experience so that our students may participate in their particular level of performance from the fourth grade through the twelfth. Public performance, as well as performance within the school department, is considered as an integral part of this development. These organizations are as follows:

1. The beginner's band.
2. The elementary band.
3. The Junior High band.
4. The Senior band.

These organizations are under a continual program of expansion. Members of the Senior band will again be represented at regional, state and New England competitions.

INSTRUMENTAL CLASS LESSONS

This program has been changed this year so that it is now held on Wednesday afternoons. Students may begin their study of musical instruments at a moderate cost. It is aimed at the fourth grade level, although students are accepted from the fifth and sixth grades. Over sixty students are now taking advantage of this program.

ELEMENTARY SCHOOL MUSIC

The elementary school now includes 19 classrooms, which are visited once every three weeks. These classes include grades one through four.

We are providing a continued emphasis in the areas of (1) singing; (2) listening; (3) music reading; (4) rhythmic activities; (5) creativity. It is my purpose to establish enjoyable and continually maturing concepts within each child.

INTERMEDIATE SCHOOL MUSIC

This level includes grades five through eight. The classes of the fifth and sixth grades are taught along the same principles as grades one through four. Grades seven and eight are now being taught by Mr. Goodwin once a week. These grades are being exposed to a more mature concept of music and are being provided with experiences that are varied as well as meaningful.

HIGH SCHOOL MUSIC

The Freshman Chorus and Choraleers provide the basis of our vocal program in the high school. The Freshman Chorus is elective and the Choraleers are selective. Both of these groups perform publicly throughout the year. Representatives of the Choraleers have competed and will participate in All-New England and S.E.M.S.B.A. choruses this coming spring.

GENERAL COMMENTS

The Music Department would like to take this opportunity to thank the administration and local organizations for their help and support throughout this past year.

Respectfully submitted,

GEORGE B. LEVINE

Supervisor of Music

REPORT OF THE ART SUPERVISOR

Dear Mr. Goldman:

It is with pleasure that I submit the following report for the year of 1958.

Art Education should be an important, vital, and constant part of every child's training and development. The appreciation and enjoyment of the art of the ages plus the identification of things by the way they appear, their size, their shape, and their color, are the main aims of art education.

Art involves experience with ideas and feelings as well as with materials. It must be functional, imaginative and inspirational. Incentive and stimulus are provided through a wide range of variety of activities and simple materials such as clay, finger paint, chalk, crayons, construction paper, tempera paint, wood, cloth and weaving.

From grades one through eight, through these varied art experiences:

Children develop better habits of thinking and working.

They learn to share ideas, materials, and tools.

They build higher standards of conduct and craftsmanship.

They grow in consideration and sincere respect for the abilities and work of others.

Since Art is an elective from grades nine through twelve, those interested pupils are advancing their knowledge of the use of various media and furthering their skill of the use of different techniques.

Mechanical Drawing should be a major subject in the high school curriculum. Those boys who are planning to make

a career in drafting, or engineering, would benefit greatly by either four periods per week or two double periods of mechanical drawing per week.

Two art teachers instead of one will be necessary as well as beneficial to all concerned if there would be initiated a concentrated high school art program, in order to take full advantage of the facilities for which the completion of the new high school has provided.

Respectfully submitted,

ELAINE T. ROSENTHAL

Art Supervisor

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

Dear Mr. Goldman:

I hereby submit my report for the year 1958.

The aim of the physical education program as conducted in the East Bridgewater School system may be defined as follows: "A broad flexible program which includes a variety of activities such as individual and team sports, recreational activities, stunts, rhythms or movement, creative leisure time activities and interscholastic activities preceded by a strong intra-mural program." These activities are focused upon the needs of the individual students concerned. It seems obvious that a varied program is necessary if total fitness is the goal.

With the opening of our new High School, the students in East Bridgewater are now able to take part in a physical education program which until now has been denied them due to the lack of proper facilities. We are grateful to the townspeople for equipping us with a physical education plant second to none in our district.

In the High School all are required to take physical education with the exception of pupils who are excused for medical reasons. We have a total of 345 taking part in our classes which meet twice per week. The students are very neatly attired in the prescribed gym uniforms.

This fall, at the Intermediate School, physical education was being taught to the boys and girls of grades five, six, seven, and eight. The rapid increase in enrollment at this level is showing its effect by reducing our indoor facilities because of the great number of students in each class. An additional instructor of physical education would alleviate this problem and allow us to conduct a physical education program for the boys and girls of the elementary school.

Thought should be given concerning the improvement of the land at the rear of the Intermediate School. The playground area is in critical need for enlargement to accommodate the additional students. Added fill, grading, loam, and some seeding would be a marked improvement over the existing sand pit type accommodation.

ATHLETICS

EAST BRIDGEWATER HIGH SCHOOL STAFF

Marjorie Bollen, Coach of Hockey, Basketball, and Softball.

John Geovanis, Coach of Freshman Basketball and Assistant Coach of Track and Cross Country.

Robert Kondracki, Coach of Baseball and Assistant Coach of Football.

Emery Loud, Coach of Track and Cross Country.

Norman McGowan, Coach of the Tennis Intra-mural Program.

Vincent Malewicz, Director of Athletics, Faculty Manager, Coach of Football and Coach of Boys Intra-mural Sports.

Joseph Morey, Coach of Basketball.

INTERMEDIATE SCHOOL STAFF

William Leanues, Coach of Junior High Basketball
and Baseball.

The coaching staff has been strengthened with the addition of Mr. Leanues, coach of basketball and baseball in the Intermediate School. The basketball team was formerly coached by Mr. Zoino, now Principal of the Intermediate School.

Our athletic teams continue to dominate the South Shore area. These results clearly illustrate, as mentioned in a previous report, an active athletic program paralleled by an enthusiastic community.

This year's football team is to be commended for its achievement as Co-Champion of the May-Shore Football League with 7 wins as opposed to 1 loss.

The long awaited for and much needed improvement in the "indoor" facilities has already added immeasurably to the athletic program. The value of the new facilities can be pointed out in the High School program better than in the Intermediate School because a better comparison of the new versus the old can be made.

The near perfect weather conditions this fall made it unnecessary to use the gym for football practices, except in a few instances, but again the value of this new addition became apparent to the coaches and players alike.

At the conclusion of the regular season, the East Bridgewater gym was selected by the South Shore Principal's Association to be used twice for the South Shore Basketball Tournament. It was with feeling of pleasure and pride that it was possible to pay back some of the courtesies extended to us for so many years.

The interscholastic activities should be accompanied by a strong intra-mural program is the objective set forth by this department. Such an objective would prove an important

addition to our entire athletic program by allowing the opportunity for a greater number of students to become participants, not merely spectators. Therefore, I recommend we add to our Intermediate School staff Coaches of Girls' and Boys' Intra-mural Sports.

The members of the Athletic Department are most grateful to citizens of East Bridgewater for making current improvements. It is hoped that the students, themselves, will appreciate these facilities and will care for them accordingly — knowing that their parents' money has made them available.

Respectfully submitted,

VINCENT J. MALEWICZ,

Director of Athletics
and Physical Education

REPORT OF THE DIRECTOR OF GUIDANCE

Dear Mr. Goldman:

I submit herewith my report for the year 1958.

RESEARCH AND TESTING

Since the initiation of any advances in education must be preceded by research, this is the first area I will cover in my report. Having completed a cursory study of low achievers at the Junior High level, we continued more definitive research, reported our findings, and urged the setting up of a more specialized classroom situation with advisory as well as financial assistance from the State Department of Education, such a program will be under way in 1959. Detailed aspects of this are contained in the Guidance Director's monthly reports to the Superintendent.

Our testing continued the program set up in 1957-58. We completed the achievement tests (Reading, Mathematics and Language) and the Mental Maturity Test for Grade 8. On the 10th Grade level the advanced form of the California Achievement Tests and the Mental Maturity test were given. Duplicate copies of these results were filed in the General Office for administrative uses.

Thirty-five Juniors took the National Merit Scholarship Qualifying Test in April. In October, twenty-two, now Seniors took the Scholarship Qualifying Test of the College Entrance Examination Board. In addition, thirty-four Juniors took the later exam for guidance purposes. With Junior High testing fortified, we hope to be able to identify earlier not only the gifted, but those of limited abilities whose needs are likewise very special.

Recommendations were made, as a result of our study of the needs of college students, the Advanced Placement Program, and College Entrance Exam Board results, that our

courses of study for every subject on all grade levels be reviewed with a view to improving our offerings and methods.

PROGRAM

New courses were offered to students in 1958. A course entitled Introduction to General Business is now given to Sophomores exploring the Business field of study. A half year course in Economic Geography is also being given. Personal Typing for non-business students is offered three days per week. Foods and clothing including a course for boys in the former are again being offered.

General Chemistry is being offered to Juniors not preparing for College Boards.

Our foreign language sequence has been revised with French Aural-Oral being presented as the first course, French A.

We are recommending that Academic advisors be appointed to work with homogeneous groups of students in discussion periods and counseling. We feel adequate time should be set aside in our program to allow our teachers opportunity to accomplish effective guidance of students in their classes requiring individual help.

During the year we studied our cumulative record system and reported on the weaknesses of the forms currently in use. Inadequate and obsolete forms together with a need for clerical assistance preclude the achieving of systematic record keeping on each child from grade 1 through graduation. The careful accumulation of all information on each one is more necessary than ever as our population increases if we are to continue to provide for individual differences and needs.

Our total High School Program of Studies is described in detail in the Guide to East Bridgewater High School, written and compiled by the Director of Guidance early in 1958.

This publication provides the background of information upon which course selections are made. It was also used in orienting Eighth Graders to their High School.

COUNSELING

Approximately five hundred pupil-initiated, planned interviews were completed on the High School level. Thirty-seven parental conferences were held. Several adults including graduates sought counseling during this period. These were in addition to daily unplanned interviews. Referrals were made to agencies in cases requiring specialized aid. The Massachusetts Employment Service Counselor interviewed twenty-two students who were tested in its program and referrals were made through that office.

INFORMATIONAL RESOURCES

Catalogues, directories, posters, announcements, and brochures are used to provide post-graduate educational information. Employment opportunities are described in leaflets and magazines on display in the Guidance Office. The Kiwanis Club provides trade and professional journals for our study-hall "Career Corner." Bulletins are prepared describing scholarships and admissions policies currently in force at our colleges.

Representatives from over thirty colleges have met with students who showed an interest in their schools. Thayer College day was attended by thirty-six Juniors. The High School Library has supplemented our Guidance literature with books on many careers.

Group meetings have been conducted with college preparatory groups for the dissemination of information they require. Tape recordings presenting material on career requirements have been used as provided by Northeastern University.

JUNIOR HIGH SCHOOL GUIDANCE

Six group meetings were conducted in Grade Eight relative to High School orientation and program selection. With Mr. Zoino, we held fifty-one individual interviews with pupils. An evening program to assist parents in counseling youngsters on high school courses was held. Mr. Geovanis continues to offer Guidance Activities in his classes.

CONFERENCES

During the week of April 12-18 we chaperoned Massachusetts Scholarship winner Susan Lothrop on a tour and conference program sponsored by General Mills. We attended several professional conferences. Among these were six at Bridgewater, two at the University of Massachusetts, two in Brockton, and one each at Thayer Academy, the Henry Peabody School in Norwood and another at Hull.

Three days in October were spent at Somerset High School where we served on the Evaluation Committee of the New England Association of Colleges and Secondary Schools as chairman of the Guidance Committee and on the Social Studies Committee.

SPECIAL GROUPS

As sponsor of Student Council we supervised weekly meetings and activities. Chief among these were two dances, the Scholarship Program, assembly, community and school service aids. In November, the East Bridgewater group was host to over three hundred fifty delegates of the Southeastern Branch of Associated Bodies of Student Councils who convened at our High School.

As Student's Pen financial adviser we supervised a staff of twenty-eight students who raised well over the \$1,429.40 required to publish this literary magazine and yearbook.

The National Honor Society of which we are sponsor inducted sixteen new members at an impressive assembly at-

tended by the student body, parents of members, civic and religious leaders of our community.

FOLLOW-UP

It is gratifying to report the results of our school's contribution to our adult society. The Class of 1958 left our school to enter the following fields:

Continuing Education	24
Employed	18
Armed Services	2
Homemakers	4
	—
Total	48

We wish to thank our administrators, teachers and staff for their enthusiastic cooperation in our effort to provide optimum guidance services for the pupils of East Bridge-water.

Respectfully submitted,

ANNE R. McNALLY

Director of Guidance

REPORT OF THE SCHOOL NURSE

To Mr. Goldman:

I herewith submit a brief summary of work accomplished by the school nurse for the year ending December 1958.

School visits	437
Special attention to	1836
First aid to	1261
School injuries requiring immediate surgical care	33
Pupils recommended for exclusion	472
Ill pupils transported home	54
Pupils referred to school physician	15
Pupils referred to family physician	43
Interviews with parents	413

Massachusetts Vision Test (School year 1957-1958)

Pupils tested by Mrs. Hall	1294
Pupils tested by school nurse	82
Old defects	47
New defects	55
Pupils wearing glasses	152
Notices sent to parents	69

Pure-tone Audiometer test (School year 1957-58)

Pupils given the group test	1321
Pupils given an individual test	157
Old defects	41
New defects	6
Notices to parents	47

Immunization Program

Diphtheria, Whooping Cough, Tetanus	
Pupils given boosters	102
Pupils given complete series	12

Physical Examinations

Pupils examined by school physician	162
Pupils examined by family physician	276
Pupils referred by school physician for further diagnosis and treatment	74
Pupils who completed referral by visiting family physician or clinic	33

Registration for entering First Grade

Registration list	132
Social histories returned	117
Medical forms returned	105
Family physician	89
School physician	16
Dental forms returned	94
Family dentist	61
Clinic dentist	33
Birth certificates	110
Vaccination certificates	79

Communicable Diseases

Chicken pox	10
Scarlet fever	7
German measles	10
Mumps	26
Influenza	Several
Measles	135
Swollen glands	Several

Special Activities

1. Many pupils transported for eye and ear corrections, surgical care, orthopedic treatments and X-ray.
2. Classroom inspections made.
3. All elementary grade pupils and eighth grade students weighed and measured.

4. Assistance given to Miss Farren.
5. Interviews with principals, teachers and others regarding eye, ear and physical defects.

Respectfully submitted,

RUTH E. SNOW, R. N.

REPORT OF DENTAL HYGIENIST

Dear Mr. Goldman:

I herewith submit the annual report of the School Dental Department.

Due to the absence of Dr. Fraser, the pre-school clinic examinations were conducted in June by the school dental hygienist.

Thirty-five examinations were made.

Twenty-seven of the thirty-five had dental defects.

Eight of the thirty-five were in good condition.

At this clinic booklets on dental care and health were given to each parent.

In September, dental examinations of 1,397 pupils were made by Dr. Fraser. Twenty-eight pupils entering the first six grades since September 15 have been examined by the dental hygienist. These reports were sent home to the parents.

Mouths in good condition —

Grades One through Six	253
Grades Seven through Twelve	189

Pupils in the first six grades were offered the opportunity to have their teeth cleaned in the school dental office. A total of 632 accepted and have been completed.

Pupils in Grades Two, Five and Eight were offered the opportunity to have their teeth cleaned and treated with sodium fluoride. A total of 296 accepted and 1184 treatments were given.

Dental health classes have been conducted with the use of film-strips, food and tooth models. Printed educational material has been given to teachers and pupils. Dental charts were kept in some grades and interest in "fruit for recess lunch" stimulated in others. Chairside instructions were given to all pupils visiting the school dental office.

The Thursday morning dental clinic was scheduled for Dr. Fraser. Dental work was completed for seventy-eight pupils with seventeen incomplete due to the closing of the clinic in May. All money due was collected at the school office.

Four pupils in the first and second grades unable to pay the fee had their dental work completed in the Thursday morning clinic. Four pupils in the third, fourth and sixth grades received dental work outside the clinic. The approved estimates were paid from the Dental Fund.

In June I attended a three-day course entitled "In-training Course for Dental Hygienists" sponsored by the Mass. Division of Dental Health at the Lemuel Shattuck Hospital for which I received a state certificate.

In October and November I attended a series of lectures on "Periodontia" by Dr. George Clark and sponsored by the South Shore Dental Hygienist Association.

I wish to thank Dr. Fraser and all school personnel for their continued help and co-operation.

Respectfully submitted,

BLANCHE H. FLINT, R.D.H.

In Memoriam

ETHEL B. CHANDLER

October 8, 1896 - October 1, 1959

ETHEL B. CHANDLER

The death of Mrs. Ethel B. Chandler on October 1, 1959, deprived this town of a most esteemed and beloved citizen. Since her coming to East Bridgewater as the bride of George A. Chandler, following the close of World War I, she was ever a force in the community. Energetic, forward looking, taking a part in every progressive movement, she carried into her activities great enthusiasm and intelligence and it was these qualities which won her many honors.

Her allegiance to New England was readily and sincerely formed but she never lost her affection for her native state of Virginia. Her maternal grandfather was brother to Robert E. Lee and she was rightly proud of her heritage.

After the death of her husband, Mrs. Chandler was asked to become a part of the East Bridgewater school system. In 1928 she accepted a position as a teacher in the high school, and when she resigned in 1930, was head of the English department and dean of girls.

Her community services were also many. She was chairman of the Girl Scout Council, chairman of the Visiting Nurse Association, charter member of the Mother's Club of East Bridgewater, and President of the Woman's Club.

Her interests in literature, history, art, young people, and community advancement made her the choice of the library trustees for the position of public librarian, when in 1929, Miss Lucy Siddall resigned that post. She became librarian in 1930.

In her tenure of nearly thirty years, the changes in the growth and the development of the town were mirrored by like changes and growth in the library.

Mrs. Chandler's influence in library work was not confined to East Bridgewater alone. From 1936 through 1938 she was President of The Old Colony Library Club. In 1938 and again in 1946 she was vice-president of Massachusetts Library Association, advancing to the presidency of that organization in 1947. She also lectured at the summer session of Simmons College in the School of Library Science. From 1954, until her death, she was chairman of the extremely important Massachusetts Advisory Committee on Certification of Librarians.

Her memory will not easily fade from the minds and hearts of those who knew her, and her vision of library service complete and effective to each member of the community, will remain an inspiration to all who worked with her. She gave freely of her time and thought to her profession and as freely of her friendly warmth and wisdom to those she met.

The keynote of her life is well expressed in Van Dykes' lines:

"Four things a man must learn to do
if he would make his record true;
To think without confusion clearly;
To love his fellow men sincerely;
To act from honest motives purely;
To trust in God and heaven securely."

The following committees to serve without pay as in the past: Park Commission- ers, Library Trustees, Planning Board (except clerk), School Committee (ex- cept clerk).	

Article 7. Voted to raise and appropriate the sum of \$12,000.00 for the reserve fund to be administered during the fiscal year by the Finance Committee and that to meet said appropriation, the transfer of the sum of \$12,000.00 from the surplus revenue account is authorized.

Article 8. Voted to authorize the Board of Selectmen to enter into a contract with the Department of Public Works, and the County Commissioners, for the construction and maintenance of public highways for the ensuing year.

Article 9. Voted to raise and appropriate the sum of \$16,000.00, and to meet said appropriation that the sum of \$4,000.00 be transferred from the proceeds received, or to be received from State under the provisions of Chapter 718 of the Acts of 1956, to meet the Town's share of the cost of Chapter 90 Highway construction, and that in addition, the sum of \$12,000.00 be transferred from available funds in the Treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to available funds in the Treasury.

Article 10. Voted that the town raise and appropriate the sum of \$3,000.00 of which the sum of \$1,000.00 shall be raised in the tax levy of the current year, and authorize that the balance of \$2,000.00 be transferred from available funds in the Treasury to meet the State's and County's shares of the cost of the work; the reimbursements from the State and County to be restored, upon their receipt, to available funds in the Treasury.

Article 11. Voted to amend the By-Laws for the Town of East Bridgewater, Article 2, Section 1, so as to read as follows: "Except at the annual meeting and adjournments thereof, no vote shall be passed at a Town Meeting appropriating or involving the expenditure of more than \$2,500.00, unless there shall be present at least 150 legal voters of the town."

A unanimous vote.

Article 12. Voted to raise and appropriate the sum of \$1,900.00 to purchase a new police cruiser, and authorize the Selectmen to trade in the present cruiser as part of the purchase price.

Article 13. Voted to authorize the Board of Selectmen to sell timber from the George Washington Bicentennial Forest and to use the proceeds therefrom, for the development of the said George Washington Bicentennial Forest; the funds to be administered by the Committee.

Article 14. Voted to authorize the Board of Selectmen to convey by deed of the Town of East Bridgewater, in consideration of a sum of one dollar, a lot of land with the building thereon on Washington Street, known as the Northville School, to the Helping Hand Association, on the condition that if the Helping Hand Association ceases to exist, or abandons the use of said property, it shall revert to the Town of East Bridgewater.

Article 15. Voted to raise and appropriate the sum of \$8,000.00 to buy and equip a water tank truck for use of the Fire Department. The following amendment was made and voted, that three men be appointed to work with the Fire Chief in drawing up a set of specifications for a new tank wagon and that this offer to buy be open to public bid. The committee and Fire Chief be authorized to contract for purchase of said tank wagon with the purchase price not exceeding \$8,000.00. The following committee members are Mr. Fred Smith, Mr. John Kingman and Mr. Charles Matthews, with the Fire Chief, Manuel Silva.

Article 16. Voted to raise and appropriate the sum of \$2,000.00 to rebuild Leland Street from Thayer Avenue to Waterman Street, with a seal and penetrating coat.

Article 17. Voted to raise and appropriate the sum of \$2,000.00 to rebuild and drain Waterman Street, 590 feet north, 10 feet 4 inches West, 570 feet South, 10 feet 4 inches east from Leland Street, to end of layout as indicated on map dated Dec. 18, 1956, with a seal and penetrating coat.

Article 18. Voted to raise and appropriate the sum of \$1,800.00 to rebuild Sherwood Circle for a distance of 679.62 feet from Central Street, with a seal and penetrating coat.

Article 19. Voted to raise and appropriate the sum of \$1,500.00 to rebuild Springer Avenue with a seal and penetrating coat.

Article 20. Voted to raise and appropriate the sum of \$975.00 to purchase a snow plow, and authorize the highway surveyor to trade in two obsolete plows and one conveyor as part of the purchasing price.

Article 21. Voted to raise and appropriate the sum of \$3,500.00 to repair Central Street from the residence of George Rathbun to the residence of William Jahn.

Article 22. Voted to raise and appropriate the sum of \$800.00 to construct a catch basin on Central Street near the property of Carolyn C. Fitch, and a drain therefrom through said property of Carolyn C. Fitch.

Article 23. Voted to raise and appropriate the sum of \$1,300.00 to construct two catch basins on Plymouth Street near the property of Clifton A. Nielsen, and a drain therefrom through the said property of Clifton A. Nielsen.

Article 24. Voted to raise and appropriate the sum of \$2,000.00 for painting, repairs, and purchase of storm windows for the Library.

Article 25. Voted in the negative to authorize the Board of Selectmen to grant in the name of the Town, an option to the Postmaster General of the United States, or his assigns, for the sum of \$1.00, an irrevocable option or right to purchase within 180 days from the date of said contract, the Town Hall real estate lying between the Old Cemetery and St. John's Church, for a price of \$2,500.00, and the Selectmen within said period be authorized to deliver a deed on behalf of the town in accordance with said option, and to use part of the purchase price to transfer the Memorial to the Spanish War Veterans to a suitable location upon the Town Office lot.

Article 26. To see if the town will vote to raise and appropriate the sum of \$25,462.00 to install 5,020 feet of 8-inch cement asbestos pipe from the junction of Elm Street

and Thatcher Street, and make a connection with the 24-inch line on Thatcher Street at the Brockton Line.

No action taken.

Article 27. Voted to raise and appropriate the sum of \$3,850.00 to authorize the Board of Water Commissioners to purchase a new maintenance truck for the Water Department.

Article 28. Voted to raise and appropriate the sum of \$67,520.00 to install 7,850 feet of 12-inch cement asbestos pipe from the junction of Central and Washington Streets to connect with the 6-inch line at the Satucket River on Washington Street, and authorize the Treasurer, with the approval of the Selectmen, to borrow the sum of \$67,520.00, and to issue notes to the town therefor; said notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than 15 years from the date of issue of the first note, or at such earlier time as the Treasurer and the Board of Selectmen may determine; said work to be done by contract.

Yes 200. No 6.

Article 29. Voted to raise and appropriate the sum of \$272.00 to install the following street lights: one light on Pond Street near the residence of Gordon Robbins, one light on South Street near the residence of Paul Garabedian, one light near the residence of Michael Madonna on Elm Street, one light on Central Street near the residence of Arthur Giard, one light on West Street near the residence of Henry Bergeron; two lights on Winter Street, one near the residence of Francis Sanborn and one light near the residence of Thomas Mellen; two lights on Leland Street; two lights on Springer Avenue; two lights on Sherwood Circle; one light on pole 117 at corner of Central Street and Sherwood Circle; one light on pole 135 on Plymouth Street, and one light on pole 127/12 on Plymouth Street.

Article 30. Voted to accept a deed of the way known as Abbey Lane for a distance of 419.27 feet on the north side, and 396.48 feet on the south side for highway purposes.

Article 31. Voted to raise and appropriate the sum of \$4,000.00 to construct a Little League baseball diamond and Parking area on land owned by the Town adjacent to the Central School playground; this sum to be expended by the East Bridgewater Boys' League Committee under the direction of the Board of Selectmen.

Article 32. Voted to transfer the sum of \$25,000.00 from Surplus Revenue to be applied against the current year's tax levy.

Article 33. Voted to authorize the Moderator to appoint a committee of nine to investigate the need and cost of an addition to the Central School; said committee to report at a special town meeting within 120 days.

Article 34. To see if the town will accept the minimum housing standards as adopted by the Massachusetts Department of Public Health.

No action taken.

Article 35. To see if the town will vote to raise and appropriate the sum of \$5,600.00 to purchase a sidewalk plow for use of the highway department.

No action taken.

Article 36. Voted to publish the Assessors' Valuations in the annual Town Report every five years, instead of every three years, commencing with the year 1961.

Article 37. To bring in their votes on one ballot for the following town officers, viz: Moderator for one year, Town Clerk for one year, one Selectman for three years, one member of the Board of Public Welfare for three years; Treas-

urer for one year, Town Collector for three years, Auditor for one year, one Assessor for three years, one Water Commissioner for three years, two members of the School Committee for three years, two Trustees of the Public Library for three years, one member of the Board of Health for three years, Highway Surveyor for one year, one Park Commissioner for three years, Tree Warden for one year, five Constables for one year, and three members of the Planning Board for three years.

Voted to adjourn until Saturday morning at 8:00 a.m. for the election of town officers at 10:45 p.m.

A true copy. Attest:

GEORGE J. FRAHAR,
Town Clerk.

ANNUAL TOWN ELECTION

Saturday, March 7, 1959

A legal meeting of the inhabitants of the Town of East Bridgewater was held at the Intermediate School Auditorium on Saturday, March 7, 1959, under the warrant issued by the Selectmen and dated February 16, 1959, to bring in their votes for the election of Town Officers.

Specimen ballots, penalty and instruction cards were posted. All requirements of the law were observed. The polls were declared open by the Moderator, Forest W. Cousins, at 8:00 a.m.

Two sealed cases said to contain the ballots were delivered to the ballot clerk. The following checkers, constable, and tellers were sworn to the faithful performance of their duties by the Town Clerk, George J. Frahar.

SPECIAL TOWN MEETING

May 28, 1959

A legal meeting of the inhabitants of the Town of East Bridgewater was held at the Intermediate School Auditorium on Thursday, May 28, 1959, under a warrant issued by the Selectmen and dated May 13, 1959, to bring in their votes for a Highway Surveyor.

Specimen ballots, penalty and instruction cards were posted and all requirements of the law were observed. The polls were declared open by George A. Ridder, Chairman of the Board of Selectmen, at 3:00 p.m.

One sealed case said to contain 2500 ballots was delivered to the ballot clerk and a receipt was obtained. The following were sworn to the faithful performance of their duties by the Town Clerk, George J. Frahar.

SPECIAL TOWN MEETING

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in Elections and Town Affairs, was held in the Michael J. McCarthy Auditorium of the East Bridgewater High School, on Thursday evening, November 5, 1959, at 7:30 P.M., under a Warrant issued by the Selectmen and dated October 27, 1959. The meeting was called to order by the Moderator, Forest W. Cousins.

The Warrant and Constable's return were read by the Town Clerk, George J. Frahar, with the exception of the Articles.

The Moderator appointed as Tellers the following: Philip Carey, William Kingman, Bradford Alexander, Ralph Keith, Arnold Swanson, Emery Loud.

The following action was taken upon the Articles in the Warrant:

Article 1. Voted to amend the Zoning By-Law by adding the following section:

SECTION 5 E — *Limited Industrial Districts.*

In a Limited Industrial District, no building shall be erected and no building or premises shall be used for any purpose except:

- (1) Research, experimental or testing laboratories.
- (2) Office building, including banks and insurance buildings.
- (3) Manufacturing of precision instruments, tool and die, dental, medical, and optical equipment, electrical or electronic instruments.
- (4) Any accessory use when completely screened from the abutting streets, tracts, or lots.

(5) Firm name signs attached to or flush to the building, but no more than one to a building.

(6) Any other use, except billboards and dwellings, not dangerous by reason of fire or explosion or offensive or detrimental to the Town of East Bridgewater by reason of emission of dust, odor, fumes, smoke, refuse, noise, or vibration, with the written approval of the Planning Board, and any use accessory to the foregoing.

Yes 420. No 1.

Article 2. Voted to amend the Zoning By-Law and Zoning By-Law Map by changing the following area to a Limited Industrial District:

Beginning at the center line of North Bedford Street at the Whitman, East Bridgewater line, thence in a westerly direction 2,000 feet on the Whitman, East Bridgewater line to a point, thence in a southwesterly direction parallel with North Bedford Street to the Brockton Edison Company high tension line, thence at right angles to the center line of Highland Street, thence westerly along center line of Highland Street to a point 2507 feet from the intersection of Highland and North Bedford Streets, thence at right angles to Highland Street in a southerly direction to a point 200 feet south of the southerly line of Highland Street, thence parallel to and 200 feet south of the southerly line of Highland Street in a westerly direction, thence 200 feet southerly and parallel to the easterly line of Elm Street southeasterly and parallel to and 200 feet from the easterly side of Elm Street to a point 200 feet north of the northerly boundary of Grove Street, thence parallel to and 200 feet north of the northern boundary of Grove Street to the center line of North Bedford Street, thence northerly on the center line of North Bedford Street to the point of beginning.

Yes 437. No 1.

Article 3. Voted to raise and appropriate the sum of \$6,000.00 to purchase a new dump truck for use of the Highway

Department, and that to meet said appropriation, the transfer of the sum of \$6,000.00 from available funds in the treasury is authorized.

Article 4. Voted to raise and appropriate the sum of \$500.00 to purchase a resuscitator to be used for emergency purposes by the Police Department and to meet said appropriation the transfer of the sum of \$500.00 from available funds in the treasury is authorized; the purchase of same to be under the direction of the Chief of Police and the Board of Selectmen.

Article 5. To hear and act upon the report of the Central School Survey Committee.

Voted to accept the report and the Committee be authorized to continue and bring in further recommendations at the completion of their studies.

Following is the report:

At the Town Meeting of March 2, 1959, it was voted to instruct the Moderator to appoint a committee to investigate the need and cost of an addition to the Central School.

The members of that committee appointed by the moderator are Mr. Robert Alexander, Mr. Ralph Bumpus, Mrs. Elizabeth Hurd, Mr. Ralph Keith, Mr. Karl Nordin, Mr. Edmund Nutter, Mr. George Ridder, Mr. David Sullivan and Mrs. Edna Whitmore. Superintendent of Schools Stanley Goldman, Principal Ralph Murray and Town Auditor Robert Fisher have been called upon by the committee to serve in an advisory capacity.

In order to estimate school building needs for the Town, two things had to be carefully surveyed. First, the committee needed to know how many children of school age to expect in our schools at some future date, which might possibly be used as a peak year for our enrollment. Second, the committee had to know the number and kind of classrooms available to East Bridgewater pupils. A careful study of the actual school en-

rollments over the past twelve years and a projection of enrollments for the next eight years showed that our peak enrollment will be reached within the years 1965-1970. By this time our present enrollment of 1426 pupils will reach 1751 pupils in grades 1 - 12 in 1967.

The combined Central School and Intermediate School enrollment is 1068 pupils in grades 1 - 8 at present and will reach approximately 1200 pupils by 1967, while the capacity of these buildings is 900 pupils.

The High School space will be needed exclusively for grades 9 - 12 by the year 1962-63.

Faced with these facts it has been found, through the studies of the committee, that the best solution for East Bridgewater school housing needs is a twelve room addition to the Central School.

Included in its studies for providing the needed classrooms was the matter of cost, which has been investigated by the committee. The tentative figure of \$300,000.00 has been submitted by several architects.

Therefore, the committee unanimously recommends a twelve (12) room addition to the Central School for the following reasons: (1) It is the most economical way to provide the needed classrooms; (2) this will solve the overcrowded conditions at the Intermediate School as well as at the Central School, as it would be possible for the School Department to put grades 5 and 6 into this addition and leave grades 7 and 8 at the Intermediate School.

Likewise, this committee in attempting to set up a long range plan recommends that a survey committee be appointed in 1965 to plan the possible school housing needs by 1970.

Respectfully submitted,

Karl Nordin, Chairman
Elizabeth Hurd, Secretary
Robert Alexander

Ralph Bumpus
 Ralph Keith
 Edmund Nutter
 George Ridder
 David Sullivan
 Edna Whitmore

Article 6. Voted to reduce the membership of the Planning Board from nine to seven members to be elected in the following manner:

Two to be elected in 1960 for a three-year term
 Two to be elected in 1961 for a three-year term
 Three to be elected in 1962 for a three-year term
 and thereafter in accordance with the provisions of the statute.

Article 7. To see if the Town will accept the minimum housing standards as adopted by the Massachusetts Department of Public Health.

No action.

Article 8. Motion made to authorize the Board of Selectmen to convey by deed of the Town of East Bridgewater, in consideration of a sum of \$1.00, a lot of land with the building thereon on Central Street known as the old Town Hall property shown on Assessors' Map for the Town of East Bridgewater, on Plan 51, as Plot Number 21, to the Knights of Columbus Building Association of East Bridgewater, Inc., on condition that if the Knights of Columbus Building Association of East Bridgewater, Inc., ceases to exist, or abandons the use of said property, it shall revert to the Town of East Bridgewater.

AMENDMENT made and voted to Article 8.

That the Town authorize and instruct the Town Clerk to write letters to certain East Bridgewater organizations, requesting each of them to select one member who will serve on a committee to investigate the possibility of the Town of

East Bridgewater operating a Community Center in the so-called Town Hall building.

Said committee to report to the next Annual Town meeting.

The organizations requested to have members serve on this committee shall be The American Legion, The Kiwanis Club, The East Bridgewater Boys League, The Commercial Club and the Boosters Club, The Senior Women's Club, The Junior Women's Club and the Garden Club.

Article 9. Voted to authorize the Board of Selectmen to sell the Beaver School at public auction.

Article 10. To see if the Town will determine that there exists in the Town of East Bridgewater sub-standard or decadent areas and unsanitary and unsafe inhabited dwellings, and that a Redevelopment Authority is needed for:

- (a) the purpose of clearance of sub-standard or decadent areas and
- (b) engaging in an urban renewal land assembly redevelopment project.

No action taken.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$300.00 to defray initial costs and administrative expenses, including preparation of plans, surveys and other expenses for urban development as provided by Chapter 199 of the Acts of 1958, and to meet said appropriation the transfer of the sum of \$300.00 from available funds in the treasury be authorized; said appropriation to be expended under the direction of a Redevelopment Authority.

No action taken.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to purchase a 2½-ton truck, chassis and cab, for use of the Highway Department, and that to meet

said appropriation the transfer of the sum of \$2,500.00 from available funds in the treasury be authorized.

No action taken.

A true record. Attest:

GEORGE J. FRAHAR,
Town Clerk.

The following committee members were appointed by Club Presidents as voted under Article 8: Mrs. Charles Matthews, Mrs. Frank Van Ummerson, Mrs. Margaret Alexander, Mr. Richard Leland, Mr. Herbert Butler, Mr. Robert Gissonna, Mr. Laurence Howard, Mr. Albert Saccocia.

SPECIAL TOWN MEETING

December 14, 1959

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in election and town affairs, was held in the Selectmen's room, Monday evening, December 14, 1959, at 7:00 p.m., under a warrant issued by the Selectmen and dated December 4, 1959. The meeting was called to order by the Moderator, Forest W. Cousins.

The warrant and constable's return were read by the Town Clerk, George J. Frahar. The following action was taken upon the articles in the warrant.

Article 1. Voted to raise and appropriate the sum of \$2,000.00 to cover the cost of preliminary plans for an addition to the Central School, and that to meet said appropriation a transfer of \$2,000.00 from available funds in the treasury is authorized.

Article 2. Voted to authorize the Moderator to appoint a School Planning and Building Committee of ten members

to consist of the following: One member of the Board of Selectmen, one member of the Finance Committee, one member of the School Committee, one member of the Planning Board, the Superintendent of Schools, and five other members for the purpose of planning and building a twelve-room addition to the Central School.

The Moderator appointed the following to the committee: Karl Nordin, member of the Finance Committee; George A. Ridder, member of the Board of Selectmen; Robert Alexander, member of the Planning Board; Stanley B. Goldman, Superintendent of Schools; one member of the School Committee, Ralph Bumpus; and Edmund W. Nutter, David Sullivan, Ralph H. Keith, Elizabeth Hurd and Edna Whitmore.

GEORGE J. FRAHAR,
Town Clerk.

YOUR ATTENTION IS CALLED TO THE FOLLOWING

All persons are respectfully requested to examine the following reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who is required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case. (See General Laws, Chapter 46, Section 13, as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should

return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record . . . facts relative to the births . . . in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and . . . shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report . . . if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed . . . A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. Any member or servant of a family in which a child is born, having knowledge of the facts required . . . shall furnish the same upon request of the clerk of the town . . . or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such a child is born.

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of birth as required by law.

GEORGE J. FRAHAR, Town Clerk.

OFFICE OF TOWN CLERK

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "Licensed period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

The license shall be in a form prescribed by the director, upon a blank to be furnished — by the county in which the town is located, and shall be subject to the conditions expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harrassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if such tag shall be lost the owner or

keeper of such dog shall forthwith secure a substitute tag from the town clerk.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the Commonwealth may be accepted as evidence that the said operation has been performed.

GEORGE J. FRAHAR,
Town Clerk.

Report of the Board of Selectmen

To the Citizens of the Town of East Bridgewater:

The year 1959 was as usual a busy one for the Board of Selectmen with meetings being held every Monday evening at the Town Office Building at 7:30 P.M. Routine business was transacted as well as many conferences being held with other Boards and Departments.

The year 1959 saw some changes among town officials, both elected and appointed. The townspeople of East Bridgewater were deeply shocked to learn of the sudden death of our Highway Surveyor, Mr. Raymond E. Tardie, who passed away on April 4, 1959, while attending a fire. October 1, 1959, marked the passing of Mrs. Ethel B. Chandler after serving as Librarian, faithfully and conscientiously, for over thirty years. Mr. F. Howard Drew, who was elected in 1952 to serve on the original Planning Board, and also served as Vice-Chairman and Clerk on said Board for several years, passed away on December 8, 1959. Mr. Joseph M. Chandler, who gave of his time and efforts, resigned on December 31, 1959, as a member of the Zoning Board of Appeals after serving for four years. Mr. Harvey A. Wilber and Mr. Joseph E. Rochette, members of the Industrial Development Commission since it was formed in 1956, submitted their resignation.

As voted at the Annual Town Meeting, the Board of Selectmen advertised for bids on a new Police Cruiser, and the lowest bidder was Wally Krueger Motor Sales of Bridgewater, for the purchase of a new 1959 Dodge Pursuit Cruiser, especially built for police work. This police cruiser has given good service, but with the increase in the number of automobile accidents during the past year, we now feel that an ambulance type cruiser will be more beneficial for their work, and therefore are asking the townspeople to vote for this type cruiser at the Annual Town Meeting this March.

There have been many complaints received by the Board of Selectmen during the past several years because of missing

street signs within the Town. Mr. Richard M. Hennessey, Highway Surveyor, has made a complete survey of the locations where the signs were missing; new ones were made and with the cooperation of the Highway Department they were installed. Also in response to requests from the townspeople, "Slow" and "Caution" signs were placed in different locations as requested.

The Chapter 90 Highway Construction work was again continued on Washington Street, and we hope to obtain funds in 1960 to further this project. The amount allotted by the State and County toward this work was cut in 1959, so we were not able to cover as much surface as anticipated. The \$3,000.00 allotted for Chapter 90 Highway Maintenance work was expended on the following streets, viz: Plymouth Street, Franklin Street, Old Plymouth Street, Spring Street and Washington Street.

There has been a considerable amount of new construction in town as evidenced by the fact that the Board of Selectmen issued 108 Building Permits during the past year. Of particular interest to the townspeople is a new Post Office building for East Bridgewater which we are all anxiously looking forward to. The Board understands from Mr. James E. Rogers, Postmaster, that the contract has been awarded and construction should be completed during the summer of 1960. The architecture will be of a colonial type to conform with our school buildings, etc., and we feel all the townspeople will be proud to have a new post office in our Town.

The Board of Selectmen, together with the Planning Board and Industrial Development Commission, held several conferences with the officials of the Foxboro Company with a view to encourage this Company to locate in East Bridgewater. It was necessary to change the Zoning By-Laws, that is, rezone the area on North Bedford Street and Highland Street from "residential" to "light industry," which was voted at a Special Town Meeting held Nov. 5, 1959. This Board is happy to announce that construction will start on this project sometime within the coming year. The Company

is purchasing property on North Bedford and Highland Streets and intends to construct a modern building for the assembly of its new line of electronic instruments. From 50 to 100 technicians in the immediate area will be employed in this work, supplying indicating, recording and controlling equipment to be used by some of the nation's largest processing firms.

Summary of fees collected by the Selectmen's office during 1959:

5 Club License — all alcoholic @ \$300.00	\$1,500.00
3 Package Store Licenses — all alcoholic @ \$200.00	600.00
1 Package Store License — malt and wine @ \$200.00	200.00
3 Common Victualer and all alcoholic license @ \$300.00	900.00
6 Special Licenses for sale of wine and malt beverages @ \$2.00	12.00
1 Class 1 — Seller's License @ \$25.00	25.00
4 Class 2 — Used Car Dealer's License @ \$10.00	40.00
3 Class 3 — Motor Vehicle Junk Licenses @ \$10.00	30.00
9 Common Victualer's License @ \$2.00	18.00
10 Sunday License @ \$5.00	50.00
2 Slaughter License @ \$1.00	2.00
1 Taxi License @ \$6.00	6.00
Refund advertising fees paid for Public Hearings, etc.	93.73
Received from sale of Northville School	1.00
Received from sale of wood from George Washington Bicentennial Forest	80.00
Deposit a/c purchase price of Beaver School sold at Public Auction on Dec. 28, 1959	180.00
Miscellaneous	8.10
Total	<hr/> \$3,745.83

The Board of Selectmen wish to extend a warm welcome to all the new citizens of the town. The Board meets every Monday evening from 7:30 P.M. to 10 P.M. and will schedule special meetings to discuss specific problems with the townspeople if requested.

The Board wishes to thank all town officials, employees, committees, and citizens for their assistance and cooperation during the year 1959.

Respectfully submitted,

GEORGE A. RIDDER,
CHARLES L. LELAND,
JAMES E. O'BRIEN,

Board of Selectmen.

State Auditors' Report

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
BUREAU OF ACCOUNTS
State House, Boston 33

November 6, 1959

To the Board of Selectmen
Mr. George A. Ridder, Chairman
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the period from August 7, 1957, to August 22, 1959, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE,
Director of Accounts.

HBD:GBS

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the period from August 7, 1957, the date of the previous audit, to August 22, 1959, and report thereon as follows:

An examination and verification was made of the recorded financial transactions of the town, as shown on the books of

the departments receiving or disbursing money for the town or committing bills for collection.

The town auditor's ledgers were analyzed and checked in detail. The receipts, as recorded, were checked with the town treasurer's books; the recorded payments were compared with the treasury warrants and the treasurer's cash book; while the appropriations and transfers were checked with the town clerk's records of votes passed at town meetings and with the authorizations of the finance committee. A trial balance was taken off, and a balance sheet showing the financial condition of the town on August 22, 1959, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and compared with the records of payments to the treasurer by the several departments and with other sources from which the town received money, while the recorded payments were compared with the treasury warrants and with the town auditor's books.

The cash book was footed throughout for the period of the audit; and the cash balance on August 22, 1959 was proved by actual count of the cash in the office, by reconciliation of the bank balances with statements received from the banks in which town funds are deposited, and by verification of the securities.

The recorded payments on account of maturing debt and interest were verified by comparison with the amounts falling due and checked with the cancelled securities and coupons on file.

The records of payroll deductions on account of Federal and State taxes, and the county retirement system were examined and proved with the town auditor's controlling accounts.

The securities and savings bank books representing the investments of the trust funds in the custody of the town

treasurer and the trustees were examined and listed. The income was proved and the transfers to the town were verified.

The records of tax titles and tax possessions held by the town were examined and checked in detail. The taxes transferred to the tax title account were checked with the collector's records; the redemptions and sales were checked with the treasurer's cash book; and the tax titles and tax possessions on hand were listed, reconciled with the town auditor's ledger, and compared with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked in detail. The tax, excise, departmental, and water accounts outstanding at the time of the previous examination, together with all subsequent commitment lists, were audited and checked with the warrants issued for their collection. The recorded collections were compared with the payments to the town treasurer, the recorded abatements were checked with the records in the departments authorized to grant such credits, the transfers to the tax title account were checked with the records of tax titles held by the town, and the outstanding accounts were listed and reconciled with the respective controlling accounts in the town auditor's ledger.

The town collector's cash balance on August 22, 1959 was proved by actual count of the cash in the office and by comparison of the bank balance with a statement furnished by the bank of deposit.

Further verification of the outstanding tax, excise, departmental, and water accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The surety bonds on file for the several town officials required by law to furnish such surety were examined and found to be in proper form.

The records of licenses and permits issued by the selectmen and the town clerk, as well as by the police and health

departments, were examined and checked, and the payments to the State and to the town treasurer were verified.

The available records of departmental cash collections by the sealer of weights and measures, and by all other departments in which money was collected for the town were examined and checked and the payments to the town treasurer were verified.

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the treasurer's and the collector's cash, summaries of the tax, excise, tax title, tax possession, departmental, and water accounts, as well as schedules showing the condition and transaction of the trust funds.

While engaged in making the audit cooperation was received from all officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,
Assistant Director of Accounts.

TOWN OF EAST BRIDGEWATER

Report of the Chief of Police

To the Honorable Board of Selectmen:

The following is the report of activities of the Police Department for the year ending December 31, 1959:

Crime against person:

Rape of a child	2
Lewdness	1
Assault and Battery	5
Assault with a dangerous weapon	3
Assault to rape	4

Crime against property:

Breaking and entering during the night-time	10
Breaking and entering during the day time	8
Larceny (money) — \$1200	21
Larceny — Motor Vehicles (in town)	1
Stolen cars recovered for other Depts.	10
Larceny by check	14
Forgery	4
Malicious damage to property	26
Trespassing on private property	12

Crime against public order:

Disturbing the peace	25
Drunkenness	14

Violation of Motor Vehicle Laws:

Speeding	189
Operating so as to endanger	76
Operating under the influence of liquor	34
Operator not being licensed	18
Operating without authority	12
Leaving the scene of an accident	2
Allowing improper person to operate motor vehicle	8
Failure to stop at the signal of a Police Officer	18

Failure to slow at an intersection	57
Failure to stop for "Stop" sign	64
Improper equipment	176
Accidents investigated	51
Accidents not investigated—reports submitted	33

Miscellaneous :

Death by drowning	1
Death by suicide	1

During the past year this office has conducted a continual safety campaign, with many motorists being brought before the District Court. A great number of these operators have lost their license and registration through the Registry of Motor Vehicles, but in many cases this was the only way to impress upon them the need for more careful operation of a motor vehicle.

We have had 84 accidents in the Town this year — over half of these resulted in personal injury in which the services of an ambulance was needed to transport the injured to the hospital for emergency treatment. This necessitated the calling of outside aid.

I now feel there is a definite need for an ambulance type cruiser as the present type cruiser is not equipped to handle emergencies in which bodily injuries are involved. An Article is being inserted in the Warrant for the Annual Town Meeting in March asking for this change and I feel this will enable the Police Department to give the townspeople the emergency protection you should have at all times. All Police Officers are taking First Aid Courses so they will be qualified to handle such cases in the future.

In the event of an emergency, day or night, Mrs. Benoit handles all the messages from the Police at the scene, dispatches all needed men and equipment; thus enabling the officers to handle the situation quickly and more efficiently.

In the 20 years I have been connected with this Department there have been only two police officers added. During

the past ten years the town has grown from 4,400 to 6,200 inhabitants. We have built two new schools and are now faced with the problem of a new manufacturing development which will mean a further increase in the population. I sincerely hope that the townspeople can see the need for an increase in manpower to handle the ever-increasing problems of our Department.

In closing, I wish to thank all members of my Department, Board of Selectmen, Town Officials and townspeople, for the courtesy and cooperation you have extended to me during the past year.

Respectfully submitted,

WALTER A. BENOIT,
Chief of Police.

Report of Fire Department

To the Board of Selectmen

Gentlemen:

Herewith is my report for the year ending December 31, 1959. During the year the department responded to 104 calls, of which 15 were still, 4 false alarms, 6 resuscitator and 4 aid calls.

Practice drills were held twice a month throughout the year. These drills consisted of instruction on operation and use of all fire fighting equipment, laying hose lines, different types of hydrant hook-ups and all phases of fighting fires.

At the Central Station there is:

1 — 1959 Combination Dodge Power Wagon capable of pumping 250 gallons a minute and water carrying capacity of 600 gallons.

1 — 1956 Maxim Triple Combination Truck capable of pumping 1000 gallons a minute and a water carrying capacity of 300 gallons.

1 — 1937 Buffalo Triple Combination Ladder Truck carrying 200 feet of ladders and capable of pumping 250 gallons per minute with a water carrying capacity of 110 gallons.

1 — 1947 Dodge Forest Fire Truck capable of pumping 200 gallons a minute and a water carrying capacity of 300 gallons.

At the Elmwood Station there is a 1941 Seagraves Triple Combination Truck capable of pumping 500 gallons per minute and water carrying capacity of 110 gallons.

The department has 6,400 feet of 2½-inch double jacket hose and 2,700 feet of 1½-inch double jacket hose.

The Central Station has been newly painted on the outside and a new 12-foot door added.

I would like to take this opportunity to thank the Honorable Board of Selectmen and the Finance Committee for their co-operation.

Respectfully submitted,

MANUEL T. SILVA,
Chief of Fire Department.

Report of the Department of Veterans' Services

To the Honorable Board of Selectmen and the
Citizens of East Bridgewater:

The year 1959 has seen marked changes in Veterans' Legislation that will effect veterans of World War I, World War II, and the Korean conflict. On August 29, 1959, President Eisenhower signed bill H.R. 7650 which made these changes. The bill is now Public Law No. 86-211. It does not become effective until July 1, 1960.

To avoid misunderstanding with the veterans and their dependents, I would like to make it clear that the new law does not effect in any way those veterans who have service connected disabilities. It concerns only non-service connected pensions of veterans, their widows and children. Veterans, widows and orphans now receiving pensions, or those granted pensions prior to July 1, 1960, will be allowed to choose the present pension system or the new plan. It would be to your advantage to consult your Veterans' Agent before making your choice.

The eligibility requirements under the new law have not changed. A veteran must still have 90 days of War Time Service, a discharge other than dishonorable, and be totally and permanently disabled as determined by the Veterans' Administration. Under the new law the amount of pension will be based on financial need. Under the present pension system, income limitation is set at \$1400 for single veterans and \$2700 for veterans with one or more dependents. The amount of pension is \$66.15 per month until the veteran reaches age 65 or has been receiving such pension for ten years. It is then increased to \$78.75 per month even though the veteran may not be 65 years of age.

An important fact for most veterans to know is that Social Security payments, and most retirement payments,

even though they must be reported to the V. A., are not considered income until the veteran receives payment equal to the amount he paid into the respective system.

Under the new law a veteran without dependents will receive \$85 per month if his annual income does not exceed \$600. If he has an annual income between \$600 and \$1200, his pension will be \$70.00 per month. If his income is between \$1200 and \$1800, his pension will be \$40.00 per month. If he has an annual income over \$1800 he will not be eligible.

Veterans with one dependent and income not over \$1000 per year will receive \$90 per month. Those with income between \$1000 and \$2000, \$75 per month, and \$45 per month with income between \$2000 and \$3000. Veterans with income over \$3000 and just one dependent will not be eligible.

Veterans with two dependents will receive \$95 per month and those with three or more dependents, \$100 per month, if their annual income is less than \$1000. If over \$1000, it is the same as for the veteran with one dependent.

Under the present law a monthly pension of \$135.45 is paid to those veterans who are helpless and require regular aid and attendance when not in a V. A. hospital or domiciliary. Under the new law \$205.45 will be paid to those veterans who require aid and attendance.

Under the new law, widows of World War II and Korean veterans will now be eligible in the same way as widows of World War I veterans are. Service connected disability of their husband is no longer a requirement to receive a pension. These widows must only submit proof to the V. A. their husband had 90 days' service during War Time and was discharged other than dishonorable.

Under the present law, World War I widows with no dependents receive \$50.40 per month, provided their annual income does not exceed \$1400. Widows with one or more dependents (minor children) receive \$63 per month and \$7.56 for each additional child provided their annual income is not

over \$2700. Under the new law widows with no minor children and income not more than \$600 per year will receive \$60 per month. Those with income between \$600 and \$1200, \$45 per month. And \$25 per month for those with an annual income between \$1200 and \$1800. Those with income over \$1800 per year and no minor children are not eligible. Under the new law widows with one minor child will receive \$75 per month provided their income is not more than \$1000 per year. And \$60 per month if income is between \$1000 and \$2000. And \$40 per month with income between \$2000 and \$3000 per year. An extra \$15 per month is allowed for each additional child.

Under the new law orphans will be eligible if their annual income, exclusive of their own earnings, is not more than \$1800 per year. \$35 per month will be paid for the first child and \$15 per month for each additional child.

The above information is the basic requirement and monetary value of the pensions under the new law. There are other factors that might effect the eligibility of veterans, widows and orphans. Thus, it is important they have complete detailed information prior to filing for pensions under the new law.

With the great need for college trained people now and in the future along with the continued high cost of a college education, the fact that many people are not aware of the benefits provided by the Junior G.I. Bill, strikes a sad note. This Bill provides \$110 per month for the college education for those children whose parents died as a result of military service. There are additional State benefits of \$750 per year for each child. These combined benefits amount to over \$4000 that is available for the education of these children. The record shows that over four thousand such children are eligible here in Massachusetts and only a very small percentage have applied for these benefits.

During 1959 our department received increasing demands for services with the veterans and their dependents. These

services along with many others involved hospitalization at V. A. hospitals, pension and compensation claims, insurance claims, Workmen's Compensation claims, G.I. Schooling and G.I. mortgage loans and re-instatements.

During 1959 this department initiated and submitted 17 applications for Part III, Total disability, non-service connected pensions, complete with medical diagnosis and necessary statistics, to the Veterans' Administration. All of these cases were granted pensions that amounted to \$66.15 per month or \$78.75 per month according to the age of the veteran. The total amounts to \$13,487.40 that these veterans received. It represents savings to our local tax payers since many of these veterans did not require aid under Chapter 115 of the General Laws, due to receiving their Federal pension. Applications for widows pensions were also processed and again we have been successful with more than 90% of our claims with the Veterans' Administration. Our thanks and appreciation go to Commissioner Charles N. Collatos, of the State office of Veterans' Services, and his capable staff at 3 Beacon Street, Boston, for their assistance in processing these claims for our veterans and their dependents.

There were 784 contacts made with our office by veterans and their families for various service. Over 485 copies of discharges and important papers were photostated during 1959. Many of the other departments of the Town have requested the use of this service.

Expenditures for 1959 were as follows:

Veterans' Benefits (subsistence)	\$12,484.05	
Medical Expenses	3,910.90	
Nursing Home Care	1,299.43	
Burial Expenses	250.00	
Refunds		419.70
Total expenditures	\$17,944.38	
Balance for 1959		\$2,055.62

50% of the above expenditures are reimbursed to the Town of East Bridgewater by the Commonwealth of Massachusetts.

In particular, a word of advice to World War I veterans and their widows who feel they are eligible for pension benefits in 1960: They should file their claims not later than June 1, 1960. It some times takes two or three weeks to prepare a claim and if they are not filed with the Veterans' Administration by July 1, 1960, you will lose your rights under the old law and must accept the new one. In most cases this would mean a financial loss to the veteran or widow.

In closing my report I wish to state that in view of the new Federal Legislation that will make thousands of World War II and Korean veterans, their widows, children and orphans eligible for benefits in 1960, our office will be in need of additional clerical help.

My office stands ready to aid all of our veterans and dependents acquire their rights under the law. You may contact your Department of Veterans' Services by a visit to the office during the day or on Wednesday evenings between the hours of 7:00 p.m. to 10:00 p.m., or by calling DRake 8-2581 or my home at DRake 8-3168.

Respectfully submitted,

PHILIP E. CAREY,
Veterans' Agent.

Plymouth County Mosquito Control Project

In reporting on the project's activities and accomplishments in 1959, our second year of operation, there have been successful advances made toward the program's **number one** objective. Namely, the best possible control of species capable of transmitting encephalitis or other virus.

Naturally we were disappointed that the overall reduction of nuisance type mosquitoes was not evident. As in all eastern states this past summer, the mosquito population ranged to an all time high. Up to mid-July this region had 15.16 inches of rainfall in fifty days and with the normal quoted as 5.63 inches, the mosquito breeding went beyond any normal control.

EASTERN EQUINE ENCEPHALITIS

This subject continues to be vital to southeastern Massachusetts and current research in the area shows that virus activity is yet present in wild bird life. Until this year the only outbreak of human cases was in this region and it was assumed that we were most vulnerable to future outbreaks.

Therefore, we continued to emphasize our surveys toward the location of breeding sites of the vector species of mosquitoes and in no instance did we hesitate to expend monies weekly and each week we were locating new areas that were contaminated by sewage water seepage or its being directed to same, even the storm sewer catch basins were not immune to this contamination.

While we did not have a single reported case of encephalitis in humans or horses in this state, the 1959 New Jersey outbreak with 28 human cases and 19 deaths should prove to us and convince the responsible officials, that if necessary the entire budget should be concentrated toward the prevention of even one such loss of life.

DRAINAGE

This phase of control continues to be the best investment on a long range control program, it not only eliminates the source of breeding but it gradually reduces the repeated and costly applications of insecticide on wetland and urban areas. The project is now equipped with a power trencher, mounted on a tractor designed for use in swamps and salt marshes. This unit will produce drainage ditching that would not be possible with seventy additional men.

AERIAL SPRAYING

This operation is very important where a serious nuisance develops and immediate results are necessary. Financially, the project was not designed to expend large sums on this type of temporary control, yet we find it a valuable supplement to our long range efforts and must budget a part of our funds for such.

SUMMARY

With all of our personnel having had two seasons of experience, plus the accumulated data obtained on breeding sites throughout the county and the addition of our power trencher, we should in a summer of normal rainfall readily realize the progress of our program.

We have continued to work cooperatively with all related municipal agencies, and with these pooled resources the public's confidence will never be betrayed by indifferent service or any abuse in the use of insecticides.

Respectfully submitted,

WARREN G. HARDING,
Superintendent.

Plymouth County Aid to Agriculture

(Plymouth County Extension Service)

By Robert B. Ewing, County Agent - Manager

The Plymouth County Extension Service, located in the Court House, Brockton, Mass., in cooperation with the University of Massachusetts and the United States Department of Agriculture, supplies information concerning the Home, 4-H Club Work, and Agriculture to any citizen residing in Plymouth County.

The Extension Service, through its Agricultural Agents, provides Plymouth County farmers with information pertaining to all phases of commercial agriculture, including Farm Management, Production, Marketing, Insect and Disease Control Programs, etc.

More people continue to move into our Plymouth County towns. Many of these folks, coming from urban areas, make their first contact with "Agriculture" when they arrive here. Each year we receive an increasing number of requests from this group for information about the Home Lawns and Home Grounds. We endeavor to provide the information.

While we have always been asked to identify insects, along with injury caused by insects and diseases, this year we have received an exceptional number of requests for assistance in controlling or eradicating squirrels, raccoons, skunks, flies, ants, and woodticks.

4-H Club Members continue to amaze adults with their excellent project work, programs, demonstrations, and activities. More people see 4-H club members in action at our southeastern Massachusetts fairs than in any other manner. At these fairs some four hundred Plymouth County 4-H club members participated in livestock and home economics exhibits as well as demonstrations and contests. One outstanding Plymouth County 4-H dairy club member was selected as one of five

in the United States to receive a \$400 scholarship in the National 4-H Dairy Program. Many people fail to realize that 4-H Club Work is the Extension Service's youth program.

Programs of the Home Department, primarily for adult women, are not limited to any one particular group in the community. Some have the mistaken impression that only one group can be organized in each community. Your community or town can have just as many homemakers' groups as it can provide leadership for.

Along with the regular programs, agents in the Home Department conducted two outstanding programs this year that were of interest to many women in Plymouth County. The first was a Home Finance Forum where such topics as Use of Credit, Financing a Home, Insurance, Social Security, etc., were discussed. The second one in cooperation with the Massachusetts Department of Commerce had for its theme "How the Homemaker Can Supplement the Family Income."

As a citizen of this town, you should be aware of the fact that the Extension Service is supported by the county, state, and federal governments, and that a large number of Plymouth County citizens avail themselves of the opportunity to secure free help and information pertaining to the Home, Home Grounds, 4-H Club Work, and Agriculture. Requests for such information should be directed to the Plymouth County Extension Service, Court House, Brockton, Mass.

Funds for the Plymouth County Extension Service are derived principally from the County. Some federal funds are also made available through the University of Massachusetts. Most towns in Plymouth County make an appropriation at the town meeting which is used for the general expenditures of the Plymouth County Extension Service. Town Directors are appointed in those towns where an appropriation is made. These Town Directors are unpaid volunteer leaders who serve as the Extension Service representatives in their respective towns.

A Board of Trustees, appointed by the Plymouth County Commissioners, administer the Extension Service program, and is composed of the following members:

Gilbert Blackledge, Whitman, Chairman
Mrs. Harold D. Bent, Brockton
John A. Howe, West Bridgewater
Mrs. A. Harris Kenyon, Hanover
(Resigned December 1959)
Paul Lehtola, Bridgewater
John W. Little, Marshfield
Maurice Makepeace, Wareham
John Prentice, Plymouth
Mrs. Herbert Wydom, Brockton

Report of the Inspector of Animals

Honorable Board of Selectmen:

Gentlemen:

During the year 1959 I have inspected 534 Head of interstate cattle. All cattle in this town have been tested by State and Federal agents for Tuberculosis with no reactors. They have also tested all cattle for Brucellosis with less than 1% reacting.

On my annual barn inspection, I found them to be in satisfactory condition with one less herd than last year.

Respectfully submitted,

HARRY W. KINGMAN, D.V.M.,
Inspector of Animals.

Report of the Inspector of Wires

To the Honorable Board of Selectmen:
Town of East Bridgewater, Mass.

I hereby submit my report for the year ending 1959.

Inspections	295
Edison permits issued	170
Services	142
Locked locations	11
Rough wiring	50
Added wiring	42
Not accepted	9
Oil burners	16
Electric dryers	23
Water heaters	39
Electric ranges	14
Fire calls	6
Signs	2
Power hook-ups	6

All inspections were based on the 1956 National Electric Code as adopted by the Commonwealth of Massachusetts, with no special rules.

I wish to express my appreciation to the Honorable Board of Selectmen and the Town Clerk for their assistance in issuing permits and aid to this department.

Respectfully submitted,

ALBERT M. GREINER,
Inspector of Wires,
Town of East Bridgewater.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report of the duties I have performed during the year of 1959:

Scales and Balances	A	S	NS	C
Over 10,000 lbs.	0	1	0	0
5,000 to 10,000 lbs.	0	6	0	0
100 to 5,000 lbs.	8	39	0	0
Under 100 lbs.	13	72	9	6
Weights	19	183	0	5

Capacity Measures (Liquids)

1 Gallon and under	0	7	0	0
Milk Tanks Checked	0	4	0	0

Automatic Measure Devices

Gasoline Pumps	9	36	0	3
Oil and Grease Pumps	1	9	0	0

Linear Measures	0	6	0	0
Yard Sticks	0	4	0	0

Trial Weighing of Commodities up for sale

Total Tested	963 Units
Number Correct	933 Units
Number Incorrect	33 Units

Complaints Answered	14
Pedlar's Licenses Checked	37
Pedlar's Scales Checked	27
Junked Scales Checked	2
Coal Trucks Checked	4

Oil Trucks Checked	13
Poultry Buyers' Scales	4

A—Adjusted. S—Sealed. NS—Not Sealed.
C—Condemned.

I thank you for your cooperation during the past year.

Respectfully submitted,

GEORGE BARNEY,
Sealer of Weights
and Measures.

Report of the Dog Officer

To the Honorable Board of Selectmen
Gentlemen:

I hereby submit my report as Dog Officer for the year ending December 31, 1959:

Fifty-nine dogs picked up and restrained for 10 days.

Disposed of as follows:

Dogs returned to owners	14
Unlicensed or stray dogs disposed of	8
Dogs found homes for	10
Dogs turned over to dog keepers	27
	<hr/>
	59
Disposed of dogs killed on highway	9
Complaints of dogs destroying property	14
Dog bites reported	9

I wish to express my appreciation to the Honorable Board of Selectmen, also to the Police Department, for their support in this work.

Respectfully submitted,

EDMUND D. KENNEALLY,
Dog Officer.

Report of the Tree Warden

To the Residents of East Bridgewater:

Due to the increasing population of the town, the activities of the Tree Department during the year of 1959 were numerous. Although tree removal was a large part of our operations it did not prevail as in previous years, leaving more time during the year for other important work. The Dutch Elm Disease, which is still prevalent, claimed 59 Elms and 8 Maples, 4 Ash, 4 Pine, 2 Oak, 2 Hickory, and 1 Sycamore were removed because of danger to life and/or property. This made a total of 80 trees removed which is a decrease of about 40% over last year's tree removal. The replanting of new trees along the town streets was increased during 1959 with 75 Norway Maples and 5 Crimson King Maples being replanted. This made a total of 80 trees; one tree for every tree removed.

The town nursery, which has been established for two years, was properly cultivated and maintained during the spring and summer months. In the fall new ground was tested, fertilized and plowed, and 185 trees were planted on this plot. The nursery now has about 600 trees on its site. These trees include: Norway, Sugar and Crimson King Maples, Littleleaf Linden and Mountain Ash; all of various sizes. All the trees planted in the nursery have been purchased from reputable nurseries and are good quality stock.

During the early winter of 1959 the Department, with the permission of the Town Forest Committee, undertook the task of reclaiming the Town Forest which is located on Bridge Street. This is a tract of wooded land, owned by the town, consisting of 20 acres which has been idle for about 25 years. Approximately 8 acres were cleared of underbrush and 4 acres systematically thinned of weed trees under the guidance of the State Forester. This work will continue during the coming winter with the hopes of opening this site, in the spring, to the townspeople for a picnic area and a camping area for the local Boy Scout troops. The town will also realize a revenue

from this wooded area in the coming years through the cutting and sale of timber.

Along with the foregoing and our usual duties of pruning, cabling, and cavity work, about 18 unsightly stumps were cut below the ground with the use of a stump cutting machine. The stumps removed were in dangerous locations. This work will continue in the coming year.

The Department has tried in the past, as it will in the future, with a maximum effort to meet the ever increasing needs of the townspeople. It is only through the loyalty of my workmen, the co-operation of the other town departments and the townspeople that we have progressed, and I certainly hope, have met these needs.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Tree Warden.

Report of the Moth Department

To the Board of Selectmen and the Residents of
East Bridgewater:

The major part of the operations carried on by the Moth Department are during the spring and summer months of the year. During this period of 1959 these operations were hampered, as in the previous year, by the unseasonable wet spring and early summer. The usual application of dormant spray to all town Elms in the spring was made impossible because of inclement weather. A foliage spray was applied to many town trees in certain sections of town, in June, when the weather became more favorable. The Department certainly hopes that favorable weather conditions will prevail this

coming year so that these spraying operations may be carried out in their proper manner.

Mosquito control was handled, for the second year, by the Plymouth County Mosquito Control Project. This project was also hindered greatly by the unseasonably wet spring. Although spraying was done constantly in many sections of town; not only in the swampy areas but along the streets; the heavy rainfall washed away much of the fruits of their labor. The project has progressed in the past year, but the townspeople must realize that mosquitoes cannot be controlled in one month or one year regardless of how much money is appropriated or how much labor is used. It is only through the effort of this project over a period of several years that this problem will be solved. The Moth Department hopes to have an appropriation this year for emergency mosquito control in conjunction with the Plymouth County Mosquito Control Project.

The control of poison ivy became a large part of our operations during the favorable summer months. The Department constructed a trailer and mounted a gasoline driven sprayer specifically for poison ivy control. This sprayer was built at an economical cost and has proven to be a great time and labor saver. Poison ivy control will be continued in the coming year with an all out effort to reduce this nuisance along the roadsides.

Many thanks are again due to my workmen, town officials, town departments, and the townspeople for their understanding co-operation in my work.

Respectfully submitted,

AUGUST J. DUBE, JR.,
Moth Superintendent.

Report of Water Commissioners

To the Honorable Board of Selectmen:

Dear Sirs:

The year 1959 has been a busy one for the Water Department. We have installed 32 new services and made 16 renewals. Four new hydrants have been installed to replace those not in good working order. Fifty-five new $\frac{5}{8}$ -inch meters were installed and two new 2-inch meters. On South Washington Street, three hydrants were moved back due to road alterations on Chapter 90 work.

Under contract 7,850 feet of 12-inch pipe was laid on Washington Street, also eleven new hydrants were installed and 30 renewals made. Initial water flow tests made on Washington Street, at the point where Crescent Street crosses, registered 115 lbs. pressure which assures that section of town very satisfactory fire protection.

In answer to many questions regarding the discoloration of water during the day, the Water Commissioners place the blame directly on the activities of the Pumping Station located at Harvard and Pine Streets. The Town of East Bridgewater at the time the Pumping Station was put into operation was assured by the Brockton Water Department that the pump would be used only during the evening hours. In reply to our protests, Brockton claims they are forced by water shortage and increasing demands in the city to boost the pressure frequently during the day. It has been suggested to us by the Engineering firm of Whitman and Howard that the only answer to our problem is the installation of a pressure relief valve in the meter pit at Brown's Crossing. The cost of this valve, along with the installation costs by the City of Brockton, is being estimated by Whitman & Howard and will be available to us soon.

The Board of Water Commissioners are inserting an article in the warrant regarding the Thayer Avenue section of Town. Water in this section is now being supplied by the Town of West Bridgewater. They have notified the Town of East Bridgewater that they will not issue any more service permits in this area because of their limited supply, and would like to discontinue supplying these residents as soon as possible.

The Water Commissioners at this time wish to thank all Town Departments for their cooperation during the past year.

Respectfully submitted,

BOARD OF WATER COMMISSIONERS

Arthur W. Ash, Chairman

John J. Clarity, Clerk

William F. Hennessey

Report of Public Health Nurse

To the Board of Selectmen:

The Report of the Public Health Nurse for 1959:

Miss L. Gladys Farren, R.N., Public Health Nurse

Mrs. Donald Oakley, R.N., Assistant

Office Hours: 9 - 9:30 A.M. and 4 - 5 P.M.

Office: Town Office Building, 175 Central Street

Telephone: DRake 8-2391

In the year 1959:

Total number of home visits	2,540
Total number of patients	360

Nursing Service	1252
Health Visits	1288

Nursing service is available to all people in East Bridgewater upon request. A small fee is charged for this service if patients can afford it. All health service visits are free. This year has been the busiest since 1946. There was a 25% increase in the need for nursing service. 749 nursing visits were paid for this year; 1,605 nursing and health visits were credited to the town appropriation this year.

Well Baby Clinics	10
Total Attendance	182

All children under six years old, and all babies are given physical examinations and general advice on the problems of growth and development.

Immunizations Clinics	5
-----------------------	---

At the four pre-school clinics, 132 doses of Triple Antigen for immunization against Diphtheria, Whooping Cough, Tetanus, were given to infants and children under six years old.

At the School Clinics, 135 booster doses of Double Antigen, Adult Type, were given the Junior and Sophomore Classes. These clinics are sponsored by the Board of Health as part of its yearly activities.

The nursing service is under the direction of the following Board of Directors:

Mrs. Robert E. McCarthy	Mrs. Horace W. Collamore
Mrs. Lawrence Soule	Mrs. Henry A. Fraser
Mrs. Leo Trudeau	Mrs. Allan Fuller
Mrs. George Barney	Mrs. Edward Hurd
Mrs. Edwin Whitmore	Mrs. Harwood Mosher
Mrs. George A. Ridder	Mrs. Edmund W. Nutter

Mrs. Elwood Siscoe
 Mrs. John B. Thorndike
 Mrs. George Wadsworth
 Mrs. George McKenzie
 Mrs. Willard L. DeChambeau

Respectfully submitted,

L. GLADYS FARREN, R.N.,
 Public Health Nurse.

Report of Board of Health

Board of Selectmen
 East Bridgewater, Mass.

Gentlemen:

Following is the report of Board of Health for year 1959. The State Plumbing Code was adopted by the Board of Health, as population of town made it mandatory by State Law that Code be in operation and enforced.

School Clinics for Tetanus, Whooping Cough, and Diphtheria were conducted as usual in Spring.

Complaints were investigated and corrected. Percolation tests and inspection before backfill were made at each new house to insure proper sewage disposal system installed. Advice and suggestions were made as requested for repairs and additions to existing sewage disposal systems.

Inspections of eating and drinking establishments and bacteria swab counts of utensils were made on quarterly basis, and rechecks made of unsatisfactory conditions. Inspections of markets were also made quarterly, as was laboratory analysis of milk and cream.

Bacteriological water analysis of town supply was made routinely, and analysis of swimming places made several times during season. Weekly reports were submitted to the Board of Health by the Agent showing work done and duties covered.

It has been a pleasure to have received such interest and fine cooperation from members of all the Boards and all the townspeople.

Respectfully submitted,

BOARD OF HEALTH

Dr. Donald B. Bannerman, Chrm.

Putnam Steele, Clerk

Robert H. Hall, Member

Report of Planning Board

To the Board of Selectmen and the Citizens of the
Town of East Bridgewater:

Your Planning Board feels that the year 1959 was a very good one for the Town of East Bridgewater, building activity has been greater this year and also the decision of the Foxboro Company to erect a plant in our Town should benefit all of us.

At the annual March election, three members were elected to the Board, namely:

Robert B. Alexander

Elmer B. Hayes

Edwin E. Whitmore

In March an organization meeting was held with the following officers being elected:

Robert B. Alexander, Chairman

Elmer S. McCarthy, Vice-Chairman
Elmer B. Hayes, Clerk

Building permits for 107 constructions have been issued by the Board of Selectmen which were in the following classifications:

- 44 Dwellings
- 15 Garages
- 32 Additions to existing buildings
- 14 Miscellaneous buildings
- 2 Buildings converted from their present use
- 1 Building moved into Town

Mr. Nord W. Davis, our Consultant under the Master Plan program, has attended eight of our meetings this year and rendered invaluable assistance in our work.

As in previous years, regular meetings have been held on the fourth Monday of each month, except during July and August, with special meetings being held when required.

During the year we have met several times with the Board of Selectmen and the Town Counsel relative to zoning violations and other pertinent matters.

Our Board signed several plans during the year which came under the "subdivision control law not required" classification in that they were located on existing public ways.

In April one of our Board members, Mr. Sidney F. Dixon, left our Town to take up residence in Florida, leaving a vacancy on the Board which was not filled.

In December the Board was saddened to learn of the death of F. Howard Drew, who had served untiringly for many years on our Board. His death leaves our Board with a distinct sense of loss.

Respectfully submitted,

ROBERT B. ALEXANDER, Chairman,
ELMER S. McCARTHY, Vice-Chairman,
ELMER B. HAYES, Clerk,
ALDEN F. HANSON,
THOMAS J. O'BRIEN,
JACOB STENGEL,
EDWIN E. WHITMORE,
East Bridgewater Planning Board.

Report of the Board of Appeals

To the Honorable Board of Selectmen:

Gentlemen:

We herewith submit the report of the Board of Appeals for the year 1959.

We have conducted hearings on 21 cases as follows:

15 petitions approved
5 petitions disapproved
1 petition withdrawn

and the decisions are on file at the Town Clerk's Office.

We wish to take this opportunity to thank all Town Departments for their cooperation during the past year.

We also wish to thank Mr. Robert A. Leland and Mrs. Karl S. Nordin, associate members, who have so ably substituted when a regular member could not attend.

Respectfully submitted,

EDMUND W. NUTTER, Chairman,
EDWARD S. MATTHEWS, Clerk,
JOSEPH M. CHANDLER,
Board of Appeals.

Report of Park Department

To the Board of Selectmen and Citizens of East Bridgewater:

We hereby submit our report for the year ending December 31, 1959.

The Park Department had a sufficient amount of money this year available from the Town as well as the Strong Fund to maintain Strong Field this year. The field was regraded in the spring.

The field was mowed each week and the diamond was kept up for good fast baseball. The Memorial Park in the center was suitably prepared for the holidays and kept up the entire season.

Under the supervision of the Park Department, Miss Janice Doherty conducted a Sports Program for the younger children throughout the eight-week summer period. Judging from the comments of the parents, this is a project well worth maintaining as the children had competent instruction in all phases of outdoor sports and were supervised throughout the hours of the day when parents found it hard to devote time to them.

The Park Department looks forward to the time when it will be opportune to ask the Town to provide suitable playground facilities for Junior League activities.

Respectfully submitted,

RALPH G. CONNORS,
THOMAS E. O'BRIEN,
MAXWELL J. PEARSON,
Commissioners of
Park Department.

Report of Town Collector

To the Honorable Board of Selectmen and the
Citizens of the Town of East Bridgewater, Mass.

Dear Sirs:

Rendered herewith for your attention is a condensed report of the Town Collector's Department for the calendar year of 1959.

Respectfully submitted,

H. W. COLLAMORE,
Town Collector.

Librarian's Report

The 75th annual report to the trustees of the East Bridge-water Public Library for the year ending December 31, 1959, is herewith presented.

The great loss occasioned by the illness and eventual death of Mrs. Chandler who was the motivating force of the library service, overshadowed all activities during the latter half of the year. Only the willingness of staff members to work overtime when needed and the loyal support and assistance of the library trustees maintained normal library procedures.

As usual, the building was used as a meeting place by various groups and committees. The Great Books class met at the library regularly throughout the year.

In November an art exhibit was arranged in the Herrick Room by the Art Committee of the Woman's Club.

Some staff members attended professional meetings of the Old Colony Club and the American and Massachusetts Library Associations.

The High School library branch, administered by Mrs. Grace Eastman, was open each school day from 7:45 a.m. until 2:30 p.m. The growth of library service there required the construction of new shelving space sufficient to hold 500 books in the main room. A storage cabinet and display shelf were also made for the conference room. In addition to the 2,243 books having permanent place at the High School library, approximately 1,000 volumes were placed there on temporary deposit from the main library.

The use made of the library facilities speaks volumes for the wisdom of a library program which inculcates the continuous use of the library as a laboratory tool of education from the elementary through the high school grades. The co-operation of the school administrators and the teaching staff

is a tangible quantity in the success of the high school library program.

The library at the Central School was open from 9 a.m. to 10:30 a.m. five days a week under the direction of the Children's Librarian, Miss Joan Sawyer. At the Intermediate School she supervised library circulation four days each week.

Increased enrollment at the Intermediate School for the 1959-1960 school year made necessary the use of the former library room as a class room. Lack of space in the new library quarters made a curtailment of library service inevitable.

Those staff members having frequent contact with the schools wish to express their appreciation of the courtesy and cooperation met there at all times.

At the main library 228 new borrowers were registered in the Children's Department, 221 in the adult department.

Shelves in the main library are badly overcrowded and additional space for books must soon be provided. It is the hope of the library staff that a fund may be raised through gifts, town appropriation, or both, to build a commemorative balcony in the stack room. The original plans of the building provided for such an expansion and for several years Mrs. Chandler had hoped for its construction. The carrying through of the project would seem a fitting memorial to her and an expression of appreciation for her years of devoted service to the library.

Grateful acknowledgment is made for the loan of paintings and the gifts of books and magazines from friends and patrons of the library. All of the staff thanks you, the Board of Trustees for your helpfulness during a difficult time.

Respectfully submitted,

MARGARET K. MASON,
Acting Librarian.

REPORT OF THE PUBLIC LIBRARY TRUSTEES

The death of Mrs. Ethel B. Chandler, head of the Library, Oct. 1st, 1959, was a great loss to the Library and her friends. She was associated with the library for 30 years and served actively in local, State and federal library work. Mrs. Chandler was among the first to realize the need of public library service in the schools and endeavored to do everything possible so that the Library could serve the community to the best of its ability. During that time Mrs. Chandler built the Library up to its present position, which is outstanding for a town of this size. It is the sincere hope of both the staff and the Trustees that this standard can be maintained in the future.

The Board wishes to express its gratitude to the members of the staff for the manner in which they have carried on their duties and particularly Mrs. Hubert B. Mason, who has been appointed temporary librarian pending the selection of a permanent head librarian.

The remainder of the storm windows were put onto the Library building this year and the painting of the walls and ceilings of the main floor was completed. Venetian blinds have been installed on the main floor. The favorable reaction to the improved appearance of the Library property justifies our belief that in following a plan over a period of years the building can be kept in good repair and up-to-date in appearance.

The Library, with Mrs. Willard L. DeChambeau as chairman of the Committee, took part in National Library Week held April 12th. Displays were placed in various store windows resulting in considerable interest in the Library and its books.

It is the Trustees sincere desire that more of the people of the town will use and enjoy the excellent facilities and opportunity offered by our Library.

Respectfully submitted,

BOARD OF LIBRARY TRUSTEES:

Laurence K. Burrell, Chairman
 Louise W. Archer, Secretary
 Edmund W. Nutter, Treasurer
 Dorothy G. Churchill
 M. Clifton Edson
 Elizabeth P. Hurd

Report of the Industrial Development Commission

Honorable Board of Selectmen
East Bridgewater, Mass.

Gentlemen:

The members of the Industrial Development Commission have met throughout the year on many problems relative to industrial sites, and industrial development in East Bridgewater.

The Commission members during the year have attended numerous meetings in New Bedford, Abington and Brockton, in conjunction with the Southeastern Massachusetts Economic Council, and the Massachusetts Department of Commerce.

In May, of this year, the Board of Selectmen appointed two members to the Commission, Leonard A. Roache and Berj Kambegian. We lost the services of our secretary, Harvey Wilber, who accepted a position outside of the Town. Harvey's services were greatly missed, as he held the secretary's position for a number of years.

The Commission in talking with the heads of many Industries throughout this Region, and many of our own Town Officers, have found that they are unaware that there is such a thing as an Industrial Development Commission in their Community, and in a few places where they did know, they had never consulted the local Commission to see what they might be able to do to help them, or to discuss any of their problems.

To clarify this position the Commission pledges in the year 1960, during the late spring to sponsor an Industrial Night, to enlighten all heads of local departments in the Town and local Industries, large or small, by being invited to a dinner meeting in honor of them.

Looking forward to Industrial Progress for the year, we respectfully submit our report.

Respectfully submitted,

INDUSTRIAL DEVELOPMENT COMMISSION

Elmer S. McCarthy, Chairman

George D. Leavitt

Richard S. Mansfield

Leonard A. Roache

Berj Kambegian, Secretary

Report of the Civil Defense Agency

To the Honorable Board of Selectmen and Citizens
of East Bridgewater:

East Bridgewater Civil Defense has ended another successful year. We now have a very active Radio Communication Section under the direction of Chief Radio Operator Merle J. Whittaker, of Batti Avenue, under whose RACES call K1GKV all operations are carried out. We appreciate the assistance of Mrs. Anna Benoit in her part of the communication in connection with the Police Department.

The Auxiliary Police under the direction of Captain Arthur Cox, and the cooperation of Chief Walter Benoit and all the members of his department, have been active as in the past with Fourth of July, Hallowe'en, football games, and other civic activities during the year. This group of men have been well trained. The coming year promises more active training in many fields including extensive firearm instruction by a Massachusetts State Police Officer among other training.

The East Bridgewater Operation Plan which is required by law, so as to be eligible for fifty percent reimbursement of

most expenses involved in Civil Defense administration under public Law 606, has been completed and awaits the approval of the Board of Selectmen. This plan then will be distributed to all citizens in East Bridgewater for their information. This plan will be followed basically in event of war or natural disaster.

The East Bridgewater Control Center is now located at the Elmwood Fire Station on the second floor. These quarters have been renovated and make an ideal location for Civil Defense activities. A phone (DRake 8-2989) is now located there in the event of an emergency.

The Civil Defense Director's office is still located on the third floor of the Town Offices and is open Monday evenings for your convenience.

Plans are now in motion for the allocation of an emergency hospital to be located here which would be activated in the event of emergency or disaster in this area.

Plans are being formulated to start many other branches as there seems to be a great deal of public interest being activated in town. Many of the Social Civic organization have contacted me in this past year for information and lectures on Civil Defense and I appreciate the opportunities to do all in my power to fulfill their desires for further Civil Defense information.

Without the cooperation of all the citizens of East Bridgewater, the Civil Defense Program would not be a reality.

Respectfully submitted,

ROBERT TITTERINGTON,
Director, Civil Defense,
East Bridgewater.

Report of Highway Surveyor

To the Citizens of East Bridgewater:

I hereby submit my report for 1959.

Under the General Maintenance Appropriation, the following work was accomplished: the cleaning of streets, replacement and painting of guard rails, cleaning of catch basins, putting up street signs, mowing of street islands and the clearing of brush from the roadsides.

The following highways were seal coated: Winter Street, East Street, Thayer Avenue, Crescent Street from Washington Street to Cedar Street, Shawnee Avenue, Emerald Street, Central Street from Chestnut Street to water line, Hudson Street, Pond Street from Plymouth Street to Halifax line, Old Plymouth Street, Washington Street from Plymouth Street to Crescent Street, Franklin Street, Ashley Drive, Maple Avenue, Harvard Street, Pleasant Avenue, Crescent Street from Washington Street to residence of Fred Blanchard, also Town Office parking lot and driveways, making a total of 11.9 miles resurfaced.

Work was completed as voted in Articles at Town Meeting as follows: two catch basins installed and Waterman Street rebuilt; seal coating and oil penetration on Leland Street and Sherwood Circle; Springer Avenue prepared for seal coating in the spring, and Central Street from the residence of William Jahn to the residence of George Rathbun was resurfaced by mixed-in-place method.

The purchase of a new truck for the Department makes a total of three trucks, one of which has been converted into a sander for year around use.

Sand has been left in convenient places for public use in hazardous winter driving conditions. This department has been notified of danger spots through the courtesy of the

Police Department and every effort has been made to co-operate with this Department.

I wish to express my thanks to all town departments for their co-operation during 1959.

Respectfully submitted,

RICHARD M. HENNESSEY,
Highway Surveyor.

Report of the Board of Public Welfare

We herewith submit the following report of the Board of Public Welfare and the Bureau of Old Age Assistance for the year 1959:

The Old Age Assistance program is administered by the Bureau of Old Age Assistance. The Board of Public Welfare administers assistance to the categories of Aid to Dependent Children, Disability Assistance and General Relief. The Federal Government sponsors the Old Age Assistance, Aid to Dependent Children and Disability Assistance programs. The Commonwealth and the Town are responsible for Assistance granted under the category of the General Relief program.

There has been only a slight change in the number of cases receiving assistance this year, but the amount of assistance granted has increased considerably. These increases were due to an increase in the medical costs and to an increase in the rates allowed persons in Nursing Homes. The Nursing Home rates were increased effective January 1, 1959. In March 1959 all payments for medical assistance granted recipients under the Federally sponsored programs were paid directly to the vendor rather than to the recipients as formerly.

OLD AGE ASSISTANCE

The total Old Age Assistance granted was \$64,706.84 of which \$40,930.22 was for regular grants of Aid and \$22,133.59 for medical services and supplies. \$1,643.03 was paid to other cities and town. We received from the Federal Government \$26,623.44 in Federal grants and \$23,579.33 from the Commonwealth and there was \$4,689.00 recovered under the Lien Law.

AID TO DEPENDENT CHILDREN

The total expended under the Aid to Dependent Children program was \$8,616.50, of which \$7,283.00 was regular grants, and \$1,333.50 for medical assistance. We received from the Federal Government \$5,245.50 and from the Commonwealth \$2,877.15. All assistance under this program supplements other income received by the recipients.

DISABILITY ASSISTANCE

Although the number of cases aided under this program remained the same, the expenditures were less than that of last year, because of changes in circumstances of the recipients. A total of \$4,867.26 was expended, in regular grants \$2,303.96, and for extra medical \$2,563.30. The Federal Government reimbursed \$1,703.00 and the Commonwealth, \$1,922.32.

GENERAL RELIEF

All assistance granted to cases being aided in this category, except one, is reimbursable, either by the Commonwealth or other Cities and Towns. \$4,319.39 was expended for assistance of which \$831.85 was paid to other Towns. \$1,194.61 was put in a Suspense Account for payment, if necessary, against a contested claim.

Respectfully submitted,

HAROLD F. DOHERTY, Chrm.
RICHARD B. LELAND, Clerk
HARRY W. WAITE

Report of Inspector of Plumbing

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND
SUPERINTENDENT OF SCHOOLS
OF THE
TOWN OF EAST BRIDGEWATER
MASSACHUSETTS

For the Year Ending December 31, 1959

IN MEMORIAM

The citizens of East Bridgewater respect the dedication and devotion of many fine teachers. During the past decade five women, whose lives were an inspiration to the youth of our town, have passed away.

East Bridgewater holds in beloved memory

ELLEN C. MURRAY — Teacher — 1918 - 1953

May 19, 1954

MARY T. MURRAY — Teacher and Principal

1909 - 1920, 1924 - 1951

September 16, 1958

ETHEL B. CHANDLER — Teacher — 1927 - 1930

October 1, 1959

CLARA E. NOYES — Teacher — 1899 - 1942

October 9, 1959

E. ISABELLE BARTLETT — Teacher — 1909 - 1941

January 2, 1960

SCHOOL CALENDAR 1959-1960

Fall Term	September 9 — December 23
Winter Term	January 4 — February 19
Spring Term	February 29 — April 14
Summer Term	April 25 — June 24
Fall Term (1960-61)	September 7 — December 23

NO SCHOOL SIGNAL

- (1) 7:00 A.M. Whistle at Edison Plant. No school, all schools, all day.
- (2) 7:45 A.M. Whistle at Edison Plant. No elementary school all day.

- (3) Notices regarding "no school" will also be given over Brockton Radio Station WBET, Boston Radio Station WBZ and TV Channel 4.

SCHOOL ADMISSION AGE

Any child who becomes six years of age on or before September 1 will be eligible to enter the first grade without any test. Those children who will become six years of age between September 1 and January 1 of that year may take a readiness test which will be given the first week in June. Parents will be given ample notice regarding the time and place of this test.

MEETINGS OF THE SCHOOL COMMITTEE

Regular meetings of the School Committee are held in the High School Building the second and fourth Wednesdays of each month at 7:45 P.M.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of East Bridgewater:

The year 1959 has been one of progress and accomplishment for the schools of East Bridgewater. The many difficult and perplexing problems faced by your School Committee have been resolved to the best interests of the entire school system.

The continued growth of the town, and consequently of the school population, has reached such proportions that we are once again faced with the problem of adequate housing. The acute situation, as anticipated, was at the Central School when we found it impossible to house the first four grades of our school system. Consequently one fourth grade class was located at the Senior High School. Next September it appears as if additional classes may have to be accommodated there. The Intermediate School, housing grades five through eight, although taxed to capacity, continues to provide facilities for all pupils in those grade levels. Increasing the size of the cafeteria through the elimination of the girls' shower room, the installation of adequate lighting and the tiling of the kitchen area has greatly improved the lunch program. The playground area at the rear of the school building has been enlarged through grading and terracing.

The new Senior High School building has proved itself extremely functional as well as economical in operation and maintenance. The foresight of the School Building Committee in their planning insures adequate housing at this level for some years to come.

Your School Committee, after meeting with the Selectmen and the Finance Committee, inserted an article in the warrant of the annual Town Meeting resulting in the formation of a "Central School Survey Committee." This committee was instructed to investigate the needs, study the projected growth of the school system, and to make recommendations to alleviate the over crowded conditions at the Central School.

This committee reporting at a special Town meeting unanimously recommended that a 12-room addition be made to the Central School. Such an addition would make it possible to house grades 1 through 6 at the Central School thus solving the problem of overcrowding at both the Central and Intermediate Schools. This would result in changing our present 4-4-4 system into a 6-2-4 plan and would utilize all of our school buildings to their greatest advantage. A second special Town meeting resulted in the formation of a Central School Building Committee, which is to obtain preliminary plans and costs of an addition.

Many favorable comments were received by your School Committee from school authorities throughout the area regarding the adoption by the Committee of the "Major Rules and Regulations for Conduct and Dress of Pupils in the East Bridgewater Senior High School" which became effective at the opening of school in September. Your school system continues to progress in the field of education as evidenced by the establishment of a successful summer school, by increasing the opportunities of the boys in the industrial arts program through the addition of a Machine Shop class starting next September, by participating in the Regional Mentally Retarded Training Program with the towns of Bridgewater, West Bridgewater and Raynham, and by subscribing to the Old Colony Mental Health Clinic Service.

The transportation of school pupils continues to be a vexing problem. Scarcely a meeting passes without a request for special or additional transportation. Your School Committee follows the recommendations of the State Department of Education regarding transportation of pupils and has established rules and regulations in conformance with them. It must be recognized that a concession in one individual case means that the entire system would be exposed to innumerable additional requests. In order to better promote the safety of the pupils, additional police protection at the danger spots in the center of the town and at the schools was made available through the cooperation of the Selectmen and the Chief of Police.

The School Committee, after meeting with the Teachers' Salary Committee, has revised the existing salary schedule to make it comply with the new salary minimum as required by state law. This resulted in increasing each step of the salary schedule by \$200. This revision to become effective September, 1960.

The policy of your School Committee is to provide the best possible educational opportunities to each pupil in the East Bridgewater School system at the lowest possible cost to the citizens of the town.

The entire school system under the able guidance of the administrative staff headed by Supt. Stanley B. Goldman is showing a healthy growth and development. Our teaching staff has worked long and diligently in carrying out their duties which have brought our school system to the present high level it holds in the educational field.

This year, as in the past, the members of the School Committee express their appreciation for the aid, suggestions and donations so generously given by the Parent-Teacher Association, the Boosters Club, the Commercial Club, the Kiwanis Club, the Woman's Club, the Junior Woman's Club, The American Legion Post 91 and Auxiliary and other civic minded organizations and citizens of the town.

The members of the School Committee again express their appreciation to the citizens of East Bridgewater for your continued interest and active support in the work and achievements of the East Bridgewater Public Schools.

Respectfully submitted,

THE SCHOOL COMMITTEE

Ralph G. Bumpus, Chairman

Marla E. Fisher, Secretary

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the School Committee and
Citizens of East Bridgewater:

It is a pleasure to submit my annual report as your Superintendent of Schools.

In this report we wish to present a brief summary of important developments in our schools during the year 1959, as well as an indication of some future developments.

We continue with our regular staff meetings throughout the year. We are working to improve our school curriculum. A committee representing all grade levels is evaluating our science program. Revisions in arithmetic and mathematics in grades 7 through 12 resulted from our analysis of what we were doing and our study of what we should like to accomplish. Based on this, we have approved the adoption of new textbooks in arithmetic and mathematics which fulfill our requirements.

People everywhere have taken more interest in what is happening in the schools. The School Committee has kept pace with the increased demands upon public schools educational programs. Brief mention, therefore, is made on four points of progress: 1. Summer school sessions offering additional schooling in arithmetic, reading improvement, and personal typing. 2. A continuance of the experiment of French in the elementary grades. 3. The establishment of a special help class. 4. The use of the service of the Old Colony Association for Mental Health and the Judge Harry K. Stone Clinic. These services include counseling and clinical services to pupils as well as their parents. Teachers and administrators are also advised by the consultants.

Repeating the oft-repeated parental question of how may they help their children, we continue to urge the parents to

see that their children do their homework. Interest and encouragement by parents build understanding, morale, and security in their children. There should be homework in grades 6 through 12. Those pupils in grades 9 through 12 who are preparing for college should average a minimum of 180 minutes in daily home study.

The State Department of Education honored our system by assigning a 1959 Fulbright scholar, Mrs. Muriel Dass of Pakistan, to observe our schools for a six week period.

Due to increased pupil enrolment, the teaching staff was enlarged during the year. Resignations were also responsible for changes in personnel.

Resignations

Charles G. Gustin, Business Subjects
 Robert E. Kondracki, Social Studies, French
 John E. Zoino, Principal, Intermediate School
 Charles Venslauskas, Arithmetic
 Marion M. Graffte, Grade VI
 George B. Levine, Music Supervisor
 Elaine T. Rosenthal, Art Supervisor
 Marjorie G. Bollen, Physical Education
 Ruth E. Snow, Nurse
 Joseph F. Morey, Janitor (retired)

Appointments

Frances L. Murphy, English
 Donald R. Ketcham, Jr., French
 Bradford N. Robinson, Social Studies
 Herbert D. Stone, Business Subjects
 John A. Geovanis, Principal — Intermediate School
 Samuel W. Allen, Arithmetic, Literature
 Rosemary J. Kelley, Literature
 Norman Ferber, Grade VI
 J. John Buckley, Grade VI
 Bernard Gilmetti, Grade V
 Yvonne K. Forbush, Grade IV

Warren N. Hatch, Music Supervisor
 Albert H. Stevens, Art Supervisor
 Virginia Lovering, Physical Education
 Barbara A. Lightfoot, Nurse
 John F. Curley, Janitor

Before closing may I call your attention to the reports of our principals and supervisors.

Also, I wish to thank the members of the School Committee, the various town departments and committees, the school personnel, the many civic organizations and the public in general for their continued cooperation and interest in our schools.

Respectfully submitted,

STANLEY B. GOLDMAN,
 Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE SENIOR HIGH SCHOOL

To the Superintendent of Schools:

I submit my report for the year ending Dec. 31, 1959.

The High School continues to grow as the entering classes outnumber those who graduate in June. This growth has made it necessary to add two new members to our staff, Miss Frances Murphy, teacher of freshman English, and Mr. Bradford Robinson, teacher of social studies and science.

The additions to our staff have made it possible to improve our academic program in several ways. We have increased the college chemistry and physics programs from six to seven periods per week to allow more time to develop manipulative skills in the laboratory. In line with the Conant Report recommendations, we have reduced the individual teaching load of our English instructors to allow for more individual help and guidance, particularly in the field of composition.

We have added special recording and sound equipment for the use of the language department, since more emphasis is being placed on the oral-aural phase of language instruction. Several new text adoptions in the mathematics area have enabled us to place more stress on modern mathematics. In the fields of social studies and business areas, courses have been replanned and modified to keep our academic offerings timely and effective.

In the vocational areas alterations have been made or are called for. We have enlarged and improved our clothing class facilities. Our shop classes are operating at capacity and our school growth calls for immediate expansion. Without it the ability to acquire certain desirable manual skills on the part of those not college bound may have to be denied to deserving students for lack of adequate facilities.

In the cultural areas we have increased the offerings in art and mechanical drawing from one to two days weekly. In music we have been unable to expand our offerings due to lack of personnel. We need, in our school system, a full time supervisor of vocal music. This would allow the present supervisor adequate opportunity to expand and improve our instrumental program.

In the area of physical education we are offering a sound and professional program to all students not physically disqualified. Supplementing this program for both girls and boys is an extra-curricular program of inter-scholastic sports for every season. In a list of state and district champions published in a recent Boston paper, East Bridgewater appeared in five instances covering three different sports.

Our director of guidance, Miss Anne R. McNally, has conducted an extensive program of testing, involving a combination of achievement tests for entire classes and participation in nation-wide testing programs. The program is coupled with a personal pupil guidance program for the individual student. Members of our present Senior class are enrolled in thirty-three different courses, indicating clearly that individual programs are carefully planned to meet individual needs.

We have continued to offer a program of extra-curricular activities to further the development of the student. Among these activities are the Junior Classical League, French Choral and Art Group, Student Council, and the National Honor Society. Groups are given special training as library monitors, health clinic assistants, office assistants, and switchboard operators.

Individual students have helped to earn a fine reputation for our school in extra-curricular activities. For the fourth consecutive time we won the Tri-Town Legion Essay Contest. One of our students emerged the winner in the Central Labor Union scholarship award. Another won the Altrusa Club

scholarship award. The achievements of these students reflect great credit upon themselves and their school.

In the fall of 1959 the Student's Pen was discontinued, and in its place a yearbook has been instituted. A large and energetic group of seniors under the direction of Mr. David Harvey and several faculty assistants are working to meet deadlines for the new venture "The Torch".

The seniors, under the direction of Miss Frances Murphy, scored a hit in their senior play "Quality Street" by J. M. Barrie. Plans are under way to participate in dramatic reading contests to be held early in 1960.

The ultimate test of our total program is the success of students following graduation. In recent years an average of better than forty percent of our students have pursued college and technical training beyond high school. Such colleges as Massachusetts Institute of Technology, Bates, United States Military Academy, and the University of Massachusetts report to us that our graduates are on the dean's list of honor students. Only a sound preparation in our local schools could produce such results.

The 1959 Athletic Association account follows:

Balance, December 31, 1958	\$1,009.94	
Boys' Basketball Receipts	1,060.06	
Football Receipts	1,532.30

REPORT OF THE PRINCIPAL OF THE INTERMEDIATE SCHOOL

Dear Mr. Goldman :

It is a pleasure to submit my first report as principal of the Intermediate School.

The Intermediate School entered its second school year with a large enrolment as follows :

Grade 5	102
Grade 6	134
Grade 7	152
Grade 8	111
New Class	16
<hr/>	
Total	515

This made it necessary to enlarge the cafeteria, convert the library room into a seventh grade classroom, the former guidance office into a library room and the art-music room into a sixth grade classroom. The art and music classes are now being conducted in the auditorium along with the physical education classes. The auditorium is in use four days each week which puts a limit on the number of assemblies we are able to conduct. These changes were made so that we could keep the size of classes small to provide favorable learning situations and individual attention.

Work has been initiated to enlarge and remodel the playground area which has been small and inadequate for our age groups. The lower level of the playground has been graded and seeded and it will be re-seeded in the spring. The upper level will be hard-topped as soon as weather permits. Swings donated by the P.T.A. will be placed in the rear of the building in the spring. The playground should be completed and ready for complete use in the fall.

Under these and other handicaps, our hard working teachers performed their duties outstandingly well. They are certainly a credit to their profession.

All classes underwent a series of tests this past year and the results of the tests compare quite favorably with the national norms of these tests.

Special emphasis on the reading program is being continued and expanded. The S. R. A. Reading Laboratory which has been used in grades five and six was introduced in the junior high. The Laboratory is a developmental aid as well as a remedial aid in the teaching of reading. Further studies are being conducted to improve the program.

Mr. Ketcham of the high school and Mr. Ferber, sixth grade teacher, are continuing the elementary French program which was initiated a year ago by one of our teachers. These classes are conducted one afternoon each week.

A new class was created this past September to meet the needs of pupils who are experiencing difficulty in their school work and who have performed below standards in achievement tests. The class services pupils from grades five and six and is designed to locate the pupil's problems and help him overcome them. The aim is to help these pupils return to their respective grades after noticeable improvement in their area of difficulty.

In the extra curricular activities pupils are offered the opportunity to participate in essay contests, science and art contests and exhibitions, elementary and junior band, chorus, intramural and interschool basketball, intramural track meets, baseball, dancing and cheerleading.

The following special events took place this past year: Education Week, Visiting Day, Parent Conference Night, Christmas Pageants, and Eighth Grade Graduation.

I wish to express my sincere appreciation to my teaching staff, to the other administrators, school committee, and parents and friends for helping me make it possible to offer our pupils a good and sound educational program.

Respectfully submitted,

JOHN A. GEOVANIS,
Principal, Intermediate School.

REPORT OF THE PRINCIPAL OF THE CENTRAL SCHOOL

Dear Mr. Goldman:

I am pleased to submit the following report of activities of the Central School for the year 1959.

Enrolment figures, with their normal fluctuations, continue to show a steady increase in the number of pupils in the Central School. The following enrolment table will show this increase:

1958		1959
514	January	535
519	June	530
531	September	548
534	December	554

During the year 43 new pupils have entered the school and 40 pupils have left.

Our total enrolment has forced us to utilize the Teachers' Room for a classroom and, also, to move a fourth grade to the High School. We have distributed our enrolment so that we now have five rooms for each grade level. The proposed addition of rooms to the Central School will help us maintain proper learning areas for our pupils as well as to contribute to the maintenance of high levels of achievement in keeping with the potentials of the children.

During January and February Mrs. Muriel Dass from Lahore, Pakistan, observed the work of the pupils at the Central School and gave many interesting talks to pupils and teachers at each grade level. The pupils were delighted to receive her and had opportunities to exchange questions and ideas with Mrs. Dass. Since her return to Pakistan we have received an expression of her appreciation to all for their kindnesses. She has expressed many fine compliments as to

the thinking of our pupils and the school's educational program.

A committee to study our curriculum in the area of science was organized in February and worked many hours through June to coordinate science teaching throughout our system. Much research and conference time was needed to collect pertinent information and to exchange ideas which have proved to be stimulating to our teaching staff in the science area. This study is continuing and additional subject matter areas will be considered. We are especially appreciative to Mrs. Frahar, Mrs. Gray, Mrs. Crabbe and Mrs. Perkins for their untiring effort and achievement as committee workers.

A French class was organized in February for a group of fourth graders who were instructed weekly by Mrs. Rosemary Mee, a student at Bridgewater Teachers College. This group had instruction through June. No class in French was started in September due to lack of teaching personnel for the subject.

Heavy absence was noted during the latter part of February through the middle of March. Most absence was due to colds and sore throats.

Beginning on March 24, we were fortunate in having two practice teachers from the Massachusetts School of Art work under the direction of Miss Elaine Rosenthal, Art Supervisor. Both Miss Carol Borowsky and Miss Dolores Borowiec taught in Grade One thereby supplementing the art teaching at the first grade level.

Third and fourth graders were given an opportunity to bake their clay creations in the kiln at the High School. Much stimulus was given interest in art for these pupils when they witnessed the process of preparing and baking.

In addition to an exhibit of art work of the pupils of all grades in the auditorium in May, a puppet show presented to the pupils of Grades One through Four by Mrs. Hogue's third

graders was well received. This show was an outgrowth of art work done in the classroom under the direction and supervision of Mrs. Hogue and Miss Rosenthal.

In a safety poster contest held in May, Sally Thornton was presented a first prize for her poster.

Mr. Robert Panora of the Registry of Motor Vehicles presented a safety education program for the pupils of Grades One through Four on June 1.

Several trips were taken by various rooms during the months of April and May to share common experiences relative to post offices, gas stations, supermarkets, libraries, fire stations, etc. Such experiences serve as a basis for many learning situations in the classrooms and are very worthwhile.

The pupils of Grades One through Four gathered outside the High School to witness the landing of the Air Force helicopter which brought military personnel to the dedication ceremony for the Gordon Craig Memorial.

Readiness tests were administered to eligible pre-school children on May 25 and 26.

Registration Day for children entering Grade One was held on June 10. Teachers of Grade One assisted in registering 119 pre-school children. Medical and dental examinations were given by Dr. Bannerman and Dr. Fraser.

In June 38 pupils indicated they would like to attend a summer session for help in arithmetic and reading.

Guidance reports are now filed in each pupil's folder. These reports are completed by the pupil's teacher each year and placed on record for use by the next teacher. Invaluable information relative to all phases of the child's school life is included with other pertinent information to assist in better understanding each child.

Pupils of Grade Four with the cooperation of their teachers and supervision of Mrs. Frahar presented "A Tribute to Massasoit" on June 12 at the High School. Following a program attended by pupils of Grades One through Six, given in the auditorium, all pupils gathered outside to observe the presentation of the monument to the school by Dr. Ralph S. Bates of the Old Bridgewater Historical Society.

There have been numerous conferences with parents, social agents, educators, etc., that have proved valuable in helping with pupil problems and other educational problems. We have been pleased to have access to the staff of the Old Colony Mental Health Association in Brockton for purposes of counseling.

In September, for a period of 9 weeks, Miss Barbara Edes, a student at Bridgewater State Teachers College, did practice teaching in Grade Four under the supervision of Mrs. Keith.

The early part of September again was used to acquaint first graders with the school building and the routine procedures. The period of orientation included the usual visits to the Nurse's Room, Dental Room, Principal's Office, Lunch-room and Auditorium, Library Room and Boiler Room. Careful explanations were given all with opportunities to practice the carrying of plates of food with milk cartons, etc., to the tables designated for each class.

A kit called "Telezonias" which has excellent material and films based on proper telephone use and procedures was made available to the teachers of Grade Four during October. This kit is loaned by the N. E. Tel. & Tel. Co.

An art room has been made out of a storage room on the lower floor. Tables for this room were made at the High School under the direction of Mr. Robert Eastman. It is expected that early in 1960 adequate ventilation and a sink will be installed. This room will allow for greater flexibility in the use of art materials. It is planned that teachers will be

able to utilize the facilities during the week when art classes under Mr. Stevens are not scheduled.

During October a program of instruction in fire safety began with much interest shown by the pupils who earned Junior Fire Marshal badges for checking safety factors in their homes. Pertinent films and pamphlets that explained ways of preventing fires were viewed. Miss Querzoli's third grade was awarded the Junior Fire Marshal's banner of one hundred percent participation.

A visiting day on November 10 brought many parents and friends to the school to observe in the classrooms. It is always gratifying to have parents show an interest in the work of the school.

On the evening of November 12, teachers were in their classrooms for conferences with parents.

A Thanksgiving assembly under the direction of Mrs. Frahar, Mrs. Hogue, Mrs. Murphy and Mrs. Murray was presented to all pupils and the parents of the pupils participating.

December 23 Christmas assemblies for all pupils were held. A program entitled "Christmas Means This" was given under the leadership of Mrs. Keith, Mrs. Gray, Mrs. Kenneally and Mrs. Merrill.

Assemblies planned by committees of teachers made up of one teacher from each grade level will continue through the school year. This arrangement allows for total participation by all pupils in the grades.

We are grateful to Mr. William Kingman for helping Santa collect letters from the pupils during the lunch hour on December 23.

Mid-term reports to parents of pupils who are doing failing work in their classrooms still prove helpful in stimulating pupils to greater achievement. Parents are always welcome

to visit school to observe pupils at work and may meet for conferences with teachers after school hours on specific pupil problems. These conference times can be easily arranged through the school office if parents telephone the school or send a note requesting a time to talk to the teacher.

I am pleased to report we have a valuable teaching staff ready at all times to work for the best interests of the pupils. To our teachers for their splendid cooperation and to all school personnel, parents, and other persons and organizations who have helped in many ways to develop a good educational program, I am grateful.

Respectfully submitted,

RALPH V. MURRAY,
Principal.

REPORT OF THE MUSIC SUPERVISOR

Dear Mr. Goldman:

I submit herewith the annual Music Department report for the year 1959.

INSTRUMENTAL DEPARTMENT

There is a total membership of 230 pupils participating in our instrumental program. This program includes the following four departments:

1. Class lessons for the beginning musicians.
2. The Elementary Band.
3. The Junior High Band.
4. The Senior High Band.

INSTRUMENTAL CLASS LESSONS

The beginning class lessons are held on Saturday mornings at the Intermediate School. Our enrolment this fall was 100 and covers Grades Four through Seven. Included in this group are 25 beginning piano pupils. When these pupils reach a certain level of advancement, a beginning band will be formed which will be a training ground for the Elementary Band next year.

ELEMENTARY BAND

The Elementary Band has 37 members and rehearses every Tuesday from 2:00 to 2:50 at the Intermediate School.

JUNIOR HIGH BAND

The Junior High Band has 38 members and rehearses every Thursday from 2:00 to 2:50 at the Intermediate School. In the future, I would like to see more rehearsal time allotted

to both the Elementary and the Junior High Bands, as they both serve as a root system for the Senior Band.

SENIOR HIGH BAND

The Senior Band has 55 members and rehearses three periods each week. The fall of 1959 was a very active season for many of our band members who took part in many state and New England auditions. With eight members of our band being selected for the Southeastern Massachusetts School Bandmasters Association, with six members being selected for the Southeastern Massachusetts District Band, with four members of our band receiving first ratings at the solo auditions of the New England Music Festival, with two members of our band being connected with the Boston University Youth Symphony Orchestra; it is apparent that our Senior Band is one of the finest in the entire district.

ELEMENTARY SCHOOL MUSIC

Twenty classrooms covering Grades One through Four are being taught once each week. Nine classrooms covering Grades Five and Six are being taught bi-weekly on an alternating schedule — Grade Five one week and Grade Six the other week. One of my strong objectives has been music reading, and I have built my elementary program around this keeping in mind also that enjoyment in music is necessary for the elementary pupil.

JUNIOR HIGH MUSIC

There are nine classrooms taking part in the general music program which is for the seventh and eighth grades. These classes are held one each week and cover three general subjects: singing, music theory and music appreciation.

HIGH SCHOOL MUSIC

There are 54 members in the Choraleers which is our Senior Chorus. We rehearse twice each week. All-New England and S.E.M.S.B.A. choruses have been represented by our

Choraleers. This chorus is made up of pupils from Grades Ten through Twelve. The Freshman Chorus is made up of ninth grade pupils and serves as excellent experience for the future Choraleer members.

The musical situation in East Bridgewater is a good one, but I do feel that a school as active in music as we are should have two teachers on the music staff so as to keep abreast with other communities equal in size and population.

I would like to thank the School Committee for making possible the purchase of new music and instruments. I would like to thank Mr. Goldman, Mr. Loud, Mr. Murray, Mr. Geovanis, the entire teaching staff, the office staff, the custodians and the parents for their help and support.

Respectfully submitted,

WARREN HATCH,
Supervisor of Music.

REPORT OF THE ART SUPERVISOR

Dear Mr. Goldman:

I am pleased to submit the following report for 1959.

Emphasis on the right use of Art in our culture, a realization of its importance in our society, and the development of children's natural and spontaneous love for the visual media are the aims of our program.

At the Elementary level classes are held on a weekly basis in the Art Room, rotating from Grades One to Six. The classroom teacher attending with the class very ably carries forward the Art Program for the intervening weeks.

Junior High School Classes are held in the regular classrooms and meet on a weekly basis. Varying from classroom procedure, drawing for Portrait, Figure, and Still Life are held in the Gym as scheduling permits.

High School Art Classes on an elective basis are held twice a week in the High School Art Room. Here our excellent facilities permit the further exploration of Aesthetics and Media, giving a more intensified course for students requiring this training. Mechanical Drawing, also on an elective basis, is handled in the Art Room two days per week.

May I take this opportunity of thanking you as well as the Principals and Teachers for their excellent help and cooperation in the Art Program.

Respectfully submitted,

ALBERT H. STEVENS,
Art Supervisor.

REPORT OF THE DIRECTOR OF GUIDANCE

To the Superintendent of Schools:

When America's philosophy was first geared to mass production, educators as well as industrialists strove toward a standardization through which people as well as things were to be made in a common mold. Thus, the era of The Common Man found education dedicated to education for all, characterized by LIKE EDUCATION for all.

Today, through research, science and experimentation, guidance services are pointing up the necessity for more concentration on the uniqueness of the individual. It is this uniqueness that guidance serves. Through appraisal, assessment, diagnosis, and observation we hope to bring into focus these needs, special aptitudes and potentialities. Coordination of the education process to meet these, rounds out the role of guidance in our system.

In summary, it might be said that we aim to serve our pupils' unique and varied needs to produce The Uncommon Man toward whom we look for the unusual in scientific research, industrial organization, personal adjustment, civic leadership and the many other areas of life that present desperate human problems.

NATIONAL DEFENSE EDUCATION ACT TITLE V

In September, 1958, Congress enacted legislation providing for Federal funds to be distributed to towns for guidance services. The Massachusetts plan established quotas based on the school population, approvable testing program and qualifications of the personnel. Having a program that exceeds the standard set up, East Bridgewater was qualified to receive funds for guidance purposes.

Under the law, Reimbursable Activities include professional guidance personnel salaries, clerical assistance, office

equipment, materials and supplies, and travel expenses for guidance officers.

It is the aim of this program to encourage local school boards to provide for the above activities with funds received from a broader tax base than schools now have, i.e., the local property tax. Thus pupils in all school systems can have equal opportunity to have optimum guidance services.

TESTING PROGRAM 1959

Seniors: School and College Ability Tests; College Boards; Massachusetts Employment Service General Ability Test Battery; Stenographic Tests; Civil Service Exam Referrals.

Juniors: National Merit Scholarship Qualifying Tests; California Occupational Inventory; College Boards.

Sophomores: California Mental Maturity Tests; California Achievement Tests — Reading, Language and Mathematics.

Freshmen: Kuder Test for Vocational Interest.

Junior High: Grade 8 Achievement Tests.

Junior High: Grade 7 Mental Maturity Tests.

Special: Testing was done on the fifth grade level, using the Stanford Binet individual test to determine level of development of certain students requiring special instruction.

Reading tests were administered by Miss Frances Murphy to a group of ninth graders in setting up a Remedial Program for those found in the general testing program to need help in overcoming a reading handicap.

READING LABORATORY

Working with individuals, we have set up two Reading Clinics during this year. One, under the supervision of Miss

Murphy, deals with ninth grade pupils with reading difficulties found to be so severe as to interfere with future learning ability. A second, for college preparatory seniors, under the supervision of the Guidance Director, aims to bring reading comprehension and speed of selected seniors up to a level adequate for college reading requirements after their graduation. Twelve are in Miss Murphy's group. Fourteen are participating in the college preparatory group. Both are voluntary programs.

COUNSELING

By far the most important area in guidance services deals with counseling of students concerning vocational, education, social, and personal adjustment questions. During the year we have worked intensively with certain students having severe adjustment difficulties. In these cases we have consulted with parents and certain referral agencies in order to bring together all the resources available to help our youth. Extensive counseling included interviews with every high school pupil and in many cases as many as 18 counseling sessions have been held with one individual.

VOCATIONAL AND EDUCATIONAL INFORMATION

Both in individual and special group meetings we have disseminated to our students information they are seeking relative to careers and higher education. Bulletins, brochures, films, film strips, tape recordings, as well as bulletin board displays are the media used. Bulletins and guides are prepared from time to time for special groups. These include the Annual Guide to East Bridgewater High School; Scholarship Bulletin; Applying for College, and Applying for a Job among other lesser ones.

GROUP GUIDANCE

Questions arise which affect many students and are best treated in group sessions. This year several such sessions were held. A general assembly with guest speaker and film en-

couraged students to realize that now is the "Time for Decision". Student dress and good grooming was discussed at another assembly. Expanding community resources was the subject of a third assembly which featured a representative of the Foxboro Company. "Five Worlds," a film introducing the liberal arts education, was shown to all college preparatory students.

Representatives of every branch of the armed services, including reserve groups, were given an opportunity to present programs to the young men. These have a healthy effect on student attitudes toward school and civic responsibilities. School and college admissions officers have met with students seeking college entrance. An average of four such meetings were arranged weekly.

Tape recordings on careers were available for students seeking information about specific job areas. Some of these were Medical Technology, Working with the Handicapped, Civil Engineering, Machine Accounting and Should I be a Beautician?

Four meetings were held with grade nine pupils to emphasize importance of scholarship and educational growth.

FOLLOW-UP

Our follow-up study of the class of 1959 as of September 30, 1959, indicated:

Continuing education:

Attending 4 year colleges	17
Attending 2 year colleges	2
Nurses training	1
Other	1
	—

Total continuing education 21

Entered labor market:

Girls: Employed	16
Married and Employed	2

Employed and attending evening school	1	
	—	
Total		19
Boys: Employed	14	
Employed and attending evening school	2	
Armed Services:		
U. S. Army	2	
U. S. Navy	3	
U. S. Coast Guard	1	
	—	
Total		22
		—
Total graduates		62

RECOMMENDATIONS FOR ADMINISTRATIVE STUDY

Research in our field indicates that consideration be given the following subjects:

1. A grade 1-12 cumulative record which would include necessary guidance information.
2. The effect of increased offerings of extra curricular activities on the time and energies of participants.
3. Re-evaluation of our policy encouraging students to undertake five subjects annually. Our changing curriculum requirements make this necessary.
4. The addition of one full-time certified guidance counselor on the Junior High level and a part-time assistant on the high school level.
5. Underachievement of certain students whose school records do not correlate with objective data relative to their abilities.

We express our continued appreciation to the School Committee, Superintendent, Principals and teachers for their cooperation in helping to offer professional guidance services to our students. Our work would be handicapped, too, if it were not for the clerical assistance given by the High School secretary. The many students who perform routine tasks and typing assignments for the Guidance Department are giving real service to their community for which we are grateful.

Respectfully submitted,

ANNE R. McNALLY,
Director of Guidance.

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

Dear Mr. Goldman :

It is with pleasure that I submit the following report for 1959.

PHYSICAL EDUCATION

Uncertainty and tension mark many a high school student today. To lead them from the depths of confusion, failure, despair, and to help them develop their best in the areas of citizenship, scholarship, and skills comprise the long-range objective of the physical education department at East Bridge-water.

It is our belief that the physical education teacher and coach enjoy a unique position with regard to the pupil usually denied the teacher in the classroom. The informal procedure of the gym class and athletics permits the instructor an excellent opportunity to study the personality of the individual

and place emphasis on techniques that will encourage favorable traits and eliminate, or at least lessen, unfavorable ones.

With this philosophy in mind, we have built into our program some phase of physical education that we hope will appeal to all students. We are interested in the non-athletic type of pupil, the non-competitive and poorly co-ordinated as well as the skilled performer. We believe in the values that are derived from participation in competitive sports such as football, baseball, basketball, track, wrestling, etc., but we believe with equal firmness that great benefit can be derived from the non-contact sports such as tennis, golf, swimming, badminton, archery, gymnastics and dancing. Therefore, we are constantly broadening the scope of our activities in the hope that every youngster in our system may find some activity that one may engage in that will enrich his personality and help direct him to a more healthful, enjoyable maturity.

At the High School the physical education program continues to move along smoothly.

The development of the land at the rear of the building should be an immediate objective. Due to this condition there is little that can be done at the present time except to carry on a limited program during the fall and spring months.

Meanwhile, a similar condition which existed behind the Intermediate School has been corrected by the School Committee.

The increase in enrollment at the Intermediate School is showing its effect by reducing our indoor facilities because of the great number of students in each class. An additional instructor of physical education would alleviate this problem, thereby allowing us to expand the program in the Central School.

We are fortunate in having Mrs. Virginia Lovering as the girls' physical education instructor. Mrs. Lovering is very well liked by the students and has helped to strengthen our program.

ATHLETICS

The "highlight" of 1959 was the achievement by the basketball team who became the State Class "D" Champions. This team was led and coached by Mr. Morey who deserved this honor.

In addition to the high school basketball teams there were the Freshman squad coached by Mr. Geovanis and the undefeated 7th and 8th Grade squad coached by Mr. Leanues.

Mr. Loud and Mr. Geovanis, as the track coaches, are to be commended for the success attained by their squad as the South Shore Division "B" Champions, and the winners at Weymouth Interscholastic Meet.

The score of 9 to 8 will long be remembered as the margin of victory in the football game played on Thanksgiving morning.

The key to a successful athletic program is the coaches. I feel that we in East Bridgewater are fortunate to have the professional services of the personnel who have been selected.

The new appointments were as follows:

HIGH SCHOOL STAFF

Bernard Gilmetti — Assistant Coach of Football and Basketball.

William Leanues — Assistant Coach of Football; Coach of Baseball and Freshman Basketball.

Mrs. Virginia Lovering — Coach of Girls' Field Hockey, Basketball and Softball.

Thomas Williams — Coach of Cross Country.

INTERMEDIATE SCHOOL STAFF

John Colford — Coach of Basketball.

CONCLUSION

Again we wish to express our sincere appreciation to all members of the community: parents, School Committee members, Superintendent of Schools, principals, teachers, school personnel, and others, who faithfully and willingly serve the children of our schools in so many different ways.

Sincerely yours,

VINCENT J. MALEWICZ,
Director of Physical Education
and Athletics.

REPORT OF THE SCHOOL NURSE

Dear Mr. Goldman:

I submit herewith a brief summary of work accomplished by the school nurse for the year ending December 31, 1959:

School visits	424
Special attention	1,818
First aid care to	1,069
School injuries requiring immediate surgical attention	44
Pupils recommended for exclusion	470
Ill pupils transported home	65
Pupils referred to the school physician	15
Pupils referred to their family physician	40
Interviews with parents	336
Pure-Tone Audiometer Test (School Year 1958-1959)	
Pupils given the group test	1,368
Pupils given an individual test	189
Old defects	29

New defects	9	
Notices sent to parents		38
Immunization Program (Diphtheria, whooping cough, tetanus)		
Pupils given complete series		7
Pupils given boosters		168
Physical Examinations		
Pupils examined by school physician		378
Pupils examined by family physician		58
Pupils referred by school physician for further diagnosis and treatment		144
Pupils who completed referral by visiting family physician or clinic		40
Registration for Entering Grade One		
Registration list		128
Social histories returned		121
Medical forms returned		116
Family Physician	92	
School Physician	24	
Dental forms returned		103
Family dentist	85	
School dentist	18	
Birth Certificates		126
Vaccination certificates		108
Communicable Diseases		
Chicken pox		40
German Measles		2
Measles		1
Mumps		66
Poliomyelitis		1
Salmonellosis		1
Scarlet Fever		4
Whooping cough		2
Influenza		Several
Special Activities		
Classroom inspections made.		
Elementary grade pupils weighed and measured.		

Interviews with principals, teachers and others regarding eye, ear and physical defects.

Many pupils transported for surgical care, treatments and X-rays.

Respectfully submitted,

BARBARA A. LIGHTFOOT, R.N.,
School Nurse.

REPORT OF DENTAL HYGIENIST

Dear Mr. Goldman:

I herewith submit the annual report of the School Dental Department.

The pre-school clinic examinations were conducted in June by Dr. Fraser. Forty-one examinations were made. Thirty-two of the forty-one showed dental defects. Five needing dental care had appointments for this work.

At this clinic the following booklets were given to the parents, "Healthy Teeth — A Happy School Child," "Good Teeth From Six Months to Six Years" and "Your Teeth and Their Care".

In September dental examinations of 1,416 pupils in Grades One through Twelve were made by Dr. Fraser. Those pupils entering since September have had dental examinations by the dental hygienist. These reports were sent home to parents and returned for department records.

Mouths in good condition in Grades One through Six —
274.

Mouths in good condition in Grades Seven through Twelve — 198.

Pupils in Grades One through Six and Grade Eight were given the opportunity to have their teeth cleaned in the school dental office. A total of 794 accepted and this work was completed.

Pupils in Grades Two, Five and Eight were given the opportunity to have their teeth treated with sodium fluoride. A total of 317 accepted and 1268 treatments were given.

Following our September examinations of 132 sixth grade pupils, a survey showed the following: In the grade as a whole, one-third were without cavities. In the group who started the first grade in East Bridgewater and have taken advantage of the school dental program, including sodium fluoride treatments, in the second and fifth grades, two-thirds showed no cavities.

Dental health classes have been conducted with the aid of filmstrips. Fruit posters were completed in connection with the "recess lunch" project. Printed educational materials have been given to teachers and pupils. Chairside instructions were given to all pupils visiting the school dental office. A printed report of cavities found was sent home for parents' signature and returned to the dental hygienist.

Direct contact by the hygienist with parents of children needing dental care has proved very satisfactory with appointments being made with a dentist of the parents' choice.

Three pupils in the first or second grades unable to pay the clinic fee were cared for in the Thursday morning dental clinic. Three pupils beyond the second grade received dental work outside the school clinic. The approved estimates were paid from the Dental Fund.

In May I attended the Dental Convention in Boston, in June a two-day course "In-training For Dental Hygienists"

sponsored by the Massachusetts Division of Dental Health at the Lemuel Shattuck Hospital, for which I received a state certificate. In November I attended educational lectures sponsored by the South Shore Dental Hygienists Association.

I wish to again thank Dr. Fraser and all school personnel for their help and co-operation.

Respectfully submitted,

BLANCHE H. FLINT, R.D.H.

REPORT OF THE SUPERVISOR OF CAFETERIAS

Dear Mr. Goldman:

I submit herewith my report for the year 1959.

Our School Lunch Program is serving an average of 920 "A" plates a day, in all three schools, and in addition sell a la carte items of sandwiches, soup and salads at the High School and ice cream in all three schools, as well as milk to students who do not purchase an "A" plate. The three schools use an average of 1,270 half-pints of homogenized milk daily.

The Central School Cafeteria is managed by Mrs. Eleanor Ellis and she has two full time workers, one clerk and one part-time worker. This cafeteria is handicapped by the lack of sufficient space, cooking equipment, work tables and storage space, which limits the type of foods that can be served. Extra plates and silverware were purchased for the Fall of 1959 to take care of the increase in the amount of "A" plates being served.

The Intermediate School Cafeteria is managed by Mrs. Audrey Viola who has two full-time workers and two part-

time workers. This cafeteria is also working under crowded conditions and cooking with one range for this size group is a handicap, limiting the variety of foods that can be served. Additional plates and silverware were purchased this fall.

The High School Cafeteria is managed by Mrs. Mildred Siscoe and she has two full-time workers and one part-time worker. This school also serves a la carte items of sandwiches, salads and soups each day.

The School Lunch Program is operated under a non-profit agreement with the United States Department of Agriculture and the Commonwealth of Massachusetts, Department of Education. The program is reimbursed 9¢ for every "A" plate sold to a student and 4¢ for extra milk sold with the "A" plate or for students purchasing milk only. In order to receive this reimbursement we have to meet the following regulations regarding the content of the "A" plate.

"WHOLE MILK: $\frac{1}{2}$ pt. fluid whole milk served as a beverage. *Protein-Rich Foods:* 2 oz. of cooked or canned lean meat, poultry or fish; or 2 oz. of cheese; or 1 egg; or $\frac{1}{2}$ cup of cooked dry beans or peas; or 4 tablespoons of peanut butter; or an equivalent quantity of any combination of these foods served in a main dish or in the main dish and one other item. *Vegetables and Fruits:* a $\frac{3}{4}$ cup serving consisting of 2 or more vegetables or fruits, or both, in raw or cooked form. A serving of full-strength vegetable or fruit juice may be counted to meet not more than $\frac{1}{4}$ cup of this requirement. *Bread:* one slice of whole-grain or enriched bread; or a serving of cornbread, biscuits, rolls, muffins, etc., made of whole-grain or enriched meal or flour. *Butter or Fortified Margarine:* 2 teaspoons of butter or fortified margarine. This may be used as a spread on bread, in cakes and cookies, as a seasoning or in the preparation of other foods in the lunch."

We are also required to serve fruits and vegetables twice a week containing Vitamin A and every day fruits or vegetables containing Vitamin C.

The type "A" plate is designed to meet one-third to one-half of the daily nutritional requirements for children of different age groups.

The High School and Intermediate School receive 25¢ from the student plus 9¢ from the State and Federal funds giving us 34¢ to pay for the food used on each plate including labor. The Central School gets 20¢ from each student and 9¢ from the Federal and State funds which gives 29¢ to pay for food and labor. Under the Special Milk Program agreement we sell extra milk and individual milk for 3¢ a half pint. We pay our wholesaler 6¢ a half pint for homogenized milk. The reimbursement from State and Federal funds is 4¢ for each bottle used by a student. We do not get any reimbursement for plates sold to teachers or other adults connected with the School Department — hence they are charged the student's price plus the reimbursement. To help defray some of our expense we do get surplus foods each year and the amount is determined by the number of "A" plates sold to students. The past few years we have received butter, cheese, flour, dry milk, dried eggs, cornmeal, rice and peanut butter monthly and enough to go us the school year. We usually receive some canned fruits and vegetables but only enough to take care of 20 to 25 school days and a limited quantity of meat which usually takes care of about 14 school days during the school year.

I would like to take this opportunity to thank the cafeteria staff for their cooperation, the fine job they have done and the many extra hours they put in doing extra services for their respective cafeterias.

Respectfully submitted,

BARBARA M. MATTHEWS,
Supervisor of Cafeterias.

and Recommendations

of the

Finance Committee

of the Town of

EAST BRIDGEWATER

For

ANNUAL TOWN MEETING

**EAST BRIDGEWATER HIGH SCHOOL
AUDITORIUM**

March 7, 1960, at 7 p.m.

It Is

IMPORTANT

That You Bring This Report to the Town Meeting

PLEASE READ PAGES 2 AND 3 CAREFULLY

REPORT OF THE FINANCE COMMITTEE

To the Citizens of East Bridgewater:

The departmental estimates for this year are about \$68,000 above those for last year. This is nearly twice as much as the \$38,000 increase a year ago. Of the increase this year about half (\$32,000) is for schools; the rest is scattered over other departments except Charities and Veterans' Services which show no or a nominal increase.

The warrant articles, on the other hand, call for about \$12,000 less than last year. The net increase is therefore about \$56,000, which is equal to around \$6 on the tax rate. However, no reasonable estimate of the actual tax rate for 1960 can be made at this time, as the returns to come from the Commonwealth are not yet known. There will also be a small increase in local tax revenues because of new building during the past year.

Several of the warrant articles call for work by the Highway department. These cover necessary repair, maintenance and improvement work to keep the town's roadways in good condition.

The purpose of Article 24 is to bring town water to Shawnee Avenue and adjoining streets. These are now supplied from West Bridgewater, which has indicated that it does not wish to serve that area any longer.

The Water Commissioners have discussed the question of water mains and supply in considerable detail with the Finance Committee. Two major additions to the water system have been completed within the last three years — the 12-inch line down Central Street from the Brockton mains, and the 12-inch line south along Washington Street from Central. These are being paid for by 15-year loans. With the growth of the town, and the increased consumption of water, it is probable that we will eventually have to provide our own supply instead of getting it from Brockton's supply as we do now. Although the present time appears to be too early to take specific action,

the town should certainly know of the situation. The Water Commissioners, following our discussion, have therefore asked us to insert this statement from them:

"The Board of Water Commissioners had planned to insert in the Town Warrant an article asking for an appropriation of Ten Thousand Dollars for the purpose of making test wells in the town in an effort to locate a suitable supply of water for our needs.

"Following a meeting of the Water Commissioners, Board of Selectmen and the Finance Committee, it was agreed that the Water Commissioners would not place this article before the Annual Town Meeting. It was also generally agreed that this action be deferred until it was discovered whether or not the City of Brockton was successful in gaining access to the ponds adjacent to Silver Lake.

"The test well operation in East Bridgewater would only be the forerunner of a much larger and costlier project surrounding the actual construction of a gravel-packed well the cost of which would be Eighty Thousand Dollars.

"The groups who were present at this meeting are aware that for any future planning with regard to the Water System in East Bridgewater the question of test wells must be considered."

The Finance Committee has given considerable thought to Articles 28, 29 and 30 regarding the old Town Hall. In the Committee's opinion, the town would not be justified in making the expenditure proposed under Article 28, and recommends that the building be sold under Article 30.

Article 32 is the same as an article in last year's warrant which was approved and passed at last year's town meeting.

The object of the Stabilization Fund called for in Article 11 is to set aside money toward major capital improvements in town. This money must be used for purposes such as schools, water mains, or other major construction. The more money we set aside in this way, the less we will have to borrow for

such construction when it is undertaken. In addition to the consequent saving in interest on borrowed money, we will earn interest on the money placed in this Stabilization Fund.

Under Article 34, most of this Stabilization Fund is to be transferred out for the purpose of financing the construction of the addition to the Central Grade School. The transfer is made in this manner and at this time because the Commonwealth will match funds thus drawn from a Stabilization Fund, and because transfers out of such Fund can only be made at an annual town meeting.

By voting as recommended under Articles 11 and 34, the town will save a very substantial sum of money in carrying out the Central School addition. This saving will be not only immediate, but will also show up in lowered payments on both principal and interest over the 10 years of the loan referred to in Article 34.

BUDGET

The amounts in the last column are recommended by the Finance Committee

General Government:

Articles for the Town Meeting Warrant

Annual Meeting, 1960

East Bridgewater High School Auditorium

Monday, March 7 at 7 p.m.

Article 1. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed in the Annual Town Report and verbal report.

Article 2. To see if the Town will vote to adopt the same method for the collection of taxes as used in the year 1959.

Article 3. To see if the Town will vote to raise and appropriate the following sums of money for the purposes named, and that pay raises be from January 1, 1960.

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1960, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with General Laws, Chapter 44, Section 17.

Article 5. To see if the Town will vote to authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money on and after January 1, 1961 in anticipation of the revenue of the financial year beginning January 1, 1961, and to issue note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

Article 6. To see if the Town will vote to determine the salary, wages and compensation of each elected Town Officer for the year 1960, and pay raises be from January 1, 1960.

Moderator	\$50.00
Selectmen:

Park Commissioners	
Library Trustees	
Planning Board (except clerk)	
School Committee (except clerk)	

Approved in Budget.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$12,000.00 for the Reserve Fund to be administered during the fiscal year by the Finance Committee, and that to meet said appropriation, a transfer of \$12,000.00 from the Surplus Revenue Account be authorized.

Approved.

Article 8. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the Department of Public Works and the County Commissioners for the construction and maintenance of public highways for the ensuing year.

Approved.

Article 9. To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, a sum of money for Chapter 90 Highway Construction, or take any action relative thereto.

Approved.

Article 10. To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, a sum of money for Chapter 90 Highway Maintenance, or take any action relative thereto.

Approved.

Article 11. To see if the Town will vote to establish a Stabilization Fund in the amount of \$105,000.00 under the provision of Chapter 40, Section 5 B of the General Laws and authorize a transfer from Available Funds in this amount.

Approved.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to purchase a new ambulance type police cruiser, and authorize the Board of Selectmen to trade in the present cruiser as part of the purchase price, or take any action relative thereto.

Approved.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to purchase and equip a boat, motor and trailer for the use of the Fire Department, said purchase to be under the supervision of the Fire Chief and Board of Selectmen.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for emergency mosquito spraying, work to be done under the direction of the Board of Selectmen.

Approved.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to purchase a pickup truck for the Highway Department.

Approved.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to gravel, oil and seal coat Abbey Lane.

Approved.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to resurface Water Street by mixed in place method.

Approved.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$2,300.00 to resurface Central Street from the residence of George Rathbun to the Hanson line by mixed in place method.

Approved.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$1,100.00 to install a new culvert on Pine Street.

Approved.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$600.00 to install two catch basins at the corner of Walnut and Union Streets, East Bridgewater.

Approved.

Article 21. To see if the Town will vote to raise and appropriate the sum of \$2,900.00 for drainage projects on Central and Chestnut Streets, viz: two catch basins and 250 ft. 10" pipe installed near the residence of Richard Blackwell on Central Street; one catch basin and 250' 10" pipe installed near the residence of Arthur Valliere on Central Street; and 500' 12" pipe laid on Chestnut Street.

Approved.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$500.00 to purchase and install 100 ft. of 12" pipe to connect the two catch basins near the residence of John Curley on Oregon Street.

Approved.

Article 23. To see if the Town will vote to raise and appropriate the sum of \$500.00 to clear out the debris in the Matfield River at the junction of Summer and Pleasant Streets, said work to be done under the jurisdiction of the Board of Selectmen.

Approved.

Article 24. To see if the Town will vote to raise and appropriate the sum of \$3,750.00 to lay 750 ft. of 6 in. cement asbestos pipe from Matfield Street to Shawnee Avenue.

Approved.

Article 25. To see if the Town will vote to raise and appropriate the sum of \$221.00 to install the following street lights: two lights on Batti Avenue; one light at the corner of West Union Street and Thayer Avenue; one light on Union Street near the residence of Joseph Sprunk; one light on Strong Avenue near the residence of Mary Alden; one light on Washington Street near the residence of Stanley Cobbett; one light on Winter Street near the residence of Gildo Merolli; one light on Central Street near the residence of Joan K. Heede; two lights on Bedford Street, one near the residence of William Handy and one near the residence of Raul Gouvea; two lights on Oak Street, one near the residence of Arthur Graham and one near the residence of Howard McCarthy, and one light on Hobart Street near the residence of Richard Reid.

Approved.

Article 26. To see if the Town will choose a Town Director, Plymouth County Aid to Agriculture, as provided in Section 41 of Chapter 128, General Laws.

Approved.

Article 27. To see if the Town will amend the Zoning By-Law and Zoning By-Law Map by changing the following area from a Residence "B" area to an Industrial Area; that parcel of land on the Southerly side of Whitman Street, bounded as follows: Northerly by the Southerly line of Whitman Street 316.12 feet; Westerly by land formerly of Charlotte Newton 170 feet; Southerly by the Satucket River 210 feet; and Easterly by land of the Murray Co. of Texas (now an Industrial Area) 228 feet.

Approved.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$7,500.00 to convert the Town Hall property into and operate the same as a Community Centre, said funds to be spent under the jurisdiction of the Board of Selectmen.

Disapproved.

Article 29. To see if the Town will vote to have a Community Centre Committee of five members under the provisions of General Laws, Ter. Edition, Chapter 45, Section 14, to operate the present Town Hall Building as a Community Centre, said Committee to be elected as follows: two members to be elected for three years; two members for two years and one member for one year, at the Annual Town Meeting in 1961, and thereafter each member to be elected for a three year term.

Disapproved.

Article 30. To see if the Town will vote to authorize the Board of Selectmen to sell the Town Hall property at Public Auction.

Approved.

Article 31. To see if the Town will vote to raise and appropriate the sum of \$350.00 to install heat on the second floor of the Elmwood Fire Station for the Civil Defense Headquarters, said work to be done under the direction of the Fire Chief.

Approved.

Article 32. To see if the Town will vote to transfer from Surplus Revenue the sum of \$25,000.00 to be applied against the current year's tax levy.

Approved.

Article 33. To see if the Town will vote to raise and appropriate the sum of \$1,100.00 to raise the top of the backstop at Strong's Field, said work to be done under the supervision of the Park Commissioners.

Approved.

Article 34. To see if the Town will vote to raise and appropriate the sum of \$300,000.00 for the purpose of constructing and originally equipping and furnishing an addition to the Central Grade School Building, and that to meet said appropriation the sum of \$100,000.00 be transferred from the Stabilization Fund and that the Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$200,000.00 under authority of Chapter 645 of the Acts of 1948, as amended, and to issue bonds or notes of the Town, therefor payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in

not more than ten years from the date of issue of the first bond or note and that the School Building Committee appointed under Article 2 of the warrant for the Town Meeting held December 14, 1959, be empowered to enter into all contracts and agreements necessary to construct, equip and furnish the addition.

Approved.

Article 35. To bring in their votes on one ballot for the following Town Officers, viz: Moderator for one year, Town Clerk for one year, one Selectman for three years, one member of the Board of Public Welfare for three years, Treasurer for one year, Auditor for one year, one Assessor for three years, one Water Commissioner for three years, two members of the School Committee for three years, two Trustees of the Public Library for three years, one member of the Board of Health for three years, Highway Surveyor for one year, one Park Commissioner for three years, Tree Warden for one year, five Constables for one year, and two members of the Planning Board for three years.

The Finance Committee made distribution from 1959 Reserve Fund as follows:
